# Statement by the Board of Directors and the Executive Board

The Board of Directors and the Executive Board have today discussed and approved the annual report of Cargill A/S for the financial year 1 June 2021 – 31 May 2022.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 May 2022 and of the results of the Company's operations for the financial year 1 June 2021 – 31 May 2022.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Gladsaxe, 29 November 2022 Executive Board:

Vagn Nielsen Lind

Board of Directors:

Ralf Møller Larsen Chairman Ludger Georg Te Laak

Vagn Nielsen Lind

### Independent auditor's report

#### To the shareholder of Cargill A/S

#### Opinion

We have audited the financial statements of Cargill A/S for the financial year 1 June 2021 - 31 May 2022 comprising income statement, balance sheet, statement of changes in equity and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 May 2022 and of the results of the Company's operations for the financial year 1 June 2021 – 31 May 2022 in accordance with the Danish Financial Statements Act.

#### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements in Denmark will always detect a material misstatement when it exists. Misstatements may arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also

— identify and assess the risks of material misstatement of the company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

### Independent auditor's report

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

### Notes

#### 1 Accounting policies

The annual report of Cargill A/S for 2021/22 has been prepared in accordance with the provisions applying to reporting class B entities under the Danish Financial Statements Act with opt-in from higher reporting classes.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

#### Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rates at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated at the exchange rates at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

#### **Income statement**

#### **Gross profit**

Pursuant to section 32 of the Danish Financial Statements Act, the Company has decided only to disclose gross profit.

#### Revenue

Income from the sale of goods, is recognised in revenue when delivery and transfer of risk to the buyer have taken place, and the income may be measured reliably and is expected to be received.

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts granted are recognised in revenue.

#### **Cost of sales**

Cost of sales comprises costs incurred to generate revenue for the year. This item also comprises direct costs for goods for resale and changes to inventory of goods for resale.

#### Other external costs

Other external costs comprise administrative expenses.

#### Staff costs

Staff costs comprise wages and salaries, including holiday allowance, pension and other social security costs. Refunds from public authorities are deducted from staff costs.

# Financial statements 1 June – 31 May

### Notes

#### 1 Accounting policies (continued)

#### Financial income and expenses

Financial income and expenses comprise interest income/expense, value adjustments and fees.

#### Tax on profit for the year

Tax for the year comprises current tax for the year and changes in deferred tax, including changes in tax rates. The tax expense relating to the profit/loss for the year is recognised in the income statement at the amount attributable to the profit/loss for the year and directly in equity at the amount attributable to entries directly in equity.

The Company is jointly taxed with the Danish entities of the Cargill Group. The current Danish corporation tax is allocated between the jointly taxed Danish companies in proportion to their taxable income (full absorption with refunds for tax losses). This means that companies with tax losses receive refunds from the other jointly taxed companies.

### **Balance sheet**

#### Receivables

Receivables are measured at amortised cost.

Write-down is made for bad debt losses where there is an objective indication that a receivable has been impaired. If there is an objective indication that an individual receivable has been impaired, write-down is made on an individual basis.

Write-downs are calculated as the difference between the carrying amount of receivables and the present value of forecast cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

#### Prepayments

Prepayments comprise prepayment of costs incurred relating to subsequent financial years.

#### Cash at bank and in hand

Cash at bank and in hand comprise deposits.

# Financial statements 1 June – 31 May

### Notes

#### **1** Accounting policies (continued)

#### Corporation tax and deferred tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities based on the planned use of the asset or settlement of the liability. However, deferred tax is not recognised on temporary differences relating to goodwill non-deductible for tax purposes and on office premises and other items where the temporary differences arise at the date of acquisition without affecting either profit/loss or taxable income.

Deferred tax assets, including the tax value of tax loss carryforwards, are recognised at the expected value of their utilisation within the foreseeable future; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Any deferred net assets are measured at net realisable value.

Deferred tax is measured in accordance with the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax as a result of changes in tax rates are recognised in the income statement or equity, respectively.

#### Liabilities

Other liabilities are measured at amortised cost.

# Financial statements 1 June – 31 May

### **Notes**

	DKK'000	2021/22	2020/21
2	Staff costs		
	Wages and salaries	3,750	4,130
	Pensions	288	300
	Other staff costs	23	45
		4,061	4,475
	Average number of full-time employees	5	5
3	Other financial expenses		
	Interest expense to group entities	44	33
	Other financial costs	26	10
		70	43

#### 4 Equity

The share capital consists of 2,001 shares of a nominal value of DKK 1,000 each, equivalent to DKK 2,001 thousand.

All shares rank equally.

#### 5 Contractual obligations, contingencies, etc.

The Company is jointly taxed with the Danish entities of the Cargill Group with Cargill Nordic A/S as the administrative company. The Company has unlimited joint and several liability for Danish corporation taxes and withholding taxes on dividends, interest and royalties under the joint taxation scheme.

The Company has a deferred tax asset of DKK 4,525 thousand (31 May 2021: DKK 4,692 thousand), which is not recognised in the annual report.

#### 6 Mortgages and collateral

The Company is jointly taxed with the Danish entities of the Cargill Group with Cargill Nordic A/S as the administrative company. The Company has unlimited joint and several liability for Danish corporation taxes and withholding taxes on dividends, interest and royalties under the joint taxation scheme.
