DIAGEO DENMARK A/S Annual report 2017/18

Statement by the Board of Directors and the Executive Board

Today, the Board of Directors and the Executive Board have discussed and approved the annual report of DIAGEO DENMARK A/S for the financial year 1 July 2017 - 30 June 2018.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 30 June 2018 and of the results of the Company's operations for the financial year 1 July 2017 - 30 June 2018.

Further, in our opinion, the Management's review gives a fair review of the development in the Company's operations and financial matters and the results of the Company's operations and financial position.

We recommend that the annual report be approved at the annual general meeting.

#### Independent auditor's report

To the shareholder of DIAGEO DENMARK A/S

#### Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 30 June 2018, and of the results of the Company's operations for the financial year 1 July 2017 - 30 June 2018 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Diageo Denmark A/S for the financial year 1 July 2017 - 30 June 2018, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on the Management's Review

Management is responsible for the Management's Review.

Our opinion on the financial statements does not cover the Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's Review and, in doing so, consider whether the Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's Responsibilities for the Financial statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements. Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### Independent auditor's report

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as
  fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of
  internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in
  preparing the financial statements and, based on the audit evidence obtained, whether a material
  uncertainty exists related to events or conditions that may cast significant doubt on the Company's
  ability to continue as a going concern. If we conclude that a material uncertainty exists, we are
  required to draw attention in our auditor's report to the related disclosures in the financial
  statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are
  based on the audit evidence obtained up to the date of our auditor's report. However, future
  events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Management's review

#### **Business review**

Diageo Denmark A/S is a wholly owned subsidiary of Selviac Nederland BV.. Amsterdam, which is part of the Diageo Group. The consolidated financial statements for the Ultimate Parent can be obtained at www.diageo.com.

The Company's activity comprises import and sale of liquor and "Ready To Drink" products.

#### Development in activities and finances

Diageo Denmark A/S has continued its growth for three years in a row. Overall, we continue to deliver strong performance, with result in line with expectations.

Growth was mainly driven by Gordon's Pink and our Ready-To-Drink business, also the higher priced Malts products in our Reserve portfolio enjoyed a generous growth. Diageo's share of the market across key categories grew as a result of strong performance over the year.

Despite higher cost of sales, operating profit increased as a result of rigorous cost management programmes.

#### Sustainability and responsibility

Responsibly managing our environmental impact continues to be a high priority for us and we are committed to protecting and sustaining our natural resources and making a positive contribution to the communities in which we live and work. We operate programmes which focus on carbon reduction, water stewardship, zero waste to landfill, and reducing our packaging requirements. Creating a positive role for alcohol in society also continues to be a priority area for Diageo and is delivered through global programmes such as Drink IQ and Drink Positive. Detailed information on the steps taken can be obtained from the consolidated financial statement of the Diageo Group.

#### **Financial review**

In 2017/18, the Company's revenue amounted to DKK 253,159 thousand against DKK 244,154 thousand last year. This revenue is 0.7% lower than planned at the beginning of the financial year 2017/18. The income statement for 2017/18 shows a profit of DKK 5,500 thousand against a profit of DKK 4,990 thousand last year, and a balance sheet at 30 June 2018 shows equity of DKK 11,039 thousand.

#### Events after the balance sheet date

No events have occurred after the balance sheet date to this date which would influence the evaluation of this annual report.

#### Outlook

The outlook for 2019 looks positive as we look to sustain our current performance levels.

#### Notes to the financial statements

1 Accounting policies

The annual report of DIAGEO DENMARK A/S for 2017/18 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to medium-sized reporting class C entities.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

#### Omission of a cash flow statement

With reference to section 86(4) of the Danish Financial Statements Act, no cash flow statement has been prepared. The Company's cash flows are reflected in the consolidated cash flow statement for the higher-ranking parent company Diageo PIc.

#### Basis of recognition and measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the Entity, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when the Entity has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the Entity, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is effected as described below for each financial statement item.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

#### Reporting currency

The financial statements are presented in Danish kroner (DKK'000).

#### Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date. Exchange differences that arise between the rate at the transaction date and the one in effect at the payment date, or the rate at the balance sheet date are recognised in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been purchased in foreign currencies are translated using historical rates.

#### Income statement

#### Revenue

Revenue from the sale of goods for resale and finished goods is recognised in the income statement when delivery and transfer of risk to the buyer have taken place and provided that the income can be reliably measured and payment is expected to be received. Revenue is measured less VAT and tax charged on behalf of third parties. All discounts and rebates granted are reconised in revenue.

#### Other operating income

Other operating income comprise income of a secondary nature viewed in relation to the Company's primary activities.

Notes to the financial statements:

#### 1 Accounting policies (continued)

#### Cost of sales

Cost of sales comprises cost of sales for the financial year measured at cost, adjusted for ordinary inventory write-downs.

#### Other external expenses

Other external expenses include expenses relating to the Company's ordinary activities, including expenses relating for premises, stationery and office supplies, marketing costs, etc. The item also includes write-downs of receivables recognised in current assets.

#### Staff costs

Payroll and related costs all include cost and expenses occurred in relation to Management and staff.

#### Depreciation

A non-cash expanse that reduces the value of an asset over the useful life of the asset.

The basis of depreciation, which is calculated as cost less any residual value, is depreciated on a straight line basis over the expected useful life. The expected useful lives of the assets are as follows:

Fixtures and fittings, other plant and	5-10 years
equipment	
IT Equipments	3 years

Property, plant and equipment are written down to the lower of recoverable amount, if this is lower than the carrying amount.

The residual value is determined at the time of acquisition and are reassessed every year. Where the residual value exceeds the carrying amount of the asset, no further depreciation charges are recognised. In case of changes in the residual value, the effect on the depreciation charges is recognised prospectively as a change in accounting estimates.

#### Financial income and expenses

Financial income comprises interest income, including interest income on receivables from group enterprises, net capital gains on payables and transactions in foreign currencies.

Financial expenses comprise interest expenses, including interest expenses on payables to group enterprise, net capital losses on securities, payables and transactions in foreign currencies.

#### Tax

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

## Balance sheet

#### Intangible assets

Intangible assets include acquired intellectual property rights.

Intangible assets are measured at cost less accumulated amortisation and impairment losses.

Intangible assets are written down to the lower of recoverrable amount and carrying amount.

......

#### Notes to the financial statements

#### 1 Accounting policies (continued)

#### Property, plant and equipment

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Cost includes the acquisition price and costs directly related to the acquisition until the time at which the asset is ready for use.

Gains or losses on property, plant and equipment are determinated as the difference between the selling price less selling costs and the carrying amount at the date of disposal. Gains and losses are recognised in the income statement as other operating income or other operating cost, respectively.

#### Inventories

Inventories are measured at cost in accordance with the FIFO method. Where the net realisable value is lower than cost, inventories are written down to this lower value.

Goods for resale are seasured at cost, comprising purchase price plus delivery costs.

The net realisable value of inventories is calculated as the estimated selling price less completion costs and costs incurred to execute the sale and is determined taking into account marketability, obsolescence and development in expected selling price.

#### Receivables

Receivables are measured at amortised cost, usually equalling nominal value less write-downs for bad and doubtful debts.

An impairment loss is recognised if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

Receivables in respect of which there is no objective evidence of individual impairment are tested for objective evidence of impairment on a portfolio basis. The portfolios are primarily based on the debtors' domicile and credit ratings in line with the Company's risk management policy. The objective evidence applied to portfolios is determined based on historical loss experience.

Impairment losses are calculated as the difference between the carrying amount of the receivables and the present value of the expected cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

#### Prepayments

Prepayments comprise incurred costs relating to subsequent financial reporting years. Prepayments are measured at cost.

#### Cash

Cash comprises cash in hand and bank deposits.

#### Equity

#### Proposed dividends

Dividend is recognised as a liability at the time of adoption at the annual general meeting (declaration date). The proposed dividend for the financial year is diclosed as a separate item in equity.

Notes to the financial statements

1 Accounting policles (continued)

#### Income taxes

Current tax payable or receivable is recognised in the balance sheet, stated as tax calculated on this year's taxable income adjusted for prepaid tax.

Deferred tax is recognised on all temporary differences between the carrying amount and tax-based value of assets and liabilities, for which the tax-based value of assets is calculated based on the planned use of each asset.

Deferred tax assets, including the tax base of tax loss carryforwards, are recognised in the balance sheet at their estimated realisable value, either as a set-off against deferred tax liabilities or as net tax assets.

#### Liabilities

Other liabilities are measured at amortised cost, which usually corresponds to nominal value.

### Financial ratios

The financial ratios stated under "Financial highlights" have been calculated as follows:

Gross margin ratio

Gross margin x 100 Revenue

Equity ratio

Equity, year-end x 100 Total equity and liabilities, year-end

Return on equity

Profit/loss for the year after tax x 100 Average equity
