### **Management's Statement**

The Executive Board and Board of Directors have today considered and adopted the Annual Report of RHI Finance A/S for the financial year 1 January - 31 December 2015.

The Annual Report is prepared in accordance with the Danish Financial Statements Act. The Company complies with the exemption provisions governing the omission to have its Financial Statements audited.

In our opinion the Financial Statements give a true and fair view of the financial position at 31 December 2015 of the Company and of the results of the Company operations for 2015.

In our opinion, Management's Review includes a true and fair account of the matters addressed in the Review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

#### 5 Going concern

In consideration of the Company's financial situation and the budgeted level of general and operation obligations for 2016, the parent company, RHI AG has confirmed in a letter of support dated 17 May 2016 its intention to contribute, if necessary, liquid assets to RHI Finance A/S to a maximum of EUR 900.000 to ensure that RHI Finance A/S will be able to fulfil its general and operating obligations until the completion of the 2016 financial year, and submission of statutory accounts to the Danish Authorities on 31 May 2017.

#### 6 Group Information

#### **Consolidated Financial Statements**

The Company is included in the Group Annual Report of RHI AG.

The Group Annual Report of 2015 may be obtained at the following address:

RHI AG Wienerbergstrasse 9 1100 Vienna Austria

## **Accounting Policies**

## **Basis of Preparation**

The Annual Report of RHI Finance A/S for 2015 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The accounting policies applied remain unchanged from last year.

Financial Statements for 2015 are presented in EUR.

#### **Recognition and measurement**

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

#### Translation policies

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

#### **Income Statement**

#### Other external expenses

Other external expenses comprise expenses for premises and office expenses, etc.

### **Accounting Policies**

#### Staff expenses

Staff expenses comprise wages and salaries as well as payroll expenses .

#### Other operating income and expenses

Other operating income and other operating expenses comprise items of a secondary nature to the main activities of the Company, including gains and losses on the sale of intangible assets and property, plant and equipment.

#### Financial income and expenses

Financial income and expenses comprise interest, realised and unrealised exchange adjustments, as well as extra payments and repayment under the on account taxation scheme.

#### Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with fellow subsidairy company, Latino America Refractories ApS. The tax effect of the joint taxation is allocated to enterprises in proportion to their taxable incomes.

#### **Balance Sheet**

#### Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts. Provisions for bad debts are determined on the basis of an individual assessment of each receivable, and in respect of trade receivables, a general provision is also made based on the Company's experience from previous years.

#### Deferred tax assets and liabilities

Deferred income tax is measured using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. Any changes in deferred tax due to changes to tax rates are recognised in the income statement or in equity if the de-

ferred tax relates to items recognised in equity.

#### Current tax receivables and liabilities

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the on-account taxation scheme are recognised in the income statement in financial income and expenses.

#### Financial debts

Debts are measured at amortised cost, substantially corresponding to nominal value.
