Statement by Management on the annual report

The Board of Directors and the Executive Board have today considered and approved the annual report of Radisson Hotel Kiev A/S for the financial year 01.01.2022 - 31.12.2022.

The annual report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's financial position at 31.12.2022 and of the results of its operations for the financial year 01.01.2022 - 31.12.2022.

We believe that the management commentary contains a fair review of the affairs and conditions referred to therein.

We recommend the annual report for adoption at the Annual General Meeting.

Independent auditor's report

To the shareholder of Radisson Hotel Kiev A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2022, and of the results of the Company's operations for the financial year 1 January - 31 December 2022 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Radisson Hotel Kiev A/S for the financial year 1 January - 31 December 2022 which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, for disclosing, as applicable, matters related to going concern, and for using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Management commentary

Primary activities

The Company's activities consist in shareholding and interests in hotels.

Description of material changes in activities and finances

Loss for the year amounts to DKK 93 thousand, which is considered unsatisfactory.

The Company is still negatively affected by the on-going crisis between Russia and Ukraine as the investment concerns activities in Ukraine, and Company Management has therefore decided to keep recognizing other investments at 0 DKK due to the uncertainty in Ukraine.

The Company has lost more than 50% of its share capital and is thereby subject to the provisions governing capital loss in section 119 of the Danish Companies Act. Management expects to re-establish the equity through future years' operations or capital increases.

Events after the balance sheet date

No events have occurred after the balance sheet date to this date, which would influence the evaluation of this annual report.

Notes

1 Going concern

The Company has received a letter of support from Radisson Hospitality AB stating that they will provide necessary support to ensure that the Company will be able to meet its obligations. The support letter is valid for at least the next 12 months from the date of the approval of the 2022 financial statements.

2 Events after the balance sheet date

No events have occurred after the balance sheet date to this date, which would influence the evaluation of this annual report.

3 Other financial expenses

	2022 DKK'000	2021 DKK'000
Financial expenses from group enterprises	79	76
	79	76

4 Financial assets

	Other investments DKK'000
Cost beginning of year	21,278
Cost end of year	21,278
Impairment losses beginning of year	(21,278)
Impairment losses end of year	(21,278)
Carrying amount end of year	0

Other investments are recognised and measured at cost.

The value of other investments at 31.12.2022 is set at DKK 0. The investment relates to activities in Ukraine and, in view of the war to the country, the value was in 2021 written down to DKK 0, which remains unchanged due to the on-going crisis between Russia and Ukraine.

5 Employees

There have been no employees in the financial year, which also applies to previous years.

6 Contingent liabilities

The Company is jointly taxed with all Danish subsidiaries of the Radisson Group and other Danish companies controlled by Jin Jiang International Holdings Co., Ltd. The Company has unlimited joint and several liability for Danish corporation taxes and withholding taxes on dividends, interest and royalties under the joint taxation scheme.

The Company is jointly and severally liable with jointly registered group enterprises for the total VAT liability.

Accounting policies

Reporting class

This annual report has been presented in accordance with the provisions of the Danish Financial Statements Act governing reporting class B enterprises with addition of a few provisions for reporting class C.

Changes in accounting policies

The Entity has changed its accounting policies with regard to measurement of other investments. The change is made to reduce the complexity of the financial reporting and to provide better comparability between the group's companies.

The change in accounting policies has led to a decrease in Impairment losses on financial assets of DKK 9,682 thousand for 2021. Consequently, the total effect of the change in accounting policies is a decrease in last year's pre-tax loss of DKK 9,682 thousand. The change in accounting policies has no tax effect for 2021 or 2022. The balance sheet and equity is unaffected.

The comparative figures have been restated following the change in accounting policies.

Apart from the areas mentioned above, the annual report has been presented applying the accounting policies consistently with last year.

Recognition and measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when the Company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is effected as described below for each financial statement item.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date. Exchange differences that arise between the rate at the transaction date and the rate in effect at the payment date, or the rate at the balance sheet date, are recognised in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been

purchased in foreign currencies are translated using historical rates.

Income statement

Gross profit or loss

Referring to section 32 of the Danish Financial Statement Act, the income statement starts at gross profit or loss. Gross profit or loss comprises external expenses.

Other external expenses

Other external expenses comprise expenses for administration, etc.

Impairment of financial assets

Impairment of financial assets comprises impairment of financial assets and reversal of previous year's impairment of financial assets.

Other financial expenses

Other financial expenses comprise interest expenses, including interest expenses on payables to group enterprises.

Tax on profit/loss for the year

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

The Company is jointly taxed with all Danish subsidiaries in the Radisson Group and other Danish companies controlled by Jin Jiang International Holdings Co., Ltd. The current Danish income tax is allocated among the jointly taxed companies proportionally to their taxable income (full allocation with a refund concerning tax losses).

Balance sheet

Tax payable or receivable

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

The Company is jointly taxed with all Danish subsidiaries in the Radisson Group and other Danish companies controlled by Jin Jiang International Holdings Co., Ltd. The current Danish income tax is allocated among the jointly taxed Companies proportionally to their taxable income (full allocation with a refund concerning tax losses).

Other investments

Other investments are measured at cost and are written down to the lower of recoverable amount and carrying amount.

Other financial liabilities

Other financial liabilities are measured at amortised cost, which usually corresponds to nominal value.
