Novo Nordisk Region Europe A/S Statement by the Board of Directors and Executive Management

Today, the Board of Directors and Executive Management have approved the Annual Report of Novo Nordisk Region Europe A/S for the year 2018.

The Annual Report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the financial position of the company at 31 December 2018 and of the results of the company's operations for 2018 in accordance with the Danish Financial Statements Act.

Tomas Hae

Further, in our opinion, the Management's review gives a fair review of the development in the company's operations and financial matters and the results of the company's operations and financial position.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Lene Bang

Bagsværd, 14 May 2019

Executive Management:

Board of Directors:

Karsten Munk Knudsen

Chairman

Novo Nordisk Region Europe A/S Independent Auditor's Report

To the Shareholder of Novo Nordisk Region Europe A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2018, and of the results of the Company's operations for the financial year 1 January - 31 December 2018 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Novo Nordisk Region Europe A/S for the financial year 1 January - 31 December 2018, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

Novo Nordisk Region Europe A/S Independent Auditor's report

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Novo Nordisk Region Europe A/S Management Review

Main activities

The company's main activities are the holding of equity investments in companies, and other investments, as well as financial activities, and – at the discretion of the Board of Directors – supporting the operations of such companies.

Developement during the financial year

Net profit for Novo Nordisk Region Europe A/S ended at a loss of DKK 58,109 thousand for the year 2018 compared with a net profit of DKK 283,264 thousand for the year 2017. The decrease in net profit is related to a decrease in net profit in subsidiaries.

Outlook for the company, including specific assumptions and elements of uncertainty

The company's most important activity, also in 2019, is expected to comprise the holding of equity investments in a portfolio of subsidiaries.

The company's financial performance reflects the development in the underlying subsidiaries. Management expects to record a positive return in 2019.

The company has in 2018 purchased the company Ziylo Ltd in United Kingdom. Further the company has acquired one share in the company Aldaph SpA in Algeria. The share is classified as 'Other financial assets'.

Specific risks

For other specific risks and presentation of capital resources please see management review included in the annual report of Novo Nordisk A/S.

Reporting on social responsibility and underrepresented gender

In accordance with the Danish Financial Statements Act §99 a par. 6 information regarding social responsibility is included in the annual report of Novo Nordisk.

Novo Nordisk Region Europe A/S has equal gender representation on its Board of Directors.

Novo Nordisk Region Europe A/S has less than 50 employees and are thereby not required to report on gender diversity for other management levels.

Novo Nordisk Region Europe A/S Accounting policies

Accounting basis

The Annual Report of the company is prepared in accordance with the Danish Financial Statements Act for a large class C enterprise.

The accounting policies applied remain unchanged from last year.

The Annual Report is presented in DKK 1,000.

Translation of foreign currencies

Assets and debt in foreign currencies are translated into Danish kroner at the exchange rates at the balance sheet date. Financial statements of foreign subsidiaries are translated into Danish kroner at the exchange rates at the balance sheet date for the balance sheet items and at average exchange rates for income statement items.

All exchange rate adjustments are recognised in the income statement except exchange rate adjustments arising from:

- translation of subsidiaries' net assets at the beginning of the year at the exchange rates at the balance sheet date
- translation of subsidiaries' income statements at average exchange rates and translation of their balance sheet items at the exchange rates at the balance sheet date
- translation of non-current intra-Group receivables that are considered a supplement to the net assets of the subsidiaries.

The above currency translation differences are recognised directly in equity.

Administrative costs

Administrative costs comprise of audit fee and administrative costs.

According to the Danish Financial Statements Act §98b (3) executive management remuneration is not disclosed.

Other operating income/(expense)

Income/expense in connection with re-invoicing for services.

Share-based payment

The parent company offers incentive schemes to a group of managerial employees in the company's subsidiaries. The fair value of the employee services received in exchange for the grant of shares is recognised as an expense.

Retirement benefit obligations

A few of the company's subsidiaries operate defined benefit plans. The cost for the year for defined benefit plans are determined using the projected unit credit method based on actuarial assumptions. Gains and losses arising from changes in actuarial assumptions are charged directly to Equity.

Financial items

Financial income and expenses include interest income and expenses, realised and unrealised capital gains and losses on securities, debt and transactions in foreign currencies, amortisation of financial assets and liabilities, as well as surcharges and allowances under the tax prepayment scheme etc. Financial income and expenses are recognised by the amounts pertaining to the financial year.

Financial assets

Equity investments in subsidiaries are intially recognised at cost and subsequently measured at equity value, i.e. at the proportional share of the carrying amount of the equity value of the subsidiary.

The share of profit or loss in subsidiaries is recognised in the income statement of the parent company.

For business combinations in connection with the foundation of the company the acquisition method is used, resulting in a revaluation of the acquired companies' assets and liabilities and recognition of goodwill. This goodwill is amortised over a maximum period of 20 years, based on life expectancy, and an impairment test is conducted annually.

Novo Nordisk Region Europe A/S Accounting policies

Subsequent internal business combinations are recognised using the pooling of interests method, meaning that assets and liabilities are recognised at the carrying amounts that would have applied if the Group relationship had been established at the beginning of the comparative period, without any subsequent revaluation.

When using the pooling of interests method, there is no recognition of goodwill. The difference between the amount paid as capital and the equity in the acquired company is recognised directly in equity.

Net revaluation of equity investments in subsidiaries exceeding the declared dividend of the subsidiaries is transferred to equity as net revaluation reserve according to the equity method.

Receivables

Receivables are stated at amortised cost less write-downs for potential losses on doubtful debts. The write-downs are based on an individual assessment of each debtor, including an evaluation of payment risk associated with individual countries.

Tax

Deferred tax is provided for using the balance sheet liability method and comprises all temporary differences between the carrying amount and tax base of assets and liabilities, with the exception of goodwill in situations where goodwill is not deducted for tax purposes. The tax value of tax loss carry-forwards is included in the statement of deferred tax if the losses are likely to be utilised in the future. Deferred tax is provided for using the tax rate expected to apply when the temporary differences are expected to be eliminated.

Tax payable/receivable includes tax payable computed on the basis of the expected taxable income for the year and any adjustments of taxes payable for previous years.

Income tax in the income statement comprises current tax for the year and any change in the provision for deferred tax.

The company is jointly taxed with the Danish companies in the Novo Holdings A/S Group. The tax effect of the joint taxation with the parent company and other subsidiaries is allocated to the companies in proportion to their taxable incomes (full allocation). The current tax in the joint taxation is paid by the ultimate parent company, Novo Holdings A/S, which functions as the tax administration company. The jointly taxed Danish enterprises have adopted the on-account taxation scheme.

Dividends

Proposed dividends (not yet declared) for the accounting period are recognised in the equity as proposed dividends.

Long- and short-term debt

Long- and short-term debt are measured at amortised cost,

Audit fee

In accordance with section 3, paragraph 96, of the Danish Financial Statements Act, audit fees has not been presented for the parent company. Reference is made to the audit fees in the Consolidated Financial Statements for the Novo Nordisk Group.

Statement of cash flows

In accordance with section 4, paragraph 86, of the Danish Financial Statements Act, no separate cash flow statement has been prepared for the parent company. Reference is made to the cash flow statement in the Consolidated Financial Statements for the Novo Nordisk Group.

Segment information

The company only has one business segment and one geographical segment consisting of equity participation in a portfolio of European companies, as well as to service these operationally.

Novo Nordisk Region Europe A/S **Notes**
