OOUR ApS

Management's Statement

Today, Management has considered and adopted the Annual Report of OOUR ApS for the financial year 1 January 2020 - 31 December 2020.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2020 and of the results of the Company's operations for the financial year 1 January 2020 - 31 December 2020.

In our opinion, the Management's Review includes a true and fair account of the matters addressed in the review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Company details

Company	OOUR ApS Amagertorv 14, 1, 1160 Copenhagen K
CVR No.	36557648
Date of formation	5 March 2015
Executive Board	Chul Joon Park, Manager Seongtaek Jang, Manager

Management's Review

The Company's principal activities

The Company's principal activities is trade and investments.

Development in activities and financial matters

The Company's Income Statement of the financial year 1 January 2020 - 31 December 2020 shows a result of DKK -3.211.352 and the Balance Sheet at 31 December 2020 a balance sheet total of DKK 2.372.803 and an equity of DKK -12.548.579.

Preparedness of capital/insecurity of going concern

The company has lost more than 50% of its share capital and hence subject to the rules regarding loss of capital in the danish companies Act. The management expects the reestablishing of the capital in 3 to 4 years, by the company's own earning.

The company is dependent on that required funding is provided by the shareholders. The management expects that the funds needed are provided and in compliance hereby submit the annual financial statement under the assumption of continued operation.

OOUR ApS

Accounting Policies

Reporting Class

The Annual Report of OOUR ApS for 2020 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B, with the adoption of individual rules from class C.

The accounting policies applied remain unchanged from last year.

Reclassification of comparative figures

The company has adjusted the comparative figures for Other employee expenses and Other external expenses, due to the accounting item Other employee expenses in 2018 contained accounting items that need to be classified as Other external expenses.

The adjustment of the comparative figures has not effected the company's result or equity.

Reporting currency

The Annual Report is presented in Danish kroner.

Translation policies

Transactions in foreign currencies are translated into DKK at the exchange rate prevailing at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into DKK based on the exchange rates prevailing at the balance sheet day. Realised and unrealised foreign exchange gains and losses are included in the Income Statement under Financial Income and Expenses.

Income Statement

Gross profit/loss

The Company has decided to aggregate certain items of the Income Statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit is a combination of the items of revenue, raw materials and consumables used, and other external expenses.

Revenue

Revenue is recognised in the income statement if the goods have been delivered and the risk has passed to the byer before year-end and if the revenue can be reliably calculated and expected to be received. Revenue is recognised exclusive of VAT and net of sales discounts.

Raw materials and consumables used

Costs for raw materials and consumables comprise the cost of goods purchased less discounts.

Other external expenses

Other external costs include costs for distribution, sales, advertising, administration, premises and loss of debtors.

Employee expenses

Employee expenses comprise wages, salaries and other pay-related costs, such as sickness benefits for enterprise employees less wage/salary reimbursement, pensions and social security costs.

Other employee expenses are recognised in other external expenses.

Accounting Policies

Amortisation and impairment of tangible assets

Amortisation and impairment of tangible assets has been performed based on a continuing assessment of the useful life of the assets in the Company. Non-current assets are amortised on a straight line basis, based on cost, on the basis of the following assessment of useful life and residual values:

	Useful life	Residual value
Other fixtures and fittings, tools and equipment	3 years	0%
Leasehold improvements	5 years	0%

Profit or loss resulting from the sale of tangible assets is determined as the difference between the selling price less selling costs and the carrying amount at the date of sale, and is recognised in the Income Statement under other operating income or expenses.

Financial income and expenses

Financial income and expenses are recognised in the Income Statement based on the amounts that concern the financial year. Financial income and expenses include interest revenue and expenses, finance charges in respect of finance leases, accounts payable and transactions in foreign currencies, and surcharges and allowances under the tax prepayment scheme.

Tax on net profit for the year

Tax on net profit/loss for the year comprises current tax on expected taxable income of the year and the year's adjustment of deferred tax less the part of the tax of the year that relates to changes in equity. Current and deferred tax regarding changes in equity is recognised directly in equity.

Balance Sheet

Tangible assets

Tangible assets are measured at cost on initial recognition and subsequently at cost less accumulated depreciation and impairment losses.

The depreciable amount is calculated taking into consideration the residual value of the asset at the end of its useful life, reduced by impairment losses, if any. The depreciation period and the residual value are determined at the date of acquisition. If the residual value exceeds the carrying amount of the asset, depreciation is discontinued.

In case of changes in depreciation period or residual value, the effect of a change in depreciation period is recognised prospectively in accounting estimates.

Cost includes the purchase price and expenses directly related to the acquisition until the time when the asset is ready for use. The cost of self-constructed assets includes costs for materials, components, subcontractors, direct payroll costs and indirect production costs.

The cost of composite asset is disaggregated into components, which are separately depreciated if the useful lives of the individual components differ.

Deposits

Deposits are measured at cost.

Receivables

Receivables are measured at amortised cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

Accounting Policies

Accrued income, assets

Accrued income recognised in assets comprises prepaid costs regarding subsequent financial years.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand as well as short-term securities with a term of less than three months which can be converted directly into cash at bank and in hand and involve only an insignificant risk of value changes.

Equity

Equity comprises the working capital and a number of equity items that may be statutory or stipulated in the articles of association.

Current tax liabilities

Current tax liabilities and current tax receivables are recognised in the Balance Sheet as calculated tax on the expected taxable income for the year, adjusted for tax on taxable income for previous years as well as for tax prepaid.

Payables

Payables are measured at amortised cost, which usually corresponds to the nominal value

Contingent assets and liabilities

Contingent assets and liabilities are not recognised in the Balance Sheet but appear only in the notes.
