Notes:

- To ensure the greatest possible applicability of this document, IAS/IFRS English terminology has been used.
- Please note that decimal points have not been used in the usual English way. This means that for instance EUR 146.940 means the amount of EUR 146,940, and that 23,5 % means 23.5 %.

## **Management's statement**

---

Today, the executive board has presented the annual report of 5 Avenue Bosquet Paris VII ApS for the financial year 1 March 2021 - 28 February 2022.

The annual report has been presented in accordance with the Danish Financial Statements Act.

We consider the accounting policies appropriate and, in our opinion, the financial statements provide a fair presentation of the company's assets, equity and liabilities, and financial position at 28 February 2022 and of the company's results of activities in the financial year 1 March 2021 – 28 February 2022.

We are of the opinion that the management commentary presents a fair account of the issues dealt with.

The annual report is recommended for approval by the general meeting.

København V, 1 September 2022

## **Independent auditor's report**

---

### **To the Shareholder of 5 Avenue Bosquet Paris VII ApS**

#### **Opinion**

We have audited the financial statements of 5 Avenue Bosquet Paris VII ApS for the financial year 1 March 2021 - 28 February 2022, which comprise a summary of significant accounting policies, income statement, balance sheet, statement of changes in equity and notes, for the Company. The financial statements are prepared under the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 28 February 2022, and of the results of the Company's operations for the financial year 1 March 2021 - 28 February 2022 in accordance with the Danish Financial Statements Act.

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Management's Responsibilities for the Financial Statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

## **Independent auditor's report**

---

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Statement on Management's Review**

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

## **Independent auditor's report**

---

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management's Review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of Management's Review.

### **Parent company**

Foncière du Triangle d'Or ApS

## **Management's review**

---

### **The principal activities of the company**

The company's main activity consists in any kind of financial investment, including, but not limited to buy, own, rent, manage and sell real estate, and any other similar business in accordance with the decision of the executive board.

### **Uncertainties about recognition or measurement**

The company's property is primarily development property and it is therefore difficult to provide a reliable basis for the valuation as the present operational result does not reflect the market value of the property. The measurement of the company's property is therefore subject to uncertainty.

### **Development in activities and financial matters**

The gross loss for the year totals EUR -77.000 against EUR -675.000 last year. Income or loss from ordinary activities after tax totals EUR -443.000 against EUR 318.000 last year. Management considers the net profit or loss for the year satisfactory.

We draw attention to the description of going concern in note 1 to the Financial Statements.

### *Financial resources*

The company's cash reserve is limited, however, it is management's expectation that a positive cash flow will be created through renting out and/or sale of the company's property, whereby the company will be able to meet its liabilities.

With a view to making adequate operating cash funds available, the ultimate Parent Company Paris Premier Properties SARL has issued a letter of support to the Company, which is in force until the 28 February 2023. Based on this, it is Management's assessment that the Company's Annual Report may be presented under the going concern assumption.

### *Investments*

The company's investment property is measured at fair value. The measurement of fair value is based on estimates of existing leases, and current market rent for similar properties, in the same location and condition. The return rate used is significant for the valuation of the company's investment property.

### *Tax*

The company's investment property is established as a branch located in France under the current tax laws. In this regard, the company has acquired an external evaluation of the tax conditions in France. The management concluded, based on the evaluation, that the company does not have any tax obligations which are not included in the balance.

Based on the above, it is the management's overall expectation that the company can run its day to day business with a satisfactory income in the coming year.

## **Accounting policies**

---

The annual report for 5 Avenue Bosquet Paris VII ApS has been presented in accordance with the Danish Financial Statements Act regulations concerning reporting class B enterprises. Furthermore, the company has decided to comply with certain rules applying to reporting class C enterprises.

The accounting policies are unchanged from the previous year, and the annual report is presented in euro (EUR).

### **Recognition and measurement in general**

Income is recognised in the income statement concurrently with its realisation, including the recognition of value adjustments of financial assets and liabilities. Likewise, all costs are recognised in the income statement, including depreciations amortisations, writedowns for impairment, provisions, and reversals due to changes in estimated amounts previously recognised in the income statement.

Assets are recognised in the statement of financial position when it seems probable that future economic benefits will flow to the company and the value of the asset can be reliably measured.

Liabilities are recognised in the statement of financial position when it is seems probable that future economic benefits will flow out of the company and the value of the liability can be reliably measured.

Assets and liabilities are measured at cost at the initial recognition. Hereafter, assets and liabilities are measured as described below for each individual accounting item.

Upon recognition and measurement, allowances are made for such predictable losses and risks which may arise prior to the presentation of the annual report and concern matters that exist on the reporting date.

## **Income statement**

### **Gross loss**

Gross loss comprises other external costs.

Other external costs comprise costs incurred for administration and operation of the company's investment property.

### **Value adjustment of investment property**

Value adjustment of investment property comprises value adjustments of properties at fair value and profit or loss from the disposal of properties.

### **Staff costs**

Staff costs include salaries and wages, including holiday allowances, pensions, and other social security costs, etc., for staff members.

## Accounting policies

---

### Financial income and expenses

Financial income and expenses are recognised in the income statement with the amounts concerning the financial year. Financial income and expenses comprise interest income and expenses, financial expenses from financial leasing, realised and unrealised capital gains and losses relating to securities, debt and transactions in foreign currency, amortisation of financial assets and liabilities as well as surcharges and reimbursements under the advance tax scheme, etc.

### Tax on net profit or loss for the year

Tax for the year comprises the current income tax for the year and changes in deferred tax and is recognised in the income statement with the share attributable to the net profit or loss for the year and directly in equity with the share attributable to entries directly in equity.

The company is subject to taxation in France due to the activity's placement in Paris.

The current French corporate tax is allocated among the jointly taxed companies in proportion to their respective taxable income (full allocation with reimbursement of tax losses).

## Statement of financial position

### Investment property

At the initial recognition, investment property is measured at cost, comprising the cost of the property and directly associated costs, if any.

On subsequent recognition, investment properties are measured at fair value, corresponding to the amount the property would be able to sell for to an independent buyer on the balance sheet date. The fair value are measured using a return-based model, using a capitalized value of the expected future cash flows for the investment property. The calculation is based on the budgetted net earnings for the coming year, adjusted to normal earnings and by using a rate of return, that reflects the current rate of return for similar investment properties.

Value adjustments are recognised in the income statement under the item "Value adjustments of property".

### Receivables

Receivables are measured at amortised cost, which usually corresponds to nominal value. In order to meet expected losses, they are written down for impairment to the net realisable value.

### Cash on hand and demand deposits

Cash on hand and demand deposits comprise cash at bank and on hand.

## Accounting policies

---

### **Income tax and deferred tax**

Current tax receivable and tax liabilities are recognised in the balance sheet at the amount calculated on the basis of the expected taxable income for the year adjusted for tax on previous years' taxable income and prepaid taxes. Tax receivable and tax liabilities are set off to the extent that legal right of set-off exists and if the items are expected to be settled net or simultaneously.

The company is jointly taxed with consolidated Danish companies. The current corporate income tax is distributed between the jointly taxed companies in proportion to their taxable income and with full distribution with reimbursement as to tax losses. The jointly taxed companies are comprised by the French tax prepayment scheme.

Joint taxation contributions payable and receivable are recognised in the statement of financial position as "Income tax receivable" or "Income tax payable".

According to the rules of joint taxation, 5 Avenue Bosquet Paris VII ApS is unlimitedly, jointly, and severally liable to pay the French tax authorities the total income tax, including withholding tax on interest, royalties, and dividends, arising from the jointly taxed group of companies.

### **Liabilities other than provisions**

Financial liabilities other than provisions related to borrowings are recognised at the received proceeds less transaction costs incurred. In subsequent periods, the financial liabilities are recognised at amortised cost, corresponding to the capitalised value when using the effective interest rate. The difference between the proceeds and the nominal value is recognised in the income statement during the term of the loan.

Other liabilities concerning payables to suppliers, group enterprises, and other payables are measured at amortised cost which usually corresponds to the nominal value.

### 1. Uncertainties concerning the enterprise's ability to continue as a going concern

The company's cash reserve is limited, however, it is management's expectation that a positive cash flow will be created through renting out and/or sale of the company's property, whereby the company will be able to meet its liabilities.

With a view to making adequate operating cash funds available, the ultimate Parent Company Paris Premier Properties SARL has issued a letter of support to the Company, which is in force until the 28 February 2022. Based on this, it is Management's assessment that the Company's Annual Report may be presented under the going concern assumption.

## Notes

---

Amounts concerning 2021/22: EUR.

Amounts concerning 2020/21: EUR thousand.

### 4. Investment property (continued)

The company's investment property is a property of a total of 779 square meters placed in the center of Paris. The investment property is, as described in the used accounting policies, measured at fair value by using a return-based model.

The property occupancy rate is 0% as per 28 February 2022 (2020/21: 7%). In valuating the property a rental income for the not rented square meters have been applied according to the market rent in the area.

The required rate of return has been determined on the basis of market statistics, completed transactions, and management's knowledge of the property market in general. When determining the required rate of return, parameters such as type (residence, office, shop, etc.), location, age, state of maintenance, duration of rental agreements, and tenant credit quality, etc., are considered.

Compared to the previous financial year, the methods of measurement remain unchanged.

The determination of the market value (carrying value) is based on a 3,00% rate of return (2020/21: 3,00%).

### 5. Liabilities other than provision

	<b>Total payables 28 Feb 2022</b>	<b>Current portion of long term payables</b>	<b>Long term payables 28 Feb 2022</b>	<b>Outstanding payables after 5 years</b>
Mortgage loans	6.370.000	6.370.000	0	0
	<b>6.370.000</b>	<b>6.370.000</b>	<b>0</b>	<b>0</b>

### 6. Charges and security

The company's property with a booked value of t.EUR 12.900, and the company's cash at bank with t.EUR 1.054, has been pledged as collateral for the company's mortgage debt of t.EUR 6.370.

### 7. Contingencies

#### Joint taxation

With Foncière du Triangle d'Or ApS, company reg. no 30542703 as administration company, the company is subject to the Danish scheme of joint taxation and unlimitedly, jointly, and severally liable, along with the other jointly taxed companies, for the total corporation tax.

## Notes

---

Amounts concerning 2021/22: EUR.

Amounts concerning 2020/21: EUR thousand.

### 7. Contingencies (continued)

#### Joint taxation (continued)

The company is unlimitedly, jointly, and severally liable, along with the other jointly taxed companies, for any obligations to withhold tax on interest, royalties, and dividends.

The total tax payable under the joint taxation scheme totals DKK xx.000.

The liability relating to obligations in connection with withholding tax on dividends, interest, and royalties represents an estimated maximum of DKK xx.000.

Any subsequent adjustments of corporate taxes or withholding tax, etc., may result in changes in the company's liabilities.

The company has withdrawn from the joint taxation with the former management company xxxxx ApS as of (indsæt dato) and is liable for any tax claims against the other jointly taxed companies until the time of withdrawal from the joint taxation.
