Statement by the Board of Directors and the Executive Board

Today, the Executive Board has discussed and approved the annual report of Mermaid Solar Komplementar ApS for the financial year 1 January - 31 December 2023.

The annual report, which has not been audited, has been prepared in accordance with the provisions of the Danish Financial Statements Act. The Executive Board has considered the criteria for omission of audit to be met.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2023 and of the results of the Company's operations for the financial year 1 January - 31 December 2023.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Management commentary

Business review

The company's activity is to be a complementary to Solar companies.

Financial review

The income statement for 2023 shows a profit of DKK 16 thousand against a profit of DKK 24 thousand last year, and the balance sheet at 31 December 2023 shows equity of DKK 133 thousand.

The result for the year is in line with managements expectations.

Recognition and measurement uncertainties

The purpose of the Company is being full liability partner in BESS M01a K/S, Greengo Energy M01a K/S, Greengo Energy M01b K/S, Greengo Energy M111 K/S, Greengo Energy M23 K/S, Greengo Energy M30 K/S, Greengo Energy M34 K/S and Mermaid Solar Net K/S.

The mentioned companies have a negative equity and are currently in the proces of developing solar plants or Battery Energy Storage Systems. One of the companies (Greengo Energy M01a K/S) has completed the construction in 2023 and is expected profitable in the coming years.

The Company's management expects that all of the current projects under development will be profitable and be completed. As a consequence, there has not been recorded a provision for the liability in Mermaid Solar Komplementar ApS.

There is some degree of uncertainty involved regarding the question of how the projects will be completed and/or profitable. Therefore, an uncertainty exists on whether Mermaid Solar Komplementar ApS will have to recognise a loss in the coming years as a resultat of the liability regarding the mentioned companies.

Events after the balance sheet date

No events materially affecting the Company's financial position have occurred subsequent to the financial year-end.

Notes to the financial statements

1 Accounting policies

The annual report of Mermaid Solar Komplementar ApS for 2023 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities and elective choice of certain provisions applying to reporting class C entities.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

Reporting currency

The financial statements are presented in Danish kroner (DKK).

Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at the exchange rate at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the most recent financial statements is recognised in the income statement as financial income or financial expenses.

Income statement

Revenue

The Company has chosen IAS 11/IAS 18 as interpretation for revenue recognition.

Income from the rendering of services is recognised as revenue as the services are rendered. Accordingly, revenue corresponds to the market value of the services rendered during the year.

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts and rebates granted are recognised in revenue.

Gross profit

The items revenue and external expenses have been aggregated into one item in the income statement called gross profit in accordance with section 32 of the Danish Financial Statements Act.

Other external expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to administration, premises, payments under operating leases, etc.

Financial income and expenses

Financial income and expenses are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

Financial statements 1 January - 31 December

Notes to the financial statements

1 Accounting policies (continued)

Tax

Tax for the year includes current tax on the year's expected taxable income and the year's deferred tax adjustments. The portion of the tax for the year that relates to the profit/loss for the year is recognised in the income statement, whereas the portion that relates to transactions taken to equity is recognised in equity.

The Company and its Danish group entities are jointly taxed. The total Danish income tax charge is allocated between profit/loss-making Danish entities in proportion to their taxable income (full absorption).

Jointly taxed entities entitled to a tax refund are reimbursed by the management company based on the rates applicable to interest allowances, and jointly taxed entities which have paid too little tax pay a surcharge according to the rates applicable to interest surcharges to the management company.

Balance sheet

Receivables

The Company has chosen IAS 39 as interpretation for impairment write-down of financial receivables. Receivables are measured at amortised cost.

An impairment loss is recognised if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

Receivables in respect of which there is no objective evidence of individual impairment are tested for objective evidence of impairment on a portfolio basis. The portfolios are primarily based on the debtors' domicile and credit ratings in line with the Company's risk management policy. The objective evidence applied to portfolios is determined based on historical loss experience.

Impairment losses are calculated as the difference between the carrying amount of the receivables and the present value of the expected cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

Cash

Cash comprise cash and short term securities which are readily convertible into cash and subject only to minor risks of changes in value.

Liabilities

The Company has chosen IAS 39 as interpretation for liabilities.

Financial liabilities are recognised at the date of borrowing at the net proceeds received less transaction costs paid. On subsequent recognition, financial liabilities are measured at amortised cost, corresponding to the capitalised value, using the effective interest rate. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan.

Other liabilities are measured at net realisable value.

Financial statements 1 January - 31 December

Notes to the financial statements

2 Recognition and measurement uncertainties

The purpose of the Company is being full liability partner in BESS M01a K/S, Greengo Energy M01a K/S, Greengo Energy M01b K/S, Greengo Energy M111 K/S, Greengo Energy M23 K/S, Greengo Energy M30 K/S, Greengo Energy M34 K/S and Mermaid Solar Net K/S.

The mentioned companies have a negative equity and are currently in the proces of developing solar plants or Battery Energy Storage Systems. One of the companies (Greengo Energy M01a K/S) has completed the construction in 2023 and is expected to be profitable from 2024.
