## Statement by the Executive Board

Today, the Executive Board has discussed and approved the annual report of Jusmedico Advokatanpartsselskab for the financial year 1 January - 31 December 2019.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2019 and of the results of the Company's operations for the financial year 1 January - 31 December 2019.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Lyngby, 16 April 2020  
Executive Board:

## Independent auditor's report

### To the shareholders of Jusmedico Advokatanpartsselskab

#### Opinion

We have audited the financial statements of Jusmedico Advokatanpartsselskab for the financial year 1 January - 31 December 2019, which comprise income statement, balance sheet, statement of changes in equity and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2019 and of the results of the Company's operations for the financial year 1 January - 31 December 2019 in accordance with the Danish Financial Statements Act.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements.

#### Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

## Independent auditor's report

- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

## Management's review

### Business review

Jusmedico Law Firm Ltd. Advokatapartsselskab, in Danish Jusmedico Advokatapartsselskab, ("Jusmedico"), is a specialist law firm providing legal services to the biotech, pharmaceutical, medical device and dentistry industries, life science investors and to suppliers and service providers thereto. The working areas of Jusmedico include research & development, pre-clinical test and clinical trial, data protection, production & supply, labeling & packaging, licensing, co-promotion & co-marketing agreements, agent and distribution agreements, as well as advertising & promotion advice. In addition, Jusmedico renders legal advice to life science clients on third party liability insurance programs providing cover for clinical testing of investigational medicinal products and D&O programs.

Internationally, Jusmedico is a founding member of the BioLawEurope Alliance comprising a network of independent European law firms, please refer to <http://www.jusmedico.com/biolaweurope>, and individual attorneys licensed in EU-, EFTA- and/or UK jurisdictions, providing legal services focusing on the same legal disciplines as Jusmedico. Further Jusmedico operates a representative office in New York, USA.

Jusmedico, which was established in May 2004, was transformed into a private limited company on 1 January 2007. Notwithstanding the transformation each attorney employed remained and remains personally liable for legal advice rendered under contract prior to and after the transformation.

During 2019 Jusmedico has continued its co-operation with the members of its Advisory Board established in 2007. The Advisory Board comprises 9 professionals, including 6 specialists within the fields of research, patenting, clinical development, insurance, regulatory service and quality management. These areas of expertise are especially relevant to Jusmedico's client portfolio, which comprises clients operating on a private commercial basis as well as on a non-profit public basis. The BioLawEurope Alliance and the Advisory Board initiative enable co-operation across the boundaries of individual professions and enable Jusmedico involving all relevant professionals in larger and/or long term client projects.

Jusmedico is represented at the board of BioLawEurope, and has, for 2018, designated the secretary and the treasurer of the BioLawEurope Alliance. The chairman of the Jusmedico Advisory Board is counselor at law Ira Shale Nordlicht, Esq., New York, who is also in charge of Jusmedico's representative office in the USA.

In addition to activities via the BioLawEurope Alliance and referrals from the representative office in New York, Jusmedico has established co-operations with a number of Danish law firms, which on an ad hoc basis may be involved in assignments falling outside Jusmedico's core competence areas, e.g. M&A, IPO's, banking and finance.

Jusmedico has continued to render services to new life science sector start-ups, including to assist them as their projects develop. In this respect the number of clinical trials involving Denmark and involving Jusmedico as advisor, has increased in 2019.

## Management's review

Jusmedico further prioritizes participation in conferences held primarily internationally, but also domestically, and contributes to local (Greater Copenhagen Life Science Yearbook) and international (The International Comparative Legal Guide to Pharmaceutical Advertising) periodicals. Jusmedico's allocation of staff to an EU-supported business angle activity focusing on life science, incl. med tech, and financial service related investments, continues and has generated separately accounted for turnover. In spite hereof the 2019 turnover has increased slightly compared to 2018 and is satisfactory. In 2020 the activity split will be continued.

Jusmedico's marketing activities primarily comprise participation in the BioLawEurope Alliance, publications in international periodicals, homepage maintenance and lecturing domestically and internationally. In 2019 participation in professional training programs was maintained at the same level as applied in 2018, simultaneously with time and resources being invested in international co-operations through BioLawEurope and the US representative office. In 2020 comprehensive investments will be made in further training.

In 2018, 2019 and 2020 Jusmedico has been granted the INTL Global Award as the Biotech Law Firm of the Year in Denmark. These awards continue to produce enquiries from potential international clients.

In light of the above, Jusmedico aims at maintaining its 2019 turnover figures in 2020, which will allow Jusmedico to continue a number of non-profit activities, including a membership of a non-profit organization encouraging young people to pursue educations leading to scientific positions whether in academia or in the private sector, see <https://www.videnskabsklubben.dk/>.

Management is satisfied with the Company's revenues amounting to MDKK 3 in 2019, against MDKK 3, in 2018 and will propose to the general meeting to dividend out DKK 1,135,785 to share class A and DKK 113,513 to share class B for distribution among holders of A and B-shares respectively, as per the ratio in which A and B shares are held.

## Financial statements 1 January - 31 December

### Notes to the financial statements

#### 1 Accounting policies

The annual report of Jusmedico Advokatanpartsselskab for 2019 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities and elective choice of certain provisions applying to reporting class C entities.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

### Income statement

#### Revenue

Income from the rendering of services is recognised as revenue as the services are rendered. Accordingly, revenue corresponds to the market value of the services rendered during the year (percentage-of-completion method).

#### Other external expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to sale, advertising, administration, premises, bad debts, etc.

#### Staff costs

Staff costs include wages and salaries as well as other social security contributions, etc.

#### Depreciation

The item comprises depreciation of property, plant and equipment.

The basis of depreciation, which is calculated as cost less any residual value, is depreciated on a straight line basis over the expected useful life. The expected useful lives of the assets are as follows:

Fixtures and fittings, other plant and equipment	3-5 years
Leasehold improvements	10 years

#### Financial income and expenses

Financial income and expenses are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

#### Tax

Tax for the year includes current tax on the year's expected taxable income and the year's deferred tax adjustments. The portion of the tax for the year that relates to the profit/loss for the year is recognised in the income statement, whereas the portion that relates to transactions taken to equity is recognised in equity.

## Financial statements 1 January - 31 December

### Notes to the financial statements

#### 1 Accounting policies (continued)

##### Balance sheet

###### Property, plant and equipment

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Cost includes the acquisition price and costs directly related to the acquisition until the time at which the asset is ready for use.

###### Investments

Investments comprise deposits related to the Company's rentals. Investments are measured at cost.

###### Impairment of fixed assets

The carrying amount of intangible assets, property, plant and equipment and investments in subsidiaries and associates is assessed for impairment on an annual basis.

Impairment tests are conducted on assets or groups of assets when there is evidence of impairment. The carrying amount of impaired assets is reduced to the higher of the net selling price and the value in use (recoverable amount).

The recoverable amount is the higher of the net selling price of an asset and its value in use. The value in use is calculated as the present value of the expected net cash flows from the use of the asset or the group of assets and the expected net cash flows from the disposal of the asset or the group of assets after the end of the useful life.

Previously recognised impairment losses are reversed when the reason for recognition no longer exists. Impairment losses on goodwill are not reversed.

###### Receivables

Receivables are measured at amortised cost.

An impairment loss is recognised if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

###### Prepayments

Prepayments recognised under "Assets" comprise prepaid expenses regarding subsequent financial reporting years.

###### Cash

Cash comprise bank deposits, which are readily convertible into cash and subject only to minor risks of changes in value. Cash also comprise client funds deposited in the company. Client funds entrusted to the Company (klienttilsvar) are offset against cash.

## Financial statements 1 January - 31 December

### Notes to the financial statements

#### 1 Accounting policies (continued)

##### Equity

###### ***Proposed dividends***

Dividend proposed for the year is recognised as a liability once adopted at the annual general meeting (declaration date). Dividends expected to be distributed for the financial year are presented as a separate item under "Equity".

##### Provisions

Provisions comprise anticipated expenses relating to deferred tax liabilities. Provisions are recognised when the Company has a legal or constructive obligation at the balance sheet date as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

Provisions are measured at net realisable value or at fair value if the obligation is expected to be settled far into the future.

##### Income taxes

Current tax payables and receivables are recognised in the balance sheet as the estimated income tax charge for the year, adjusted for prior-year taxes and tax paid on account.

Deferred tax is measured according to the liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities. However, deferred tax is not recognised on temporary differences relating to goodwill which is not deductible for tax purposes and on office premises and other items where temporary differences, apart from business combinations, arise at the date of acquisition without affecting either profit/loss for the year or taxable income. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on Management's intended use of the asset or settlement of the liability, respectively.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Deferred tax assets are recognised at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Changes in deferred tax due to changes in the tax rate are recognised in the income statement.

##### Liabilities

Financial liabilities are recognised at the date of borrowing at the net proceeds received less transaction costs paid. On subsequent recognition, financial liabilities are measured at amortised cost, corresponding to the capitalised value, using the effective interest rate. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan. Financial liabilities also include the capitalised residual lease liability in respect of finance leases.

Other liabilities are measured at net realisable value.
