## **Management Review**

### **The company's main activities**

SolutionSpace Holding ApS main objective is to invest in shares and to carry on related activities.

### **Significant changes in the activities and financial affairs**

There has been no significant changes in the company's activities and financial affairs in 2019.

### **Statement by Board of Executives**

The Management Board has today considered and approved the Annual Report for SolutionSpace Holding ApS for the financial year 1 January - 31 December 2019. The Annual Report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statement gives a true and fair view of the financial position at 31 December 2019 of the company and of the results of the company's operations for the financial year 1 January - 31 December 2019.

We recommend that the Annual Report will be approved at the Annual General Meeting.

### **Audit of the Annual Report**

The Company fulfills the conditions in section 135 of the Danish Financial Statements Act and therefore has the opportunity to present an unaudited annual report.

## **Practitioner's Compilation Report**

### **To the Management of SolutionSpace Holding ApS**

We have compiled the accompanying financial statements of SolutionSpace Holding ApS for the financial year 2019 based on information you have provided.

These financial statements comprise a summary of significant accounting policies, income statement, balance sheet and notes.

We performed this compilation engagement in accordance with International Standard on Related Services 4410, Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of these financial statements in accordance with the Danish Financial Statements Act. We have complied with relevant requirements under the Danish Act on Approved Auditors and Audit Firms and FSR - danske revisorer's Code of Ethics, including principles of integrity, objectivity, professional competence and due care.

These financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile these financial statements. Accordingly, we do not express an audit opinion or a review conclusion on whether these financial statements are prepared in accordance with the Danish Financial Statements Act.

## Accounting Policies

### **Basis of accounting**

The Annual Report of SolutionSpace Holding ApS has been presented in accordance with the provisions of the Danish Financial Statements Act as regards reporting class B enterprises with some options for higher accounting class.

The accounting policies applied by the company are consistent with those of last year.

### **Reporting currency**

The financial statements are presented in Danish kroner (DKK).

### **Foreign currency translation**

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognized in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at the exchange rate at the balance sheet date. The difference between the exchange rates at the balance sheet date, at which the receivable or payable arose or was recognized in the most recent financial statements is recognized in the income statements as financial income or financial expenses.

### **Leases**

Leases that do not transfer substantially all the risks and rewards incident to the ownership to the Company are classified as operating leases. Payments relating to operating leases and any other rent agreements are recognized in the income statement over the term of the lease. The Company's aggregate liabilities relating to operating leases and other rent agreements are disclosed under "Contingent liabilities".

## INCOME STATEMENT

### **Gross profit**

With reference to section 32 of the Danish Financial Statements Act, the items 'Revenue', 'Cost of sale', 'Other external expenses' and 'Other operating income' are consolidated into one item designed 'Gross Profit'.

## Accounting Policies (continued)

### **Other external expenses**

Other external expenses include the year's expenses relating to the entity's core activities, including expenses relating to distribution, sale, advertising, administration, premises, bad debts etc.

### **Income from investments in subsidiaries**

The item includes dividend received from subsidiaries in so far as the dividend does not exceed the accumulated earnings in the subsidiary in the period of ownership.

### **Financial income and expenses in general**

Financial income and expenses are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

### **Tax**

The parent company is covered by the Danish rules on mandatory joint taxation of the Group's Danish subsidiaries. Subsidiaries are included in the joint taxation arrangement from the date at which they are included in the consolidated financial statements and up to the date when they are no longer consolidated.

The parent company acts as management company for the joint taxation arrangement and consequently settles all corporate income tax payments with the tax authorities.

On payment of joint taxation contributions, the Danish corporate income tax charge is allocated between the jointly taxed entities in proportion to their taxable income. Entities with tax losses receive joint taxation contributions from entities that have been able to use the tax losses to reduce their own taxable income.

Tax for the year, which comprises the current income tax charge, joint taxation contributions and deferred tax adjustments, including adjustments arising from changes in tax rates, is recognised in the income statement as regards the portion that relates to the profit/loss for the year and directly in equity as regards the portion that relates to entries directly in equity.

## Accounting Policies (continued)

### BALANCE SHEET

#### **Investments in subsidiaries**

Investments in subsidiaries and associates are measured at cost. Dividends received that exceed the accumulated earnings in the subsidiary or the associate during the period of ownership are treated as a reduction in the cost of acquisition.

If the cost exceeds the net realisable value, this is written down to the lower value.

#### **Receivables**

Receivables are measured at amortised cost, which usually corresponds to the nominal value. Provisions are made for bad debts on the basis of objective evidence that a receivable or a group of receivables are impaired. Provisions are made to the lower of the net realizable value and the carrying amount.

#### **Other short-term investments**

Other short-term investments are measured at cost. If the cost exceeds the net realisable value, this is written down to the lower value.

#### **Cash**

Cash comprise cash and short term securities which are readily convertible into cash and subject only to minor risks of changes in value.

#### **Equity**

##### **Proposed dividends**

Dividends proposed for the financial year are presented as a separate item under 'Equity'.

#### **Income taxes**

Current tax payable and receivable is recognized in the balance sheet as the estimated tax charge in the respect of the taxable income for the year, adjusted for tax on prior years' taxable income and tax paid on account.

Provisions for deferred tax are calculated, based on the liability method, of all temporary differences between carrying amounts and tax values, with the exception of temporary differences occurring at the time of acquisition of assets and liabilities neither affecting the results of operations nor the taxable income, as well as temporary differences on non amortisable goodwill.

## **Accounting Policies (continued)**

Deferred tax is measured according to the taxation rules and taxation rates in the respective countries applicable at the balance sheet date when the deferred tax is expected to crystallize as current tax.

Deferred tax assets are recognized at the value at which they are expected to be utilised, either through elimination against tax on future earnings or through a set-off against deferred tax liabilities within the same jurisdiction.

### **Liabilities**

Financial liabilities are recognized on the raising of the loan at the proceeds received net of transaction costs incurred. Interest-bearing debt is subsequently measured at amortised cost, using the effective interest rate method. Borrowing costs, including capital losses, are recognized as financing costs in the income statement over the term of the loan.

Other liabilities are measured at amortised cost, which usually corresponds to the nominal value.
