Statement by the Board of Directors and the Executive Board

Today, the Board of Directors and the Executive Board have discussed and approved the annual report of Crowne Plaza Copenhagen Towers A/S for the financial year 1 January - 31 December 2017.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2017 and of the results of the Company's operations for the financial year 1 January - 31 December 2017.

Further, in our opinion, the Management's review gives a fair review of the development in the Company's operations and financial matters and the results of the Company's operations and financial position.

We recommend that the annual report be approved at the annual general meeting.

Independent auditor's report

To the shareholder of Crowne Plaza Copenhagen Towers A/S

Opinion

We have audited the financial statements of Crowne Plaza Copenhagen Towers A/S for the financial year 1 January - 31 December 2017, which comprise income statement, balance sheet, statement of changes in equity and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2017 and of the results of the Company's operations for the financial year 1 January - 31 December 2017 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

Independent auditor's report

- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

Management's review

Business review

The objective of the Company is to operate hotels.

Financial review

In 2017, the Company continued the co-operation with the world's second largest hotel company group, Intercontinental Hotel Group (IHG).

The income statement for 2017 shows a loss of DKK 145,528 against a loss of DKK 370,554 last year, and the balance sheet at 31 December 2017 shows equity of DKK 2,953,848.

The positive development in operating loss compared to last year was due to a new "all time revenue high" with 19.0% increase vs. 2016. Rooms revenue growth was 10.7%, primarily driven by an increase in rooms rate of 7.2%, and at the same time a very positive increase in the new business area - and next door neighbor - Royal Arena, performing with more than 91 events during the year, and a significant "spill over" in the hotels food and beverage outlets and 360 catering department. At the same time "facility services" increased significantly, supplying existing and the new tenants such as Novo Nordisk, Metsä and Hostmaster in Copenhagen Towers.

In 2017, the hotel again took full year advantage of being part of the BC Hospitality operational model, and as on-property costs were also well controlled throughout the year, GOP (gross operating profit) improved with DKK 5.4 (+16%) million compared to 2016.

In 2017, IHG Guest Satisfaction Survey improved over the year and went from score 84.6 in 2016 to 85.35 in 2017, ranking as number 24 out of 96 Crowne Plaza hotels in Europe in 2017.

The Tripadvisor score stayed at a high rank as number 7 of 117 hotels in Copenhagen in 2017, despite several new opened and refurbished competitors in the market.

The Company's financial position at 31 December 2017 and the results of the activities of the Company for the financial year for 2017 have not been affected by any unusual events except for inconveniences and disadvantages experienced due to the interior fittings of phase II of the construction project and due to neighboring construction and the related noise experienced in the hotel.

Non-financial matters

Special risks

Significant uncertainties and cash resources

In 2012, the Copenhagen Skyline Group entered into financing agreements with the Group's bank. The financing agreements comprise financing for the phase-in of the Crowne Plaza Hotel and is due for renegotiation in 2018. Management expects a positive outcome of the renegotiations.

It is Management's assessment that the operations of Crowne Plaza Copenhagen Towers A/S and the agreed credit facility mean that the necessary liquidity is available for the Company to meet its obligations when they fall due, and to cover the necessary working capital until the presentation of the financial statements for 2018.

Impact on the external environment

Environment, social responsibility and sustainability

The Company continued working proactively on reducing its environmental impact resulting from the Company's activities, and in connection with the CSR certification, action plans were prepared in this respect. The plans contain goals for the reduction of waste, reduction of CO2 emissions from the Company's transport needs and a targeted effort to improve the environmental initiatives at the Company's suppliers.

These plans and standards are based on the principles of the UN Global Compact, and also include industry specific sustainability requirements. The Danish Standard 49001 certification and ISO 14001 certification were renewed in 2017.

Management's review

The hotel also participated in the "Great Place to Work" team member satisfaction survey with a positive score development from 83% in 2016 to an even higher 85% in 2017 in the Trust Index. This again ranked the hotel as being in top 27 of Denmark's best places to work.

Events after the balance sheet date

No events materially affecting the assessment of the financial statements have occurred after the balance sheet date.

Outlook

The Company expects to continue to improve efficiency of the hotel operations during 2018. Investments in 2018 will focus on continued improvements in the guest experience, together with focus on team and service performance. New tenants will continuously move in to the office towers, and we expect a high level of activities in the hotels conference and event department, with expected revenue growth by 15%. Since the opening of the new next door neighbor the Royal Arena in February 2017, activities in both 360 catering, all restaurant, bar and café outlets and the number of sold hotel rooms at higher rates have improved significantly. Management is confident that the Company will be able to deliver the expected results in 2018.

Notes to the financial statements

1 Accounting policies

The annual report of Crowne Plaza Copenhagen Towers A/S has been presented in accordance with the provisions applying to reporting class C (medium-sized) enterprises under the Danish Financial Statements Act.

Omission of a cash flow statement

With reference to section 86(4) of the Danish Financial Statements Act, no cash flow statement has been prepared. The entity's cash flows are part of the consolidated cash flow statement for the parent company, CT Solstra ApS.

Reporting currency

The financial statements are presented in Danish kroner (DKK).

Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at the exchange rate at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the most recent financial statements is recognised in the income statement as financial income or financial expenses.

Income statement

Revenue

Revenue comprises income from hotel activities such as renting of rooms, conference facilities and income from restaurant activities etc.

Revenue is measured at the fair value of the agreed consideration ex. VAT and taxes charged on behalf of third parties. All discounts granted are recognised in revenue.

Gross margin

With reference to section 32 of the Danish Financial Statements Act, the items 'Revenue', 'Cost of sale', 'Other external expenses' and 'Other operating income' are consolidated into one item designated 'Gross margin'.

External expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

Staff costs

Staff costs include wages and salaries, including compensated absence and pensions, as well as other social security contributions, etc. made to the entity's employees. The item is net of refunds made by public authorities.

Financial statements 1 January - 31 December

Notes to the financial statements

1 Accounting policies (continued)

Amortisation/depreciation

The item comprises amortisation/depreciation of intangible assets and property, plant and equipment.

The basis of amortisation/depreciation, which is calculated as cost less any residual value, is amortised/depreciated on a straight line basis over the expected useful life. The expected useful lives of the assets are as follows:

Acquired intangible assets	20 years
Other fixtures and fittings, tools and equipment	3-10 years

Financial income and expenses

Financial income and expenses are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

Tax

Tax for the year includes current tax on the year's expected taxable income and the year's deferred tax adjustments. The portion of the tax for the year that relates to the profit/loss for the year is recognised in the income statement, whereas the portion that relates to transactions taken to equity is recognised in equity.

The entity is jointly taxed with other group entities. The total Danish income tax charge is allocated between profit/loss-making Danish entities in proportion to their taxable income (full absorption).

Jointly taxed companies entitled to a tax refund are, as a minimum, reimbursed by the management company according to the current rates applicable to interest allowances, and jointly taxed companies having paid too little tax pay, as a maximum, a surcharge according to the current rates applicable to interest surcharges to the administration company.

Balance sheet

Intangible assets

Intangible assets include licenses and other acquired intangible rights.

Intangible assets are measured at cost less accumulated amortisation and impairment losses.

Gains and losses on the sale of intangible assets are recognised in the income statement under "Other operating income" or "Other operating expenses", respectively. Gains and losses are calculated as the difference between the selling price less selling expenses and the carrying amount at the time of sale.

Property, plant and equipment

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Cost includes the acquisition price and costs directly related to the acquisition until the time at which the asset is ready for use.

Financial statements 1 January - 31 December

Notes to the financial statements

1 Accounting policies (continued)

Gains or losses are calculated as the difference between the selling price less selling costs and the carrying amount at the date of disposal. Gains and losses from the disposal of property, plant and equipment are recognised in the income statement as other operating income or other operating expenses.

Impairment of non-current assets

Every year, intangible assets and property, plant and equipment are reviewed for impairment. Where there is indication of impairment, an impairment test is made for each individual asset or group of assets, respectively, generating independent cash flows. The assets are written down to the higher of the value in use and the net selling price of the asset or group of assets (recoverable amount) if it is lower than the carrying amount. Where an impairment loss is recognised on a group of assets, a loss must first be allocated to goodwill and then to the other assets on a pro rata basis.

Inventories

Inventories are measured at the lower of cost, measured by reference to the FIFO method, and net realisable value.

Goods for resale are measured at cost, which comprises the cost of acquisition plus delivery costs as well as other expenses directly attributable to the acquisition.

Receivables

Receivables are measured at amortised cost, which usually corresponds to the nominal value. Provisions are made for bad debts on the basis of objective evidence that a receivable or a group of receivables are impaired. Provisions are made to the lower of the net realisable value and the carrying amount.

Prepayments

Prepayments recognised under "Assets" comprise prepaid expenses regarding subsequent financial reporting years.

Cash

Cash comprises cash and short term securities which are readily convertible into cash and subject only to minor risks of changes in value.

Equity

Proposed dividends

Dividend proposed for the year is recognised as a liability once adopted at the annual general meeting (declaration date). Dividends expected to be distributed for the financial year are presented as a separate item under "Equity".

Income taxes

Current tax payables and receivables are recognised in the balance sheet as the estimated income tax charge for the year, adjusted for prior-year taxes and tax paid on account.

Financial statements 1 January - 31 December

Notes to the financial statements

1 Accounting policies (continued)

Deferred tax is measured according to the liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on Management's intended use of the asset or settlement of the liability, respectively.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Deferred tax assets are recognised at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Changes in deferred tax due to changes in the tax rate are recognised in the income statement.

Liabilities

Financial liabilities are recognised at the date of borrowing at the net proceeds received less transaction costs paid. On subsequent recognition, financial liabilities are measured at amortised cost, corresponding to the capitalised value, using the effective interest rate. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan.

Other liabilities are measured at net realisable value.

Deferred income

Deferred income recognised as a liability comprises payments received concerning income in subsequent financial reporting years.

Financial ratios

Financial ratios are calculated in accordance with the Danish Finance Society's guidelines on the calculation of financial ratios.

2 Capital resources

In 2012, the Copenhagen Skyline Group entered into financing agreements with the Group's bank. The financing agreements comprise financing for the phase-in of the Crowne Plaza Hotel and are due for renegotiation in 2018. Management expects a positive outcome of the renegotiations.

It is Management's assessment that the operations of Crowne Plaza Copenhagen Towers A/S and the agreed credit facility means that the necessary liquidity is available for the Company to meet its obligations when they fall due and to cover the necessary working capital until the presentation of the financial statements for 2018.

Deferred income comprises payments of deposits relating to room bookings, which will not be recognised as income until in the subsequent financial year once the recognition criteria are satisfied.

Financial statements 1 January - 31 December

Notes to the financial statements

12 Contractual obligations and contingencies, etc.

Contingent liabilities

The Company has entered into a lease with the associated company Copenhagen Towers ApS. The lease became effective in November 2009 and can be terminated for expiry no earlier than 20 years after the actual effective date of the lease. The lease comprises an annual basic rent of DKK 27 million for the next 12 months and subsequently DKK 45.3 million before rent compensation, if relevant.

The Company is jointly taxed with the other Danish companies in the CT Solstra Group. As a wholly-owned subsidiary, together with the other companies included in the joint taxation, the Company has joint and several unlimited liability for Danish company tax, withholding taxes on dividends and interests which amounts to DKK 0 thousand at 31 December 2017 (2016: DKK 0 thousand).

Other financial obligations

The Company has entered into operating leases regarding service agreements, vehicle leasing etc. with a remaining term of 1-24 months and a total residual lease commitment at 31 December 2017 of DKK 1,396 thousand (DKK 1,099 thousand in 2016).
