# Management's Statement

The Executive Board and Board of Directors have today considered and adopted the Annual Report of Quimby 101 ApS for the financial year 1 January - 31 December 2016.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the financial position at 31 December 2016 of the Company and of the results of the Company operations for 2016.

In our opinion, Management's Review includes a true and fair account of the matters addressed in the Review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

# Independent Auditor's Report

To the Shareholder of Quimby 101 ApS

## Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2016 and of the results of the Company's operations for the financial year 1 January - 31 December 2016 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Quimby 101 ApS for the financial year 1 January - 31 December 2016, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("the Financial Statements").

## Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financials Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

# Independent Auditor's Report

## Management's responsibilities for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

## Independent Auditor's Report

- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **Management's Review**

Financial Statements of Quimby 101 ApS for 2016 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B as well as selected rules applying to reporting class C.

The Annual Report has been prepared under the same accounting policies as last year.

### **Main activity**

The Company's purpose is to hold shares in other companies, invest in real estate, and other related services.

### **Development in the year**

The income statement of the Company for 2016 shows a profit of DKK 1,853,790, of which value adjustments amount to DKK 2,266,000, and at 31 December 2016 the balance sheet of the Company shows equity of DKK 15,166,012.

### **Uncertainty relating to recognition and measurement**

As the company is engaged in development of investment properties, the Company is affected by changes in the property market, including the general level of interest rates and economic conditions. For a description of significant assumptions for the fair value recognition as 31 December 2016 please refer to note 5.

### **Subsequent events**

No events materially affecting the assessment of the Annual Report have occurred after the balance sheet date.

	Investment pro- perties <u>DKK</u>
Cost at 1 January	<u>28.095.633</u>
Cost at 31 December	<u>28.095.633</u>
Value adjustments at 1 January	8.038.367
Revaluations for the year	<u>2.266.000</u>
Value adjustments at 31 December	<u>10.304.367</u>
<b>Carrying amount at 31 December</b>	<b><u>38.400.000</u></b>

### Assumptions underlying the determination of fair value of investment properties

The Company's investment property is 70% residential and 30% commercial.

The investment property is located in the area of Copenhagen.

The property is valued at fair value based on a DCF model, which is based on forecasts for future cash flows that the individual property is expected to generate, expected CAPEX investments and development in vacancy.

The basis for value calculation is the individual property's net operating profit, with a budget period of 11 years.

The increase in market rent has been estimated to follow a development in the range of 1% to 2% and with a vacancy level of 0%.

Expected changes in operating costs have been included in the DCF model in the range 1% to 2%.

The discount rate is fixed for the property on the basis of a long-term risk-free nominal interest rate plus a risk adjustment. Risk adjustment is made based on an assessment of tenants' solvency and lease duration. The discount rate for the budget period and the terminal value for 2016 is set to 5,65%, includes a rate of return of 4,15% and an expected inflation of 1,50%.

# Notes to the Financial Statements

## 5 Aktiver der måles til dagsværdi (fortsat)

### Sensitivity in determination of fair value of investment properties

An individually determined average rate of return of 4,15% has been applied in the market value assessment at 31 December 2016.

Changes in estimated required rate of return for investment properties will affect the value of investment properties recognised in the balance sheet as well as value adjustments carried in the income statement.

Changes in average discount rate	-0,5 % DKK	Base DKK	0,5 % DKK
Rate of return	3,7	4,2	4,7
Fair value	44.000.000	38.400.000	34.100.000
Change in fair value	5.600.000	0	-4.300.000

## 6 Long-term debt

Payments due within 1 year are recognised in short-term debt. Other debt is recognised in long-term debt.

The debt falls due for payment as specified below:

	2016 DKK	2015 DKK
<b>Credit institutions</b>		
After 5 years	0	17.850.000
Between 1 and 5 years	0	266.047
Long-term part	0	18.116.047
Within 1 year	0	219.728
	<b>0</b>	<b>18.335.775</b>
<b>Payables to group enterprises</b>		
After 5 years	20.696.477	0
Long-term part	20.696.477	0
Other short-term debt to group enterprises	551.984	1.978.058
	<b>21.248.461</b>	<b>1.978.058</b>

## Notes to the Financial Statements

	2016	2015
	DKK	DKK

### 7 Contingent assets, liabilities and other financial obligations

#### Charges and security

The following assets have been placed as security with CMNRE Duck Holdco ApS's mortgage in credit institutes:

Investment properties with a carrying amount of	38.400.000	0
---	------------	---

The company is jointly and severally liable for CMNRE Duck Holdco ApS's debt to credit institutions

#### Contingent liabilities

The group companies are jointly and severally liable for tax on the jointly taxed income of the Group. Moreover, the group companies are jointly and severally liable for Danish withholding taxes by way of dividend tax, tax on royalty payments and tax on unearned income. Any subsequent adjustments of corporation taxes and withholding taxes may increase the Company's liability.

## **Accounting Policies**

### **Basis of Preparation**

The Annual Report of Quimby 101 ApS for 2016 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B as well as selected rules applying to reporting class C.

Financial Statements for 2016 are presented in DKK.

### **Recognition and measurement**

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

### **Translation policies**

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

### **Income Statement**

#### **Gross profit/loss after value adjustments**

With reference to section 32 of the Danish Financial Statements Act, revenue has not been disclosed in the Annual Report.

## **Accounting Policies**

### **Revenue**

Rental income is recognised on a straight line-basis over the term of the lease.

### **Expenses concerning investment properties**

Expenses concerning investment properties primarily include operating expenses for the year.

### **Other external expenses**

Other external expenses comprise of management and counselling, costs and expenses for premises, etc.

### **Financial income and expenses**

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

### **Tax on profit/loss for the year**

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with wholly owned Danish and foreign subsidiaries. The tax effect of the joint taxation is allocated to enterprises in proportion to their taxable incomes.

## **Balance Sheet**

### **Investment properties**

In Management's opinion the classification of the properties as investment properties did not cause any difficulties.

Fair value is the amount for which the property could be exchanged between knowledgeable, willing parties in an arm's length transaction on the balance sheet date. The determination of fair value involves material accounting estimates.

In Management's opinion it has not been possible this year to determine fair value through market information, and, consequently, valuation has been made based on a recognised valuation technique.

## **Accounting Policies**

The fair value of investment properties has been determined at 31 December 2016 for each property by using a Discounted Cash Flow model under which expected future cash flows are discounted to present value. The calculations are based on property budgets for the coming years. Allowance has been made for developments in rentals, vacancies, operating expenses, maintenance and administration, etc. The individual, budgeted cash flows are discounted at an individually fixed discount rate added a terminal value. The value thus calculated is adjusted for any non-operating assets such as cash and cash equivalents, deposits, etc if they are not shown separately in the balance sheet.

The fair value of investment properties has been assessed by the independent assessor firm Nybolig Erhverv at 31 December 2016.

The estimates applied are based on information and assumptions considered reasonable by Management but which are inherently uncertain and unpredictable. Actual events or circumstances will probably differ from the assumptions made in the calculations as often assumed events do not occur as expected. Such difference may be material. The assumptions applied are disclosed in the notes.

### **Receivables**

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts.

### **Prepayments**

Prepayments comprise prepaid expenses concerning rent, insurance premiums, subscriptions and interest.

### **Provisions**

Provisions are recognised when - in consequence of an event occurred before or on the balance sheet date - the Company has a legal or constructive obligation and it is probable that economic benefits must be given up to settle the obligation.

### **Deferred tax assets and liabilities**

Deferred income tax is measured using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. Any changes in deferred tax due to changes to tax rates are recognised in the income statement or in equity if the de-

## **Accounting Policies**

ferred tax relates to items recognised in equity.

### **Financial debts**

Loans, such as mortgage loans and loans from credit institutions, are recognised initially at the proceeds received net of transaction expenses incurred. Subsequently, the loans are measured at amortised cost; the difference between the proceeds and the nominal value is recognised as an interest expense in the income statement over the loan period.

Mortgage loans are measured at amortised cost, which for cash loans corresponds to the remaining loan. Amortised cost of debenture loans corresponds to the remaining loan calculated as the underlying cash value of the loan at the date of raising the loan adjusted for depreciation of the price adjustment of the loan made over the term of the loan at the date of raising the loan.

Other debts are measured at amortised cost, substantially corresponding to nominal value.

### **Accruals**

Accruals comprises payments received in respect of income in subsequent years.
