Notes:

- To ensure the greatest possible applicability of this document, British English terminology has been used.
- Please note that decimal points have not been used in the usual English way. This means that for instance DKK 146.940 means the amount of DKK 146,940, and that 23,5 % means 23.5 %.

## **Management's report**

---

The managing director has today presented the annual report of Teleskin Holding ApS for the financial year 1 January to 31 December 2018.

The annual report has been presented in accordance with the Danish Financial Statements Act.

I consider the accounting policies used appropriate, and in my opinion the annual accounts provide a true and fair view of the company's assets and liabilities and its financial position at 31 December 2018 and of the company's results of its activities in the financial year 1 January to 31 December 2018.

I am of the opinion that the management's review includes a fair description of the issues dealt with.

The annual report is recommended for approval by the general meeting.

Rønde, 22 May 2019

**Managing Director**

Zeljko Ratkaj

## **Independent auditor's report**

---

### **To the shareholders of Teleskin Holding ApS**

#### **Opinion**

We have audited the annual accounts of Teleskin Holding ApS for the financial year 1 January to 31 December 2018, which comprise accounting policies used, profit and loss account, balance sheet and notes. The annual accounts are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the annual accounts give a true and fair view of the company's assets, liabilities and financial position at 31 December 2018 and of the results of the company's operations for the financial year 1 January to 31 December 2018 in accordance with the Danish Financial Statements Act.

#### **Basis for opinion**

We conducted our audit in accordance with international standards on auditing and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the below section "Auditor's responsibilities for the audit of the annual accounts". We are independent of the company in accordance with international ethics standards for accountants (IESBA's Code of Ethics) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these standards and requirements. We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our opinion.

#### **The management's responsibilities for the annual accounts**

The management is responsible for the preparation of annual accounts that give a true and fair view in accordance with the Danish Financial Statements Act. The management is also responsible for such internal control as the management determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the management is responsible for evaluating the company's ability to continue as a going concern, and, when relevant, disclosing matters related to going concern and using the going concern basis of accounting when preparing the annual accounts, unless the management either intends to liquidate the company or to cease operations, or if it has no realistic alternative but to do so.

#### **Auditor's responsibilities for the audit of the annual accounts**

Our objectives are to obtain reasonable assurance about whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report including an opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with international standards on auditing and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements may arise due to fraud or error and may be considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions made by users on the basis of the annual accounts.

## **Independent auditor's report**

---

As part of an audit conducted in accordance with international standards on auditing and the additional requirements applicable in Denmark, we exercise professional evaluations and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement in the annual accounts, whether due to fraud or error, design and perform audit procedures in response to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than the risk of not detecting a misstatement resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of the internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluate the appropriateness of accounting policies used by the management and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's preparation of the annual accounts being based on the going concern principle and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may raise significant doubt about the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the annual accounts, including the disclosures in the notes, and whether the annual accounts reflect the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that we identify during our audit.

### **Statement on the management's review**

The management is responsible for the management's review.

Our opinion on the annual accounts does not cover the management's review, and we do not express any kind of assurance opinion on the management's review.

## **Independent auditor's report**

---

In connection with our audit of the annual accounts, our responsibility is to read the management's review and in that connection consider whether the management's review is materially inconsistent with the annual accounts or our knowledge obtained during the audit, or whether it otherwise appears to contain material misstatement.

Furthermore, it is our responsibility to consider whether the management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we believe that the management's review is in accordance with the annual accounts and that it has been prepared in accordance with the requirements of the Danish Financial Statement Acts. We did not find any material misstatement in the management's review.

## **Management's review**

---

### **The principal activities of the company**

The company's aim is to hold shares in other companies and related activities after the board's directions.

### **Development in activities and financial matters**

The results after tax are DKK -249.609 against DKK -607.942 last year. The management considers the results unsatisfactory.

## **Accounting policies used**

---

The annual report for Teleskin Holding ApS is presented in accordance with those regulations of the Danish Financial Statements Act concerning companies identified as class B enterprises. Furthermore, the company has chosen to comply with some of the rules applying for class C enterprises.

The accounting policies used are unchanged compared to last year, and the annual accounts are presented in Danish kroner (DKK).

### **The profit and loss account**

#### **Gross loss**

The gross loss comprises external costs.

Other external costs comprise costs for administration.

#### **Results from equity investments in group enterprises**

After full elimination of intercompany profit or loss and deduction of amortisation of consolidated goodwill, the equity investment in the individual group enterprises are recognised in the profit and loss account at a proportional share of the group enterprises' results after tax.

#### **Tax of the results for the year**

The tax for the year comprises the current tax for the year and the changes in deferred tax, and it is recognised in the profit and loss account with the share referring to the results for the year and directly in the equity with the share referring to entries directly on the equity.

The company is subject to the Danish legislation concerning compulsory joint taxation with the Danish group enterprises. The company acts as an administration company in relation to the joint taxation. This means that the total Danish tax payable of the income of the Danish consolidated companies is paid to the tax authorities by the company.

The current Danish corporate tax is allocated among the jointly taxed companies in proportion to their respective taxable income (full allocation with reimbursement of tax losses).

### **The balance sheet**

#### **Financial fixed assets**

##### **Equity investments in group enterprises**

Equity investments in group enterprises are recognised in the balance sheet at a proportional share under the equity method, the value being calculated on the basis of the accounting policies of the parent company by the deduction or addition of unrealised intercompany profits and losses, and with the addition or deduction of residual value of positive or negative goodwill measured by applying the acquisition method.

## **Accounting policies used**

---

Group enterprises and associated enterprises with negative equity are recognised without any value, and to the extent they are considered irrevocable, amounts owed by these companies are written down by the parent's share of the equity. If the negative equity exceeds the debtors, the residual amount is recognised under liability provisions to the extent the parent has a legal or actual liability to cover the negative equity of the subsidiary.

To the extent the equity exceeds the cost, the net revaluation of equity investments in group enterprises are transferred to the reserves under the equity for net revaluation as per the equity method. Dividends from group enterprises expected to be decided before the approval of this annual report are not subject to a limitation of the revaluation reserves. The reserves are adjusted by other equity movements in group enterprises.

### **Debtors**

Debtors are measured at amortised cost which usually corresponds to face value. In order to meet expected losses, writedown takes place at the net realisable value.

### **Available funds**

Available funds comprise cash at bank and in hand.

### **Equity**

#### **Reserves for net revaluation as per the equity method**

Reserves for net revaluation as per the equity method comprise net revaluation of equity investments in subsidiaries and associates in proportion to cost.

The reserves may be eliminated in case of losses, realisation of equity investments or changes in the financial estimates.

It is not possible to recognise the reserves with a negative amount.

#### **Corporate tax and deferred tax**

Current tax receivable and tax liabilities are recognised in the balance sheet at the amount calculated on the basis of the expected taxable income for the year adjusted for tax on previous years' taxable income and prepaid taxes. Tax receivable and tax liabilities are set off to the extent that legal right of set-off exists and if the items are expected to be settled net or simultaneously.

Teleskin Holding ApS is jointly taxed with the Danish group companies and acts in this respect as the administration company. According to the rules of joint taxation, Teleskin Holding ApS is unlimited, jointly and severally liable towards the Danish tax authorities for the total corporation tax, including withholding tax on interest, royalties and dividends, arising within the jointly taxed group of companies.

Payable and receivable joint taxation contributions are recognised in the balance sheet as "Receivable corporate tax" or "Payable corporate tax".

## **Accounting policies used**

---

Deferred tax is measured on the basis of all temporary differences in assets and liabilities with a balance sheet focus.

Deferred tax assets, including the tax value of tax losses eligible for carry-over, are recognised at the value at which they are expected to be realisable, either by settlement against tax of future earnings or by set-off in deferred tax liabilities within the same legal tax unit.

Deferred tax is measured based on the tax rules and tax rates applying under the legislation on the balance sheet date and prevailing when the deferred tax is expected to be released as current tax.

### **Liabilities**

Other liabilities are measured at amortised cost which usually corresponds to the nominal value.

The company is the administration company of the group of companies subject to the Danish scheme of joint taxation and unlimited jointly and severally liable with the other jointly taxed companies for the total corporation tax.

The company is unlimited jointly and severally liable with the other jointly taxed companies for any obligation to withhold tax on interest, royalties and dividends.

Any subsequent adjustments of corporate taxes or withheld taxes etc. may cause changes in the company's liabilities.
