Management Review

Hovedaktivitet

The Company's activities are to provide reusable packaging in the European fresh supply chain.

Development in the Company's activities and financial matters

The income statement of the Company for the period 01 January 2019 to 31 December 2019 shows a profit of DKK 469,577 and the balance sheet of the Company at 31 December 2019 shows a balance sheet total of DKK 121,328,472, and an equity of DKK 4,036,022

Events after the balance sheet date

The current corona pandemic presents us all with unprecedented challenges and therefore requires prudent and responsible action to our customers as well as to our employees, suppliers and service providers. Euro Pool System has taken advanced hygiene, disinfection, quality and safety measures to avoid the risk of contagion caused by the SARS-CoV2 virus. The employees of Euro Pool System work from home during the pandemic. The operational team and the SHEQ department of Euro Pool System regularly monitor the operational maintenance plan in times of crisis in order to ensure the permanent inbound of used reusable trays and the outbound of washed reusable trays to our customers.

Contracts with our customers are also valid for 2020. Despite the corona pandemic, demand for fruit, vegetables and convenience has increased slightly, so there is a slight increase in rising tray movements (outbounds and inbounds), which is expected to be reflected in slightly higher gross sales and a slight increase in the annual result vs. previous year and budget 2020.

Annual report 2019

Independent Auditors Report

To the shareholder of Euro Pool System Denmark ApS

Opinion

We have audited the financial statements of Euro Pool System Denmark ApS for the financial year 01.01.2019 - 31.12.2019, which comprise the income statement, balance sheet and notes, including a summary of significant accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act. In our opinion, the financial statements give a true and fair view of the Entity's financial position at 31.12.2019 and of the results of its operations for the financial year 01.01.2019 - 31.12.2019 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's responsibilities for the audit of the financial statements section of this auditor's report. We are independent of the Entity in accordance with the International Ethics Standards Board of Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, Management is responsible for assessing the Entity's ability to continue as a going concern, for disclosing, as applicable, matters related to going concern, and for using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain profes-

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. We also:
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control. - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements, and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures in the notes, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditors Report

Statement on the management commentary

Management is responsible for the management commentary.

Our opinion on the financial statements does not cover the management commentary, and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the management commentary and, in doing so, consider whether the management commentary is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. Moreover, it is our responsibility to consider whether the management commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the management commentary is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the management commentary.

EURO POOL SYSTEM DENMARK ApS
CVR no. 36423404
Annual report 2019

Statement by the Executive Board

The Directors have today discussed and approved the annual report of Euro Pool System Denmark ApS (the Company) for the financial period 1 January 2019 – 31 December 2019.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

It is our opinion that the financial statements give a true and fair view of the Company's financial position at 31 December 2019 and of the results of the Company's operations for the financial period 01 January 2019 – 31 December 2019.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Copenhagen, 17 September 2020

Management:

Kurt Jäger, Director

Gert Johan Scherping

EURO POOL SYSTEM DENMARK ApS
CVR no. 36423404
Annual report 2019

Accounting Policies

The annual report has been prepared in accordance with Danish financial statements legislation as well as generally accepted accounting principles.

The annual report has been prepared in accordance with the reporting requirements of the Danish Financial Statements Act of class B entities.

The accounting policies applied to these financial statements are consistent with those applied last year.

Recognition and Measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the Entity, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when the Entity has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the Entity, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is effected as described below for each financial statement item.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

Foreign Currency Translations

During the year, transactions in foreign currencies have been translated applying the exchange rate at the transaction date. If currency positions are considered hedge of future cash flows, the value adjustments are recognised directly in equity.

Receivables and debt denominated in foreign currencies have been recognised at the exchange rate of the balance sheet date.

Realised and unrealised exchange gains and losses have been recognised in the income statement under other financial income and expenses.

EURO POOL SYSTEM DENMARK ApS
CVR no. 36423404
Annual report 2019

Accounting Policies

Income Statement

Gross profit/loss

Gross profit or loss comprises revenue, other operating income, cost of goods and external expenses

Revenue

As income recognition criterion, the completed contract method is applied so that revenue comprises invoiced revenue for the year. Revenue is measured at excl. VAT and less customer discounts.

Other operating income

Other operating income includes financial statement items of a secondary nature in relation to the primary activity of the enterprise, including profit on sale of fixed assets.

Cost of Sales

Cost of sales comprises goods consumed in the financial year measured at cost, adjusted for ordinary inventory writedowns.

External expenses

External expenses comprise selling costs, facility costs and administrative expenses.

Staff Costs

Staff costs comprise salaries and wages, and social security contributions, pension contributions, etc for entity staff.

Depreciation

Depreciation relating to fixed assets comprise depreciation for the financial year.

Other financial income and other financial expenses

Financial income and expenses comprise interest, realised and unrealised exchange gains and losses as well as interest surcharge and interest reimbursements under the Danish Tax Prepayment Scheme.

Tax on profit or loss for the year income taxes

Tax on profit or loss for the year represents 22% of the book profit or loss adjusted for non-taxable and non deductible items.

Tax on profit or loss for the year consists of the anticipated tax portion of the taxable income for the year adjusted for the changes for the year in deferred tax.

The Company is subject to the Danish Tax Prepayment Scheme. Interest reimbursement and interest surcharge have been recognised in financial income and expenses.

Balance Sheet

Assets

Fixed Assets

Fixed assets are measured at cost less accumulated depreciation. The basis of depreciation is cost less estimated residual value after the end of useful life.

Cost comprises the acquisition price as well as costs directly related to the acquisition until the time when the asset is ready to be put into operation.

Depreciation is initiated when the assets are ready to be taken into operation. Assets are depreciated on a straight-line basis over their estimated useful lives.

Profit/loss on sale or retirement has been included in the income statement under other operating income and other operating expenses.

Depreciation horizon;

- Properties and buildings - 1-2 years
- Fixture and fittings, tools and equipment - 1-7 years
- Leasehold improvements - 1-3 years

Impairment on Fixed Assets

The carrying amount of fixed assets is reviewed annually for indication of impairment for loss, apart from what is expressed by usual depreciation. If this applies, impairment for loss is made of each asset or group of assets, respectively, to lower recoverable amount.

As recoverable amount, the higher of expected net selling price and net present value is applied. The net present value is calculated as the present value of the anticipated cash flows from the use of the asset or the group of assets.

EURO POOL SYSTEM DENMARK ApS

CVR no. 36423404

Annual report 2019

Accounting Policies

Receivables

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is reduced by write-down for bad debt according to an individual assessment.

Deferred Taxes

Deferred tax is recognised on all temporary differences between the carrying amount and the tax-based value of assets and liabilities, for which the tax-based value is calculated based on the planned use of each asset.

Deferred tax assets, including the tax base of tax loss carryforwards, are recognised in the balance sheet at their estimated realisable value, either as a set-off against deferred tax liabilities or as net tax assets.

Cash

Cash comprises cash in bank deposits.

Liabilities

Other provisions

Other provisions comprise restructuring provisions which are recognised when the Company has a legal or constructive obligation.

Other liabilities other than provisions

Other liabilities other than provisions have been measured at amortised cost which corresponds to nominal value.

Current tax payable

Current tax payable is recognised in the balance sheet, stated as tax computed on this year's taxable income, adjusted for prepaid tax.
