**Maersk Drilling Americas A/S**  
Annual report 2019  
CVR no. 29 32 70 09

## **Statement by the Board of Directors and the Executive Board**

The Board of Directors and the Executive Board have today discussed and approved the annual report of Maersk Drilling Americas A/S for the financial year 1 January – 31 December 2019.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2019 and of the results of the Company's operations for the financial year 1 January – 31 December 2019.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Lyngby, 17 June 2020

## Independent auditor's report

### To the Shareholder of Maersk Drilling Americas A/S

#### Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2019, and of the results of the Company's operations for the financial year 1 January - 31 December 2019 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Maersk Drilling Americas A/S for the financial year 1 January - 31 December 2019, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Statement on the Management's Review

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

#### Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## Independent auditor's report

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

## **Independent auditor's report**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **Management's review**

### **Operating review**

#### **Principal activities**

The Company's principal activity is to hold shares in companies offering offshore services to the oil and gas industry in South, North and Central America.

#### **Development in activities and financial position**

The Company's income statement for 2019 shows a profit of USD 99 thousand (2018: a loss of USD 600 thousand) and the Company's balance sheet per 31 December 2019 shows equity of USD 16,282 thousand (31 December 2018: USD 16,183 thousand).

#### **Outlook**

As set out in the note disclosure around events after the balance sheet date, the oil price has dropped substantially subsequent to year-end which may lead the oil and gas companies to cancel or defer projects and exert pressure for lower rates, more contract flexibility and low cost solutions, which could negatively impact the Company's future profitability.

In addition, the Company's operations may be impacted by COVID-19 either directly or through the restrictions imposed by governments in response to COVID-19.

The Company is yet unable to estimate the potential impact of these factors and the Company's expectations for 2020 are therefore subject to increased uncertainty.

Prior to the outbreak of COVID-19 and the increased oil price volatility, Management expected results for 2020 to be in line with 2019.

#### **Events after the balance sheet date**

Subsequent to year-end, the oil price has dropped substantially to a level of around USD 25-40 per barrel. Combined with the implications of the global outbreak of COVID-19, the lower oil price environment will have negative implications for the Company's activities, as oil and gas companies have cancelled or deferred projects and exert pressure for lower rates, more contract flexibility and low cost solutions. This could negatively impact the Company's future profitability.

## Financial statements 1 January – 31 December

### Notes

#### 1 Accounting policies

The annual report of Maersk Drilling Americas A/S for 2019 has been prepared in accordance with the provisions applying to reporting class B entities under the Danish Financial Statements Act with opt-in from higher reporting classes.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

#### Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rates at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated at the exchange rates at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

Fixed assets acquired in foreign currencies are measured at the exchange rates at the transaction date.

USD is used as functional currency and as presentation currency because the majority of transactions are in USD. At 31 December 2019, the exchange rate DKK/USD was 667,33 (2018: 652,13).

### Income statement

#### Other external costs

Other external costs comprise costs incurred during the year for administrative expenses.

#### Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

#### Tax on profit/loss for the year

Tax for the year comprises current corporation tax for the year and changes in deferred tax, including changes in tax rates. The tax expense relating to the profit/loss for the year is recognised in the income statement, and the tax expense relating to amounts directly recognised in equity is recognised directly in equity. The Company is part of A.P. Møller Holding A/S' joint taxation. The current Danish income tax is allocated among the jointly taxed companies proportionally to their taxable income (full allocation with refund for tax losses).

## Financial statements 1 January – 31 December

### Notes

#### 1 Accounting policies (continued)

### Balance sheet

#### Investments

Equity investments in group entities and associates are measured at cost. In case of indication of impairment, an impairment test is conducted. When the cost exceeds the recoverable amount, write-down is made to this lower value.

#### Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts. Provisions for bad debts are determined on the basis of an individual assessment of each receivable.

#### Corporation tax and deferred tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities based on the planned use of the asset or settlement of the liability. However, deferred tax is not recognised on temporary differences relating to goodwill non-deductible for tax purposes and on office premises and other items where the temporary differences arise at the date of acquisition without affecting either profit/loss or taxable income.

Deferred tax assets, including the tax value of tax loss carryforwards, are recognised at the expected value of their utilisation within the foreseeable future; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Any deferred net assets are measured at net realisable value.

Deferred tax is measured in accordance with the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax as a result of changes in tax rates are recognised in the income statement or equity, respectively.

#### Liabilities other than provisions

Financial liabilities are measured at amortised cost, which essentially corresponds to nominal value.

## Financial statements 1 January – 31 December

### Notes

#### 2 Financial income

| USD'000                             | 2019       | 2018       |
|-------------------------------------|------------|------------|
| Interest income from group entities | 112        | 279        |
| Other financial income              | 4          | 0          |
|                                     | <u>116</u> | <u>279</u> |

#### 3 Contractual obligations, contingencies, etc.

##### Contingent liabilities

The Company is jointly taxed with all other Danish companies in the A.P. Møller Holding Group. As a fully owned subsidiary, the Company has unlimited and joint liability together with the other companies under joint taxation for Danish corporation tax, withholding taxes on dividends, interest and royalties within the jointly taxed companies.

#### 4 Related party disclosures

The A.P. Møller og Hustru Chastine Mc-Kinney Møllers Fond til Almene Formaal, Copenhagen, Denmark is the ultimate owner.

Other related parties with controlling interest:

- ◆ A.P. Møller Holding A/S, Esplanaden 50, DK-1263 Copenhagen K (ultimate parent company preparing consolidated financial statements)
- ◆ APMH Invest A/S, Esplanaden 50, DK-1263 Copenhagen K
- ◆ The Drilling Company of 1972 A/S, Lyngby Hovedgade 85, 2800 Kgs. Lyngby (initial parent company preparing consolidated financial statements)
- ◆ Maersk Drilling Holding A/S, Lyngby Hovedgade 85, 2800 Kgs. Lyngby

## **Financial statements 1 January – 31 December**

### **Notes**

#### **5 Events after balance sheet date**

Subsequent to year-end, the oil price has dropped substantially to a level of around USD 25-40 per barrel. Combined with the implications of the global outbreak of COVID-19, the lower oil price environment will have negative implications for the Company's activities, as oil and gas companies have cancelled or deferred projects and exert pressure for lower rates, more contract flexibility and low cost solutions. This could negatively impact the Company's future profitability.
