# **Management's Statement**

Today, Management has considered and adopted the Annual Report of Vincotech (Denmark) ApS for the financial year 1 January 2023 - 31 December 2023.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In my opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January 2023 - 31 December 2023.

In my opinion, the Management's Review includes a true and fair account of the matters addressed in the review.

The conditions for not conducting an audit of the Financial Statement have been met.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Herlev, 14 March 2024

# **Management's Review**

#### The Company's principal activities

The company's principal activities consist in providing sales support for power semiconductor modules, which are used in drive technology, electrical systems and regenerative power generation

### Development in activities and the financial situation

The Company's Income Statement of the financial year 1 January 2023 - 31 December 2023 shows a result of DKK -66.624 and the Balance Sheet at 31 December 2023 a balance sheet total of DKK 1.319.036 and an equity of DKK 819.762.

The company has continued its normal operating activities.

### Post financial year events

After the end of the financial year, no events have occurred which may change the financial position of the entity substantially.

### **Accounting Policies**

#### **Reporting Class**

The annual report of Vincotech (Denmark) ApS for 2023 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B, with the adoption of individual rules from class C.

The accounting policies applied remain unchanged from last year.

#### Reporting currency

The annual report is presented in Danish kroner.

#### **Transaction policies**

Transactions in foreign currencies are translated into DKK at the exchange rate prevailing at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into DKK based on the exchange rates prevailing at the balance sheet day. Realised and unrealised foreign exchange gains and losses are included in the income statement under financial income and expenses.

#### **General information**

#### Basis of recognition and measurement

The financial statement have been prepared under the historical cost principle.

Income is recognised in the income statement as it is earned, including value adjustments of financial assets and liabilities that are measured at fair value or amortized cost. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortization, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow out of the Company, and the value of the liability can be measured reliably.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the term. Amortised cost is calculated as original cost less repayments and with the addition/deduction of the accumulated amortisation of the difference between the cost and the nominal amount. This way, exchange losses and gains are allocated over the term.

In connection with recognition and measurement, consideration is given to predictable losses and risks occurring prior to the presentation of the financial statement, i.e. losses and risks which prove or disprove matters which exist at the balance sheet date.

#### Income statement

#### Gross profit/loss

The Company has decided to aggregate certain items of the income statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit is a combination of the items of revenue and other external expenses.

# **Accounting Policies**

#### Revenue

Revenue is recognised in the income statement if the goods have been delivered and the risk has passed to the buyer before year-end and if the revenue can be reliably calculated and expected to be received. Revenue is recognised excluding VAT and all discounts granted are recognised in revenue.

#### Other external expenses

Other external expenses include expenses for sales, advertising, administration, premises, bad debts.

#### Staff costs

Staff costs include wages and salaries including compensated absence and pension to the Companies employees, as well as other social security contributions etc. The item is deducted from refunds from public authorities.

#### **Financial expenses**

Financial expenses are recognised in the income statement based at the amounts that concern the financial year. Financial expenses include interest expenses, realised and unrealised, accounts payable and transactions in foreign currencies and allowances under the advance-payment of tax scheme.

#### Tax on net profit for the year

Tax on net profit/loss for the year comprises current tax on expected taxable income of the year and the year's adjustment of deferred tax less the part of the tax of the year that relates to changes in equity. Current and deferred tax regarding changes in equity is recognised directly in equity.

#### **Balance sheet**

### **Deposits**

Deposits are measured at cost.

#### Receivables

Receivables are measured at amortized cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

#### Prepaid expenses, assets

Prepaid expenses recognised in assets comprises prepaid costs regarding subsequent financial years.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash at bank.

### **Accounting Policies**

#### **Equity**

Equity comprises the working capital and a number of equity items that may be statutory or stipulated in the articles of association.

#### **Provisions**

#### **Deferred tax**

Deferred tax and the associated adjustments for the year are determined according to the liability method as the tax base of all temporary differences between carrying amounts and the tax bases of assets and liabilities.

Deferred tax assets, including the tax base of tax losses allowed for carryforward, are recognised at the value at which they are expected to be used, either by elimination in tax on future earnings or by set-off against deferred tax liabilities in enterprises within the same legal entity and jurisdiction.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation applicable at the balance sheet date when the deferred tax is expected to crystallize as current tax.

#### **Current tax liabilities**

Current tax liabilities and current tax receivables are recognised in the balance sheet as estimated income tax charge for the year, adjusted for prior-year taxes and tax paid on account.

#### **Payables**

Payables are measured at amortized cost, which usually corresponds to the nominal value.

#### **Contingent assets and liabilities**

Contingent assets and liabilities are not recognised in the Balance Sheet but appear only in the notes.
