## Statement by the Board of Directors and the Executive Board

The Board of Directors and the Executive Board have today discussed and approved the annual report of Pfizer PFE ApS for the financial year 1 December 2018 – 30 November 2019.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

It is our opinion that the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 30 November 2019 and of the results of the Company's operations for the financial year 1 December 2018 – 30 November 2019.

In our opinion, the Management's review gives a fair review of the development in the Company's operations and financial matters and the results of the Company's financial position.

We recommend that the annual report be approved at the annual general meeting.

## **Independent auditor's report**

### **To the shareholders of Pfizer PFE ApS**

#### *Opinion*

We have audited the financial statements of Pfizer PFE ApS for the financial year 1 December 2018 – 30 November 2019 comprising income statement, balance sheet, statement of changes in equity and notes. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 30 November 2019 and of the results of the Company's operations for the financial year 1 December 2018 – 30 November 2019 in accordance with the Danish Financial Statements Act.

#### *Basis for opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Management's responsibility for the financial statements*

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## **Independent auditor's report**

### *Auditor's responsibilities for the audit of the financial statements*

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements in Denmark will always detect a material misstatement when it exists. Misstatements may arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of financial statement users made on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also

— identify and assess the risks of material misstatement of the company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

— obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

— evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

— conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

— evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

### **Independent auditor's report**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### ***Statement on the Management's review***

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

-----------------------------	----	----	----	----	----

The financial ratios are calculated in accordance with the Danish Society of Financial Analysts' guidelines on the calculation of financial ratios "Recommendations and Ratios".

## Financial highlights

The financial ratios stated in the survey of financial highlights have been calculated as follows:

$$\text{Operating profit ratio} = \frac{\text{Operating profit X 100}}{\text{Revenue}}$$

$$\text{Return on investment} = \frac{\text{Operating profit X 100}}{\text{Average invested capital}}$$

$$\text{Current ratio} = \frac{\text{Current assets X 100}}{\text{Total equity and liabilities at year end}}$$

$$\text{Equity ratio} = \frac{\text{Equity at year end X 100}}{\text{Total equity and liabilities at year end}}$$

$$\text{Return on equity} = \frac{\text{Profit for the year X 100}}{\text{Average equity}}$$

## ***Financial statements 1 December - 30 November***

### **Management's review**

#### **Activities**

Pfizer PFE ApS is part of the American Pfizer Group, a multinational pharmaceutical group listed on the New York Stock Exchange.

Pfizer PFE ApS is a fully owned subsidiary of Pfizer Inc. and its activities primarily consist of marketing, distribution and sale of the Pfizer Group's pharmaceutical products. Pfizer PFE ApS markets, distributes and sells pharmaceutical goods in Denmark, as well as to a third party distributor in Iceland.

Pfizer PFE ApS hosts the Hospital and the Upjohn Business units as well as, a biosimilars portfolio. The Upjohn business unit focuses on iconic brands that have lost market exclusivity while the Hospital business units focuses on anti-infectives, sterile injectables and other hospital products.

#### **The development of the year**

Turnover in Pfizer PFE ApS decreased from DKK 313 million in 2017/18 to DKK 212 million in 2018/2019. This decrease is driven by the biosimilar product Inflectra that lost the 2019 tender and only had sales until April 2019. The revenue decline is partly offset by growth of Fragmin, Estring and Zavancefta.

## ***Financial statements 1 December - 30 November***

### **Management's review**

#### **Operating Review**

The operating profit decreased from DKK 15.8 million in 2017/18 to DKK 8.9 million in 2018/19 due to the revenue decrease.

In 2018/19, the operating costs decreased by DKK 11 million compared to 2017/18. This was mainly driven by lower promotional and administrative costs after the restructuring initiative "*Organizing for growth*" was implemented partly at the end of 2018, continuing in 2019.

The result for the year is satisfactory.

#### **Financial position**

The Company's share capital and reserves amounted to DKK 168 million at year end 2018/19, which is 77% of the balance sheet total.

As part of a restructuring within the group to which the Company belongs (also referred to as "Project Organizing for Growth"), the Company will distribute an ordinary dividend in cash of DKK 102 million.

#### **Research and development activities**

Research and development activities within Pfizer PFE ApS comprise medical affairs. Pfizer PFE ApS only performs research and development on behalf of other group enterprises. Pfizer PFE ApS does not acquire ownership to intellectual rights.

#### **Knowledge resources**

It is the goal of Pfizer to attract the best people, enabling Pfizer to constantly develop and adapt the Company to an ever-changing world. Through training Pfizer constantly seeks to develop the employees, in terms of knowledge of the products, as well as developing competencies and training in core values.

## ***Financial statements 1 December - 30 November***

### **Operating Review**

#### **Outlook**

For 2019/20, the Company expects total revenue to decrease compared with the total revenue in 2018/19. The revenue decrease will come from Inflectra with five months of sales in 2019 vs. none in 2020. The revenue decline will be partly offset by the launch of a new biosimilar product. This will result into a lower profit vs. 2018/19. The prescription activity is expected to grow due to increased productivity in the secondary care and market growth as a result of ageing population. The industry as a whole in Denmark is exposed to competition from parallel importers, biosimilar entries and generic substitution. At the same time, public health costs are under supervision, and this combination influences the expectations for the years to come.

#### **Events after the balance sheet date**

The Pfizer Group is changing its corporate structure in Denmark to better align with the way the Upjohn business unit is organized. The products that are part of the Upjohn business unit will be distributed by a newly formed Dutch company Upjohn Export BV within the Pfizer Group. The transfer of Upjohn assets and liabilities happened 27th of July 2020.

Based on information currently available, management's assessment is that the impact of COVID-19 does not lead to risks of going concern for Pfizer PFE ApS.

## ***Financial statements 1 December - 30 November***

### ***Notes***

#### **1 Accounting Policies**

The annual report for 2018/2019 has been prepared in accordance with the provisions applying to class C (medium sized) enterprises under the Danish Financial Statements Act.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

#### **Foreign currency translation**

Transactions in foreign currencies are translated at the exchange rates at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and at the date of payment are recognised in the income statement as interest income or expense and similar items.

Receivables and payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. The difference between the exchange rates at the balance sheet date and at the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as interest income or expense and similar items.

## ***Financial statements 1 December - 30 November***

### **Income Statement**

#### **Revenue**

Revenue from the sale of goods for resale is recognized in the income statement provided that delivery and transfer of risk to the buyer has taken place before year end and that the income can be reliably measured and is expected to be received. Revenue is measured exclusive of VAT and taxes related to sale.

#### **Cost of sales**

Cost of sales comprise the cost of goods and services sold during the year.

#### **Marketing and distribution costs**

Costs incurred in marketing and distributing goods sold during the year and in conducting sales campaigns etc. during the year are recognised as marketing and distribution costs. Also, costs relating to sales staff, advertising, and exhibitions are recognised as marketing and distribution costs.

#### **Development expenses**

Development expenses comprise costs related to regulatory affairs, drug safety and medical affairs. The Pharmaceutical division of Pfizer PFE ApS only performs research and development on behalf of other group enterprises.

#### **Administrative expenses**

Administrative expenses comprise expenses incurred during the year for management and administration, including expenses for administrative staff, office premises and office expenses.

#### **Other operating income and expenses**

Other operating income and expenses comprise items secondary to the principal activities of the enterprise. Other operating income mainly includes income from research and development, marketing and administrative services provided to other Pfizer entities.

Interest income and expense and similar items

Interest income and expense and similar items comprise interest income and expense, gains and losses on payables and transactions denominated in foreign currencies as well as surcharges and refunds under the on-account tax scheme etc.

## ***Financial statements 1 December - 30 November***

### **Tax on profit for the year**

Tax for the year comprises current tax and changes in deferred tax for the year. The tax expense relating to the profit/loss for the year is recognised in the income statement, and the tax expense relating to changes directly recognised in equity is recognised directly in equity.

### **Balance sheet**

#### **Inventories**

Inventories are measured at cost in accordance with the FIFO method. Where the net realisable value is lower than cost, inventories are written down to this lower value.

The net realisable value of inventories is calculated as the sales amount less costs of completion and costs necessary to make the sale and is determined taking into account marketability, obsolescence and development in expected sales price.

#### **Receivables**

Receivables are measured at amortised cost. Provisions are made for anticipated losses.

#### **Prepayments**

Prepayments comprise costs incurred concerning subsequent financial years.

#### **Capital and reserves - dividends**

Proposed dividends are recognised as a liability at the date when they are adopted at the annual general meeting (declaration date). The expected dividend payment for the year is disclosed as a separate item under capital and reserves.

#### **Corporation tax and deferred tax**

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities. However, deferred tax is not recognised on temporary differences relating to goodwill which is not deductible for tax purposes and on office premises and other items where temporary differences, apart from business combinations, arise at the date of acquisition without affecting either profit/loss for the year or taxable income. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on the planned use of the asset or settlement of the liability, respectively.

Deferred tax assets, including the tax base of tax loss carry forwards, are recognised under investments at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity and jurisdiction.

## ***Financial statements 1 December - 30 November***

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax.

The Company is jointly taxed with all Danish group entities in the Pfizer Group. The current Danish corporate tax is allocated among the jointly taxed Danish companies in proportion to their taxable income (full allocation with reimbursement for tax losses).

### **Other provisions**

Provisions comprise anticipated costs relating to returned goods and restructuring provisions. Provisions for returned goods are measured and recognised based on Management's experiences of returned goods.

### **Financial liabilities**

Financial liabilities, comprising trade payables and amounts owed to group enterprises are measured at amortised cost. Other payables are measured at net realisable value.

### **Cash flow statement**

Pfizer PFE ApS has not prepared a cash flow statement because the Company is included in the consolidated cash flow statement for the ultimate parent company Pfizer Inc. which can be found in the "for Investors" section under *2019 Financial Report* at [https://s21.q4cdn.com/317678438/files/doc\\_financials/Annual/2019/2019-Financial-Report.pdf](https://s21.q4cdn.com/317678438/files/doc_financials/Annual/2019/2019-Financial-Report.pdf)
