## Management's review

### Business review

RækkehusCompagniet A/S is a subsidiary of HusCompagniet A/S to which we refer to the consolidated financial statements for more information.

### Financial review

The company had no operating activities in 2020. Profit before tax totaled DKK -1 million for 2020 compared to DKK 1 million in 2019.

### Non-financial matters

RækkehusCompagniet is a Danish company that develop and sell B2B projects and land plots which is partly done through subsidiaries. The B2B housing projects are tailored for the individual investor all the way from idea to finished project.

### Statutory CSR report

The Company has not drawn up any separate CSR report, as the parent company has done so for the entire Group. The report is rendered in the parent company's annual report and may be downloaded from the site <http://investors.huscompagniet.com/Danish/overblik/default.aspx>

### Account of the gender composition of Management

At RækkehusCompagniet, we strive towards a diverse and inclusive work environment. A diverse workforce can bring many advantages to an organisation. The starting point is providing equal opportunity for people of all ages, genders, nationalities, religions, political opinions, and abilities. The construction sector has traditionally been a male-dominated industry, which poses a challenge for the industry and for RækkehusCompagniet. The starting point for improving the gender diversity of our workforce is to monitor the demographics of our employees, with the aim to track and increase gender balance over time. As of 31 December 2020, the underrepresented gender is female and constituted 10% of our workforce, the same as last year.

People are encouraged to apply for HusCompagniet positions, irrespective of gender, age, nationality, sexual orientation, religion or ethnicity, and decisions regarding recruitment, promotion and dismissal are not influenced by these. Our employees have equal opportunities for career development and management ambitions, which are discussed as part of the yearly performance reviews.

In 2020, other levels of management are defined by the executive management and their direct reports with employee responsibility. HusCompagniet has set a target to increase the representation of women in management to 25% by 2025 and 30% by 2030.

### Unusual circumstances

There have been no unusual circumstances which have influenced the results for the year.

### Events after the balance sheet data

In February the company sold the two subsidiaries, Strandroseparken Område B and Strandroseparken Område C.

No material events have occurred between 31 December 2020 and the date of publication of this annual report that have not already been included in this annual report and that would have a material effect on the assessment of the company's financial position

### Outlook

The Company expect operating activities in 2021 and a higher level of income than realized in 2020.

## Key Figures

DKK'm	2020	2019	2018	2017	2016
<b>Income statement</b>					
Revenue	0	0	2	26	3
Gross profit	0	0	1	4	0
Operating profit (EBIT)	-3	0	1	1	0
Financial income/expenses, net	1	1	1	1	1
Profit for the year	-1	1	1	4	0
<b>Balance sheet</b>					
Total assets	64	65	64	63	58
Equity	63	64	63	62	57
<b>Cash flow</b>					
Cash flow from operating activities	-1	0	0	27	4
<b>Key figures</b>					
Revenue growth	0%	-100%	-91%	767%	0%
Gross margin	-692%	100%	27%	15%	0%
Average number of employees	9	0	0	0	0

Operating profit before depreciation and amortisation (EBITDA) before special items and Operating profit (EBIT) before special items respectively are used as alternative performance measures to reflect a more true and comparable view of the Company's ordinary operations.

The key figures for the years 2016-2017 have not been adjusted following the implementation of IFRS 9 and IFRS 15 at 1 January 2018. Furthermore, the key figures for the years 2016-2018 have not been adjusted following the implementation of IFRS 16 at 1 January 2019.

Equity on 31 December	500	0	63.312	63.812

### Capital structure

The Capital structure in RækkehusCompagniet is based on intercompany loans from parent Company which are maintained and adjusted accordingly as necessary for RækkehusCompagniet A/S.

The primary objective of HusCompagniet Group capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

HusCompagniet manages its capital structure and makes adjustments to it in light of changes in economic conditions.

To maintain or adjust the capital structure, HusCompagniet may adjust the dividend payments to shareholders, acquire its own shares or issue new shares. HusCompagniet has a target leverage of below 2.0x net debt to EBITDA before special items considering the Group's cash flow profile.

## SECTION 1: BASIS OF PREPARATION

### Introduction

RækkehusCompagniet A/S (previously named "LejlighedsCompaniget A/S") is a company incorporated and domiciled in Denmark. The Company is principally engaged in construction and sale of larger B2B projects.

The following is a summary of the significant accounting policies adopted by RækkehusCompagniet A/S referred to in these financial statements as the "Company".

General accounting policies applied to the financial statements as a whole are described below. Significant accounting policies covering specific accounts are placed in each section to which they relate.

These financial statements for the Company are for the year ended 31 December 2020.

The financial statements were approved by the shareholders at the general meeting on 29 June 2021, signed by chairman Mads Dehlsen Winther.

The accounting policies described below have been applied consistently to the financial year and the comparative figures. For standards implemented prospectively, comparative figures are not restated.

### The following notes are presented in Section 1:

- 1.1 General accounting policies
- 1.2 Introduction to significant estimates and judgements
- 1.3 Application of materiality

### Note 1.1 General accounting policies

#### Basis of preparation

The financial statements are prepared in accordance with International Financial Reporting Standards as endorsed by the EU ("IFRS") and additional requirements of the Danish Financial Statements Act, applying to class B entities.

The financial statements have been prepared on a historical cost basis, except as noted in the various accounting policies.

These financial statements are expressed in DKK, as this is the Company's functional and presentation currency. All values are rounded to the nearest thousand DKK '000 where indicated.

#### Consolidated Financial Statements

Pursuant to section 112(1) of the Danish Financial Statements Act, no consolidated financial statements have been prepared. The financial statements of RækkehusCompagniet are included in the Consolidated Financial Statements of HusCompagniet A/S, Virum, CVR-nr. 36972963.

#### Implementation of new or amended standards and interpretations

The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the preparation of the annual financial statements for the year ended 31 December 2019, except for the adoption of new standards effective as of 1 January 2020. The Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

The following amendments and interpretations apply for the first time in 2020, but do not have an impact on the annual financial statements of the Company.

- Amendments to IAS 1 and IAS 8: Definition of Material
- Amendments to IFRS 3 Business Combinations
- Amendments to IFRS 9, IAS 39 and IFRS 7 regarding the IBOR-reform
- Amendments to IFRS 16 Covid-19-Related Rent Concessions
- Amendments to references to the conceptual framework in ifrs standards

#### Standards issued but not yet effective

IASB has issued amended standards which have not yet entered into force, and which have consequently not been incorporated into the financial statements for 2020. None of these amended standards and interpretations are expected to have any significant impact on our financial statements.

The Company expects to implement the new standards when they become effective. It has been assessed that the implementation of the new standards will not have any significant effect on the recognition and measurement of the consolidated financial statements at 1 January 2021.

### Note 1.2 Introduction to significant estimates and judgements

In preparing the financial statements, management made various judgements, estimates and assumptions concerning future events that affected the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and assumptions are reviewed on an ongoing basis and have been prepared taking the financial market situation into consideration, but still ensuring that one-off effects which are not expected to exist in the long term do not affect estimation and determination of these key factors.

Based on the above assumptions the estimates are assessed to be unchanged from previous years.

Significant estimates and judgements covering specific accounts are placed in each section to which they relate.

**Significant estimates**  
Guarantee provisions

3.1

### Note 1.3 Application of materiality

The financial statements are a result of processing large numbers of transactions and aggregating those transactions into classes according to their nature or function. When aggregated, the transactions are presented in classes of similar items in the financial statements.

If a line item is not individually material, it is aggregated with other items of a similar nature in the financial statements or in the notes.

The disclosure requirements are substantial in IFRS and the Company provides these specific required disclosures unless the information is considered immaterial to the economic decision-making of the readers of the financial statements or not applicable.

## SECTION 2: EBITA

### Introduction

This section provides information regarding the Company's performance in 2020, including the effects of non-recurring items on EBITDA.

The development of primary costs, staff costs and remuneration, and information about the Group's low exposure towards currency risk on transaction level is also contained in this section.

### The following notes are presented in Section 2:

- 2.1 Revenue
- 2.2 Costs including staff costs and remuneration
- 2.3 Financial risk management
- 2.4 Accounting policy
- 2.5 Significant estimates and judgements

## 2.1 Revenue

### Revenue - Contracted sales 2020

DKK'000	Semi-detached houses
Sales value houses sold on customers building sites	0
Sales value houses sold on own building sites	16
Other revenue	0
<b>Total Contracted sales</b>	<b>16</b>
<b>Total Revenue</b>	<b>16</b>

The Company is engaged in construction and civil works activities in Denmark.

Contracted sales are recognised over time. Payment is typically due at the time of final delivery of the construction, however a small deposit is paid upon contract negotiation. The Group receives a bank guarantee in connection with the start-up of each contract, and is entitled to payment for work performed, including profit, during the project. Construction contracts with professional investors may also include payments on account.

Contracted sales comprise the sales of houses constructed on the customers land, or houses sold on own land that are covered by a customer contract before construction is started.

### Revenue - Contracted sales 2019

DKK'000	Semi-detached houses
Sales value houses sold on customers building sites	0
Sales value houses sold on own building sites	0
<b>Total Contracted sales</b>	<b>0</b>
<b>Total Revenue</b>	<b>0</b>

## Note 2.2 Costs including staff costs and remuneration

### Staff costs

DKK'000	2020	2019
Wages and salaries	1.722	0
Defined contribution plans	69	0
Other social security costs	4	0
<b>Total</b>	<b>1.795</b>	<b>0</b>
Average number of full-time employees	9	0

### Remuneration of Management

By reference to section 98b(3), (ii), of the Danish Financial Statements Act, remuneration to management is not disclosed.

## Note 2.3 Financial risk management

### Currency Risk

The Company is not exposed to currency fluctuations from its activities.

## Note 2.4 Accounting policy

### Revenue

Revenue comprises completed construction contracts and construction contracts in progress (contracted sales).

#### Contracted sales

Contracted sales are recognized over time according to percentage-of-completion in relation to costs recognized, as all performance obligations are fulfilled on an ongoing basis through-out the construction. The contracted sales contracts are considered to comprise of only one performance obligation, as all components are considered interrelated, and any changes to a contract will therefore be recognized as changes to the original contract and not as a separate performance obligation. The Company acts as primarily responsible for the delivery of the performance obligation and carries the risks related to the construction and is therefore considered as the principal.

The contracts are not assessed to have a significant financing component. The time value of the transaction price for contracts with a duration that exceeds 12 months is assessed insignificant, as the Company does not consume the main part of the costs before the end of the contract phase. Therefore, an adjustment of the transaction price with regards to a financing component in the contracts with customers is not required. Payment is typically due at the time of final delivery of the construction, however a small deposit is paid upon contract negotiation. The Company receives a bank guarantee in connection with the start-up of each contract, and is entitled to payment for work performed, including profit during the project.

Any contract modifications are recognised when they have been approved by all parties to the contract. Modifications and the associated revenue are accounted for based on an assessment of the standalone price of the modifications and an actual assessment of the elements of the contract with the other performance obligations under the sales contract.

The transfer of control and recognition of revenue are determined using input methods based on costs incurred relative to total estimated costs for the contracts, as these methods are considered to best depict the continuous transfer of control.

The selling price is measured by reference to the total expected income from each contract and the stage of completion at the reporting date. The stage of completion is determined on the basis of the costs incurred and the total expected costs.

If the outcome of a construction contract cannot be estimated reliably, revenue is only recognised corresponding to costs incurred and indirect production costs, insofar as it is probable that these will be recovered.

The company expenses incremental costs of obtaining a contract, as the amortisation period of the asset that the entity otherwise would have recognized is less than one year.

Costs in connection with sales work to secure contracts are recognized as costs in the income statement in the financial year in which they are incurred.

#### Cost of sales

Cost of sales include costs of raw materials and consumables incurred in generating the revenue for the year.

#### Other external expenses

Other external expenses include the period's expenses relating to the Company's core activities, including expenses relating to distribution, sale, advertising, administration, premises, bad debts, low-value and short-term leases, etc.

#### Staff costs

Staff costs include wages and salaries, including compensated absence, share-based payments and pensions, as well as other social security contributions, etc. made to the Company's employees.

The item is net of refunds made by public authorities.

## Note 2.5 Significant estimates and judgements

### Construction contracts, including estimated recognition and measurement of revenue and contribution margin

At contract inception, management assesses that the contracts involve a high degree of individual customisation and satisfy the criteria for recognition over time. The assessment is based on an analysis of, among other things, the contract provisions on:

- The degree of customisation, including the alternative use potential of buildings and civil works
- The time of transfer of legal title
- Payment terms, including early termination of contract
- Enforceable right to payment for performance completion to date.

For construction contracts, management considers that they constitute a single performance obligation and that the recognition of the selling price of contracts over time is best depicted by using an input method based on costs incurred relative to budgeted project costs.

Variable elements of consideration are not recognised in revenue until it is highly probable that a reversal of the amount of consideration will not occur in future periods.

### SECTION 3: Working capital

#### Introduction

This section provides information regarding the development in the Company's working capital. This includes notes to understand the development in construction contracts and related guarantee commitments.

Information to understand the Company's low exposure towards credit risk is also contained in this section

#### The following notes are presented in Section 3:

- 3.1 Guarantee commitments and contingent liabilities
- 3.2 Changes in working capital
- 3.3 Financial risk management
- 3.4 Accounting policy
- 3.5 Significant estimates and judgements

#### Note 3.1 Guarantee commitments and contingent liabilities

DKK'000	2020	2019
<b>Guarantee provision at 1 January</b>	50	50
Arising during the year	0	0
Utilised	0	0
<b>Guarantee provision at 31 December</b>	<b>50</b>	<b>50</b>
Distributed in the balance as follows:		
Non-current liabilities	40	50
Current liabilities	10	0

At year-end, the guarantee provision amounted to DKK 50 thousands (2019: DKK 50 thousand). Provisions for future costs regarding 1 and 5 years review of the delivered houses due to guarantee commitments are recognized at the amount expected to be required to settle the commitment on the balance-sheet date.

This estimate is based on calculations, assessments by company management and experiences gained from past transactions.

#### Contingent liabilities

The Company is regularly involved in minor dispute, but was not a party to any major dispute at 31 December 2020.

The Company is jointly taxed with its parent, HusCompagniet A/S, which acts as Management Company for the other Danish group entities. The Company is jointly and severally liable with other jointly taxed group entities for payment of income taxes for the income years 2013 and forward and withholding taxes falling due for payment on or after 1 July 2012 in the group of jointly taxed entities.

#### Note 3.2 Changes in working capital

DKK'000	2020	2019
(Increase)/decrease in trade and other receivables	-20	-1.235
Increase/(decrease) in trade and other payables	842	388
<b>Total</b>	<b>822</b>	<b>-847</b>

### Note 3.3 Financial risk management

#### Credit risk

The Company is exposed to customers' inability to meet their financial obligations. To address this risk, the Group obtains a bank guarantee on the agreed selling price from all customers before construction starts and the customers pay on delivery. In contracts where the scope and price is subsequently changed, the bank guarantee is updated if Management considers the change to be significant. This eliminates the risk of debtor loss, as all payment rights are secured before the houses are delivered.

It is the Company's assessment that the exposure towards credit risk is not significant.

Impairment of other receivables amounted to nil in 2020 and 2019.

### Note 3.4 Accounting policy

#### Trade and other receivables

Receivables are measured at amortized cost. Write-down to counter losses is made according to the simplified expected credit loss model, after which the total loss is recognised immediately in the profit and loss account at the same time as the receivable is recognised in the balance sheet on the basis of expected loss in the total lifetime of the receivable.

The effective interest rate used at the time of initial recognition is used as the discount rate for the individual receivable or portfolio.

Other receivables. Are on initial recognition, such financial assets are subsequently measured at amortised cost using the effective interest rate method (EIR) less impairment. The EIR amortisation is included in financial income in the income statement. The losses arising from impairment are recognised in the income statement in financial expenses.

#### Provisions

Provisions differ from other liabilities because there is a degree of uncertainty concerning when payment will occur or concerning the size of the amount required to settle the provision.

Provisions are recognized in the balance sheet when a legal or informal commitment exists due to an event that has occurred, it is probable that an outflow of resources will be required to settle the commitment and the amount can be estimated reliably.

#### Other liabilities

Other liabilities which include debt to public authorities, employee related costs payable and accruals etc. are measured at amortised cost.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and on hand and demand deposits.

For the purpose of the financial statement of cash flows, cash and cash equivalents consists of cash and short-term deposits, net of outstanding overdrafts.

### Note 3.5 Significant estimates and judgements

#### Guarantee commitments

Provisions for future costs due to guarantee commitments are recognized at the amount expected to be required to settle the commitment on the balance-sheet date. This estimate is based on calculations, assessments by company management and experiences gained from past transactions.

At year-end, the guarantee provision amounted to DKK 50 thousands (2019: DKK 50 thousands, refer to note 3.1 Provisions and contingent liabilities).

## SECTION 4: INVESTMENTS

### Introduction

In this section the Company's investments are explained. This includes investments in intangible and intangible assets, and how these are tested for impairment.

### The following notes are presented in Section 4:

4.1 Investments in subsidiaries

4.2 Accounting policy

### Note 4.1 Investments in subsidiaries

#### Investments in subsidiaries

DKK'000	2020	2019
Cost at Januar 1	0	0
Additions	80	0
<b>Cost at 31 December</b>	<b>80</b>	<b>0</b>
Share of result at 1 January	0	0
Share of results	-31	0
Other comprehensive income	0	0
<b>Share of results at 31 December</b>	<b>-31</b>	<b>0</b>
<b>Net book Value</b>	<b>49</b>	<b>0</b>

Reference is made to note 6.6 for overview of subsidiaries

### Note 4.2 Accounting policy

#### Income from investments in subsidiaries

Income from investments in subsidiaries comprises the pro rata share of the individual profit/loss after full elimination of internal profits or losses.

#### Investments in subsidiaries

The Company's investments in subsidiaries are accounted for using the equity-method. Under the equity method, the investments in subsidiaries are initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Company's share of net assets of the subsidiary since the acquisition date. Goodwill relating to the subsidiary is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit or loss reflects the Company's share of the results of operations of the subsidiary. Any change in OCI of those investees is presented as part of the Company's OCI. In addition, when there has been a change recognised directly in the equity of the subsidiary, the Company recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Company and the subsidiaries are eliminated in the subsidiary

The aggregate of the Company's share of profit or loss of an subsidiary is shown on the face of the statement of profit or loss outside operating profit and represents profit or loss after tax and non-controlling interests of the subsidiary.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company. When necessary, adjustments are made to bring the accounting policies in line with those of the Company.

After application of the equity method, the Company determines whether it is necessary to recognise an impairment loss on its investment in its subsidiaries. At each reporting date, the Company determines whether there is objective evidence that the investment in the subsidiary is impaired. If there is such evidence, the Company calculates the amount of impairment as the difference between the recoverable amount of the subsidiary and its carrying value, and then recognises the loss as 'Share of profit of a subsidiary' in the income statement.

SECTION 5: FUNDING AND CAPITAL STRUCTURE

**Introduction**

This sections includes information regarding the Company's capital structure, and information on how the activities and investments of the Company is funded.

Information regarding the Company's exposure towards liquidity and interest rate risk is also contained in this section.

**The following notes are presented in Section 5:**

- 5.1 Equity
- 5.2 Financial income and expenses
- 5.3 Financial risk management
- 5.4 Accounting policy

**Note 5.1 Equity**

**Share capital**

	2020		2019	
	Nominal value (DKK'000)	Number of shares	Nominal value (DKK'000)	Number of shares
Share capital at 1 January (issued and fully paid)	500	500	500	500
<b>Share capital at 31 December</b>	<b>500</b>	<b>500</b>	<b>500</b>	<b>500</b>

The Company's share capital is nominally DKK 500,000 divided into 500,000 shares of DKK 1 each or multiples herof.

**Note 5.2 Financial income and expenses**

**Financial income and financial expenses**

DKK'000	2020	2019
<b>Financial income</b>		
Interests from Group Entities	1.322	1.298
<b>Total financial income</b>	<b>1.322</b>	<b>1.298</b>
<b>Financial expenses</b>		
Other financial cost	0	9
<b>Total financial expenses</b>	<b>0</b>	<b>9</b>

\*Interest income and expenses from financial assets and financial liabilities measured at amortised cost.

### Note 5.3 Financial risk management

The Company's activities and capital structure is exposed to a variety of financial risks: Market risks (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The Company's management oversees the management of these risks in accordance with the Company's risk management policies.

This section includes description of the risks related to liquidity risk and interest rate risk. Please refer to section 2 for description of currency risk, and section 3 for description of credit risk.

#### Liquidity risk

The Company does not receive payment until construction is finished and the house is handed over to the client.

Accordingly, the Group needs sufficient credit facilities to fund constructions in progress.

The Group continues monitoring the need of liquidity. At 31 December 2020, the Group has an undrawn credit facility of DKK 400 million to ensure that the Group is able to meet its obligations (2019: DKK 449 million). Management considers the credit availability to be sufficient for the next 12 months.

The below presented cash flows are non-discounted amounts, on the earliest possible date at which the Group can be required to settle the financial liability. Floating interest payments on bank borrowings have been determined applying a forward curve on the underlying interest rate at the reporting date.

#### Contractual maturity analysis of financial liabilities

##### 2020

DKK'000	Due within 1 year	Due between 1 and 3 years	Due between 3 and 5 years	Due after 5 years	Total contractual cash flows	Carrying amount
<b>Non-derivative financial liabilities</b>						
Trade and other payables	676	0	0	0	676	676
Other Liabilities	808	0	0	0	808	808
<b>Total non-derivative financial liabilities</b>	<b>1.484</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>1.484</b>	<b>1.484</b>
<b>Total financial liabilities</b>	<b>1.484</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>1.484</b>	<b>1.484</b>

##### 2019

DKK'000	Due within 1 year	Due between 1 and 3 years	Due between 3 and 5 years	Due after 5 years	Total contractual cash flows	Carrying amount
<b>Non-derivative financial liabilities</b>						
Trade and other payables	240	0	0	0	240	240
Payable to affiliated companies	402	0	0	0	402	402
<b>Total non-derivative financial liabilities</b>	<b>642</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>642</b>	<b>642</b>
<b>Total non-derivative financial liabilities</b>	<b>642</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>642</b>	<b>642</b>

The presented cash flows are non-discounted amounts, on the earliest possible date at which the Group can be required to settle the financial liability. Floating interest payments on bank borrowings have been determined applying a forward curve on the underlying interest rate at the reporting date.

#### Interest rate risk

RækkehusCompagniet is not exposed to fluctuations in market interest rates as the Company has no loans with third party.

#### Categories of financial assets and financial liabilities

DKK'000	2020	2019
Cash and receivable	0	42
Receivables	20	0
Receivable from affiliated companies	63.569	64.722
Trade and other payables	676	240
Other liabilities	808	0

It is estimated that the fair value of financial assets and liabilities corresponds to carrying amount in balance sheet.

#### Note 5.4 Accounting policy

##### Equity

##### Dividends

The expected dividend payment for the year is disclosed as a separate item in equity. Proposed dividends are recognized as a liability at the date they are adopted by the annual general meeting (declaration date).

##### Financial income and expenses

Financial income and expenses comprise interest income and expenses including interest on leases, cost of permanent loan facilities, gains and losses on securities, receivables, payables and transactions denominated in foreign currencies, amortisation of financial assets and liabilities, etc.

##### Financial assets

Financial assets are classified as receivables. The Company determines the classification of its financial assets at initial recognition. All financial assets are recognised initially at fair value plus, in the case of assets not at fair value through profit or loss, directly attributable transaction costs.

##### Financial liabilities

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings, carried at amortised cost. This includes directly attributable transaction costs.

The Company's financial liabilities comprise trade payables, borrowings and other payables (primarily staff-related costs not due for payment).

SECTION 6: OTHER DISCLOSURES

Introduction

This section includes other disclosures required by IFRS or additional disclosures required by the Danish Companies Act.

The following notes are presented in Section 6:

- 6.1 Tax
- 6.2 Other non-cash items
- 6.3 Related parties
- 6.4 Auditor's fee
- 6.5 Events after the balance sheet date
- 6.6 List of Group companies
- 6.7 Definitions
- 6.8 Accounting policy

Note 6.1 Tax

Current tax

DKK'000	2020	2019
Income tax	-329	271
Movement in deferred tax	11	0
<b>Income taxes in the income statement</b>	<b>-318</b>	<b>271</b>
<b>Profit before tax</b>	<b>-1.526</b>	<b>1.222</b>
Tax rate, Denmark	22,00%	22,00%
Calculated Tax at the applicable rate for continued operations	-336	269
Expenses not deductible for tax purposes	7	2
Other	11	0
<b>Tax expense for the year</b>	<b>-318</b>	<b>271</b>
<b>Effective tax rate, %</b>	<b>20,82%</b>	<b>22,16%</b>

Deferred tax

DKK'000	2020	2019
<b>Deferred tax at 1 January</b>	<b>-11</b>	<b>-11</b>
Recognised in profit or loss	11	0
<b>Deferred tax at 31 December</b>	<b>0</b>	<b>-11</b>

Deferred tax is presented in the statement of financial position as follows:

DKK'000	Deferred tax asset		Deferred tax liability	
	2020	2019	2020	2019
Other payables	0	11	0	0
<b>Deferred tax</b>	<b>0</b>	<b>11</b>	<b>0</b>	<b>0</b>

Corporation tax payable

DKK'000	2020	2019
<b>Corporation tax payable at 1 January</b>	<b>271</b>	<b>373</b>
Current tax including jointly taxed subsidiaries	-329	271
Corporation tax paid during the year	-271	-373
<b>Corporation tax payable at 31 December</b>	<b>-329</b>	<b>271</b>

**Note 6.2 Other non-cash items**

DKK'000	2020	2019
Non-cash financial items	-1.322	-1.289
<b>Other non-cash items</b>	<b>-1.322</b>	<b>-1.289</b>

**Note 6.3 Related parties****Transactions with Executive Management & Board of Directors**

Transactions with key management personnel include transactions with companies controlled by the key management personnel.

**The ultimate Parent**

The ultimate Parent of the Company is HusCompagniet A/S. There were no transactions between the Company and the ultimate company.

The direct Parent of the Company is HusCompagniet Holding A/S.

**Significant transactions between the Group and related parties with a significant influence**

There were no transactions between the Group and related parties with a significant influence in 2020 (2019: no transactions).

**Note 6.4 Auditor's fee****Fees to auditors**

DKK'000	2020	2019
Audit Service	31	21
Assurance engagements	0	13
Tax advice services	4	4
Other non-audit services	42	0
<b>Total</b>	<b>77</b>	<b>38</b>

**Note 6.5 Events after the balance sheet date**

In February the company sold the two subsidiaries, Strandroseparken Område B and Strandroseparken Område C.

No material events have occurred between 31 December 2020 and the date of publication of this annual report that have not already been included in this annual report and that would have a material effect on the assessment of the company's financial position

#### Note 6.6 List of Group companies

Investment in group companies comprise the following at 31 December 2020.

Name	Country of incorporation	% equity interest
Strandroseparken område B ApS	Denmark	100%
Strandroseparken område C ApS	Denmark	100%

#### Note 6.7 Definitions

The financial ratios under consolidated key figures have been calculated as follows:

Gross margin	$\frac{\text{Gross profit} \times 100}{\text{Revenue}}$	$\frac{\text{Operating profit (EBIT)}}{\text{Total assets} - \text{Current Liabilities}}$
--------------	---	---

#### Key figures and ratios

The ratios have been calculated in accordance with [www.keyratios.org/](http://www.keyratios.org/) issued by CFA Society Denmark. The ratios mentioned in the five-year summary are calculated as described in the definitions above.

ESG key figures have been calculated in accordance with FSR - Danish Auditors, CFA Society Denmark and Nasdaq's 15 suggestions on standardised ESG key figures for the annual report.

**Current income tax**

The company is jointly taxed with all Danish subsidiaries. The current Danish corporation tax is allocated between the jointly-taxed companies in proportion to their taxable income. The jointly-taxed companies are taxed under the on-account tax scheme.

Tax for the year comprises current tax and changes in deferred tax for the year. The tax expense relating to the profit (loss) for the year is recognised in the income statement, and the tax expense relating to amounts recognised in other comprehensive income is recognised in other comprehensive income.

Current tax payable is recognized in current liabilities and deferred tax is recognized in non-current liabilities. Tax receivable is recognized in current assets and deferred tax assets are recognized in non-current assets.

**Deferred tax**

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the period, adjusted for tax on the taxable income of prior periods and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on the planned use of the asset or settlement of the liability, respectively.

Deferred tax assets, including the tax value of tax loss carry-forwards, are measured at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Any deferred net assets are measured at net realisable values.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax due to changes in the tax rate are recognised in the income statement.

## Statement by Management

The Board of Directors and the Executive Board have today discussed and approved the annual report of RækkehusCompagniet A/S for 2020.

The annual report has been prepared in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2020 and of the results of their operations and cash flows for the financial year 1 January – 31 December 2020.

Further, in our opinion, the Management's review gives a fair review of the development in the Group's and the Company's activities and financial matters, results for the year, cash flows and financial position as well as a description of material risks and uncertainties that the Group and the Parent Company face.

We recommend that the annual report be approved at the annual general meeting.

## **Independent auditor's report**

**To the shareholders of RækkehusCompagniet A/S**

### **Opinion**

We have audited the financial statements of RækkehusCompagniet A/S for the financial year 1 January – 31 December 2020, which comprise income statement, statement of comprehensive income, balance sheet, statement of changes in equity, cash flow statement and notes, including accounting policies. The financial statements are prepared in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2020 and of the results of the Company's operations and cash flows for the financial year 1 January – 31 December 2020 in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Independence**

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements.

### **Statement on the Management's review**

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements, or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

### **Management's responsibilities for the financial statements**

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

## Independent auditor's report

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

## **Independent auditor's report**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
