### Independent auditor's report

#### To the Shareholder of NLP Danmark 1 ApS

We have audited the financial statements of NLP Danmark 1 ApS for the financial year 1 January - 31 December 2015. The financial statements comprise accounting policies, income statement, balance sheet and notes. The financial statements are prepared in accordance with the Danish Financial Statements Act.

#### Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing and additional requirements under Danish audit regulation. This requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance as to whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our audit has not resulted in any qualification.

The annual report of NLP Danmark 1 ApS for 2015 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The accounting policies applied remain unchanged from previous years, expect for the reclassification in the comparative figures.

The annual report for 2015 is presented in DKK, thousands.

#### **Income Statement**

#### Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Foreign-exchange differences arising between the exchange rates at the transaction date and at the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at the exchange rates at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

#### Revenue

Revenue comprises rental income from the lease of property and from recharged costs. Revenue is recognised in the income statement for the period relating to the financial year.

#### Other external costs

Other external costs comprise costs incurred during the year as a result of the rental of the Company's property and administration.

#### Other financial income and expenses

Other financial income and expenses comprise interest income and expense and realised and unrealised capital gains and losses on financial assets and liabilities.

#### Tax on profit for the year

The Company is subject to the Danish rules on compulsory joint taxation of the Group's Danish subsidiaries. Subsidiaries participate in the joint taxation arrangement from the time when they are included in the consolidated financial statements and until the time when they withdraw from the consolidation.

## **Accounting policies**

On payment of joint taxation contributions, the current Danish income tax is allocated between the jointly taxed entities in proportion to their taxable income. Entities with tax losses receive joint taxation contributions from entities that have been able to use tax losses to reduce their own taxable profits..

Tax for the year, which comprises the current tax charge for the year and changes in the deferred tax charge, including changes arising from changes in tax rates, is recognised in the income statement as regards the portion that relates to entries directly in equity.

#### **Balance Sheet**

#### Tangible assets

Tangible assets are measured at cost less accumulated depreciation and impairment losses.

The depreciable amount is cost less the expected residual value at the end of the useful life. Land is not depreciated.

Cost comprises the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use.

Interest expenses on loans obtained specifically for the purpose of financing the manufacture of property, plant and equipment are included in cost over the manufacturing period. All indirect, attributable borrowing costs are recognised in the income statement.

Depreciation is provided on a straight-line basis over the expected useful life of the asset based on the following expected useful lives:

Land and buildings

100 years

Residual value is 0.

#### Cash at bank and in hand

Cash at bank and in hand comprises cash.

## **Accounting policies**

#### **Equity**

#### Dividend

Dividend expected to be distributed for the year is recognised as a separate item under the equity. Proposed dividend is recognised as a liability at the time of approval by the general meeting.

#### Corporation tax and deferred tax

Current tax liabilities and current tax receivables are recognised in the balance sheet as the estimated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and tax paid on account.

Deferred tax is measured according to the liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities.

Deferred tax is measured on the basis of the taxation rules and taxation rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax.

#### Liabilities

Financial liabilities are recognised on the raising of the loan at the proceeds received net of transaction costs incurred. On subsequent recognition, the financial liabilities are measured at amortised cost, corresponding to the capitalised value, using the effective interest method. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan.

Other liabilities are measured at net realisable value.
