# Management's review

## Principal activities

The EY Group's operating activities in Denmark comprise the entity EY Godkendt Revisionspartnerselskab and the subsidiaries DatoSelskabet af 18/10 2022 A/S and EY Grønland Godkendt Revisionsanpartsselskab.

The Group provides professional services in Denmark within our four service lines – Assurance, Consulting, Tax & Law and Strategy and Transformation.

The annual report covers the period 1 July 2021-30 June 2022. The annual report has been prepared in accordance with IFRS as adopted by the EU and Danish disclosure requirements under the Danish Financial Statements Act.

## Financial performance

In the accounting period, the EY Group realised revenue totalling DKK 2,699 million compared to DKK 2,303 million in 2020/21 corresponding to an increase of 17.2%. The development in revenue is very satisfactory. Revenue has increased in all service lines – most notably in Consulting and Strategy & Transformation. The growth rate in revenue excl. client expenses is 14.9% and 17.2% incl. client expenses.

In the FY21 annual report EY expected an increase of 5-7% in revenue for 2021/22. All the service lines have met the expectations with some of service lines realizing double digit growth due to growth in new clients and engagements.

Other operating income, net amounts to DKK 11 million (2020/21: DKK 5 million). This includes items of secondary nature including canteen sales and gain on sale of assets.

Operating expenses for the year, comprising other external expenses and staff costs, total DKK 2,598 million (2020/21: DKK 2,180 million). This includes staff costs totalling DKK 1,609 million (2020/21: DKK 1,389 million), which include partner remuneration. In accordance with the Danish Auditors Act, there are no external owners/investors, but all the Company's (ultimate) owners work in the group/Company.

The increase in operational expenses can be attributed to increased number of employees and increased use of EY's shared service centres.

The average number of employees (including partners) is 1,643 (2020/22: 1,550). The number of employees at year-end is 1,878 (2020/21: 1,634).

Profit before tax amounts to DKK 56 million (2020/21: DKK 58 million) which is in line with expectations in last year's annual report. The profit development is considered satisfactory.

## Cash flows for the year

Cash flows from operating activities for the year amount to DKK 34 million (2019/20: DKK 14 million). The increase is primarily attributable to the cash effect of increased financial items.

## Balance sheet and capital structure

EY's total assets amount to DKK 1,492 million (2021: DKK 1,351 million), of which current assets amount to DKK 1,218 million (2021: DKK 1,065 million). Current assets primarily comprise trade receivables and contract assets as well as other receivables. The increase is due to improved cash position and an increase in Trade receivables/contract assets. However, EY have realised a 17.2% increase without a similar increase in Trade receivable/contract assets.

Non-current assets totalling DKK 274 million (2021: DKK 286 million) mainly consists of intangible assets and Right-of-Use assets.

Non-current liabilities amount to DKK 286 million (2020: DKK 305 million), which include lease liabilities.

Current liabilities amount to DKK 796 million (2020: DKK 883 million) and include short-term payables to the Company's partners, payables to foreign EY firms, contract liabilities, staff obligations, trade payables and other payables. The decrease can be attributed to a decrease in payables to the Group's Parent Company.

EY's equity amounts to DKK 410 million, corresponding to an equity ratio of 27.5% (2021: 12.0%). The increase in equity ratio is due to a conversion of debt of DKK 250 million to retained earnings concluded in November 2021.

No significant acquisitions of activities were made during the year.

## **Financial risks and the Group's risk management policy**

Financial risks and the Group's risk management policy is described in note 25 in the annual report.

## **Sustainability report cf. section 99a**

EY's sustainability approach and progress on sustainability priorities are described in a separate sustainability report. Pursuant to section 99a of the Danish Financial Statements Act, the 2021/22 sustainability report is available on EY's website at [www.ey.com/da\\_dk/aarsrapport-og-gennemsigtighedsrapport](http://www.ey.com/da_dk/aarsrapport-og-gennemsigtighedsrapport).

## **Diversity cf. section 99b**

EY's diversity approach is described in the sustainability report. Pursuant to section 99b of the Danish Financial Statements Act, the 2021/22 sustainability report is available on EY's website at [www.ey.com/da\\_dk/aarsrapport-og-gennemsigtighedsrapport](http://www.ey.com/da_dk/aarsrapport-og-gennemsigtighedsrapport).

## **People**

We are what our people make us – it is crucial to EY that our people feel they belong so that they can develop and thrive. The job is not just a job; people seek purpose and a sustainable balance between work and life in a sometimes-stressful work environment. The trend is high competition for the best people and a high employee turnover in the market. Therefore, listening to and meeting current and potential employee needs is fundamental to retaining the best people in a market with high competition for talent.

For further description we refer to the sustainability report that is available on EY's website at [www.ey.com/da\\_dk/aarsrapport-og-gennemsigtighedsrapport](http://www.ey.com/da_dk/aarsrapport-og-gennemsigtighedsrapport).

## **Data Ethics cf. section 99d**

EY's data ethics is described in the sustainability report. Pursuant to section 99d of the Danish Financial Statements Act, the 2021/22 sustainability report is available on EY's website at [www.ey.com/da\\_dk/aarsrapport-og-gennemsigtighedsrapport](http://www.ey.com/da_dk/aarsrapport-og-gennemsigtighedsrapport).

## **Outlook**

For the financial year 2022/23, we expect growth of 5-7% in revenue across all service lines for the Group. Our outlook can however be affected by the expected downturn in the

global and Danish economy including increased inflation and interest rates.

Profit for the year in 2022/23 is expected to be approx. DKK 60 million.

## **Parent Company**

The financial performance and operating review for the Parent Company is identical with the Group with the exception of the Parent Company's shareholding in the subsidiaries.

The Parent Company reported a profit of DKK 60 million for 2021/22 against a profit of DKK 58 million for 2020/21. The results for the year are considered satisfactory.

Profit for the year in 2022/23 is expected to be approx. DKK 60 million.

## **Subsequent events**

EY Godkendt Revisionspartnerselskab has on 15 August 2022 completed the acquisition of all the activities of Tofte & Company, a leading Nordic boutique investment bank specializing in advising tech companies. Reference is made to note 27.

EY Global Executive (global leadership in EY) has in September 2022 decided to move forward with plans to separate EY into two distinct multidisciplinary organizations – a simplified, more agile, global network of multidisciplinary member firms committed to assurance, tax and advisory services with all the capabilities required to deliver high-quality audits, serve the public interest, and focus on the CFO agenda and sustainability; and a new global corporate entity providing Consulting, the majority of Tax, Strategy and Transactions, and managed services.

The proposal needs to be approved by the partners in each country. In Denmark the partners are expected to vote on the proposal in the Spring of 2023.

No other significant events affecting the annual report have occurred after the balance sheet date.

## Annual general meeting

The annual general meeting will be held on 16 December 2022

# Statement by Management

The Supervisory Board and the Executive Board have today discussed and approved the annual report of EY Godkendt Revisionspartnerselskab for the financial year 1 July 2021-30 June 2022.

The annual report has been prepared in accordance with International Financial Reporting Standards as adopted by the EU and Danish disclosure requirements under the Danish Financial Statements Act.

In our opinion, the consolidated financial statements and the parent company financial statements give a true and fair view of the financial position of the Group and the Parent

Company at 30 June 2022 and of the results of the Group's and the Parent Company's operations and cash flows for the financial year 1 July 2021-30 June 2022.

In our opinion, the Management's review gives a fair review of the development in the Group's and the Parent Company's activities and financial matters, results of operations, cash flows and financial position as well as a description of material risks and uncertainties that the Group and the Parent Company face.

We recommend that the annual report be approved at the annual general meeting.

# Independent auditor's report

## To the shareholder of EY Godkendt Revisionspartnerselskab

Independent auditor's report on the consolidated financial statements and the parent company financial statements

### Opinion

We have audited the consolidated financial statements and the parent company financial statements of EY Godkendt Revisionspartnerselskab for the financial year 1 July 2021-30 June 2022, which comprise statement of comprehensive income, balance sheet, statement of changes in equity, cash flow statement and notes, including accounting policies, for the Group as well as the Company. The consolidated financial statements and the parent company financial statements are prepared in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act.

In our opinion, the consolidated financial statements and the parent company financial statements give a true and fair view of the financial position of the Group and the Parent Company at 30 June 2022 and of the results of the Group's and the Parent Company's operations and cash flows for the financial year 1 July 2021-30 June 2022 in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and the Parent Company Financial Statements" section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the consolidated financial statements and the parent company financial statements does not cover the Management's review, and we do not express any assurance conclusion thereon.

Our responsibility in connection with our audit of the consolidated financial statements and the parent company financial statements is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the consolidated financial statements or the parent company financial statements or with the knowledge we have gained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the consolidated financial statements and the parent company financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

### Management's responsibilities for the consolidated financial statements and the parent company financial statements

Management is responsible for the preparation of consolidated financial statements and parent company financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of consolidated financial statements and parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements and the parent company financial statements, Management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the consolidated financial statements and the parent company financial statements unless Management either intends to liquidate the Group or the Parent Company or to cease operations, or has no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the consolidated financial statements and the parent foundation financial statements**

Our objectives are to obtain reasonable assurance as to whether the consolidated financial statements and the parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the consolidated financial statements and the parent company financial statements.

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the consolidated financial statements and the parent company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.

- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the consolidated financial statements and the parent company financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements and the parent company financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Parent Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the consolidated financial statements and the parent company financial statements, including the note disclosures, and whether the consolidated financial statements and the parent company financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- ▶ Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# Note 1

## Accounting policies

### Group

EY Godkendt Revisionspartnerselskab is a limited partnership company with its registered office in Denmark. The annual report for the period 1 July 2021-30 June 2022 comprises the consolidated financial statements of EY Godkendt Revisionspartnerselskab and its subsidiaries, Datoselskabet af 18/10 2022 A/S and EY Grønland Statsautoriseret Revisionsanpartsselskab and the parent company financial statements.

The consolidated financial statements and parent company financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the EU and Danish disclosure requirements for large reporting class C companies.

On 16 December 2022, the Supervisory Board and the Executive Board discussed and approved the annual report for 2021/22. The annual report will be presented to the shareholders of EY Godkendt Revisionspartnerselskab for approval at the annual general meeting on 16 December 2022.

### Lease and licence agreement of the audit and advisory business

The Group pays consideration for the lease and licence agreement entered into between EY Partnership P/S and the Group. The consideration comprises a revenue-based lease and license fee and a fixed fee related to the right of use to EY Partnership P/S' fixed assets and the right of use to the rental agreements, licence agreements and leases entered into by EY Partnership P/S. The right of use to non-current assets, including assets held under rental agreements, licence agreements and leases, is solely subject to minimum payments.

The lease and licence agreement is terminable at one year's notice and will then terminate on 31 December. The notice of termination comprises all components of the lease and licence agreement, including the rights of use to EY Partnership P/S' fixed assets and the right of use to the rental agreements, licence agreements and leases entered into by EY Partnership P/S. The agreement is subject to standard termination clauses on non-performance in accordance with the lease and license agreement.

The Group has assessed that the lease term of the sub-lease agreements entered into with EY Partnership P/S as the lessor corresponds to the lease term of the head lease agreements entered into between EY Partnership P/S and third party lessors as it is assessed that it is reasonable certain that the implicit renewal options of the assets in question in the lease and licence agreement between the group and EY Partnership P/S will be exercised.

### Basis for preparation

The annual report is presented in Danish kroner (DKK), which is the functional currency of the Parent Company, rounded to million DKK presented to one decimal place.

The accounting policies described below have been applied consistently to the financial year and the comparative figures.

A few restatements of comparative figures have been incorporated.

### Changes in accounting policies

The Group has implemented the standards and interpretations effective from 2021/22. None of these standards and interpretations have had a material effect on recognition and measurement in 2021/22 and are not expected to affect the Group going forward.

### Description of accounting policies

#### Consolidated financial statements

The consolidated financial statements comprise the Parent Company, EY Godkendt Revisionspartnerselskab, and its wholly-owned subsidiaries Datoselskabet af 18/10 2022 A/S and EY Grønland Statsautoriseret Revisionsanpartsselskab.

The consolidated financial statements are prepared as a consolidation of the Parent Company's and the subsidiaries' financial statements, which are prepared in accordance with the Group's accounting policies. On consolidation, intra-group income and expenses, shareholdings, intra-group balances and dividends as well as realised and unrealised gains on intra-group transactions are eliminated. Unrealised losses are eliminated in the same way as unrealised gains to the extent they do not reflect impairment.

Equity investments in subsidiaries are eliminated by the proportionate share of the entities' net asset value calculated in accordance with the Group's accounting policies.

#### **Foreign currency translation**

The functional currency of the Parent Company and the subsidiaries is DKK. Transactions denominated in other currencies than the functional currency are foreign currency transactions.

On initial recognition, transactions denominated in foreign currencies are translated into the functional currency using the exchange rates at the transaction date.

Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated into the functional currency using the exchange rates at the balance sheet date. The difference between the exchange rates at the end of the reporting period and at the date at which the receivable or payable arose or was recognised in the latest annual report is recognised in profit or loss as financial income or financial expenses.

#### **Statement of comprehensive income**

##### **Revenue**

Revenue from the sale of services is recognised over time as the service is rendered. Accordingly, revenue corresponds to the selling price of work performed. Recognition implies that total revenue including revenue related to reinvoicing of worked performed by subsuppliers etc. as well as the stage of completion at the balance sheet date can be determined reliably and that it is probable that payment will be received.

The stage of completion is assessed based on work performed (based on actual time consumption) compared to estimated total work to be performed (based on expected total time consumption).

Revenue from services whose selling price is contingent on the outcome of future events, including success fees from

mergers and acquisitions, etc., is recognised at the date when the conditions are met.

Revenue includes re-invoicing of work performed by subsuppliers at the Group's expense and risk, i.e. where the Group is considered to be principal in the transaction as well as other outlays.

The terms of payment in the Group's sales agreements will typically not exceed 2 months. For large engagements, on-account payments are requested, while small engagements are typically invoiced when completed. Revenue from services whose selling price is contingent on the outcome of future events is typically invoiced at the date of completion.

The Group does usually not enter into sales agreements with a credit period of more than 12 months. Accordingly, the Group does not adjust the agreed contract price with a finance charge.

##### **Other operating income and expenses**

Other operating income and expenses comprises items of a secondary nature relative to the Group's principal activities, including canteen sales, rental income and the sale of shared services to external tenants, gain/loss on sale of assets, profit sharing and grants received.

##### **Other external expenses**

Other external expenses comprise outlays relating to clients as well as expenses relating to marketing, HR, administration, premises, bad debts, etc.

##### **Staff costs**

Staff costs comprise wages, salaries and related taxes, pension and social security costs to the Group's employees and partners as well as other staff costs, including jubilee benefits for the year.

##### **Financial income and expenses**

Financial income and expenses comprise interest income and expense, interest expenses on lease liabilities, exchange gains and losses on transactions denominated in foreign currencies, amortisation of liabilities as well as surcharges and refunds under the on-account tax scheme, etc.

### **Tax for the year**

The Parent Company is not a taxable entity, and consequently, no taxes are recognised in the Parent Company's income statement.

The Parent Company's profit/loss is taxed at the Parent Company's partners in accordance with applicable rules in Danish tax law.

Therefore, tax for the year in the Group solely relates to tax on the profit/loss of subsidiaries that are independent taxable entities.

Tax for the year in the consolidated financial statements comprises current tax and changes in deferred tax for the year for the subsidiaries, including changes in deferred tax due to changes in the tax rate. The tax expense relating to the profit/loss for the year is recognised in the income statement, and the tax expense relating to amounts recognised directly in other comprehensive income is recognised directly in other comprehensive income.

# Balance sheet

## Intangible assets

### Property, plant and equipment

Fixtures and fittings, tools and equipment are measured at cost less accumulated depreciation and impairment losses.

Cost comprises the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use.

Where individual components of an item of property, plant and equipment have different useful lives, they are depreciated separately.

Fixtures and fittings, tools and equipment are depreciated over 3-5 years.

Depreciation is calculated on the basis of the residual value and impairment losses, if any.

The depreciation period and the residual value are determined at the acquisition date and are reassessed annually. If the residual value exceeds the carrying amount, depreciation is discontinued.

When changing the depreciation period or the residual value, the effect on the depreciation is recognised prospectively as a change in accounting estimates.

## Leases

Leased assets and lease commitments are recognised in the balance sheet when the right of use asset under a lease entered into regarding a specific identifiable asset is made available to the Group in the lease term, and when the Group in this connection obtains almost all economic benefits from the use of the identified asset and the right to control the use of the identified asset.

On initial recognition, lease liabilities are measured at the present value of the future lease payments discounted by an incremental borrowing rate. The following lease payments are recognised as part of the lease liabilities:

- ▶ Fixed payments
- ▶ Variable payments that change concurrently with changes to an index and an interest rate based on said index or interest rate
- ▶ Payments subject to an extension option that it is highly probable that the Group will exercise

Lease liabilities are measured at amortised cost according to the effective interest method. Lease liabilities are recalculated in case of changes to the underlying contractual cash flows stemming from changes to an index or an interest rate or in case the Group changes its assessment of the probability of utilisation of options under the lease.

On initial recognition, right-of-use assets are recognised at cost, which corresponds to the value of lease liabilities. Subsequently, the assets are measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated over the shorter of the lease term and the useful life of the leased asset. Depreciation charges are recognised on a straight-line basis in the income statement.

Right-of-use assets are depreciated on a straight-line basis over the expected lease term, which is:

|                     |            |
|---------------------|------------|
| Office rental       | 2-11 years |
| Operating equipment | 2-5 years  |

The Group presents the right-of-use asset and lease liabilities separately in the balance sheet.

The Group has chosen not to recognise right of use assets of a low value and short-term leases in the balance sheet. Instead, related lease payments are recognised on a straight-line basis in the income statement.

The Group has assessed that the lease term of the sub-lease agreements entered into with EY Partnership P/S as the lessor corresponds to the lease term of the head lease agreements entered into between EY Partnership P/S and third-party lessors as it is assessed that it is reasonable certain that the implicit renewal options of the assets in question in the lease and license agreement between the group and EY Partnership P/S will be exercised.

## **Deposits**

Deposits paid are recognised in the balance sheet at amortised cost. Deposits primarily relate to rent deposits.

## **Receivables**

Receivables, which comprise trade receivables and other receivables, are measured at amortised cost, which usually corresponds to the nominal value.

## **Contract assets**

Contract assets are measured at the selling price of the work performed plus out-of-pocket expenses and less progress billings. The individual contract assets are recognised in the balance sheet as either receivables or payables. Net assets comprise the sum of services where the selling price of the work performed exceeds invoicing on account. Net liabilities are determined as the sum of contract assets where progress billings exceed the selling price of the work performed.

## **Write-down of receivables and contract assets**

Write-down for bad and doubtful debts on receivables and contract assets is made in accordance with the simplified expected credit loss model according to which the total lifetime expected loss is recognised immediately in the income statement at the same time as the receivable and service in progress are recognised in the balance sheet.

## **Prepaid expenses**

Prepaid expenses are measured at cost. Prepaid expenses primarily comprise prepaid rent, insurance, subscriptions and membership fees as well as membership subscription to EY.

## **Equity – dividend**

Dividend proposed for the year is recognised as a liability once adopted at the annual general meeting (declaration date).

Dividend expected to be distributed for the year is presented as a separate line item in equity.

## **Corporation tax and deferred tax**

Tax payables and receivables solely relate to the subsidiaries that are independent taxable entities.

Current tax payables and receivables are recognised in the balance sheet as tax computed on the taxable income for the

year in the subsidiaries, adjusted for tax on prior-year taxable income and tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carryforwards, are recognised at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity and jurisdiction.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax.

## **Provisions**

Provisions comprise anticipated expenses for professional liability claims, onerous contracts and jubilee benefits. Provisions are recognised when, as a result of past events, the Group has a legal or a constructive obligation and it is probable that there will be an outflow of resources embodying economic benefits to settle the obligation.

On measurement of provisions, the costs required to settle the liability are discounted if the effect is material to the measurement of the liability. Changes to the present value during the year are recognised as financial expenses.

A provision has been made for losses on known and potential professional liability claims for damages based on an assessment of the known facts of the individual cases.

The provision for jubilee benefits is based on an actuarial calculation of the present value of the expected jubilee benefits. The provision is calculated based on the current wage level as well as expected future wage increases and expected termination of employment.

## **Financial liabilities and other payables**

Financial liabilities comprise payables to trade payables and payables to group entities.

On initial recognition, financial liabilities are recognised at fair value less transaction costs. Subsequently, financial liabilities are measured at amortised cost.

Other payables are measured at amortised cost, which substantially corresponds to the nominal value.

### Cash flow statement

Cash flows from operating activities are calculated based on the indirect method as profit/loss after tax adjusted for non-cash operating items, changes in working capital, interest received and paid, dividends received and corporation tax paid.

Cash flows for investing activities comprise payments in connection with acquisitions and disposals of intangible assets, property, plant and equipment and other non-current assets.

Cash flows from financing activities comprise changes in the size or composition of the share capital and related costs as well as changes in balances with group entities and other related parties, the raising of loans, repayment of interest-bearing debt including lease liabilities, as well as payment of dividend to shareholders.

Cash and cash equivalents comprise cash at bank and in hand.

### Financial ratios

The financial ratios stated under "Financial highlights" have been calculated as follows:

|                  |   |
|------------------|---|
| Current ratio    | $\frac{\text{Current assets} \times 100}{\text{Current liabilities}}$               |
| Solvency ratio   | $\frac{\text{Equity at year end} \times 100}{\text{Total liabilities at year end}}$ |
| Return on equity | $\frac{\text{Profit/loss for the year} \times 100}{\text{Average equity}}$          |

### Parent Company

The accounting policies applied in the parent company financial statements deviate from the accounting policies applied in the consolidated financial statements as described above in the following respects.

### Dividends from subsidiaries

Distribution of retained earnings in subsidiaries is recognised as income in the statement of comprehensive income in the year of declaration. Impairment tests are performed if dividend distributions exceed the given subsidiary's comprehensive income for the period.

### Tax for the year

The Parent Company is not an independent taxable entity, and consequently, no provision for tax on the Parent Company's profit/loss is made in the annual report.

The Parent Company's profit/loss is taxed at the Parent Company's partners in accordance with applicable rules in Danish tax law.

### Equity investments in subsidiaries

Equity investments in subsidiaries are measured at cost. In case of evidence of impairment, an impairment test is conducted. In connection with the impairment test, the subsidiary's recoverable amount is calculated. Equity investments are written down to the lower of the carrying amount and the recoverable amount. Impairment losses are recognised in the statement of comprehensive income as financial expenses.

Impairment losses are reversed in so far as the assumptions and estimates underlying the impairment losses have changed.

## Note 2

### Accounting estimates and judgements

#### Estimation uncertainty

The calculation of the carrying amount of certain assets and liabilities requires assessments, estimates and assumptions concerning future events.

The estimates and assumptions made are based on historical experience and other factors that Management finds reasonable in the circumstances, but which are inherently uncertain and unpredictable. The assumptions may be incomplete or inaccurate, and unexpected events or circumstances may arise. Moreover, the Group is subject to risks and uncertainties that may entail those actual results differ from these estimates. EY Godkendt Revisionspartnerselskab' special risks are described in the Management's review and note 25 to the consolidated financial statements and the parent company financial statements.

It may be necessary to change previous estimates due to changes in the conditions on which these previous estimates were based or due to new knowledge or subsequent events.

Estimates that are significant to the financial reporting are made by determining revenue and selling price on contract

#### Recognition of revenue and selling price of contract assets

Contract assets relating to services agreed but not completed are measured at the balance sheet date at the selling price of the work performed based on the stage of completion of the services, which is determined based on time spent and an assessment of the fee value thereof. The assessment of the stage of completion and thus revenue relating to contract assets are part of the continuous management control and budgetary control over the individual projects, which reduces the uncertainty related to the determination thereof.

Reference is made to note 15 for an overview of contract assets at 30 June.

#### Leases and lease and licence agreement

Reference is made to the description in the accounting policies and note 12 regarding the estimate to treat the lease and licence agreement as a sub-lease where the conditions in the underlying agreements, including lease terms, are used for recognition in accordance with IFRS 16.

#### Trade receivables

The write-down is based on historical data based on expected losses over the total term of the receivable, corrected for estimates of the effect of expected changes in relevant parameters such as economic development.

Reference is made to the description in notes 14 and 25 regarding the risk in connection with trade receivables.

#### Professional liability claims

For professional liability claims, a provision has been made for losses on known and potential claims for damages based on an assessment of the known facts of the individual cases. The provision relates to both assurance engagements and consultant's liability and is a result of either a judgment or criticism from a public authority.

The outcome and timing of the completion of compensation cases are inherently uncertain.

## NOTES

### 3 Revenue

Revenue relates to audit and advisory services and largely originates from Denmark.

Revenue can be broken down by business segments as follows for 2021/22:

| Group:                  | Revenue excl.<br>Expenses | Expenses | Total   |
|-------------------------|---------------------------|----------|---------|
| Assurance               | 1,010.5                   | 43.0     | 1,053.5 |
| Tax & Law               | 504.3                     | 145.9    | 650.2   |
| Consulting              | 376.8                     | 192.5    | 569.3   |
| Strategy & Transactions | 334.8                     | 91.6     | 426.4   |
|                         | 2,226.4                   | 473.0    | 2,699.4 |

Revenue can be broken down by business segments as follows for 2020/21:

| Group:                  | Revenue excl.<br>Expenses | Expenses | Total   |
|-------------------------|---------------------------|----------|---------|
| Assurance               | 949.4                     | 47.3     | 996.7   |
| Tax & Law               | 429.4                     | 131.9    | 561.3   |
| Consulting              | 309.1                     | 107.1    | 416.2   |
| Strategy & Transactions | 249.4                     | 79.2     | 328.6   |
|                         | 1,937.3                   | 365.5    | 2,302.8 |

Revenue can be broken down by business segments as follows for 2021/22:

| Parent:                 | Revenue excl.<br>Expenses | Expenses | Total   |
|-------------------------|---------------------------|----------|---------|
| Assurance               | 1,006.6                   | 43.0     | 1,049.6 |
| Tax & Law               | 481.8                     | 144.3    | 626.1   |
| Consulting              | 376.8                     | 192.5    | 569.3   |
| Strategy & Transactions | 334.8                     | 91.6     | 426.4   |
|                         | 2,200.0                   | 471.4    | 2,671.4 |

Revenue can be broken down by business segments as follows for 2020/21:

| Parent:                 | Revenue excl.<br>Expenses | Expenses | Total   |
|-------------------------|---------------------------|----------|---------|
| Assurance               | 944.1                     | 47.1     | 991.2   |
| Tax & Law               | 372.7                     | 129.9    | 502.6   |

## NOTES

|   | Group and Parent |                 |
|---|------------------|-----------------|
|   | 2021/22<br>DKKm  | 2020/21<br>DKKm |
| Reference is made to note 2 for a description of the scope of the Group's leases, exposure to potential cash flows and process for determining the discount rate. |                  |                 |
| Additions for the year primarily relate to the new lease for the domiciles.   |                  |                 |
| <b>12 Right-of-Use, continued</b>   |                  |                 |
| Lease liabilities maturity  |                  |                 |
| Less than 1 year  | 31.2             | 33.6            |
| Between 1-5 years   | 102.8            | 100.5           |
| Exceeding 5 years   | 77.2             | 89.1            |
| <b>Total non-discounted lease liabilities at 30 June</b>  | <b>211.2</b>     | <b>223.2</b>    |
| Recognition of lease liabilities in the balance sheet   |                  |                 |
| Short-term  | 31.0             | 33.4            |
| Long-term   | 169.0            | 177.0           |
| <b>Lease liabilities recognised in the balance sheet</b>  | <b>200.0</b>     | <b>210.4</b>    |

### Amounts recognised in the income statement:

|  |      |      |
|--|------|------|
| Interest expenses relating to lease liabilities          | 3.0  | 3.0  |
| Depreciations  | 34.0 | 39.6 |
| Costs related to short-term leases (less than 12 months) | 0.3  | -    |
| Costs related to leases of a low value                   | -    | -    |

For 2021/22, the Group and parent has paid DKK 3.4 million (2020/21: DKK 3.8 million) in respect of leases, of which interest payments related to recognised lease liabilities amount to DKK 0.2 million (2020/21: DKK 0.2 million) and instalments on recognised lease obligations amount to DKK 3.2 million (2020/21: DKK 3.6 million).

In addition, the Group and parent has paid DKK 32.0 million (2020/21: DKK 36.5 million) in respect of leases, of which interest payments related to recognised lease liabilities amount to DKK 2.8 million (2020/21: DKK 2.8 million) and instalments on recognised lease obligations amount to DKK 29.2million (2020/21: DKK 33.7 million) through non-cash intercompany transactions.

The Group has assessed that the lease term of the sub-lease agreements entered into with EY Partnership P/S as the lessor corresponds to the lease term of the head lease agreements entered into between EY Partnership P/S and third party lessors as it is assessed that it is reasonable certain that the implicit renewal options of the assets in question in the lease and license agreement between the group and EY Partnership P/S will be exercised.

|  | DKKm     | DKKm     | DKKm     | DKKm     |
| <b>15 Contract assets and liabilities</b>                    |          |          |          |          |
| Selling price of contract assets                             | 2,319.7  | 2,297.6  | 2,224.0  | 2,145.3  |
| Progress billings, contract assets                           | -2,211.4 | -2,170.1 | -2,116.1 | -2,016.9 |
|  | 108.3    | 127.5    | 107.9    | 128.4    |
| The net value is recognised in the balance sheet as follows: |          |          |          |          |
| Contract assets  | 245.4    | 269.2    | 244.3    | 265.5    |
| Contract liabilities   | -137.1   | -141.7   | -136.4   | -137.1   |
|  | 108.3    | 127.5    | 107.9    | 128.4    |

Impairment losses and loss allowance on contract assets are considered immaterial.

The opening amount of contract liabilities has been recorded as revenue for the year. Opening amount of contract assets has been billed during the year and has largely been paid.

The increase in the selling price of contract assets is due to increase in all service lines except Assurance while the decrease in the net value can be attributed to Assurance.

## NOTES

### 17 Equity

The share capital consists of 1 share of DKK 100 million, which is owned by EY Partnership P/S.

No share certificate has been issued.

On 20 November 2021, the Company distributed ordinary dividend of DKK 58.1 million. Distribution of dividend has no tax consequences for the Company.

For the financial year 2021/22, the Supervisory Board proposes dividend of DKK 59.5 million (DKK 59.5 million per share), which will be paid out to the shareholders immediately after the Company's annual general meeting provided that the annual general meeting approves the proposed dividend.

Dividend has not been recognised as a liability in the balance sheet at 30 June 2022 as it is contingent on approval by the annual general meeting.

### 18 Provisions

|  |      |
|--|------|
| Provision for professional liability claims, 1 July  | 15.4 |
| Utilised for the period                              | -1.0 |
| Provided for the period                              | 6.0  |
| Provision for professional liability claims, 30 June | 20.4 |
|  |      |
| Provision for jubilee benefits, 1 July               | 1.8  |
| Utilised for the period                              | -0.3 |
| Provision for jubilee benefits, 30 June              | 1.5  |
|  |      |
| Total provisions                                     | 21.9 |
|  |      |
| Expected maturities for provisions:                  |      |
| Short-term:  |      |
| 0-1 year   | 0.1  |
| Long-term:   |      |
| 1-5 years  | 20.6 |
| > 5 years  | 1.2  |
|  |      |
|  | 21.9 |

For professional liability claims, a provision has been made for losses on known and potential claims for damages based on an assessment of the known facts of the individual cases. The provision relates to both assurance engagements and consultant's liability. None of the cases resolved in the year resulted in a draw on the insurance cover. The outcome and timing of the completion of compensation cases are inherently uncertain; however, it is expected that the liabilities will be settled within the next three to five years.

### 19 Other non-current liabilities

As a result of an amendment to the Danish Holiday Act in 2019, holiday pay earned by the employees from 1 September 2019 to 31 August 2020 may be deferred and settled only when the employees retire. Consequently, the vacation allowance is presented as a non-current liability. The liability falls due after 5 years.

## NOTES

### 20 Liabilities from financing activities

| DKKm  | Opening balance | Cash flows | Non-cash changes | Closing balance |
|---|-----------------|------------|------------------|-----------------|
| Group 2021/22:                              |                 |            |                  |                 |
| Current liabilities                         | 263.7           | 89.0       | -220.8           | 131.9           |
| Lease liabilities                           | 210.4           | -3.2       | -7.2             | 200.0           |
| Total liabilities from financing activities | 474.1           | 85.8       | -228.0           | 331.9           |

Non-cash changes regarding current liabilities primarily comprise capital increase through debt conversion.

#### Group 2020/21:

|   |       |      |      |       |
|---|-------|------|------|-------|

## 24 Contractual obligations, contingent liabilities and collateral

### Contractual obligations

#### *Lease and licence agreement*

The Group and the Parent Company pays consideration for the lease and licence agreement entered into between EY Partnership P/S and the Group/Parent Company. The consideration comprises a revenue-based lease and licence fee and a fixed fee related to the right of use to EY Partnership P/S' fixed assets and the right of use to the rental agreements, licence agreements and leases entered into by EY Partnership P/S. The right of use to non-current assets, including assets held under rental agreements, licence agreements and leases, is solely subject to minimum payments.

The lease and licence agreement is terminable by either party at one year's notice and will then terminate on 31 December. The notice of termination comprises all components of the lease and licence agreement, including the rights of use to EY Partnership P/S' fixed assets and the right of use to the rental agreements, licence agreements and leases entered into by EY Partnership P/S. The agreement is subject to standard termination clauses on non-performance in accordance with the leasehold agreement.

The Group and the Parent Company has assessed that the lease term of the sub-lease agreements entered into with EY Partnership P/S as the lessor corresponds to the lease term of the head lease agreements entered into between EY Partnership P/S and third party lessors as it is assessed that it is reasonable certain that the implicit renewal options of the assets in question in the lease and license agreement between the group and EY Partnership P/S will be exercised.

#### *Contingent liabilities*

The Group and the Parent Company are parties to a few pending disputes. In Management's opinion, the outcome of these disputes will not affect the Group's or the Parent Company's financial position taking into consideration the provisions recognised in the balance sheet at 30 June 2022; see note 18.

The Group and the Parent Company are liable for the VAT liability of the jointly registered EY firms. The liability amounted to DKK 77.7 million at 30 June 2022.

The Company is guarantor for EY Partnership P/S' engagement with Nordea Denmark. As per 30 June 2022 this facility has not been drawn upon.

|  | 2.2     | 2.2     | 2.2     | 2.2     |

## NOTES

### 25 Financial risks and financial instruments

#### *The Group's risk management policy*

Due to its operations, investments and financing, the Group is exposed to financial risks, including to a limited extent market risks (currency and interest rate risks) and liquidity risks and to a larger extent credit risks.

The Group's financial risk management is centralised. Management continuously monitors the Group's risk concentration on clients.

It is the Group's policy not to engage in active speculation in financial risks. The Group's financial management is thus solely aimed at managing and reducing the financial risks directly attributable to the Group's operations, investments and financing.

#### *Market risk*

##### *Currency*

The Group's sales transactions are, in all material respects, carried out in Danish kroner. Approx. 23% of the total receivable from invoicing of clients relates to amounts in foreign currencies (primarily USD and EUR).

Fees for services provided abroad primarily relate to contributions to EY Global, premium for indemnity insurance and procurement of services from other EY member firms. The transactions are primarily carried out in USD and EUR.

The currency risk is not considered material enough to hedge the transactions. Realistic changes to exchange rates at the balance sheet date will have an immaterial effect on the Group's results and equity.

##### *Interest*

Receivables from other related parties in Denmark and payables to group entities in Denmark as well as deposits with banks carry variable interest. An increase in interest rates of 1% will result in a net interest expense of DKK 0,1 million.

##### *Capital management*

It is group policy that earnings are regularly distributed as dividend to the Parent Company to the extent possible. Group Management continuously monitors the Group's capital structure.

The Parent Company has received a capital increase of DKK 250 million in 2021/22 so the company are able to meet the increased solvency requirements in tenders especially from the public sector.

It is the Company's intention to have a solvency ratio above 25%. At year-end the solvency ration is 27.5%.

#### *Credit risk*

The Group's credit risks relate to trade receivables, contract assets, receivables from other EY firms and, to a minor extent, cash at bank and in hand. The maximum credit risk corresponds to the carrying amount of these items.

#### *Deposits with banks*

It is the Group's assessment that bank deposits are not associated with any special credit risks as the Group only has deposits with large established banks.

## NOTES

### 25 Financial risks and financial instruments, continued

#### *Trade receivables*

Outstanding receivables are followed up upon centrally on an ongoing basis in accordance with the Group's policy for trade receivables. In case of uncertainty as to the client's ability or willingness to pay and if it is deemed that the claim involves a risk, write-down is made to the expected recoverable amount.

The assessment did not result in any further losses being recognised.

With the implementation of IFRS 9, EY has applied the simplified expected credit loss model to measure the expected credit loss allowance for all trade receivables. Based on the low realised losses on receivables historically, adjustments to reflect current and forward-looking information on macroeconomic factors affecting the ability of clients to settle the receivable such as GDP and unemployment rates do not increase the risk of losses significantly.

#### *Insurance*

The Group is covered by insurance in all respects, including professional liability. The Group only cooperates with established insurance companies, and it is assessed that there is no risk associated with the credit quality of the insurance companies used.

#### *Liquidity risk*

The Group primarily finances its activities via balances with the Parent Company.

The Group's financial assets and liabilities fall due for payment as specified below where the amounts reflect the non-discounted nominal amounts falling due for payment in accordance with the underlying agreements, including future interest payments, calculated based on current market conditions.

#### Methods and assumptions underlying the fair value measurement:

##### *Financial assets and liabilities with short credit periods (less than one year)*

It is assessed that the fair value of all the Group's financial assets and liabilities with short credit periods corresponds to the carrying amount.

## NOTES

### 27 Subsequent events

EY Godkendt Revisionspartnerselskab has on 15 August 2022 completed the acquisition of all the activities of Tofte & Company, a leading Nordic boutique investment bank specializing in advising tech companies.

We have performed a preliminary purchase price allocation that shows value of customers lists of DKK 4,0 million and goodwill of DKK 56,6 million and a vacation pay reserve of DKK 0,2 million. The total purchase price of DKK 60.4 million has been paid by a cash payment in August 2022 of DKK 42.4 million and a deferred payment of DKK 18.0 million, due no later than 25 February 2024.

The customers list is expected to be amortized over 3 years.

Goodwill represents the value of the staff and know-how as well as expected synergies from the combination with EY. The calculated goodwill is tax deductible.

EY Global Executive (global leadership in EY) has in September 2022 decided to move forward with plans to separate EY into two distinct multidisciplinary organizations - a simplified, more agile, global network of multidisciplinary member firms committed to assurance, tax and advisory services with all the capabilities required to deliver high-quality audits, serve the public interest, and focus on the CFO agenda and sustainability; and a new global corporate entity providing Consulting, the majority of Tax, Strategy and Transactions, and managed services.

The proposal needs to be approved by the partners in each country. In Denmark the partners is expected to vote on the proposal in the Spring of 2023.

No other significant events affection the annual report have occured after the balance sheet date.

### 28 New accounting regulation

At the date of the annual report for 2021/22, IASB and IFRIC have issued a number of new standards and interpretations as well as amendments that are not mandatory for the Company when preparing the annual report for 2021/22.

None of the standards are expected to materially affect the financial reporting of EY.

## EY | Building a better working world

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets.

Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.

Working across assurance, consulting, law, strategy, tax and transactions, EY teams ask better questions to find new answers for the complex issues facing our world today.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via [ey.com/privacy](http://ey.com/privacy). EY member firms do not practice law where prohibited by local laws. For more information about our organization, please visit [ey.com](http://ey.com).
