Statement by Management

The Board of Directors and the Executive Board have today considered and approved the annual report of Radisson Scandinavia Hotel Aarhus A/S for the financial year 01.01.2020 - 31.12.2020.

The annual report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's financial position at 31.12.2020 and of the results of its operations for the financial year 01.01.2020 - 31.12.2020.

We believe that the management commentary contains a fair review of the affairs and conditions referred to therein.

We recommend the annual report for adoption at the Annual General Meeting.

Independent auditor's report

To the shareholder of Radisson Scandinavia Hotel Aarhus A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2020, and of the results of the Company's operations for the financial year 1 January - 31 December 2020 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Radisson Scandinavia Hotel Aarhus A/S for the financial year 1 January - 31 December 2020, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's responsibilities for the financial statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Primary activities

As in previous years, the Company's activities have consisted in running hotel, restaurant and congress and conference facilities as a tenant in Scandinavian Congress Center.

In connection with the agreed cooperation on sales and marketing with Radisson Hotels International, the Company applies the business name Radisson Blu Scandinavia Hotel Aarhus.

Development in activities and finances

Total profit for the year amounts to DKK 335 thousand. Due to the current circumstances with regards to the outbreak and spread of COVID-19, the profit for the year is considered satisfactory. The hotel industry has been negatively affected by restrictions, which has made running hotel, restaurant and congress difficult.

As expected, revenue for 2020 has decreased compared to 2019. The gross profit and net profit has also decreased as expected due to the outbreak and spread and COVID-19.

Uncertainty relating to recognition and measurement

There is no uncertainty relating to recognition and measurement in the financial statements.

Unusual circumstances affecting recognition and measurement

There have been no unusual circumstances affecting recognition and measurement in the financial statements. The financial statements are not affected by any special risks.

Outlook

The continuing COVID-19 restrictions in 2021 are expected to have a negative impact on 2021, as the restrictions has still been in force during a large part the first months of 2021. The hotel has been closed down for a period in 2021 due to the restrictions.

The results for 2021 will continuously be impacted by COVID-19 and the result for 2021 is expected to be at the same level as 2020.

Particular risks

The main current risks is related to the effects of the COVID-19 Pandemic. On the short term all governmental packages has been utilized to make the effects as small as possible. On a longer term it is difficult to predict the effects, as we do not know, how fast business will recover or if there will be a second wave of the pandemic.

COVID-19

The Company's outlook for the future will be negatively affected by the COVID-19 outbreak and the measures taken by governments in most of the world to mitigate the impacts of the outbreak.

Environmental performance

During the last couple of years, Radisson Blu Hotels & Resorts has implemented the programme "Responsible Business". The main purpose of the programme is to obtain information systematically on the hotel's energy consumption, waste disposal and chemical consumption detrimental to the environment in order to prepare a plan for minimising environmental impacts as much as possible. Moreover, special education programmes for hotel employees are a part of the programme so that they will be capable of identifying potential environmental impacts and plan the operations of the hotel in which consideration for the environment is an important factor. As part of the environmental programme, energy control systems for approx. DKK 2 million have been installed to optimise the hotel's energy consumption.

Notes

1 Events after the balance sheet date

The Danish Government with the amendment number 27 of 11 January 2021 decided to extend the COVID19 compensation packages with effect for November 2020 - 28 February 2021. Management considers the extension of the COVID-19 compensation packages as a subsequent event occurred after the balance sheet date 31 December 2020, and therefore will not have any effect on the Financial Statements for 2020 (a nonadjusting event). Further, the compensation will affect the transfer pricing adjustment and the total effect of the government compensation and the transfer pricing adjustment will not have effect on the income statements.

Besides the described no events materially affecting the Company's financial position at December 31, 2020 have occurred after the balance sheet date.

2 Gross profit/loss

The company has recognized a total of DKK 9,326 thousand in compensation from COVID-19 assistance packages from the Danish Government. The amount of compensation for staff costs amounts to DKK 2,194 thousand. The amount of compensation for fixed costs amounts to DKK 7,132 thousand.

Accounting policies

Reporting class

This annual report has been prepared in accordance with the provisions of the Danish Financial Statements Act governing reporting class C enterprises (medium).

The accounting policies applied to these financial statements are consistent with those applied last year.

Recognition and measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when the Company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is effected as described below for each financial statement item.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year. Value adjustments of financial assets and liabilities are recognised in the income statement as financial income or financial expenses.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date. Exchange differences that arise between the rate at the transaction date and the rate in effect at the payment date, or the rate at the balance sheet date, are recognised in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been purchased in foreign currencies are translated using historical rates.

Income statement

Gross profit or loss

Referring to section 32 of the Danish Financial Statement Act, the income statement starts at gross profit or loss. Gross profit or loss comprises revenue, cost of raw materials and consumables and external expenses.

Revenue

Revenue is recognised in the income statement when delivery is made and risk has passed to the buyer. Revenue is recognised net of VAT, duties and sales discounts and is measured at fair value of the consideration fixed.

Other operating income

Other operating income comprises income of a secondary nature as viewed in relation to the Entity's primary activities, and also consists of received compensation from the Danish Government.

Cost of sales

Cost of sales comprises goods consumed in the financial year measured at cost, adjusted for ordinary inventory writedowns.

Other external expenses

Other external expenses comprise expenses for sale, marketing, administration, premises, bad debts, etc.

Staff costs

Staff costs comprise salaries and wages as well as social security contributions, pension contributions, etc for company staff.

Depreciation, amortisation and impairment losses

Amortisation, depreciation and impairment losses relating to property, plant and equipment comprise amortisation, depreciation and impairment losses for the financial year, calculated on the basis of the residual values and useful lives of the individual assets and impairment testing as well as gains and losses from the sale property, plant and equipment.

Other financial expenses

Other financial expenses comprise interest expenses, including net capital losses, payables and transactions in foreign currencies.

Tax on profit/loss for the year

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

The Company is jointly taxed with all Danish subsidiaries in the Radisson Group and other Danish companies controlled by Jin Jiang International Holdings Co., Ltd. The current Danish income tax is allocated among the jointly taxed companies proportionally to their taxable income (full allocation with a refund concerning tax losses).

Balance sheet**Property, plant and equipment**

Other fixtures and fittings, tools and equipment are measured at cost less accumulated depreciation and impairment losses.

Cost comprises the acquisition price, costs directly attributable to the acquisition and preparation costs of the asset until the time when it is ready to be put into operation.

The basis of depreciation is cost less estimated residual value after the end of useful life. Straight-line depreciation is made on the basis of the following estimated useful lives of the assets:

Other fixtures and fittings, tools and equipment

5 years

Estimated useful lives and residual values are reassessed annually.

Property, plant and equipment are written down to the lower of recoverable amount and carrying amount.

Inventories

Inventories are measured at the lower of cost using the FIFO method and net realisable value.

Cost of goods for resale, raw materials and consumables consists of purchase price plus delivery costs.

The net realisable value of inventories is calculated as the estimated selling price less completion costs and costs incurred to execute sale.

Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts. Provisions for bad debts are determined on the basis of an individual assessment of each receivable.

Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amount and the tax-based value of assets and liabilities, for which the tax-based value is calculated based on the planned use of each asset.

Prepayments

Prepayments comprise incurred costs relating to subsequent financial years. Prepayments are measured at cost.

Cash

Cash comprises cash in hand and bank deposits.

Operating leases

Lease payments on operating leases are recognised on a straight-line basis in the income statement over the term of the lease.

Other financial liabilities

Other financial liabilities are measured at amortised cost, which usually corresponds to nominal value.

Tax receivable or payable

Current tax receivable or payable is recognised in the balance sheet, stated as tax computed on this year's taxable income, adjusted for prepaid tax.

Deferred income

Deferred income comprises income received for recognition in subsequent financial years. Deferred income is measured at cost.

Cash flow statement

The Company has not prepared any cash flow statement according to section 86(4) of the Danish Financial Statements Act, as the Company's cash flows are included in the cash flow statements of Radisson Hospitality AB, Stockholm.
