Notes:

- To ensure the greatest possible applicability of this document, IAS/IFRS English terminology has been used.
- Please note that decimal points have not been used in the usual English way. This means that for instance EUR 146.940 means the amount of EUR 146,940, and that 23,5 % means 23.5 %.

## **Management's report**

---

Today, the executive board has presented the annual report of 5 Avenue Bosquet Paris VII ApS for the financial year 1 March 2020 - 28 February 2021.

The annual report has been presented in accordance with the Danish Financial Statements Act.

We consider the accounting policies appropriate and, in our opinion, the financial statements provide a fair presentation of the company's assets, equity and liabilities, and financial position at 28 February 2021 and of the company's results of activities in the financial year 1 March 2020 – 28 February 2021.

We are of the opinion that the management commentary presents a fair account of the issues dealt with.

The annual report is recommended for approval by the general meeting.

Copenhagen, 9 September 2021

### **Executive board**

Sebastien Boudreau

Benoit Marie M. Quertemont

## **Independent auditor's report**

---

### **To the shareholder of 5 Avenue Bosquet Paris VII ApS**

#### **Auditor's report on the financial statements**

##### **Opinion**

We have audited the financial statements of 5 Avenue Bosquet Paris VII ApS for the financial year 1 March 2020 - 28 February 2021, which comprise accounting policies, income statement, statement of financial position, statement of changes in equity and notes. The financial statements have been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements present a fair view of the company's assets, equity and liabilities, and financial position at 28 February 2021 and of the results of the company's activities for the financial year 1 March 2020 - 28 February 2021 in accordance with the Danish Financial Statements Act.

##### **Basis for opinion**

We conducted our audit in accordance with international standards on auditing and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the section "Auditor's responsibilities for the audit of the financial statements". We are independent of the company in accordance with international ethical requirements for auditors (IESBA's Code of Ethics), and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### **Responsibilities of management and those charged with governance for the financial statements**

Management is responsible for the preparation of financial statements that provide a fair view in accordance with the Danish Financial Statements Act. Management is also responsible for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

##### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including an opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with international standards on auditing, and the additional requirements applicable in Denmark, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## **Independent auditor's report**

---

As part of an audit conducted in accordance with international standards on auditing, and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's preparation of the financial statements using the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists arising from events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and contents of the financial statements, including disclosures in notes, and whether the financial statements reflect the underlying transactions and events in a manner that presents a fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that we identify during our audit.

### **Statement on the management commentary**

Management is responsible for the management commentary.

Our opinion on the financial statements does not cover the management commentary, and we express no assurance opinion thereon.

## **Independent auditor's report**

---

In connection with our audit of the financial statements, it is our responsibility to read the management commentary and to consider whether the management commentary is materially inconsistent with the financial statements or the evidence obtained during the audit, or whether it otherwise appears to contain material misstatement.

Furthermore, it is our responsibility to consider whether the management commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we believe that management commentary is consistent with the financial statements and that it has been prepared in accordance with the provisions of the Danish Financial Statement Act. We did not discover any material misstatement in the management commentary.

### **Reporting in accordance with other legislation and regulations**

In violation of the Danish Financial Statements Act, the company has not prepared the annual report in a timely manner, whereby the management may incur liability.

## **Management commentary**

---

### **The principal activities of the company**

The company's main activity consists in any kind of financial investment, including, but not limited to buy, own, rent, manage and sell real estate, and any other similar business in accordance with the decision of the executive board.

### **Uncertainties about recognition or measurement**

The company's property is primarily development property and it is therefore difficult to provide a reliable basis for the valuation as the present operational result does not reflect the market value of the property. The measurement of the company's property is therefore subject to uncertainty.

### **Development in activities and financial matters**

The gross loss for the year totals EUR -675.000 against EUR -282.000 last year. Income or loss from ordinary activities after tax totals EUR 318.000 against EUR -414.000 last year. Management considers the net profit or loss for the year satisfactory.

We draw attention to the description of going concern in note 1 to the Financial Statements.

### *Financial resources*

The company's cash reserve is limited, however, it is management's expectation that a positive cash flow will be created through renting out and/or sale of the company's property, whereby the company will be able to meet its liabilities.

With a view to making adequate operating cash funds available, the ultimate Parent Company Paris Premier Properties SARL has issued a letter of support to the Company, which is in force until the 28 February 2022. Based on this, it is Management's assessment that the Company's Annual Report may be presented under the going concern assumption.

### *Investments*

The company's investment property is measured at fair value. The measurement of fair value is based on estimates of existing leases, and current market rent for similar properties, in the same location and condition. The return rate used is significant for the valuation of the company's investment property.

### *Tax*

The company's investment property is established as a branch located in France under the current tax laws. In this regard, the company has acquired an external evaluation of the tax conditions in France. The management concluded, based on the evaluation, that the company does not have any tax obligations which are not included in the balance.

Based on the above, it is the management's overall expectation that the company can run its day to day business with a satisfactory income in the coming year.

## Accounting policies

---

The annual report for 5 Avenue Bosquet Paris VII ApS has been presented in accordance with the Danish Financial Statements Act regulations concerning reporting class B enterprises. Furthermore, the company has decided to comply with certain rules applying to reporting class C enterprises.

The accounting policies are unchanged from the previous year, and the annual report is presented in euro (EUR). The accounting period was changed in the financial year before last and, consequently, the comparative figures in the income statement comprise the period 1 October 2019 – 29 February 2020.

### Recognition and measurement in general

Income is recognised in the income statement concurrently with its realisation, including the recognition of value adjustments of financial assets and liabilities. Likewise, all costs are recognised in the income statement, including depreciations amortisations, writedowns for impairment, provisions, and reversals due to changes in estimated amounts previously recognised in the income statement.

Assets are recognised in the statement of financial position when it seems probable that future economic benefits will flow to the company and the value of the asset can be reliably measured.

Liabilities are recognised in the statement of financial position when it is seems probable that future economic benefits will flow out of the company and the value of the liability can be reliably measured.

Assets and liabilities are measured at cost at the initial recognition. Hereafter, assets and liabilities are measured as described below for each individual accounting item.

Upon recognition and measurement, allowances are made for such predictable losses and risks which may arise prior to the presentation of the annual report and concern matters that exist on the reporting date.

### Income statement

#### Gross loss

Gross loss comprises other external costs.

Other external costs comprise costs incurred for administration and operation of the company's investment property.

#### Value adjustment of investment property

Value adjustment of investment property comprises value adjustments of properties at fair value and profit or loss from the disposal of properties.

#### Staff costs

Staff costs include salaries and wages, including holiday allowances, pensions, and other social security costs, etc., for staff members. Staff costs are less government reimbursements.

## Accounting policies

---

### Financial income and expenses

Financial income and expenses are recognised in the income statement with the amounts concerning the financial year. Financial income and expenses comprise interest income and expenses, financial expenses from financial leasing, realised and unrealised capital gains and losses relating to securities, debt and transactions in foreign currency, amortisation of financial assets and liabilities as well as surcharges and reimbursements under the advance tax scheme, etc.

### Tax on net profit or loss for the year

Tax for the year comprises the current income tax for the year and changes in deferred tax and is recognised in the income statement with the share attributable to the net profit or loss for the year and directly in equity with the share attributable to entries directly in equity.

The company is subject to taxation in France due to the activity's placement in Paris.

The current French corporate tax is allocated among the jointly taxed companies in proportion to their respective taxable income (full allocation with reimbursement of tax losses).

## Statement of financial position

### Investment property

At the initial recognition, investment property is measured at cost, comprising the cost of the property and directly associated costs, if any.

On subsequent recognition, investment properties are measured at fair value, corresponding to the amount the property would be able to sell for to an independent buyer on the balance sheet date. The fair value are measured using a return-based model, using a capitalized value of the expected future cash flows for the investment property. The calculation is based on the budgetted net earnings for the coming year, adjusted to normal earnings and by using a rate of return, that reflects the current rate of return for similar investment properties.

Value adjustments are recognised in the income statement under the item "Value adjustments of property".

### Receivables

Receivables are measured at amortised cost, which usually corresponds to nominal value. In order to meet expected losses, they are written down for impairment to the net realisable value.

### Cash on hand and demand deposits

Cash on hand and demand deposits comprise cash at bank and on hand.

## Accounting policies

---

### **Income tax and deferred tax**

Current tax receivable and tax liabilities are recognised in the balance sheet at the amount calculated on the basis of the expected taxable income for the year adjusted for tax on previous years' taxable income and prepaid taxes. Tax receivable and tax liabilities are set off to the extent that legal right of set-off exists and if the items are expected to be settled net or simultaneously.

The company is jointly taxed with consolidated Danish companies. The current corporate income tax is distributed between the jointly taxed companies in proportion to their taxable income and with full distribution with reimbursement as to tax losses. The jointly taxed companies are comprised by the French tax prepayment scheme.

Joint taxation contributions payable and receivable are recognised in the statement of financial position as "Income tax receivable" or "Income tax payable".

According to the rules of joint taxation, 5 Avenue Bosquet Paris VII ApS is unlimitedly, jointly, and severally liable to pay the French tax authorities the total income tax, including withholding tax on interest, royalties, and dividends, arising from the jointly taxed group of companies.

### **Liabilities other than provisions**

Financial liabilities other than provisions related to borrowings are recognised at the received proceeds less transaction costs incurred. In subsequent periods, the financial liabilities are recognised at amortised cost, corresponding to the capitalised value when using the effective interest rate. The difference between the proceeds and the nominal value is recognised in the income statement during the term of the loan.

Other liabilities concerning payables to suppliers, group enterprises, and other payables are measured at amortised cost which usually corresponds to the nominal value.

### 1. Uncertainties concerning the enterprise's ability to continue as a going concern

The company's cash reserve is limited, however, it is management's expectation that a positive cash flow will be created through renting out and/or sale of the company's property, whereby the company will be able to meet its liabilities.

With a view to making adequate operating cash funds available, the ultimate Parent Company Paris Premier Properties SARL has issued a letter of support to the Company, which is in force until the 28 February 2022. Based on this, it is Management's assessment that the Company's Annual Report may be presented under the going concern assumption.

---

## Notes

---

Amounts concerning 2020/21: EUR.

Amounts concerning 2019/20: EUR thousand.

### 4. Investment property (continued)

The company's investment property is a combined commercial and residential property of a total of 746 square meters placed in the center of Paris. The investment property is, as described in the used accounting policies, measured at fair value by using a return-based model.

The property occupancy rate is 7% as per 28 February 2021 (2019/20: 6%). In valuating the property a rental income for the not rented square meters have been applied according to the market rent in the area.

The required rate of return has been determined on the basis of market statistics, completed transactions, and management's knowledge of the property market in general. When determining the required rate of return, parameters such as type (residence, office, shop, etc.), location, age, state of maintenance, duration of rental agreements, and tenant credit quality, etc., are considered.

Compared to the previous financial year, the methods of measurement remain unchanged.

The determination of the market value (carrying value) is based on a 3,00% rate of return (2019/20: 3,25%).

### 5. Liabilities other than provision

	<b>Total payables 28 Feb 2021</b>	<b>Current portion of long term payables</b>	<b>Long term payables 28 Feb 2021</b>	<b>Outstanding payables after 5 years</b>
Mortgage loans	6.370.000	5.600.000	770.000	0
	<b>6.370.000</b>	<b>5.600.000</b>	<b>770.000</b>	<b>0</b>

### 6. Charges and security

The company's property with a booked value of t.EUR 13.000, and the company's cash at bank with t.EUR 1.242, has been pledged as collateral for the company's mortgage debt of t.EUR 6.370.

## Notes

---

Amounts concerning 2020/21: EUR.

Amounts concerning 2019/20: EUR thousand.

### 7. Contingencies

#### Joint taxation

With Foncière du Triangle d'Or ApS, company reg. no 30542703 as administration company, the company is subject to the French scheme of joint taxation and unlimitedly, jointly, and severally liable, along with the other jointly taxed companies, for the total corporation tax.

The company is unlimitedly, jointly, and severally liable, along with the other jointly taxed companies, for any obligations to withhold tax on interest, royalties, and dividends.

The jointly taxed enterprises' total, known net liability to the French tax authorities appears from the annual accounts of the administration company.

Any subsequent adjustments of corporate taxes or withholding tax, etc., may result in changes in the company's liabilities.
