Management's Statement

The Executive Board and Board of Directors have today considered and adopted the Annual Report of NTG Nordic A/S for the financial year 1 January – 31 December 2023.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the financial position at 31 December 2023 of the Company and of the results of the Company operations for 2023.

In our opinion, Management's Review includes a true and fair account of the development in the operations and financial circumstances of the Company, of the results for the year and of the financial position of the Company.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Independent Auditor's Report

To the Shareholders of NTG Nordic A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2023, and of the results of the Company's operations for the financial year 1 January - 31 December 2023 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of NTG Nordic A/S for the financial year 1 January - 31 December 2023, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("financial statements").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Managements Review

Key activities

The Company's key activities comprise national and international freight forwarding and transport, storage and distribution at home and abroad of all types of freight as well as any related business.

Development in the year and Economical conditions

Profit for the year

Net revenue decreased by 8.5% and amounted to DKK 702,618 thousand, mainly driven by reduced spot activity and prices as well as lower fuel prices.

Gross profit amounted to DKK 129,030 thousand and decreased by 7.4% compared to 2022. Gross profit margin was 18.4% for 2023 compared to 18.2% in 2022. The gross profit margin was stable compared to previous year and positively affected by downward pressure on freight rates, resulting in less pass-through revenue.

Profit before financial income and expenses decreased by DKK 11,911 thousand and amounted to DKK 89,630 thousand for 2023. Financial performance of both net profit and sales activity has dropped in 2023 in line with expectations set in 2022. However, the net profit is exceeding managements expectations set last year.

Capital resources

The company has a solid foundation as it is part of the NTG Nordic Transport Group cashpool, hence the resources are covered by the Groups strategic goals to secure sufficient financial flexibility.

The past year and follow-up on development expectations

The market for 2024 is expected to be characterised by low freight rates, soft volumes, and challenging spot markets. Sales are expected to stagnate or slightly increase compared to 2023 with an expected consolidated post-merger net profit for 2024 of DKK 95 - 115 million. For further information about the upcoming merger, please refer to note 13. The Group is built on a solid foundation which has secured a solid footing in Scandinavia where we have a strengthened organisation that is ready to continue exploiting available market opportunities despite harsh times.

Special risks

General risks

The most significant operating exposure faced by NTG Nordic A/S is the requirement that we are strongly positioned in the markets in which we operate to ensure competitive prices, flexible solutions for the individual customer as well as a high degree of efficiency. A decrease in the global production and demand has a direct and negative effect for the need of transportation services and therefore our results.

The company maintains its focus on the 'asset light' businessmodel to accommodate this risk and also continuously have a focus on adjusting the cost base.

The company is as most other companies dependent on the use of IT. Operational disturbances, functionality and implementation errors can have significant impact on our operations and the control of our business.

We are continuously strengthening our IT safety and have implemented a number of operational minimum requirements. In additions to this a number of key controls have been established to ensure that the requirements for the applications are complied with.

The most significant operating exposure faced by NTG Nordic A/S is the requirement that we are strongly positioned in the markets in which we operate to ensure competitive prices, flexible solutions for the individual customer as well as a high degree of efficiency.

Financial risks

The company is operating on foreign markets and is exposed to financial risks.

Financial risks in terms of interest-, currency-, credit-, financing- and liquidity risks are continuously maintained centrally and covered by NTG Nordic Transport Group A/S.

Currency risks

The Company's business activities are exposed to changes in currency rates. Currency risks are sought eliminated and covered centrally by NTG Nordic Transport Groups finance department. Most of the Company's costs and income are settled in DKK or EUR which limits the currency risks.

Credit risks

The company's credit risks are primarily related to trade receivables.

The Company uses credit insurance including other financial guarantees and pledges to cover the credit risks for trade receivables.

Intellectual capital resources

The cornerstone of NTG Nordic A/S' development is faithful, competent and loyal employees with top qualifications. NTG Nordic A/S' recipe for growth is to retain and attract new employees to develop the organisation.

The development of the organisation is based on training and optimisation as well as further development of our IT-platforms to improve the work processes.

External Environment

NTG Nordic A/S makes continuous efforts to reduce our adverse environmental impact. This is done by reducing no-load operations and currently optimising load rates on all transport units.

In-house, we have implemented electronic IT solutions to limit our paper consumption both in the company and with our customers. We moreover only use green electricity and, through this, look after our environmental impact.

Uncertainty relating to recognition and measurement

Recognition and measurement in the Annual Report have not been subject to any uncertainty.

Subsequent events

No events have occurred after the reporting period of importance to the financial statements except the upcoming merger described in note 13.

Statement of Corporate Social Responsibility

Corporate social responsibilities has not been disclosed in accordance with section 99 A(7) of the Danish Financial Statements Act. Corporate social responsibilities are disclosed in the Group's Sustainability Report.

The Sustainability Report is available at <https://investor.ntg.dk/static-files/6cf48eff-cfd7-4866-995e-7e74a9859fdc>

Statement of gender composition in management

Gender composition is disclosed in accordance with section 99 (B) of the Danish Financial Statements Act. NTG Nordic A/S has 5 board members of which 2 are employee selected representatives while the remaining 3 are members of NTG Nordic Transport Group's management including the CEO of Road & Logistics.

The company does not meet the requirements of equal gender composition in the executive management as the gender composition in NTG Nordic A/S is based on who are employed as Group CEO, Group CFO and Road & Logistics CEO. It is the Company's goal to have at least 1 of 3 (33%) board of directors member to be a woman by 31 December 2025 which are encouraged by the company's policies as described in the following paragraph. 0% of board of directors are women as of 31 December 2023.

The company's policy for gender diversity on two top management levels are based on NTG Nordic Transport Groups clauses on antidiscrimination in the Groups Code of Conduct. The policy intends to create a employee composition with equal access and opportunities for all NTG employee. This is incited through the employment- and advancement practises and policies which focuses on equal access and advancement opportunities for all talented and dedicated employees no matter the gender. Gender diversity is included in the recruitment process for the two top management levels on equal footing as experience, background and other relevant skills. Women are represented by 7% of the Company's two top management levels and the total gender composition for the Company is 22% women and 78% men. Total number of employees at two top management levels was 15 at 31 December 2023. It is the Company's goal to have at least 20% of two top management levels to be a woman by 31 December 2027.

Statement of data ethics

The Company is part of the group annual report for NTG Nordic Transport Group A/S, CVR no 12 54 61 06, which has a statement on the Groups policy for data ethics.

The statement is available at <https://investor.ntg.dk/static-files/de8c9e61-e73c-4646-86bf-e74efd14f534>

Notes

Note 1 - Accounting policies

The Annual Report of NTG Nordic A/S for 2023 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to large-sized enterprises of reporting class C.

The accounting policies applied remain unchanged from last year.

The Company's Financial Statements are presented in DKK thousand and rounded to the nearest thousand.

Cash flow statement

With reference to section 86(4) of the Danish Financial Statements Act and to the cash flow statement included in the consolidated financial statements of NTG Nordic Transport Group A/S, the Company has not prepared a cash flow statement.

Recognition and measurement

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the maturity period. Amortised cost is calculated as original cost less any repayments and with addition/deduction of the cumulative amortisation of any difference between cost and the nominal amount. In this way, capital losses and gains are allocated over the maturity period.

Leases

All leases are considered operating leases.

Payments made under operating leases are recognised in the income statement on a straight-line basis over the lease term.

Translation policies

On Initial recognition, transactions denominated in foreign currencies are translated at the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the most recent financial statements is recognised in the income statement as financial income or financial expenses.

Income statement

Revenue

Revenue comprises sale of services and is recognised in the income statement provided that delivery and transfer of risk have been made to the purchaser by year end, and provided that the revenue can be measured reliably, and it is probable that the economic benefits relating to the sale will flow to the Company.

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts and rebates granted are recognised in revenue.

Accrued revenue and accrued costs of services in progress at 31 December 2023 are presented on the line items trade receivables and trade payables, respectively. Accrued revenue is estimated and recognised when a sales transaction fulfils the criteria for revenue recognition, but no final invoice has yet been issued to the customer at the end of the reporting period. Accrued costs are estimated and recognised when supplier invoices relating to recognised revenue for the reporting period have yet to be received.

Direct expenses

Direct expenses comprise expenses incurred to achieve revenue for the year.

Other external expenses

Other external expenses comprise indirect production costs and expenses for premises, sales and distribution as well as office expenses, etc.

Staff costs

Staff expenses include wages and salaries, including compensated absence and pensions, as well as other social security contributions etc. made to the entity's employees. The item is net of refunds made by public authorities.

Amortisation, depreciation and impairment losses

Amortisation, depreciation and impairment losses comprise amortisation, depreciation and impairment of intangible assets.

Financial income and costs

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with NTG Nordic Transport Group A/S. The tax effect of the joint taxation is allocated to enterprises in proportion to their taxable incomes.

Balance sheet

Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts.

Prepayments

Prepayments comprise prepaid expenses concerning rent, insurance premiums, subscriptions and interest.

Cash and cash equivalents

Cash and cash equivalents presented in the balance sheet statement comprise deposits on bank accounts.

Equity - dividend

Dividend distribution proposed by Management for the year is disclosed as a separate equity item.

Deferred tax assets and liabilities

Deferred income tax is measured using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. Any changes in deferred tax due to changes to tax rates are recognised in the income statement or in equity if the deferred tax relates to items recognised in equity.

Current tax receivables and liabilities

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the onaccount taxation scheme are recognised in the income statement in financial income and expenses.

Liabilities

Other liabilities are measured at amortised cost, substantially corresponding to nominal value.

Segment information

The company's business operations are carried out geographically, forming the basis for the company's segment reporting. Information on business segments is based on the company's risk and returns and its internal financial reporting system.

Note 13 - Events after the reporting period

On 1 March 2024, a merger plan was signed whereby the Company is expected to enter a merger with two sister companies, NTG Continent A/S and NTG East A/S. The merger will take effect on 1 April 2024 with NTG Nordic A/S, to be renamed to NTG Road A/S, as the continuing company. The purpose of the merger is to achieve operational synergies, strengthen the platform for future acquisitions, and enhance commercial development efforts.
