## Statement by the Board of Directors and the Executive Board

The Board of Directors and the Executive Board have today discussed and approved the annual report of Röchling Meta-Plast A/S for the financial year 1 January – 31 December 2019.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the consolidated financial statements and the parent company financial statements give a true and fair view of the Group's and the Parent Company's assets, liabilities and financial position at 31 December 2019 and of the results of the Group's and the Parent Company's operations and consolidated cash flows for the financial year 1 January – 31 December 2019.

Further, in our opinion, the Management's review gives a fair review of the development in the Group's and the Parent Company's activities and financial matters, of the results for the year and of the Group's and the Parent Company's financial position.

We recommend that the annual report be approved at the annual general meeting.

Allingåbro, 15 June 2020 Executive Board:

Martin Busk Jensen

Board of Directors:

Heinrich Josef Dirksen

Martin Buck Janean

## Independent auditor's report

#### To the shareholder of Röchling Meta-Plast A/S

#### **Opinion**

We have audited the consolidated financial statements and the parent company financial statements of Röchling Meta-Plast A/S for the financial year 1 January – 31 December 2019 comprising income statement, balance sheet, statement of changes in equity and notes, including accounting policies, for the Group as well as for the Parent Company and a cash flow statement for the Group. The consolidated financial statements and parent company financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the consolidated financial statements and the parent company financial statements give a true and fair view of the Group's and the Parent Company's assets, liabilities and financial position at 31 December 2019 and of the results of the Group's and the Parent Company's operations and consolidated cash flows for the financial year 1 January – 31 December 2019 in accordance with the Danish Financial Statements Act.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the consolidated financial statements and the parent company financial statements" section of our report.

We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Management's responsibility for the consolidated financial statements and the parent company financial statements

Management is responsible for the preparation of consolidated financial statements and parent company financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of consolidated financial statements and parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements and the parent company financial statements, Management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the consolidated financial statements and the parent company financial statements unless Management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

## Independent auditor's report

## Auditor's responsibilities for the audit of the consolidated financial statements and the parent company financial statements

Our objectives are to obtain reasonable assurance as to whether the consolidated financial statements and the parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements in Denmark will always detect a material misstatement when it exists. Misstatements may arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of financial statement users made on the basis of these consolidated financial statements and parent company financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also

- identify and assess the risks of material misstatement of the consolidated financial statements and the parent company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the consolidated financial statements and the parent company financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements and the parent company financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and contents of the consolidated financial statements and the parent company financial statements, including the disclosures, and whether the consolidated financial statements and the parent company financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Independent auditor's report

#### Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the consolidated financial statements and the parent company financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements and the parent company financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the consolidated financial statements or the parent company financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the consolidated financial statements and the parent company financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

This is the third year that Röchling Meta-Plast A/S has presented consolidated financial statements. As a result of the transition, comparative figures for 2015 under Financial Highlights do not account for the Group, but only for the Parent Company.

Financial ratios are calculated in accordance with the guidelines "Recommendations & Ratios" issued by the Danish Society of Financial Analysts. The financial ratios have been calculated as follows:

Return on invested capital

Operating profit x 100
Average invested capital

Current ratio

Current liabilities other than provisions

Return on equity

Profit for the year x 100
Average equity

646255\_1

## **Management's review**

### **Operating review**

#### The Group's principal activities

The Company's and the Group's principal activities comprise the production and sale of metal and plastic components.

#### Development in activities and financial position

#### Profit for the year

The Group reported a profit of DKK 6,448 thousand for 2019 (2018: DKK 5,908 thousand), and at 31 December 2019, Group equity amounted to DKK 59,745 thousand (2018: DKK 53,297 thousand)

Management expected profit for 2019 to be in line with 2018. Based on the realised profit for the year, Management considers the profit for the year satisfactory.

#### **Outlook**

Due to the current situation with the COVID-19 virus and its impact on global business, we expect to report a profit for 2020 which will be down on 2019.

#### Particular risks

Management is of the opinion that the Company and the Group are not affected by any particular risks other than regular business risks applying to entities of this type.

#### **Environmental matters**

It is company policy to observe environmental legislation and generally accepted legal frameworks. The Company and the Group do not carry out any production with a major impact on the environment.

#### Research and development activities

The Company's and the Group's products undergo continuous development. The products are continuously developed and customised in line with the customers' and the markets' requirements and development. All costs are expensed as incurred.

#### Events after the balance sheet date

A change in business has occurred in the light of the COVID-19 virus and the impact it has had on global business. We see less activity with our Danish customers as well with our foreign clients. We are aware of the situation and closely monitor the development.

COVID-19 broke out in 2020 and was not evident at the balance sheet at 31 December 2019. Management is of the opinion that the Group's ability to continue as a going concern is not subject to any uncertainty. The COVID-19 outbreak is considered a non-adjusting subsequent event and thereby does not affect the financial reporting for the financial year end at 31 December 2019.

#### **Notes**

#### 1 Accounting policies

The annual report of Röchling Meta-Plast A/S for 2019 has been prepared in accordance with the provisions applying to reporting class C medium-sized entities under the Danish Financial Statements Act.

The accounting policies used in the preparation of the consolidated financial statements and the parent company financial statements are consistent with those of last year.

#### **Consolidated financial statements**

The consolidated financial statements comprise the Parent Company, Röchling Meta-Plast A/S, and the subsidiary Meta-Plast LSEZ Ltd. in which Röchling Meta-Plast A/S holds 100% of the votes.

On consolidation, intra-group income and expenses, shareholdings, intra-group balances and dividends and realised and unrealised gains and losses on intra-group transactions are eliminated.

Equity investments in subsidiaries are set off against the proportionate share of subsidiaries' fair value of net assets and liabilities at the date of acquisition.

#### Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rates at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated at the exchange rates at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

Upon recognition of foreign subsidiaries which are independent entities, the income statements are translated into Danish kroner at average exchange rates for the month, and balance sheet items are translated at the exchange rates at the balance sheet date. Foreign exchange differences arising upon translation of foreign subsidiaries' opening equity and results at the exchange rates at the balance sheet date are recognised directly in equity.

#### Income statement

#### **Gross profit**

Pursuant to Section 32 of the Danish Financial Statements Act, the Company has decided to comprise revenue, cost of sales, other external expenses and other operating profit into gross profit.

#### Revenue

Income from the sale of goods is recognised in revenue when delivery and transfer of risk to the buyer have taken place, and the income may be measured reliably and is expected to be received.

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts granted are deducted from revenue.

#### **Notes**

#### 1 Accounting policies (continued)

#### Other external costs

Other external costs comprise costs related to sales, advertising, administration, buildings, bad debts, operating leases expenses, etc.

#### Staff costs

Staff costs comprise wages and salaries, including holiday allowance, pension and other social security costs, etc., to the Company's employees. Refunds from public authorities have been deducted from staff costs.

#### Other operating income

Other operating income comprises items secondary to the activities of the Group, including gains on the disposal of intangible assets and property, plant and equipment.

#### Other operating costs

Other operating costs comprise items secondary to the activities of the Group, including losses on the disposal of intangible assets and property, plant and equipment.

#### Income from equity investments in group entities

The proportionate share of the individual subsidiaries' profit/loss after tax is recognised in the Parent Company's income statements after elimination of a proportionate share of intra-group gains/losses.

#### Financial income and expenses

Financial income and expenses comprise interest income and expense, gains and losses on payables and transactions denominated in foreign currencies, amortisation of financial assets and liabilities as well as surcharges and refunds under the on-account tax scheme, etc.

#### Tax on profit for the year

Tax for the year comprises current tax for the year and changes in deferred tax, including changes in tax rates. The tax expense relating to the profit for the year is recognised in the income statement at the amount attributable to the profit for the year and directly in equity at the amount attributable to entries directly in equity.

#### **Notes**

#### 1 Accounting policies (continued)

#### **Balance sheet**

#### Intangible assets

#### Software

Software is measured at cost less accumulated amortisation and impairment losses. Software is amortised on a straight-line basis, not exceeding 3 years.

#### Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses.

Cost comprises the purchase price and any costs directly attributable to the acquisition until the date on which the asset is available for use. Indirect production overheads and borrowing costs are not recognised in cost.

Where individual components of an item of property, plant and equipment have different useful lives, they are accounted for as separate items, which are depreciated separately.

The basis of depreciation is cost less any projected residual value after the end of the useful life. Depreciation is provided on a straight-line basis over the estimated useful life. The estimated useful lives are as follows:

| Plant and machinery                        | 5-10 years |
|--------------------------------------------|------------|
| Fixtures and fittings, tools and equipment | 3-7 years  |
| Leasehold improvements                     | 5 years    |
| Buildings                                  | 5 years    |

The useful life and residual value are reassessed annually. Changes are treated as accounting estimates, and the effect on depreciation is recognised prospectively.

Land is not depreciated.

Gains and losses on the disposal of property, plant and equipment are stated as the difference between the selling price less selling costs and the carrying amount at the date of disposal. Gains and losses are recognised in the income statement as other operating income or other operating costs, respectively.

#### **Notes**

#### 1 Accounting policies (continued)

#### Investments

Equity investments in subsidiaries are measured at the proportionate share of the entities' net asset value calculated in accordance with the Parent Company's accounting policies plus or minus unrealised intragroup gains or losses.

Net revaluation of equity investments in group entities is tied as a net revelation reserve under equity according to the equity method to the extent that the carrying amount exceeds costs.

Deposits are recognised at amortised cost.

#### Impairment of fixed assets

The carrying amount of intangible assets and property, plant and equipment as well as investments is subject to an annual test for indications of impairment other than the decrease in value reflected by depreciation or amortisation.

Impairment tests are conducted of individual assets or groups of assets when there is an indication that they may be impaired. Write-down is made to the recoverable amount if this is lower than the carrying amount.

#### **Inventories**

Inventories are measured at cost in accordance with the FIFO method. Where the net realisable value is lower than cost, inventories are written down to this lower value.

Goods for resale and raw materials and consumables are measured at cost, comprising purchase price plus delivery costs.

Finished goods and work in progress are measured at cost, comprising the cost of raw materials, consumables, direct wages and salaries as well as indirect production costs. Indirect production overheads comprise indirect materials and wages and salaries as well as the maintenance of depreciation of production machinery, buildings and equipment as well as factory administration and management. Borrowing costs are not included in cost.

The net realisable value of inventories is calculated as the sales amount less costs of completion and costs necessary to make the sale and is determined taking into account marketability, obsolescence and development in expected selling price.

#### Receivables

Receivables are measured at amortised cost.

Write-down is made for bad debt losses where there is an objective indication that a receivable has been impaired. If there is an objective indication that an individual receivable has been impaired, write-down is made on an individual basis.

#### **Prepayments**

Prepayments comprise prepayment of costs incurred relating to subsequent financial years.

#### **Notes**

#### 1 Accounting policies (continued)

#### Corporation tax and deferred tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities measured on the planned use of the asset or settlement of the liability, respectively.

Deferred tax is measured in accordance with the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax as a result of changes in tax rates are recognised in the income statement or equity, respectively.

#### **Equity**

Net revaluation reserve according to the equity method

Net revaluation reserve according to the equity method comprises net revaluation of equity investments in associates in proportion to cost.

Reserves may be eliminated in connection with loss, realisation of equity investments or changes in accounting estimates.

Reserves cannot be recognised at a negative amount.

#### Liabilities other than provisions

Financial liabilities are recognised at the date of borrowing at cost, corresponding to the proceeds received less transaction costs paid. In subsequent periods, the financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest rate. Accordingly, the difference between cost and the nominal value is recognised in the income statement over the term of the loan together with interest expenses.

Other liabilities are measured at net realisable value.

#### **Deferred** income

Deferred income comprises payments received regarding income in subsequent years.

#### 1 Accounting policies (continued)

#### Cash flow statement

The cash flow statement shows the Group's cash flows from operating, investing and financing activities for the year, the year's changes in cash and cash equivalents as well as the Group's cash and cash equivalents at the beginning and end of the year.

#### Cash flows from operating activities

Cash flows from operating activities are calculated as the profit for the year adjusted for non-cash operating items, changes in working capital and corporation tax paid.

#### Cash flows from investing activities

Cash flows from investing activities comprise payments in connection with acquisitions and disposals of entities and activities, intangible assets, property, plant and equipment and investments.

#### Cash flows from financing activities

Cash flows from financing activities comprise changes in size or composition of the Company's contributed capital and costs in this respect as well as raising of loans, instalments on interest-bearing debt and distribution of dividend to owners.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash in banks.
