### Statement by the Board of Directors and the Executive Board

The Executive Board has today discussed and approved the annual report of Biogen Holding ApS for the financial year 1 January - 31 December 2015.

The unaudited annual report has been prepared in accordance with the Danish Financial Statements Act. In the opinion of the Executive Board, the conditions for audit exemption have been met.

In our opinion, the financial statements give a true and fair view of the Company's financial position at 31 December 2015 and of the results of the Company's operations for the financial year 1 January - 31 December 2015.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend the adoption of the annual report at the annual general meeting.

Cambridge, 17 May 2016  
Executive Board:

Lynne Sullivan

Gregory Covino

Michael Edward Dambach

The general meeting has decided that the financial statements for the coming financial year will not be audited.

## Independent auditors' report on the compilation of financial statements

To the general management of Biogen Holding ApS

We have compiled the financial statements of Biogen Holding ApS for the financial year 1 January 31 December 2015 based on the Company's bookkeeping and other information provided.

The financial statements comprise an income statement, balance sheet and notes, including a summary of significant accounting policies.

We performed this compilation engagement in accordance with ISRS 4410, Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of the financial statements in accordance with the Danish Financial Statements Act. We have complied with relevant ethical requirements in the Danish act on approved auditors and audit firms and FSR - Danish Auditors' code of ethics, including principles of integrity, objectivity, professional competence and due care.

The financial statements and the accuracy and completeness of the information used to compile the financial statements are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile the financial statements. Accordingly, we do not express an audit opinion or a review conclusion on whether the financial statements are prepared in accordance with the Danish Financial Statements Act.

## Management's review

### Operating review

#### The Company's business review

The principal activity of the company is to invest in subsidiaries and other investment projects that will benefit the company.

#### Recognition and measurement uncertainties

The company has no uncertainty relating to recognition and measurement.

#### Unusual matters having affected the financial statements

No unusual circumstances have affected the company's activities during the year.

#### Financial review

The income statement for 2015 shows a loss of EUR 7,331 against a loss of EUR 14,204 last year, and the balance sheet at 31 December 2015 shows equity of EUR 860,805. The management considers the result to be as expected.

#### Post balance sheet events

No significant events have occurred subsequent to the financial year.

#### Outlook

It is expected that the result in 2015 will end at the same level as 2014.

## Financial statements for the period 1 January - 31 December

### Notes to the financial statements

#### 1 Accounting policies

The annual report of Biogen Holding ApS for 2015 has been presented in accordance with the provisions of the Danish Financial Statements Act as regards reporting class B enterprises.

The accounting policies applied by the company are consistent with those of last year.

#### Recognition and measurement in general

Revenues are recognised in the income statement as it is earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised costs are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, write downs and provisions.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each individual item below.

Certain financial assets and liabilities are measured at cost, thus recognising a constant effective interest over the term. Amortised cost is computed as original cost less deductions, if any, as well as additions/deductions of the accumulated amortisation of the difference between cost and nominal value.

#### Reporting currency

The financial statements are presented in EUR.

#### Currency translation

Transactions denominated in foreign currencies are translated at the exchange rate at the date of the transaction.

Receivables, payables and other monetary items denominated in foreign currencies are translated at the exchange rate at the balance sheet date. Realised and unrealised exchange gains and losses are recognised in the income statement as financial income/expenses.

#### Income statement

##### Other external expenses

Other external expenses include the year's expenses relating to administration etc.

##### Financial income and expenses

Financial income and expenses are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax method, etc.

## Financial statements for the period 1 January - 31 December

### Notes to the financial statements

#### 1 Accounting policies (continued)

##### Tax

Tax for the year includes current tax on the year's expected taxable income and the year's deferred tax adjustments. The portion of the tax for the year that relates to the profit/loss for the year is recognised in the income statement, whereas the portion that relates to transactions taken to equity is recognised in equity.

The entity and its Danish group entities are taxed on a joint basis. The Danish income tax charge is allocated between profit-making and loss-making Danish entities in proportion to their taxable income (full allocation method).

Jointly taxed companies entitled to a tax refund are, as a minimum, reimbursed by the management company according to the current rates applicable to interest allowances, and jointly taxed companies having paid too little tax pay, as a maximum, a surcharge according to the current rates applicable to interest surcharges to the management company.

##### Balance sheet

###### Receivables

Receivables are measured at amortised cost.

An impairment loss is recognised if there is objective indication that a receivable or a group of receivables is impaired. If there is objective indication that an individual receivable has been impaired, write-down is made on an individual basis.

Receivables with no objective indication of individual impairment are tested for objective indication of impairment on a portfolio basis. The portfolios are primarily composed on the basis of debtors' domicile and credit ratings in accordance with the Company's risk management policy. The objective indicators used for portfolios are determined based on historical loss experience.

Write-downs are calculated as the difference between the carrying amount of the receivables and the present value of the expected cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

###### Cash and cash equivalents

Cash and cash equivalents comprise cash and short-term marketable securities which are subject to an insignificant risk of changes in value.

###### Corporation tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities. However, deferred tax is not recognised on temporary differences relating to goodwill which is not deductible for tax purposes and on office premises and other items where temporary differences, apart from business combinations, arise at the date of acquisition without affecting either profit/loss for the year or taxable income. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on Management's intended use of the asset or settlement of the liability, respectively.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax due to changes in the tax rate are recognised in the income statement.

## Financial statements for the period 1 January - 31 December

### Notes to the financial statements

#### 1 Accounting policies (continued)

##### Liabilities

Financial liabilities are recognised at the date of borrowing at the net proceeds received less transaction costs paid. In subsequent periods, the financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest rate. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan. Financial liabilities also include the capitalised residual liability in respect of finance leases.

Other liabilities are measured at net realisable value.
