Statement by management on the annual report

The executive board has today discussed and approved the annual report of VIMMELSKAFTET 30 ApS for the financial year 1 August 2019 - 31 July 2020.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the company's financial position at 31 July 2020 and of the results of the company's operations for the financial year 1 August 2019 - 31 July 2020.

In our opinion, management's review includes a fair review of the matters dealt with in the management's review.

Management recommends that the annual report should be approved by the company in general meeting.

Independent auditor's report

To the shareholder of VIMMELSKAFTET 30 ApS

Opinion

We have audited the financial statements of VIMMELSKAFTET 30 ApS for the financial year 1 August 2019 - 31 July 2020, which comprise income statement, balance sheet, notes and summary of significant accounting policies. The financial statements are prepared under the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the company's financial position at 31 July 2020 and of the results of the company's operations for the financial year 1 August 2019 - 31 July 2020 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements, that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as management determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent auditor's report

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent auditor's report

Statement on management's review

Management is responsible for management's review.

Our opinion on the financial statements does not cover management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read management's review and, in doing so, consider whether management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of management's review.

Management's review

Business review

The Company's main activity is to own and manage real estate and related services.

Financial review

The Company's income statement for the year ended 31 July 2020 shows a loss of DKK 5.699.491, and the balance sheet at 31 July 2020 shows equity of DKK 114.982.782.

The ongoing Covid 19, has had an impact on all businesses in Denmark. However the retail market in the Copenhagen CDB area are having hard times. This concerns the Company as its tenants are retailshops and has resulted in an impairment of the investment property in the financial year of DKK 14,9 million.

Management have considered the possible impact of the ongoing Covid 19 situation. Although some of the tenants in the Company's investment property are influenced by this, it is managements belief, that the necessary measurements have been taken to avoid the more severe impacts. It is impossible to foresee the long term impacts, but management are confident, that the company will be able to handle this and continue operations.

Significant events occurring after the end of the financial year

No events have occurred after the balance sheet date which could significantly affect the Company's financial position.

Accounting policies

The annual report of VIMMELSKAFTET 30 ApS for 2019/20 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The accounting policies applied are consistent with those of last year.

The annual report for 2019/20 is presented in DKK

Basis of recognition and measurement

Income is recognised in the income statement as earned, including value adjustments of financial assets and liabilities. All expenses, including amortisation, depreciation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. On subsequent recognition, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated as the historic cost less any installments and plus/less the accumulated amortisation of the difference between the cost and the nominal amount.

On recognition and measurement, allowance is made for predictable losses and risks which occur before the annual report is presented and which confirm or invalidate matters existing at the balance sheet date.

Income statement

Gross profit

In pursuance of section 32 of the Danish Financial Statements Act, the Company does not disclose its revenue.

Gross profit or loss comprises revenue, property costs and external expenses.

Revenue

Revenue comprise rental income and tenant's contribution to overhead costs and is recognized in the income statement. Rental income is accrued to cover the period up to the end of the financial year.

Other external costs

Other external costs include expenses related administration.

Accounting policies

Financial income and expenses

Financial income and expenses are recognized in the income statement at the amounts relating to the financial year. Net financials include interest income and expenses.

Tax on profit/loss for the year

The company is subject to the Danish rules on compulsory joint taxation of the Group's Danish subsidiaries. Subsidiaries participate in the joint taxation arrangement from the time when they are included in the consolidated financial statements and until the time when they withdraw from the consolidation.

On payment of joint taxation contributions, the current Danish income tax is allocated between the jointly taxed entities in proportion to their taxable income. Entities with tax losses receive joint taxation contributions from entities that have been able to use tax losses to reduce their own taxable profits.

Tax for the year, which comprises the current tax charge for the year and changes in the deferred tax charge, is recognised in the income statement as regards the portion that relates to the profit/loss for the year and directly in equity as regards the portion that relates to entries directly in equity.

Balance sheet

Tangible assets Investment properties

On initial recognition, investment properties are measured at cost consisting of the acquisition price of the properties plus any directly related acquisition costs.

After initial recognition, the properties are measured at fair value which represents the amount at which the individual property may be sold to an independent buyer. The investment property has been valued based on an external estate agent's valuation using the Direct Capitalisation approach. Fair value adjustments for the financial year are recognised in the income statement.

On subsequent recognition, investment property is measured at cost less the year's depreciation and impairment losses. Investment properties are measured at fair value. Value adjustments of investment properties on subsequent recognition, investment property is measured at cost less the year's depreciation and impairment losses.

Receivables

Receivables are measured at amortised cost.

An impairment loss is recognized if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable is impaired, an impairment loss for that individual asset is recognized.

Accounting policies

Cash and cash equivalents

Cash and cash equivalents comprise cash and short-term securities whose remaining life is less than three months and which are readily convertible into cash and which are subject only to insignificant risks of changes in value.

Equity

Dividends

Proposed dividends are disclosed as a separate item under equity. Dividends are recognised as a liability when declared by the annual general meeting of shareholders.

Income tax and deferred tax

Current tax liabilities and current tax receivables are recognized in the balance sheet as the estimated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and tax paid on account.

Deferred tax is measured according to the liability method in respect of temporary differences between the carrying amount of assets and liabilities and their tax base, calculated on the basis of the planned use of the asset and settlement of the liability, respectively.

Liabilities

At the time of borrowing, mortgage debt to mortgage credit institutions is measured at cost which corresponds to the proceeds received less transaction costs incurred. Mortgage debt is subsequently measured at amortised cost. This means that the difference between the proceeds at the time of borrowing and the nominal repayable amount of the loan is recognized in the income statement as a financial expense over the term of the loan applying the effective interest method.

Other liabilities, which include trade payables, payables to group entities and other payables, are measured at amortised cost, which is usually equivalent to nominal value.

Deferred income

Deferred income recognized under 'Current liabilities' comprises payments received concerning income in subsequent financial years.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and at the date of payment are recognised in the income statement as financial income or financial expenses. If foreign currency transactions are considered cash flow hedges, the value adjustments are taken directly to equity.

Disclosure of the assumptions underlying fair value calculations of assets and liabilities

The investment property has been valued based on an external estate agent's valuation using the Direct capitalisation approach. The estate agent has set the required rate of return at 3.9%. The budgeted rental income has been determined based on leases entered into. The operating expenses of the property - including maintenance costs that often have an aperiodic structure - have been determined using an on-average basis. The return set for the year has been capitalised by the required rate of return defined. Based on this, the investment property has been recognized at DKK 220.500k.

The sensitivity related to the calculation can be reflected as follows:

Value at a rate of return of 3.65% (3.9% less 0.25%) DKK 235.600k
Value at a rate of return of 4.15% (3.9% plus 0.25%) DKK 207.200k

The valuation of the property is based on estimates and relies on a number of uncertain factors, including expected developments in the property market and the attractiveness of the property. The Company believes that the external estate agent's valuation is the best measure of the value of the property at 31 July 2020.

Notes

3 Equity

	Share capital	Retained earnings	Proposed dividend for the year	Total
Equity at 1 August 2019	50.000	120.632.273	1.973.000	122.655.273
Ordinary dividend paid	0	0	-1.973.000	-1.973.000
Net profit/loss for the year	0	-8.199.491	2.500.000	-5.699.491
Equity at 31 July 2020	50.000	112.432.782	2.500.000	114.982.782

4 Long term debt

	Debt at 1 August 2019	Debt at 31 July 2020	Instalment next year	Debt outstanding after 5 years
Mortgage loans	98.204.951	98.442.723	0	98.442.723
	98.204.951	98.442.723	0	98.442.723

"The long term loan expires March 2021. The loan will be renewed with another long term loan, and is accordingly disclosed as long term."

5 Contingent liabilities

The Company participates in a Danish joint taxation arrangement in which Vimmelskafte 30 Holding ApS serves as the administration company. According to the joint taxation provisions of the Danish Corporation Tax Act, the Company is therefore liable from the income year 2015 for income taxes etc for the jointly taxed companies and for obligations, if any, relating to the withholding of tax on interest, royalties and dividend for the jointly taxed companies.

6 Mortgages and collateral

Conservative gearing in form of third party senior bank debt are secured in way of first ranking property.

7 Related parties and ownership structure

Controlling interest

- The Company is 100 % owned by Vimmelskafte 30 Holding ApS.
- Vimmelskafte 30 ApS is included in the consolidated financial statements for M&G European Property Fund SICAV-FIS at the lowest and highest level.
