The annual accounts are prepared in accordance with the Danish Financial Statements Act.

Baseret på det udførte arbejde er det vores opfattelse, at årsregnskabet giver et retvisende billede af selskabets ejendom, passiver og finansielle stilling pr. 30. april 2019 samt af resultatet af selskabets aktiviteter for regnskabsåret 1. maj 2018 - 30. april 2019 i overensstemmelse med årsregnskabsloven.

**Grundlag for konklusion**

Vi har udført vores udvidede gennemgang i overensstemmelse med Erhvervsstyrelsens erklæringsstandard for små virksomheder og PSR - danske revisors standard om udvidet gennemgang af årsregnskabet, der udarbejdes efter årsregnskabsloven. Vores ansvar ifølge disse standarde og krav er nærmere beskrevet i afsnittet "Revisors ansvar for den udvidede gennemgang af årsregnskabet". Vi er uafhængigt af selskabet i overensstemmelse med internationale etiske regler for revisorer (IESBA's Etiske regler) og de yderligere krav, der er gældende i Danmark, ligesom vi har opfyldt vores øvrige etiske forpligtelser i henhold til disse regler og krav. Det er vores opfattelse, at det opnåede bevis er tilstrækkeligt og egnat som grundlag for vores konklusion.

**Den uafhængige revisore erkläring om udvidet gennemgang**  
*Independent auditor's report on extended review*

**Ledelsens ansvar for årsregnskabet**

Ledelsen har ansvaret for udarbejdelsen af et årsregnskab, der giver et retvisende billede i overensstemmelse med årsregnskabsloven. Ledelsen har endvidere ansvaret for den interne kontrol, som ledelsen anser nødvendig for at udarbejde et årsregnskab uden væsentlig fejlinformation, uanset om denne skyldes besvigelser eller fejl.

Ved udarbejdelsen af årsregnskabet er ledelsen ansvarlig for at vurdere selskabets evne til at fortsætte driften, at oplyse om forhold vedrørende fortsat drift, hvor dette er relevant; samt at udarbejde årsregnskabet på grundlag af regnskabsprincippet om fortsat drift, medmindre ledelsen enten har til hensigt at likvidere selskabet, indstille driften eller ikke har andet realistisk alternativ end at gøre dette.

**Revisors ansvar for den udvidede gennemgang af årsregnskabet**

Vores ansvar er at udtrykke en konklusion om årsregnskabet. Dette kræver, at vi planlægger og udfører handlinger med henblik på at opnå begrænset sikkerhed for vores konklusion om årsregnskabet og derudover udfører specifikt krævede supplerende handlinger med henblik på at opnå yderligere sikkerhed for vores konklusion.

En udvidet gennemgang omfatter handlinger, der primært består af forespørgsler til ledelsen og, hvor det er hensigtsmæssigt, andre i virksomheden, analytiske handlinger og de specifikt krævede supplerende handlinger samt vurdering af det opnåede bevis.

Omfangen af handlinger, der udføres ved en udvidet gennemgang, er mindre end ved en revision, og vi udtrykker derfor ingen revisionskonklusion om årsregnskabet.

**The management's responsibilities for the annual accounts**

The management is responsible for the preparation of annual accounts that give a true and fair view in accordance with the Danish Financial Statements Act. The management is also responsible for such internal control as the management determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the management is responsible for evaluating the company's ability to continue as a going concern, and, when relevant, disclosing matters related to going concern and using the going concern basis of accounting when preparing the annual accounts, unless the management either intends to liquidate the company or to cease operations, or if it has no realistic alternative but to do so.

**Auditor's responsibilities for the extended review of the annual accounts**

Our responsibility is to express an opinion on the annual accounts. This requires that we plan and perform our procedures with the purpose of achieving moderate assurance as to our opinion on the annual accounts. Furthermore, it requires that we perform particularly required additional procedures with a view to achieving further assurance as to our opinion.

An extended review comprises procedures primarily comprising inquiries to the management and to other persons within the enterprise when appropriate, analytical procedures, and the particularly required additional procedures along with an evaluation of the achieved audit evidence.

The scope of the procedures performed during an extended review is less than in case of an audit, and consequently, we do not express any audit opinion on the annual accounts.

**Independent auditor's report on extended review**

**Udtalelse om ledelsesberetningen**

Ledelsen er ansvarlig for ledelsesberetningen.

Vores konklusion om årsregnskabet omfatter ikke ledelsesberetningen, og vi udtrykker ingen form for konklusion med sikkerhed om ledelsesberetningen.

I tilknytning til vores udvidede gennemgang af årsregnskabet er det vores ansvar at læse ledelsesberetningen og i den forbindelse overveje, om ledelsesberetningen er væsentligt inkonsistent med årsregnskabet eller vores vidé opnået ved den udvidede gennemgang eller på anden måde synes at indeholde væsentlig fejlinformation.

Vores ansvar er desuden at overveje, om ledelsesberetningen indeholder krævede oplysninger i henhold til Årsregnskabsloven.

Baseret på det udførte arbejde er det vores opfattelse, at ledelsesberetningen er i overensstemmelse med årsregnskabet og er udarbejdet i overensstemmelse med årsregnskabslovens krav. Vi har ikke fundet væsentlig fejlinformation i ledelsesberetningen.

**Statement on the management's review**

The management is responsible for the management's review.

Our opinion on the annual accounts does not cover the management's review, and we do not express any kind of assurance opinion on the management's review.

In connection with our extended review of the annual accounts, our responsibility is to read the management's review and in that connection consider whether the management's review is materially inconsistent with the annual accounts or our knowledge obtained during the extended review, or whether it otherwise appears to contain material misstatement.

Furthermore, it is our responsibility to consider whether the management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we believe that the management's review is in accordance with the annual accounts and that it has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not find any material misstatement in the management's review.

#### Bruttoførtjeneste

Bruttoførtjeneste indeholder nettoomsætning, andre driftsinntægter samt eksterne omkostninger.

Certain fixed asset investments and liabilities are measured at amortised cost, by which method a fixed, effective interest is recognised during the useful life of the asset or the liability. Amortised cost is recognised as the original cost with deduction of any payments and additions/deductions of the accrued amortisation of the difference between cost and nominal amount. In this way capital losses and capital profits are spread over the useful life.

At recognition and measurement, such predictable losses and risks are taken into consideration, which may appear before the annual report is presented, and which concerns matters existing on the balance sheet date.

#### Translation of foreign currency

Transactions in foreign currency are translated by using the exchange rate prevailing at the date of the transaction. Differences in the rate of exchange arising between the rate at the date of transaction and the rate at the date of payment are recognised in the profit and loss account as an item under net financials.

Debtors, creditors, and other monetary items in foreign currency are translated by using the closing rate. The difference between the closing rate and the rate at the time of the occurrence or the recognition in the latest annual accounts of the amount owed or the liability is recognised in the profit and loss account under financial income and expenses.

Cash and cash equivalents comprise cash and short-term securities with a maturity less than 3 months that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

### Selskabsskat og utskudt skat

Aktuelle skattepligtige tilgodehavender og -forpligtelser indregnes i balancen med det beløb, der kan beregnes på grundlag af årets forventede skattepligtige indkomster regulert for skat af tidligere års skattepligtige indkomster samt for betalte acontoskatte. Skattepligtige tilgodehavender og -forpligtelser præsenteres modregnet i det omfang, der er legal modregningsadgang, og posterne forventes at regnes netto eller samtidig.

### Corporate tax and deferred tax

Current tax receivable and tax liabilities are recognised in the balance sheet at the amount calculated on the basis of the expected taxable income for the year adjusted for tax on previous years' taxable income and prepaid taxes. Tax receivable and tax liabilities are set off to the extent that legal right of set-off exists and if the items are expected to be settled net or simultaneously.

Efter sambeskattningsregieme hæfter Smartbox Group Denmark A/S som administrationsselskab solidarisk og ubegrænset over for skattemyndighederne for selskabsskatte og kildeskatter på renter, royalties og udbytter opstået inden for sambeskattingskredsen.

Smartbox Group Denmark A/S is jointly taxed with the Danish group companies and acts in this respect as the administration company. According to the rules of joint taxation, Smartbox Group Denmark A/S is unlimited, jointly and severally liable towards the Danish tax authorities for the total corporation tax, including withholding tax on interest, royalties and dividends, arising within the jointly taxed group of companies.

Skyldige og tilgodehavende sambeskattningbidrag indregnes i balancen som "Tilgodehavende selskabsskat" eller "Skyldig selskabsskat"

Payable and receivable joint taxation contributions are recognised in the balance sheet as "Receivable corporate tax" or "Payable corporate tax".

## Anvendt regnskabsprinciper Accounting policies used

Udskudt skat er skatten af alle midlertidige forskelle mellem regnskabsmæssig og skattemæssig værdi af aktiver og forpligtelser opgjort på grundlag af den planlagte anvendelse af aktiver henholdsvis afvikling af forpligtelsen.

Udskudte skatteaktiver, herunder skatteværdien af fremførselsberettiget skattemæssigt underskud, måles til den værdi, hvortil aktivet forventes at kunne realiseres, enten ved udligning i skat af fremtidig indtjening eller ved modregning i udskudte skatteforpligtelser inden for samme juridiske skatteinhed. Eventuelle udskudte nettoskatteaktiver måles til nettorealisationsværdi.

Udskudt skat måles på grundlag af de skateregler og skattesatser, der med balanceagens lovgivning vil være gældende, når den udskudte skat forventes udlastet som aktuel skat.

### Gældsforpligtelser

Finansielle gældsforpligtelser indregnes ved lånuptagelse til det modtagne provenu med fratrag af afholdte transaktionsomkostninger. I efterfølgende perioder indregnes de finansielle forpligtelser til amortiseret kostpris svarende til den kapitaliserede værdi ved anvendelse af den effektive rente, således at forskellen mellem provenuet og den nominelle værdi indregnes i resultatopgørelsen over låneperioden.

Andre gældsforpligtelser måles til amortiseret kostpris, hvilket sædvanligvis svarer til nominal værdi.

Deferred tax is measured on the basis of all temporary differences in assets and liabilities with a balance sheet focus.

Deferred tax assets, including the tax value of tax losses eligible for carry over, are recognised at the value at which they are expected to be realisable, either by settlement against tax of future earnings or by set off in deferred tax liabilities within the same legal tax unit.

Deferred tax is measured based on the tax rules and tax rates applying under the legislation on the balance sheet date and prevailing when the deferred tax is expected to be released as current tax.

### Liabilities

Financial liabilities related to borrowings are recognised at the received proceeds with the deduction of transaction costs incurred. In following periods, the financial liabilities are recognised at amortised cost, corresponding to the capitalised value by use of the effective interest. The difference between the proceeds and the nominal value is recognised in the income statement during the term of the loan.

Other liabilities are measured at amortised cost which usually corresponds to the nominal value.
