MANAGEMENT'S STATEMENT

Today the Board of Directors and Executive Board have discussed and approved the Annual Report of LAUTEC A/S for the financial year 1 January - 31 December 2022.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2022 and of the results of the Company's operations for the financial year 1 January - 31 December 2022.

The Management Commentary includes in our opinion a fair presentation of the matters dealt with in the Commentary.

We recommend the Annual Report be approved at the Annual General Meeting.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of LAUTEC A/S

Opinion

We have audited the Financial Statements of LAUTEC A/S for the financial year 1 January - 31 December 2022, which comprise income statement, Balance Sheet, statement of changes in equity, notes and a summary of significant accounting policies. The Financial Statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2022 and of the results of the Company's operations for the financial year 1 January - 31 December 2022 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such Internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

INDEPENDENT AUDITOR'S REPORT

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on Management Commentary

Management is responsible for Management Commentary.

Our opinion on the Financial Statements does not cover Management Commentary, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management Commentary and, in doing so, consider whether Management Commentary is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management Commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management Commentary is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of Management Commentary.

Contingencies etc.	7
---------------------------	----------

Contingent liabilities

The company has entered into lease obligations with a notice period of 3 months with a total value of DKK. 94.000

Joint liabilities

The company is jointly and severally liable together with the Parent Company and the other group companies in the joint taxable group for tax on the group's joint taxable income and for certain possible withholding taxes, such as dividend tax, etc.

Tax payable on the Group's joint taxable income is stated in the annual report of Lautec Group A/S, which serves as management company for the joint taxation.

Charges and securities	8
-------------------------------	----------

As security for bank debt of DKK 0, the company has provided a corporate pledge of nominally DKK 2.000.000.

The corporate pledge includes the following assets, the accounting value on the balance day is:

	DKK
Trade receivables.....	11.201.147
Receivables from group enterprises.....	11.626.391
Cash and cash equivalents.....	889.354

ACCOUNTING POLICIES

The Annual Report of LAUTEC A/S for 2022 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The Annual Report is prepared consistently with the accounting principles applied last year.

INCOME STATEMENT

Net revenue

Net revenue from the sale of goods and licenses are recognised in the Income Statement if supply and risk transfer to purchaser has taken place before the end of the year and if the income can be measured reliably and is expected to be received.

Net revenue from the sale of services is recognised in the Income Statement as and when the production progresses, the net revenue being equal to the sales value of the work performed for the year (the production method). This method is applied when the total costs and expenses regarding the contract and the degree of completion at the Balance Sheet date can be reliably assessed, and it is likely that the financial benefits will flow to the Company.

Net revenue is recognised exclusive of VAT and less duties and discounts related to the sale.

Other operating income

Other operating income includes items of a secondary nature in relation to the Company's activities, including subsidies from public authorities and salary refunds.

Direct costs

Direct cost comprise costs incurred to achieve the net revenue for the year.

Other external expenses

Other external expenses include cost of sales, advertising, administration, buildings, bad debts and operating lease expenses, etc.

Payments related to operating lease expenses and other lease agreements are recognised in the Income Statement during the continuance of the contract. The Company's total liability concerning operating and other lease agreements are stated under contingencies, etc.

Staff costs

Staff costs comprise wages and salaries, including holiday pay and pensions, and other costs of social security etc., for the Company's employees.

Income from investments in subsidiaries

The Income Statement of the Parent Company recognises the proportional share of the results of each subsidiary after full elimination of intercompany profits/losses and deduction of amortisation of goodwill.

Financial income and expenses

Financial income and expenses include interest income and expenses, financial expenses of finance leases, realised and unrealised gains and losses arising from investments in financial assets, debt and transactions in foreign currencies, amortisation of financial assets and liabilities, as well as charges and allowances under the tax-on-account scheme etc. Financial income and expenses are recognised in the Income Statement by the amounts that relate to the financial year.

Tax

The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the income statement by the portion that may be attributed to the profit for the year, and is recognised directly in the equity by the portion that may be attributed to entries directly to the equity.

ACCOUNTING POLICIES

BALANCE SHEET

Financial non-current assets

Investments in subsidiaries are measured in the Parent Company Balance Sheet under the equity method.

Investments in subsidiaries are measured in the Balance Sheet at the proportional share of the enterprises' carrying equity value, calculated in accordance with the Parent Company's accounting policies with deduction or addition of unrealised intercompany profits or losses and with addition or deduction of the residual value of positive or negative goodwill

Acquired enterprises are recognised in the consolidated Financial Statements under the acquisition method, reassessing all identified assets and liabilities to fair value at the acquisition date. The fair value is calculated based on acquisitions made in an active market, alternatively calculated using generally accepted valuation methods.

Net revaluation of investments in subsidiaries and associates is transferred under the equity to reserve for net revaluation under the equity value method to the extent that the carrying amount exceeds the acquisition value.

Subsidiaries with a negative carrying equity value are measured to DKK 0 and any amounts due from these enterprises are written down by the company's share of the negative equity to the extent that it is deemed to be irrecoverable. If the carrying negative equity value exceeds receivables, the residual amount is recognised under provision for liabilities to the extent that the company's has a legal or actual liability to cover the subsidiaries deficit.

Deposits include rental deposits which are recognised and measured at amortised cost. Deposits are not depreciated.

Receivables

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is written down to meet expected losses.

Accruals, assets

Accruals recognised as assets include costs incurred relating to the subsequent financial year.

ACCOUNTING POLICIES

Tax payable and deferred tax

Current tax liabilities and receivable current tax are recognised in the Balance Sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

The Company is subject to joint taxation with Danish group companies. The current corporation tax is distributed among the joint taxable companies in proportion to their taxable income and with full allocation and refund related to tax losses. The joint taxable companies are included in the tax-on-account scheme. Joint taxation contributions receivable and payable are recognised in the Balance Sheet under current assets and liabilities, respectively.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carry-forwards, are measured at the expected realisable value of the asset, either by set-off against tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the Balance Sheet date will be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.

Liabilities

Financial liabilities are recognised at amortised cost equal to the nominal value.

Accruals, liabilities

Accruals recognised as liabilities include payments received regarding income in subsequent years.

Foreign currency translation

Transactions in foreign currencies are translated at the rate of exchange on the transaction date. Exchange differences arising between the rate on the transaction date and the rate on the payment date are recognised in the income statement as a financial income or expense.

Receivables, payables and other monetary items in foreign currencies that are not settled on the Balance Sheet date are translated at the exchange rate on the Balance Sheet date. The difference between the exchange rate on the Balance Sheet date and the exchange rate at the time of occurrence of the receivables or payables is recognised in the income statement as financial income or expenses.

Fixed assets acquired in foreign currencies are translated at the rate of exchange on the transaction date.
