Maersk Trade Finance A/S Management's Statement

The Executive Board and Board of Directors have today considered and adopted the Annual Report of Maersk Trade Finance A/S for the financial year 1 January - 31 December 2022.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the financial position at 31 December 2022 of the Company and of the results of the Company operations for 2022.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Maersk Trade Finance A/S

Independent Auditor's Report

To the Shareholder of Maersk Trade Finance A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2022, and of the results of the Company's operations for the financial year 1 January 2022 - 31 December 2022 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Maersk Trade Finance A/S for the financial year 1 January 2022 - 31 December 2022, which comprise a summary of significant accounting policies, income statement, balance sheet and notes ("financial statements").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Maersk Trade Finance A/S

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Maersk Trade Finance A/S

Management's review

Principal activities of the Company

The Company's operating activities is to provide financing, managing transports, trade and service in Denmark and abroad as well as other related activities.

Development in activities and financial matters

The income statement of the Company for 2022 shows a profit after tax of USD 2,051 thousand.

Maersk has taken a strategic decision to not offer the trade finance product to any new customers and the Company's activities has consequently decreased significantly in 2022. The future long term activities of the Company remain to be determined.

Maersk Trade Finance Services A/S, a subsidiary of Maersk Trade Finance A/S has been merged with Maersk Trade Finance A/S with accounting effect as of 1st January 2022. All the assets and liabilities as well as other rights and obligations are deemed to have been transferred to Maersk Trade Finance A/S as on merger date. Gain on merger of subsidiary has been recorded as part of income statement in year 2022 for USD 1,009 thousand.

Events after the balance sheet date

On 27 January 2023, A.P. Møller - Mærsk announced intention to move towards a singular and unified Maersk brand. The decision is not expected to have impact on the Company's financial result, nor assets or equity. No significant event have occurred after the balance sheet date up to date of this report which would influence the evaluation of this annual report.

Maersk Trade Finance A/S

Summary of Significant Accounting Policies

The Annual Report of Maersk Trade Finance A/S has been prepared in accordance with the provisions under the Danish Financial Statements Act applying to enterprises of Reporting Class - B.

Since the A.P. Møller - Mærsk A/S group significant classes of transactions are performed in USD, therefore management has decided to prepare the annual report in USD. Functional currency of this company is USD. At 31 December 2022 the exchange rate was USD/DKK 6.97 (31 December 2021: 6.55).

The accounting policies used in the preparation to the financial statements are consistent with those of last year.

There was an error in tax presentation while arriving at the results for the year 2021. The same has now been corrected and restated in comparatives for the year 2021. The correction impacted tax presentation as well as equity for the year 2021. Joint tax asset increased from USD 458 thousand to USD 2,071 thousand and tax in income statement being reduced from USD 2,126 thousand to USD 513 thousand. Equity for the year 2021 being increased from to USD 38,892 thousand to USD 40,505 thousand.

Recognition and measurement in general

Assets are recognised in the balance when it is probable that future financial benefits will arise at recognition. Subsequently, assets and liabilities are measured as described below for each item. Revenue is recognised in the income statement when earned. Furthermore, costs that are necessary for obtaining the revenue are recognised.

Foreign currency translation

Transactions in other currency than the functional currency are translated at the exchange rate on the date of the transaction. Monetary items in foreign currency that are not settled on the balance sheet date are translated at exchange rate on the balance sheet date. Foreign exchange rate gains and loss are included in the income statement as financial items.

Income statement

Revenue

Revenue includes interest income, line opening fees and processing fees earned from trade finance services offered to the Maersk customers.

Merger

Merger is accounted for by using business combination method. All the assets and liabilities as well as other rights and obligations are deemed to have been transferred at balance sheet value as on merger date. Gain on merger of subsidiary has been recorded as other income in income statement for the year 2022.

External costs

External costs includes consultant fees, administration and overhead costs etc. External cost also includes write-off in debtors.

Financial income and expenses

Financial income and expenses, includes interest, exchange gains and losses concerning items in foreign currencies and dividends received from Group enterprises.

Tax and deferred tax

The Company is jointly taxed with Danish Companies in the A.P. Møller - Mærsk A/S Group and A.P. Møller Holding A/S. The current Danish company tax is distributed by allocating joint taxation contributions among the jointly taxed enterprises in proportion to the taxable income of these enterprises.

The tax for the year, which includes the current company tax for the year (the joint taxation contribution), and the change in deferred tax are recognised in the income statement with the share that can be attributed to the results for the year and directly in the equity with the share that can be attributed to the entries directly in the equity.

Deferred tax are recognised by all temporary differences between the accounting and taxable values of assets and liabilities. Deferred tax assets are recognised to the extent expected to be realised.

Maersk Trade Finance A/S

Summary of Significant Accounting Policies

Balance sheet

Investments in subsidiaries

Investments in subsidiaries are recognised at cost price. Where cost price exceeds the recoverable amount, write-down is made to lower value.

Receivables

Receivables are measured at amortised cost.

Write-down is made for bad debt losses when there is objective evidence that a receivable has been impaired. If there is objective evidence that an individual receivable has been impaired, write-down is made on an individual basis.

Cash and equivalents

For the purpose of presentation in the statement, cash and cash equivalents include deposits on demand which are subject to an insignificant risk of change in value.

Equity

Proposed dividends are recognised as a liability at the time of adoption at the General Meeting. The expected dividends payment for the year is shown as a separate item under Equity.

Payables

Payables are measured at amortised cost, equal to nominal value.

Provisions

Provisions are recognised when the Company has a present legal or constructive obligation from past events. The item includes, among other things, legal disputes, provisions for loans which were not recovered as after due date as per credit policy of Maersk Trade Finance A/S.
