Management's Statement

The Executive Board and Board of Directors have today considered and adopted the Annual Report of Teva Denmark A/S for the financial year 1 January - 31 December 2021.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the financial position at 31 December 2021 of the Company and of the results of the Company operations for 2021.

In our opinion, Management's Review includes a true and fair account of the matters addressed in the Review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Independent Auditor's Report

To the Shareholder of Teva Denmark A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2021 and of the results of the Company's operations for the financial year 1 January - 31 December 2021 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Teva Denmark A/S for the financial year 1 January - 31 December 2021, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("the Financial Statements").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financials Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Independent Auditor's Report

Management's responsibilities for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

Independent Auditor's Report

- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Management's Review

Key activities

The objective of the Company is trading in pharmaceuticals. Furthermore, the Company carries out related activities, including the ownership of product rights.

Geographically, the Company's activities are primarily aimed at the Nordic countries.

Development in the year

The income statement of the Company for 2021 shows a profit of TDKK 30,523 and at 31 December 2021 the balance sheet of the Company shows equity of TDKK 173,176.

The past year and follow-up on development expectations from last year

The development in the financial year 2021 has been satisfactory.

The result from the primary activities exceeded expectations. Gross profit increased 17% due to better product mix and lower sales and marketing related cost as a consequence of Covid-19.

Targets and expectations for the year ahead

The Company expects similar results for 2022 from ordinary activities (gross profit) as in 2021, but any profit/loss will primarily depend on the capital and financing structure of the Company.

Management expects that the COVID-19 outbreak would only have limited impact on the Company going forward, as the Company has not experienced any drop-down in orders, as well as the Group's production facilities have not been significantly affected and have so far been able to meet the delivery needs.

Special risks – operating risks and financial risks

The financial statements are not affected by special risks.

Research and development

The Company does not develop new products.

External environment

The company is a sales Company and makes no significant impact on the external environment in connection with their activities.

Statement of corporate social responsibility, cf. section 99a of the Danish Financial Statements Act

Business Model

The objective of the Company is trading in pharmaceuticals. The pharmaceuticals are mainly sold through wholesalers to pharmacies, from where they are sold to patients.

Geographically, the Company's activities are primarily aimed at the Nordic countries.

Principles

Environment

Teva Denmark A/S works continuously to reduce the use of resources and the environmental impact of our business activities, and we maintain focus on how we can reduce energy consumption in all business areas. Globally Teva has focus on producing medicines in an environmentally-oriented way, and locally we have in 2021 initiated new processes to reduce scrapping and inventory levels. By reducing our inventory as well as our scrapping, we have seen that our environmental impact has been further reduced in 2021.

Social & employee responsibility

Teva Denmark A/S has always prioritized the working environment. Safe, healthy and stimulating jobs are the precondition of the flexibility, adaptability and personal development required of employees of Teva Denmark. We have SAP Platform for mandatory setting and measuring development for each employee, along with a yearly employee survey. In 2021 91% of all employees in Denmark completed the employee survey and 1 of 3 board members is still a woman.

Human rights, anti-corruption and anti-bribery

We conduct our business responsibly according to the highest ethical standards, including respect for human rights, both in our own operations and throughout our supply network. The primary focus of our human rights work in Teva Denmark A/S is related to work against gender discrimination and protection of personal and private data. During 2021 Teva has had several workshops focusing on equality of genders, and our screensaver highlights internal Teva heroes who are working for raising awareness on human rights. We believe we have a strong set of compliance rules in Teva Denmark A/S, including employing a dedicated full time compliance manager.

We are committed to behaving with integrity and act to eliminate corruption and bribery. Our target for 2021 was to increase employee awareness on human rights, anti-corruption and anti-bribery. During 2021 we have conducted multiple electronics trainings, with 100% participation from employees. During 2021 there has been registered no incidents of corruption or bribery in Teva Denmark A/S.

For 2022 we will continue to train all employees in the matter and encourage everyone to speak if they see any actions that does not live up to both our local and international standards.

Principles - risks

We do not see any specific risk related to Environment, Social & employee responsibility, Human rights, anti-corruption and anti-bribery, nor our principles. This is based on the fact that we operate on a well regulated markets as well as the fact that we have strong governance surrounding our supply chain network. Further to this, we have regularly Internal Audits and in general strong controls to eliminate risks.

Achievements and future expectations

As part of Tevas group CSR we are constantly improving our social responsibility. Examples of this includes more environmental friendly storage of goods, enhancement of Purchase Order system and training in personal development for all employees.

We expect the work with CSR to continue and expect to initiate several new initiatives to further improve our social responsibility

Statement on gender composition, cf. section 99b of the Danish Financial Statements Act

The Board of Directors comprises of 3 members, it consists of 2 men and 1 woman. There has been achieved equitable distribution on the board, why there is not set targets for achieving equitable distribution. For other management levels, 4 out of 7 members of the leadership team are women. Equitable balance in the other layers of management has been achieved, therefore no policies have been created to increase the share of the underrepresented sex in the other management layers.

Statement on data ethics, cf. section 99d of the Danish Financial Statements Act

As a large global company, we have strict policies in place and follow laws and regulation to maintain the privacy of our data. All Teva IT infrastructure is certified by ISO 27001. We have more than 30 approved policies and standards all of which are managed in our document management system.

Teva Denmark primarily receives data from external parties for financial transactions. They are stored safely and we comply with all GDPR regulations.

Our internal cybersecurity policy guides all our efforts. During 2021, all employees have been trained in relevant processes regarding personal data. Furthermore more than 350,000 email simulations were sent across the globe to test the security.

Failure to participate in mandatory trainings are reported to management for further action.

We operate a 24/7 global security operation center to manage any incidents.

All external data providers are evaluated before any engagement is commenced.

As a company we are highly aware of our ethical responsibility in terms of usage of data. Our aim is to support our employees the best way, leveraging the best possible data solutions, whilst not comprising the security of the data.

Uncertainty relating to recognition and measurement

A part of the Company's transactions is settled in foreign currencies. Therefore, changes in foreign exchange rates have a considerable effect on recognition and measurement.

Interest rate risks primarily relate to the Company's interest-bearing debt to group enterprises. The debt carries a floating interest rate.

Hedging of interest rates and currency risks are handled by Group Treasury.

Unusual events

The financial position at 31 December 2021 of the Company and the results of the activities of the Company for the financial year for 2021 have not been affected by any unusual events.

Subsequent events

No events materially affecting the assessment of the Annual Report have occurred after the balance sheet date.

With reference to section 86(4) of the Danish Financial Statements Act and to the cash flow statement included in the consolidated financial statements of Teva Pharmaceutical Industries Limited, Israel, the Company has not prepared a cash flow statement.

Recognition and measurement

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Notes to the Financial Statements

Accounting Policies (continued)

Translation policies

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement. Where foreign exchange transactions are considered hedging of future cash flows, the value adjustments are recognised directly in equity.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

Fixed assets acquired in foreign currencies are measured at the transaction date rates.

Revenue

Information on business segments and geographical segments based on the Companys risks and returns and its internal financial reporting system. Business segments are regarded as the primary segments.

Income Statement

Revenue

Revenue from the sale of goods is recognised when the risks and rewards relating to the goods sold have been transferred to the purchaser, the revenue can be measured reliably and it is probable that the economic benefits relating to the sale will flow to the Company.

Revenue is measured at the consideration received and is recognised exclusive of VAT and net of discounts relating to sales.

Cost of goods sold

Cost of goods sold comprise the raw materials and consumables consumed to achieve revenue for the year.

Notes to the Financial Statements

Accounting Policies (continued)

Other external expenses

Other external expenses comprise expenses for premises, sales and distribution as well as office expenses, etc.

Amortisation, depreciation and impairment losses

Amortisation, depreciation and impairment losses comprise amortisation, depreciation and impairment of intangible assets and property, plant and equipment.

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with wholly owned Danish and foreign subsidiaries. The tax effect of the joint taxation is allocated to enterprises in proportion to their taxable incomes.

Balance Sheet

Intangible assets

Goodwill acquired is measured at cost less accumulated amortisation. Goodwill is amortised on a straight-line basis over its useful life, which is assessed at 10 years

Patents are measured at the lower of cost less accumulated amortisation and recoverable amount.

Patents are amortised over a fifteen to twenty years period and amortisation is commenced when the patents are put to use.

Notes to the Financial Statements

Accounting Policies (continued)

Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and less any accumulated impairment losses.

Cost comprises the cost of acquisition and expenses directly related to the acquisition up until the time when the asset is ready for use.

Depreciation based on cost reduced by any residual value is calculated on a straight-line basis over the expected useful lives of the assets, which are:

Other fixtures and fittings, tools and equipment 3-5 years

Depreciation period and residual value are reassessed annually.

Impairment of fixed assets

The carrying amounts of intangible assets and property, plant and equipment are reviewed on an annual basis to determine whether there is any indication of impairment other than that expressed by amortisation and depreciation.

If so, the asset is written down to its lower recoverable amount.

Investments in subsidiaries

Investments in subsidiaries are measured at cost. Where cost exceeds the recoverable amount, writedown is made to this lower value.

Subsidiaries with a negative net asset value are recognised at DKK 0. Any legal or constructive obligation of the Parent Company to cover the negative balance of the enterprise is recognised in provision.

Dividends received are recognised in the income statement in the financial year in which they are declared. If proposed dividends exceed accumulated earnings after the acquisition date, dividends are however recognised as a reduction of the cost of the investments.

The carrying amount of investments in subsidiaries is subject to an annual test for indications of impairment. Write-down is made to the recoverable amount if this is lower than the carrying amount.

Impairment losses are recognised in the income statement.

Notes to the Financial Statements

Accounting Policies (continued)

Fixed asset investments

Fixed asset investments, which consist of listed bonds and shares, are measured at their fair values at the balance sheet date. Fair value is determined on the basis of the latest quoted market price.

Investments which are not traded in an active market are measured at the lower of cost and recoverable amount.

Inventories

Inventories are measured at the lower of cost under the FIFO method and net realisable value.

The net realisable value of inventories is calculated at the amount expected to be generated by sale of the inventories in the process of normal operations with deduction of selling expenses. The net realisable value is determined allowing for marketability, obsolescence and development in expected selling price.

The cost of goods for resale equals landed cost.

Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts. Provisions for bad debts are determined on the basis of an individual assessment of each receivable, and in respect of trade receivables, a general provision is also made based on the Company's experience from previous years.

Prepayments

Prepayments comprise prepaid expenses concerning rent, insurance premiums, subscriptions and interest.

Equity

Dividend

Dividend distribution proposed by Management for the year is disclosed as a separate equity item.

Deferred tax assets and liabilities

Deferred income tax is measured using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. Any changes in deferred tax due to changes to tax rates are recognised in the income statement or in equity if the deferred tax relates to items recognised in equity.

Notes to the Financial Statements

Accounting Policies (continued)

Current tax receivables and liabilities

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the on-account taxation scheme are recognised in the income statement in financial income and expenses.

Financial debts

Debts are measured at amortised cost, substantially corresponding to nominal value.

Financial Highlights

Explanation of financial ratios

Gross margin (%)	=	$\frac{\text{Gross Profit} \times 100}{\text{Revenue}}$
Profit Margin (%)	=	$\frac{\text{Profit before financials} \times 100}{\text{Revenue}}$
Return on assets (%)	=	$\frac{\text{Profit before financials} \times 100}{\text{Total Assets}}$
Solvency ratio (%)	=	$\frac{\text{Equity at year end} \times 100}{\text{Total assets at year end}}$
Return on equity (%)	=	$\frac{\text{Net profit for the year} \times 100}{\text{Average equity}}$
