MANAGEMENT'S REVIEW

THE C WORLDWIDE GROUP

C WorldWide Group Holding A/S is owned by Carneo Asset Managers (CARNEO) and the employees and for which the ultimate owner is Altor Fund III.

The CWW Group's business areas are discretionary portfolio mandates and providing advisory and management services to Investeringsforeningen C WorldWide. The Group operates subsidiaries in Denmark, Norway and Luxembourg, branch offices in Sweden and Finland and representative offices in Dubai and the USA.

The CWW Group consists of the following subsidiaries and branch offices:

At 31 December 2018, the CWW Group had DKK 113.1 billion under management in equity and bond portfolios, and a staff of 114 full-time equivalent employees.

MANAGEMENT'S REVIEW ...continued

C WORLDWIDE GROUP HOLDING A/S

The role of C WorldWide Holding A/S is to act as the holding company of C WorldWide Asset Management Fondsmæglerselskab A/S, C WorldWide Fund Management A/S, C WorldWide Holding Norge AS and C WorldWide Fund Management S.A.

C WorldWide Asset Management Fondsmæglerselskab A/S is wholly owned by C WorldWide Holding A/S and is a member of the CWW Group. The company has a branch in Sweden that is domiciled in Stockholm and has a representative office in Gothenburg, as well as a branch in Finland. The company also has representative offices in Dubai and the USA. At 31 December 2018, the company had 84 employees in Denmark, 19 in Sweden, one in Finland, one in Dubai and one in the USA.

C WorldWide Asset Management Fondsmæglerselskab A/S has provided discretionary portfolio management services to its clients since 1986. Strategically focused on establishing solid long-term client relations and a performance-driven corporate culture, the company has achieved robust historic growth rates. At the end of 2018, the company's assets under management totalled DKK 110,4 billion, compared with DKK 114,2 billion at year-end 2017. This 3.4% decrease was mainly due to the market drop end of Q4 2018. The majority of assets under management are invested in equities.

The company's objective is to generate stable, long-term asset growth. The company's investment philosophy is based on a model of in-depth analysis of long-term global trends that have a significant impact on investments. From these global trends, the most important of which are demographic changes, technology innovation, globalisation and convergence of emerging market economies, the company derives a number of investment themes from which it builds equity portfolios. The company attaches great importance to preparing in-depth research on the stocks picked for client portfolios.

C WorldWide Fund Management A/S manages seven sub-funds under *Investeringsforeningen C WorldWide*: *Globale Aktier KL*, *Globale Aktier Akk. KL*, *Globale Aktier Etik KL*, *Stabile Aktier KL*, *Danmark KL*, *Emerging Markets KL* and *Asien KL*. The company had five employees at the end of 2018.

At the end of 2016, C WorldWide Fund Management A/S's Board of Directors decided to apply for a merger with the subsidiary C WorldWide Fund Management S.A. (CWW FM). CWW FM manages the group's funds registered in Luxembourg.

The plan is that CWW FM will establish a Danish branch, based on C WorldWide Fund Management A/S' current activities, which will continue the administration of *Investeringsforeningen C WorldWide*.

MANAGEMENT'S REVIEW ...continued

The rationale for the merger is to create economies of scale between the two management companies so that the company can continue to offer competitive fund solutions for the benefit of customers and business partners.

C WorldWide Fund Management S.A. manages the international funds C WorldWide, C WorldWide Hedge and C WorldWide Growth and their underlying sub-funds. The company and the funds are subject to the supervision of the Luxembourg Financial Sector Supervisory Authority, CSSF.

The company has insourced its administrative functions from Carnegie Fund Service 1 October 2018

The role of C WorldWide Holding Norge AS is to act as the holding company of C WorldWide Asset Management AS and C WorldWide Investor Service AS.

C WorldWide Asset Management AS manages a total of 16 funds, two of which are interest-bearing securities funds and the remaining 14 are Norwegian and international equity funds. The company had 11 employees at 31 December 2018.

RECOGNITION AND MEASUREMENT UNCERTAINTIES

The preparation of the annual report is only to a limited extent based on management estimates.

In the Board's opinion, the estimates applied have not had any appreciable effect on the financial statements.

FINANCIAL RESULTS FOR 2018

C WorldWide Group Holding A/S generated a profit after tax of DKK 82,974 thousand, down from DKK 87,038 thousand in 2017.

This performance was attributable mainly to the subsidiaries, with C WorldWide Asset Management Fondsmæglerselskab A/S, C WorldWide Fund Management A/S, C WorldWide Holding Norge AS and C WorldWide Fund Management S.A. reporting profits after tax of DKK 66,744 thousand, DKK 1,531 thousand, DKK 4,913 thousand and DKK 11,790 thousand, respectively.

MANAGEMENT'S REVIEW ...continued

The profit after tax was on a level with the Board's guidance. The declining profit was due to increased operational costs, while fee income showed a minor increase. Overall, the Board of Directors considers the profit to be satisfactory.

DISTRIBUTION OF PROFIT

The Board of Directors proposes that the profit for the year of DKK 82,974 thousand be distributed as shown in relation to the income statement.

EVENTS AFTER THE BALANCE SHEET DATE

In the management's opinion, no events have occurred since the balance sheet date which would have a significant influence on the evaluation of the annual report and the financial position of the Group.

EMPLOYEES

A number of the CWW Group's employees have dual employment contracts, allowing the Group to optimise the use of administrative resources across group entities.

The company's administrative functions are handled by employees who are also employed with C WorldWide Asset Management Fondsmæglerselskab A/S, and payments for these services are regulated under a framework agreement between the companies.

TARGETS FOR THE UNDER-REPRESENTED GENDER

The Board of Directors has defined targets for the proportion of the under-represented gender on the Board of Directors. The Board has a goal of increasing the proportion of female board members elected by the shareholders to at least 33% by 2020.

The gender distribution of the board members at the beginning of 2018 was 100% men and 0% women. That distribution did not change during 2018, and the Board's previous target of a minimum of 25% female representation on the Board by 2018 had thus not been reached at the end of 2018. There has been no cause to reconstitute the current Board of Directors. On future changes to

MANAGEMENT'S REVIEW ...continued

the Board, the target representation of the under-represented gender is a factor to be considered.

The Board of Directors of C WorldWide Asset Management Fondsmæglerselskab A/S has defined targets for the proportion of the under-represented gender on the Board of Directors and adopted a policy for increasing the proportion of the under-represented gender at the company's other management levels.

DIRECTORSHIPS

The directorships held by members of the Board of Directors and the Executive Management are set out in note 26 to the consolidated financial statements.

OUTLOOK FOR 2019

The Group's performance relies strongly on equity market developments, as they impact directly on the assets under management. Another important factor affecting the Group's earnings is net client inflow.

The Group will be challenged by increased cost to meet the regulatory requirement the coming year.

RISK MANAGEMENT

Risk exposure is an integral part of the Group's activities. Some of the most significant risks facing the Group include credit and market risks as well as operational risks.

The overall objectives and limits for the Group's risk management are determined by the Board of Directors, which has defined maximum credit and market risk limits for the Executive Management and specified ongoing reporting requirements for compliance with these limits.

The Executive Management has delegated responsibility for complying with the defined limits to the relevant heads of department.

For organisational purposes, the responsibility for monitoring and reporting to the Board of Directors and the Executive Management is kept separate from the departments that are authorised to enter into transactions exposing the

MANAGEMENT'S REVIEW ...continued

Group to risk. The practical settlement of securities is also kept separate for organisational purposes.

CREDIT RISK

Credit risk is the risk involved in security and currency trading when a trading counterparty becomes unable to complete an agreed transaction and the subsequent replacement of the transaction leads to a loss for the company.

The Group has defined trading lines for all counterparties in the financial markets, and these lines are monitored on a daily basis.

Rules have been laid down for placing the company's liquidity with Danish and international banks in compliance with the applicable rules of the Danish Financial Business Act.

MARKET RISK

Market risk is the risk that the market value of a financial claim changes as a result of movements in equity or bond prices or in exchange rates. Market risk occurs in the form of positions in approved products and markets.

The limits for equity and bond risks have been determined by the Board of Directors, and compliance with these limits is monitored on a daily basis.

RISK ON THE COMPANY'S INVESTMENT PORTFOLIO OF EQUITIES AND BONDS

The limits for equity and bond risks are determined by the boards of directors of the individual companies.

The trading portfolio is used primarily as a buffer in connection with transactions involving units of C WorldWide Long/Short Funds and units in the sub-funds managed by C WorldWide.

C WorldWide Asset Management Fondsmæglerselskab A/S has a small holding of shares in CWW Group Holding. These shares were acquired from an employee who has left the Group. The shares are expected to be sold to new employees at the prevailing market price.

MANAGEMENT'S REVIEW ...continued

CURRENCY RISK

Currency risk limits are determined by the boards of directors of the individual companies.

OPERATIONAL RISK

Operational risk is the risk of unforeseen losses as a result of weakness in in-house procedures and controls and information systems.

The Group operates portfolio management agreements with Danish and foreign clients. These agreements have been prepared with the assistance of internal or external legal experts.

The Group trades and settles securities on a daily basis according to instructions from the portfolio managers. The security transactions are monitored and controlled on a daily basis in accordance with applicable legislation.

The Group's portfolio managers, sales and trading function and administration function depend on well-functioning IT systems and therefore we monitor our IT systems on an ongoing basis. We have set up a contingency plan which will come into operation in the event of an emergency.

STATEMENT BY THE BOARD OF DIRECTORS AND THE EXECUTIVE MANAGEMENT

The Board of Directors and the Executive Management have today considered and approved the annual report of C WorldWide Group Holding A/S for the financial year 1 January - 31 December 2018.

The holding company financial statements and the consolidated financial statements have been prepared in accordance with the Danish Financial Business Act. In our opinion, the holding company financial statements and the consolidated financial statements give a true and fair view of the holding company's and the Group's assets and liabilities and financial position at 31 December 2018 and of the results of the holding company's and the Group's operations for the year ended 31 December 2018.

In our opinion, the management's review includes a fair review of developments in the financial position of the holding company and of the Group and describes significant risk and uncertainty factors that may affect the holding company and the Group.

We recommend the annual report for approval at the annual general meeting

INDEPENDENT AUDITOR'S REPORT

**TO THE SHAREHOLDERS OF
C WORLDWIDE GROUP HOLDING A/S**

OPINION

In our opinion, the Consolidated Financial Statements and the Parent Company Financial Statements give a true and fair view of the financial position of the Group and the Parent Company at 31 December 2018, and of the results of the Group's and the Parent Company's operations for the financial year 1 January - 31 December 2018 in accordance with the Danish Financial Business Act.

We have audited the Consolidated Financial Statements and the Parent Company Financial Statements of C WorldWide Group Holding A/S for the financial year 1 January - 31 December 2018, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies, for both the Group and the Parent Company.

BASIS FOR OPINION

We have conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

STATEMENT ON MANAGEMENT'S REVIEW

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements

INDEPENDENT AUDITOR'S REPORT ...continued

- or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financials Business Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Consolidated Financial Statements and the Parent Company Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Business Act. We did not identify any material misstatement in Management's Review.

MANAGEMENT'S RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of Consolidated Financial Statements and Parent Company Financial Statements that give a true and fair view in accordance with the Danish Financial Business Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Group or the Parent Company or to cease operations, or has no realistic alternative but to do so.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITOR'S REPORT ...continued

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Parent Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT ...continued

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ACCOUNTING POLICIES

The annual report has been prepared in accordance with the Danish Financial Business Act.

The accounting policies are consistent with those of previous years. The most important accounting policies are described below:

CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements are prepared on the basis of the financial statements of C WorldWide Group Holding A/S and its subsidiaries. The consolidated financial statements are prepared by adding together uniform items. On consolidation, intra-group income and expenses, intra-group balances and dividends, and gains arising on transactions between the consolidated entities are eliminated. The financial statements used for consolidation are prepared in accordance with the Group's accounting policies.

Investments in subsidiaries are offset by the proportionate share of the net assets of the subsidiaries.

FOREIGN CURRENCY

The presentation currency of the financial statements is Danish kroner, which is the company's functional currency. Transactions in currencies other than Danish kroner are translated into Danish kroner at the exchange rates ruling at the transaction date. Monetary items in currencies other than Danish kroner are translated into Danish kroner at the official exchange rates ruling at the balance sheet date.

Non-monetary items in currencies other than Danish kroner are translated into Danish kroner at the exchange rates ruling at the transaction date if the item has been recognised at cost. Items recognised at fair value are translated into Danish kroner at the official exchange rates ruling at the balance sheet date.

Gains and losses on exchange rate differences arising between the transaction date and the settlement date are recognised in the income statement.

Balance sheets of foreign entities are recognised by way of translation into Danish kroner using official exchange rates prevailing at the balance sheet date.

Value adjustments relating to investments in foreign entities are recognised in equity.

ACCOUNTING POLICIES ...continued

BALANCE SHEET

The balance sheet consists of recognised assets, recognised liabilities, including provisions, and equity, which represents the difference between these assets and liabilities. Liabilities and equity are defined as the sum of equity and recognised liabilities.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the Group and the value of the asset can be reliably measured. Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the Group and the value of the liability can be reliably measured.

FINANCIAL INSTRUMENTS

Financial assets and liabilities are recognised in the balance sheet when the company becomes bound by the contractual provisions of the financial instrument.

Financial assets sold or otherwise assigned to another party cease to be recognised in the balance sheet from such date. Financial liabilities cease to be recognised in the balance sheet when the liability terminates.

The settlement date is used as the recognition date.

Financial assets are generally measured at fair value after initial recognition. Held-to-maturity assets and financial liabilities are measured at amortised cost after initial recognition.

The fair value of listed financial instruments is determined on the basis of the closing price at the balance sheet date or another published price deemed to be most similar thereto.

INTANGIBLE ASSETS AND PROPERTY, PLANT AND EQUIPMENT

Intangible assets and property, plant and equipment which are held for use in the Group, and which are expected to be used for more than one financial year, are measured at cost on initial recognition. Cost comprises all costs related to an acquisition up until the time when the asset is ready for use. After initial recognition, intangible assets and property, plant and equipment are measured at cost less accumulated amortisation/depreciation and accumulated impairment losses.

ACCOUNTING POLICIES ...continued

Assets held under finance leases are recognised from the time when the Group is entitled to use the leased asset. On initial recognition, the asset is measured at the lower of fair value and present value of the agreed lease payments. At the same time, the present value of the agreed lease payments is recognised as a liability. The present value is calculated using the Group's marginal borrowing rate.

Other intellectual property rights, such as trade names, are amortised over the duration of the right.

Amortisation/depreciation is recognised in the income statement. Amortisation/depreciation is the systematic distribution over the expected useful life of an asset of the asset's cost less the residual value which the asset is expected to represent after the end of its useful life. The basis of amortisation/depreciation is measured at the date of an asset's entry into service and in case of subsequent changes in the elements included in the basis of amortisation/depreciation. The expected useful lives are as follows:

Asset	Life	Depreciation percentage
Office equipment	3–5 years	20–33 %
IT hardware	3 years	33 %
IT software	3–5 years	20–33 %
Leasehold improvements	5 years	20 %
Intellectual property rights	Over the duration	Over the duration

Impairment losses are recognised if the recoverable amount of an asset is estimated to be lower than its carrying amount less amortisation/depreciation. Impairment losses are reversed if there is no longer any basis for such losses.

INVESTMENTS IN SUBSIDIARIES

Investments in subsidiaries are recognised and measured at the equity value of the subsidiary. The parent company's accounting policies are applied in calculating the subsidiaries' equity values.

Profit/loss from investments in subsidiaries is recognised under the item "Profit/loss from investments in subsidiaries" in the income statement.

The carrying amounts of investments are revalued or written down by the amount of the profit or loss from the investments and by any adjustments to the subsidiaries' equity values recognised as capital movements of the subsidiaries. Dividends paid to the parent company are deducted from the equity values of the subsidiaries at the time of disbursement.

ACCOUNTING POLICIES ...continued

An amount corresponding to the net revaluation for the year is transferred to the reserve for net revaluation under equity according to the equity method. An amount corresponding to the net writedown for the financial year is recognised and deducted from a positive reserve. Where the net amount of the writedown exceeds the positive reserve before the amount is deducted, only the part of the net writedown corresponding to the reserve amount is deducted.

TAX

The company is taxed jointly with the Danish companies of the Group. The estimated tax is allocated proportionately between the companies.

Current tax for current and prior financial years is recognised as a liability to the extent it has not been paid. If the tax paid exceeds the current tax for current and prior financial years, the difference is recognised as an asset.

Tax liabilities attributable to temporary differences between the carrying amount and the tax base are recognised as deferred tax. A deferred tax asset is recognised if the temporary difference is negative and it is likely to be used to reduce future tax.

Tax on the profit for the year consists of tax on the taxable income for the year and changes in deferred tax.

Corporation tax is provided at each country's current rate on the profit before tax for the year, adjusted for non-taxable income and non-deductible expenditure.

OTHER ASSETS

This item includes income which does not fall due until after the end of the financial year, including portfolio management and advisory fees receivable, interest receivable and brokerage fees receivable.

PREPAYMENTS

Prepayments comprise expenses incurred prior to the balance sheet date but which relate to a subsequent accounting period, including prepaid salaries.

ACCOUNTING POLICIES ...continued

OTHER LIABILITIES

This item includes expenses which do not become due until after the end of the financial year and other commitments, including salaries due, holiday pay obligations, etc.

INCOME STATEMENT

The income statement consists of recognised income and expenses. Income is recognised as earned and all expenses are recognised as incurred. All value adjustments, amortisation, depreciation, impairment losses and reversals of amounts previously recognised in the income statement are recognised in the income statement.

INTEREST

Interest receivable and interest payable include interest and interest-like income and expenses, including interest on bank deposits.

FEES AND COMMISSIONS RECEIVABLE

This item includes income relating to services provided to clients against a fee, including portfolio management and brokerage fees.

VALUE ADJUSTMENTS

Value adjustments comprise value adjustments of assets and liabilities measured at fair value.

STAFF COSTS AND ADMINISTRATIVE EXPENSES FOR THE GROUP

This item includes salaries and remuneration to staff and management and administrative expenses, including rent, office expenses and similar expenses.

ACCOUNTING POLICIES ...continued

SEGMENT REPORTING

The Group's business segment is portfolio management attributable to the income statement items "Fees and commissions receivable" and "Fees and commissions payable".

Income and expenses relate to the portfolio management agreements operated by the companies with Danish and foreign clients and business partners. The geographical segmentation is shown as net income.

There has been a change in the method of the segment note on revenue, which produces a different geographical distribution than previously. The figures for the previous year have been produced using the same new method.
