2. Management's statement

The Executive and Supervisory Board have today considered and adopted the Annual Report of MYC4 A/S for the financial year January 1 to December 31, 2020.

The Annual Report is prepared in accordance with the Danish Financial Statements Act. In our opinion, the Financial Statements give a true and fair view of the financial position at December 31, 2020 and of the results of the Company operations for 2020.

The Annual report has not been submitted for audit as per decision at the Annual General Meeting in 2020. Management hereby declare, that the company for the financial year 2020 is meeting the requirements for this defined in Danish Corporate law and also expect to do it for the following year.

The Annual Report is presented in English, which is the language applied in the Company in accordance with the Articles of Association.

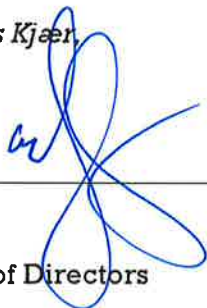

We consider the Management Review to give a fair presentation of the development in MYC4's activities and finances, profit and loss for the year, its financial position as a whole as well as a description of the most material risks and elements of uncertainty facing MYC4.

We recommend the annual report for adoption at the Annual General Meeting.

3. Management Review

3.1 Main Activities 2020

Since March 2015 all activities have been solely focused on collecting as much as possible of the outstanding loan portfolio to secure the best interest of the investors on MYC4.COM.

In 2019 we discontinued the last active part of our operations but are still pursuing lawsuits in Kenya to maintain pressure on former fraudulent business partners for justice.

3.2 Financials for MYC4 A/S

For 2020 MYC4 A/S generated a profit of 161.508 DKK, mainly from a final pay out of uncollected dormant investor accounts. The year end result was in line with our expectations for the year.

For 2021 we expect a small loss of app. 100,000 DKK.

The majority shareholder The Way Forward ApS has expressed its intention to continue supporting the Company financially to fund expenses of the Company for 2021 under the assumption that the expenses are less than 50,000 EUR. When the Company is without purpose the Board will consider a solvent liquidation with a partial waiver of debt from The Way Forward ApS, who is assumed to be the only unsettled creditor.

3.3 Events after the Balance Sheet Date

No events have occurred after the balance sheet date to this date, which would influence the Annual report.

4. Accounting Policies

This annual report has been prepared in accordance with the provisions of the Danish Financial Statements Act governing reporting class B enterprises with addition of a few provisions for reporting class C enterprises.

The accounting policies applied for this annual report is consistent with those applied last year.

Recognition and measurement

Assets are recognized in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognized in the balance sheet when the Company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is effected as described below for each financial statement item.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement. Income is recognized in the income statement when earned, whereas costs are recognized by the amounts attributable to this financial year.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date. Exchange differences that arise between the rate at the transaction date and the one in effect at the payment date or the rate at the balance sheet date are recognized in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been purchased in foreign currencies are translated using historical rates.

4.1 Income statement

Revenue

Revenue is taken to income when it is considered certain that the company will receive a payment.

Other external expenses

Other external expenses comprise expenses for sale, marketing, administration, premises, bad debts, etc.

Other external expenses also include research costs, costs of development projects that do not meet the criteria for recognition in the balance sheet.

Financial income and expenses

These items comprise interest income and expenses, realized and unrealized capital gains and losses on payables and transactions in foreign currencies, as well as tax surcharge and tax relief under the Danish Tax Prepayment Scheme. Interest expenses and other financial expenses for manufacturing assets are not included in the cost of assets, but are recognized in the income statement as incurred.

Income taxes

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognized in the income statement by the portion attributable to the profit for the year.

The current tax payable or receivable is recognized in the balance sheet, stated as tax calculated on this year's taxable income, adjusted for prepaid tax.

Deferred tax is recognized on all temporary differences between the carrying amount and tax-based value of assets and liabilities, for which the tax-based value of assets is calculated based on the planned use of each asset.

Deferred tax assets, including the tax base of tax loss carry-forwards, are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities.

The Company is jointly taxed with its Parent and the entire Parent's other Danish subsidiaries. The current income tax is allocated among the jointly taxed companies proportionally to their taxable income (full allocation with a refund concerning tax losses).

4.2 Balance sheet

Investments in subsidiaries

Investments in subsidiaries are recognized and measured under the Equity method.

The items "Investments in subsidiaries" in the balance sheet include the proportionate ownership share of the net asset value of the enterprise calculated on the basis of the fair values of identifiable net assets at the balance sheet date.

Receivables

Receivables are measured at amortized cost, usually equaling nominal value less provisions

Other financial liabilities

Other financial liabilities are measured at amortized cost, which usually corresponds to nominal value.

During 2020 the majority shareholder The Way Forward ApS has supported the company with CEO and CFO services and continuation of loan facility.

The Way Forward ApS intends to continue supporting the Company financially to fund the expenses of the Company for 2021, but the Company has not received a binding commitment for support from The Way Forward ApS.

Share capital consists of shares at DKK 10 or multiples of these. The shares have not been divided into classes.

The company owns 76.800 own shares equal to nominal 768.000 DKK (6.9% of the total share capital), which were acquired in 2015 at zero value. The company acquired the shares as the most practical solution to meet a wish from two institutional shareholders, who wanted to exit as shareholders.

4. Contingent liabilities, etc.

The Company has no contingent liabilities at the reporting date.

5. Ownership and related parties

The Company has registered the following shareholders to hold more than 5% of the voting share capital or of the nominal value of the share capital:

The Way Forward ApS, Skt. Annæ Plads 19A, 2., DK-1250 Copenhagen K
MYC4 A/S, Skt. Annæ Plads 19A, 2., DK-1250 Copenhagen K

6. Consolidation

MYC4 A/S is included in the consolidated financial statements of The Way Forward ApS, Sankt Annæ Plads 19A,2., DK-1250 Copenhagen K, Central Business Registration No 25 47 31 59. The consolidated financial statements can be ordered from Erhvervsstyrelsen, Langelinie Alle 17, 2100 København Ø, Denmark or on www.cvr.dk.

7. Uncertainty with respect to going concern and considerations for the future

The company's Equity as of 31 December 2020 is negative with 2.250.890 DKK. For 2021 we expect a small loss of app. 100,000 DKK.

Until 31 December 2021 the Company is still expected funded by the financial support from the majority shareholder The Way Forward ApS, who has expressed its intention to continue supporting the Company financially to fund expenses of the Company for 2021 under the assumption that the expenses are less than 50,000 EUR. However, the Company has not received a binding commitment for support.

With the intentions of continued financial support from the majority shareholder to MYC4 A/S the Board finds that until 31 December 2021 the Company can be considered a going concern. When the Company is without purpose the Board will consider a solvent liquidation with a partial waiver of debt from The Way Forward ApS, who is assumed to be the only unsettled creditor.
