Statement by Management

Today, the Executive Board discussed and approved the Annual Report of United International Pictures ApS (the Company) for the financial year 1 January - 31 December 2016.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's financial position at 31 December 2016 and of the results of the Company's operations for the financial year 1 January - 31 December 2016.

In our opinion, the management's review includes a fair review of the matters dealt with in the management's review.

We recommend the adoption of the annual report at the annual general meeting.

Frederiksberg, the 10/05/2017

Management

Michael Berg

Marjolein Koster

The independent auditor's report on financial statements

To the shareholders of United International Pictures ApS

Opinion

We have audited the financial statements of United International Pictures ApS for the financial year 1 January - 31 December 2016, which comprise an income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2016 and of the results of the Company's operations for the Financial year 1 January - 31 December 2016 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibility

Our objectives are to obtain reasonable assurance about whether the Financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial statements.

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark,

we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- ⊘ Identify and assess the risks of material misstatement of the Financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override on internal control.

- ⊘ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- ⊘ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

- ⊘ Conclude on the appropriateness of the Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exist related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusion is based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- ⊘ Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on the management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on our procedures, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

Management's Review

Business activities and mission

The Company's principal business activity is distributing films to the Danish Cinemas.

Business review

The Company's income statements for the year ended 31 december 2016 shows a profit before tax of DKK 2,904,000 (after tax a profit of DKK 2,265,893) and the balance sheet at 31 December shows an equity of DKK 7,052,981.

The Company released 56 titles in 2016 to the Danish Cinemas and "The Secret Life of Pets", "Bridget Jones Baby" and "Jason Bourne" were among the biggest successes.

Post balance sheet events

No post balance sheet events have occurred, which would materially affect the assessment of the Company's financial position as at 31 December 2016.

Accounting Policies

The annual report has been prepared in accordance with the regulation applying to Reporting class B. Accounting policies are changed from previous period.

Effective 1 January 2016, the Company has adopted act. no. 738 this implies changes in the recognition and measurement in the following areas:

1. Yearly reassessment of residual values of property, plant and equipment

In future, residual values of property, plant and equipment will be subject to annual reassessment. The Company has no significant residual values relating to property, plant and equipment other than those relating to the Company's land and buildings. Consequently, the change is made with future effect only as a change in accounting estimates with no impact on equity.

The above changes do not impact on the income statement or the balance sheet for 2016 or the comparative figures.

Apart from the above new and changed presentation and disclosure requirements, which follows from act. no. 738, the accounting policies are consistent with those of last year.

Reporting currency

The Annual Report is presented in Danish kroner.

Currency translation

Transactions in foreign currency are translated into Danish kroner at the exchange rate at the date of transaction.

Monetary items in foreign currency are translated into Danish kroner at the exchange rates at the balance sheet date. Realised and unrealised exchange gains and losses are recognised in the income statement as financial income/expenses.

Income statement

Gross margin

With reference to § 32 of the Danish Financial Statements Act Film rental income, Producers share, Other operating income and Other external expenses are grouped in the item Gross margin.

The Company records film rental income etc. based on invoiced rentals. Film rental income is accrued in the period it covers. Film rental income is measured after deduction of all kinds of rebates. VAT and fees charged on behalf of third parties are also deducted.

License and royalty expenses to film producers are calculated according to license agreements, and are recognised as the transactions are carried through.

Other operating income includes items of a secondary nature relative to the entity's core business.

Other external expenses includes expenses to distribution, sales, advertising, administration, facilities etc.

Cost to release film including translation and early release advertising is charged to expenses as incurred.

Amortisation/depreciation and write-downs

Amortisation/depreciation and write-downs include amortisation/depreciation and write-downs of intangible assets and property, plant and equipment. The basis of depreciation is based on the residual value of the asset at the end of its useful life and is reduced by impairment losses, if any. The depreciation period and the residual value are determined at the time of acquisition and are reassessed every year. Where the residual value exceeds the carrying amount of the asset, no further depreciation charges are recognised.

Property, plant and equipment are depreciated on a straight-line basis over the expected useful life of the individual assets.

Where individual components of an item of property, plant and equipment have different useful lives, they

are accounted for as separate items, which are depreciated separately.
The depreciation periods, measured by reference to the historic cost are as follows:

	Depreciation- period (years)
Buildings	50
Other fixtures and fittings, tools and equipment	3-10

In case of changes in the depreciation period or the residual value, the effect on the depreciation charges is recognised prospectively as a change in accounting estimates.

Gains or losses on the disposal of fixed assets are calculated as the difference between the selling price less costs to sell and the carrying amount at the date of disposal. Gains and losses are recognised in the income statement as Other operating income or Other operating expenses, respectively.

Net financials

Financial income and expenses are recognised in the income statement at the amounts that relate to the reporting period. Net financials include interest income and expenses.

Tax

Tax for the year consists of the actual tax based on the taxable income. The taxable income is consistent with guidelines previously issued by the Tax authorities. In the balance sheet, provisions are made for current tax payable less prepaid tax payments.

Balance sheet

Property, plant and equipment

Property, plant and equipment comprise land and buildings and other fixtures, fittings, tools and equipment. On initial recognition, items of property, plant and equipment are measured at cost.

Land and buildings, plant and machinery and fixtures and fittings, tools and equipment are measured at cost less accumulated depreciation. Land is not depreciated.

Cost comprise the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use. Production overheads and borrowing costs are not included in cost.

Impairment of fixed assets

Fixed assets are analysed annually for indications of impairment. In case of indications an impairment test is performed for each single asset or group of assets that generate an independent cash-flow. The assets are written down to the highest of capital value and the net sales price, if this value is lower than the book value.

Receivables

Trade receivables, etc. are measured at the lower of amortised cost and the net realisable value, calculated by reference to an assessment of each individual receivable.

Prepayments

Prepayments recognised under "Assets" comprise prepaid expenses regarding subsequent reporting years.

Equity - dividend

Proposed dividend is included as a debt at the time of declaration at the annual General Meeting. Dividend expected to be paid in the coming year is shown as a separate item in the equity specification.

Deferred income

Deferred income recognised as a liability comprises payments received concerning income in subsequent reporting years.

Liabilities

Financial liabilities are recognised on the raising of the loan at the proceeds received net of transaction costs incurred. Interestbearing debt is subsequently measured at amortised cost, using the effective interest rate

method.

Trade payables and other debt is subsequently measured at amortised cost corresponding to the nominal unpaid debt.
