Summary of Significant Accounting Policy

Basis of Preparation

The Financial Statements of Maersk Eastern Europe ApS for 2018 have been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The accounting policies applied remain unchanged from last year.

The Financial Statements for 2018 are presented in TUSD.

Recognition and measurement

Revenue is recognized in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortized cost are recognized. Moreover, all expenses incurred to achieve the earnings for the year are recognized in the income statement.

Assets are recognized in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognized in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

USD is used as the functional currency. All other currencies are regarded as foreign currencies.

Translation policies

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Gains and losses arising due to differences between the transaction date rates and the rates at the dates of payment are recognized in financial income and expenses in the income statement. The exchange rate applied for DKK/USD at the beginning of the year was 6.2070 as against 6.5213 at the end of the year.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the transaction date rates are recognized in financial income and expenses in the income statement.

Summary of Significant Accounting Policy

Income Statement

Revenue

Revenue is recognized in the income statement when delivery and transfer of risk to the buyer have been made before year-end.

Other external expenses

Other external expenses comprise indirect production costs and expenses for premises, sales and distribution as well as office expenses, etc.

Financial income and expenses

Financial income and expenses are recognized in the income statement at the amounts relating to the financial year.

Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognized in the income statement, whereas the tax attributable to equity transactions is recognized directly in equity. The Company is jointly taxed with companies in the A.P. Møller Holding A/S Group. The tax effect of the joint taxation is allocated to enterprises in proportion to their taxable incomes.

Balance Sheet

Receivables

Receivables are measured in the balance sheet at the lower of amortized cost and net realizable value, which corresponds to nominal value less provisions for bad debts. Provisions for bad debts are determined based on an individual assessment of each receivable, and in respect of trade receivables, a general provision is also made based on the Company's experience from previous years.

Dividend

Dividend distribution whenever proposed by Management for the year is disclosed as a separate equity item.
