Statement by Management

The Board of Directors and the Executive Board have today discussed and approved the annual report of 3D Realms Entertainment ApS for the financial year 1 April 2021 – 31 March 2022.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 March 2022 and of the results of its operations for the financial year 1 April 2021 – 31 March 2022.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Aalborg, 7 October 2022

Executive Board:

Frederik Burciu Schreiber

Board of Directors:

Timothy Richard Willits

Todd Stephen Hollenshead

Independent auditor's report

To the shareholders of 3D Realms Entertainment ApS

Opinion

We have conducted an extended review of the financial statements of 3D Realms Entertainment ApS for the financial year 1 April 2021 – 31 March 2022, which comprise income statement, balance sheet, statement of changes in equity and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

Based on the work we have performed, in our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 March 2022 and of the results of the Company's operations for the financial year 1 April 2021 – 31 March 2022 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our extended review in accordance with the Danish Business Authority's standard on extended review for small entities and FSR – Danish Auditors' standard on extended review of financial statements prepared in accordance with the Danish Financial Statements Act. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the extended review of the financial statements" section. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act. Management is also responsible for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our responsibility is to express a conclusion on the financial statements. This requires that we plan and perform procedures to obtain limited assurance for our conclusion on the financial statements and perform specifically required supplementary procedures to obtain additional assurance for our conclusion.

An extended review comprises procedures that primarily consist of making enquiries of Management and others within the entity, as appropriate, analytical procedures and the specifically required supplementary procedures as well as evaluation of the evidence obtained.

The procedures performed in an extended review are less than those performed in an audit, and accordingly, we do not express an audit opinion on the financial statements.

Independent auditor's report

Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our extended review of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the extended review, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

Management's review

Operating review

Principal activities

The Company's principal activity is developing and publishing computer games as well as related business at the discretion of Management.

Development in activities and financial matters

The income statement for 2021/22 shows a loss of DKK 405 thousand against a loss of DKK 630 thousand last year, and the balance sheet at 31 March 2022 shows equity of DKK 5,286 thousand.

Equity is positively impacted by shareholder contribution of DKK 3,873 thousand in 2021/22.

Loss for the year is negatively impacted by result from group entities with DKK 1,956 thousand based on a capital contribution in the subsidiaries to restore the capital foundation of the company and afterwards write-down to equity value at 31 March 2022 in the subsidiaries.

Management considers the Company's financial performance in the year satisfactory, under the given market conditions.

On 16 July 2021 the company was acquired by Embracer Group AB.

Events after the balance sheet date

No events materially affecting the Company's financial position have occurred subsequent to the financial year-end.

Financial statements 1 April 2021 – 31 March 2022

Notes

1 Accounting policies

The annual report of 3D Realms Entertainment ApS for 2021/22 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities and elective choice of certain provisions applying to reporting class C entities.

Pursuant to section 110(1) of the Danish Financial Statements Act, the Company has not prepared consolidated financial statements.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

Presentation currency

The financial statements are presented in Danish Kroner (DKK'000).

Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and the date of payment are recognized in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at the exchange rate at the balance sheet date. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognized in the most recent financial statements is recognized in the income statement as financial income or financial expenses.

Income statement

Revenue

The Company has chosen IAS 11/IAS 18 as interpretation for revenue recognition.

Income from the sale of goods for resale and finished goods is recognized in revenue when the most significant rewards and risks have been transferred to the buyer and provided the income can be measured reliably and payment is expected to be received.

Income from the rendering of services is recognized as revenue as the services are rendered. Accordingly, revenue corresponds to the market value of the services rendered during the year (percentage-of-completion method).

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts and rebates granted are recognized in revenue.

Gross profit

The items revenue, cost of sales and external expenses and other operating income have been aggregated into one item in the income statement called gross profit in accordance with section 32 of the Danish Financial Statements Act.

Other operating income

Other operating income comprise items secondary to the principal activities of the Company, including rental income from the temporary lease out of production facilities.

Cost of sales

Cost of sales includes the cost of goods used in generating the year's revenue.

Financial statements 1 April 2021 – 31 March 2022

Notes

1 Accounting policies (continued)

Other external expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

Staff costs

Staff costs comprise wages and salaries, including holiday allowance and pensions, and other social security costs, etc., for the Company's employees. Refunds received from public authorities are deducted from staff costs.

Amortization/depreciation

The item comprises amortization/depreciation of intangible assets and property, plant and equipment. The basis of amortization/depreciation, which is calculated as cost less any residual value, is amortized/depreciated on a straight-line basis over the expected useful life. The expected useful lives of the assets are as follows:

Completed development projects	3 years
Acquired intangible assets	2-5 years
Fixtures and fittings, other plant and equipment	3-5 years

Depreciation is based on the residual value of the asset and is reduced by impairment losses, if any. The depreciation period and the residual value are determined at the acquisition date and are reassessed annually. Where the residual value exceeds the carrying amount of the asset, no further depreciation charges are recognized.

In the case of changes in the depreciation period or the residual value, the effect on the depreciation charges is recognized prospectively as a change in accounting estimates.

Profit/loss from investments in subsidiaries

A proportionate share of the underlying entities' profit/loss after tax is recognized in the income statement according to the equity method. Shares of profit/loss after tax in subsidiaries are presented as separate line items in the income statement.

Financial income and expenses

Financial income and expenses are recognized in the income statements at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

Tax for the year

Tax for the year includes current tax on the year's expected taxable income and the year's deferred tax adjustments. The portion of the tax for the year that relates to the profit/loss for the year is recognized in the income statement, whereas the portion that relates to transactions taken to equity is recognized in equity.

The entity is jointly taxed with other group entities. The total Danish income tax charge is allocated between profit/loss-making Danish entities in proportion to their taxable income (full absorption).

Jointly taxed entities entitled to a tax refund are reimbursed by the management company based on the rates applicable to interest allowances, and jointly taxed entities which have paid too little tax pay a surcharge according to the rates applicable to interest surcharges to the management company.

Financial statements 1 April 2021 – 31 March 2022

Notes

1 Accounting policies (continued)

Balance sheet

Intangible assets

Other intangible assets include other acquired intangible rights.

Other intangible assets are measured at cost less accumulated amortization and impairment losses.

Development costs comprise expenses, salaries and amortization directly or indirectly attributable to development activities.

Development projects that are clearly defined and identifiable, where the technical feasibility, sufficient resources and a potential future market or development opportunities are identifiable and where the Company intends to produce, market or use the project, are recognized as intangible assets provided that the cost can be measured reliably and that there is sufficient assurance that future earnings can cover production costs, selling costs and administrative expenses and development costs. Other development costs are recognized in the income statement as incurred.

Development costs that are recognized in the balance sheet are measured at cost less accumulated amortization and impairment losses.

On completion of a development project, development costs are amortized on a straight-line basis over the estimated useful life. The amortization period is usually 3 years.

Gains and losses on the sale of intangible assets are recognized in the income statement under "Other operating income" or "Other operating expenses", respectively. Gains and losses are calculated as the difference between the selling price less selling expenses and the carrying amount at the time of sale.

Property, plant and equipment

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses. Cost includes the acquisition price and costs directly related to the acquisition until the time at which the asset is ready for use.

Gains or losses are calculated as the difference between the selling price less selling costs and the carrying amount at the date of disposal. Gains and losses from the disposal of property, plant and equipment are recognized in the income statement as "Other operating income" or "Other operating expenses".

Investments in subsidiaries, associates and participating interests

Equity investments in subsidiaries are measured according to the equity method.

On initial recognition, equity investments in subsidiaries are measured at cost, i.e. plus transaction costs. The cost is allocated in accordance with the acquisition method.

Identified increases in value and goodwill, if any, compared to the underlying entity's net asset value are amortized in accordance with the accounting policies for the assets and liabilities to which they can be attributed. Negative goodwill is recognized in the income statement.

Dividend received is deducted from the carrying amount.

Financial statements 1 April 2021 – 31 March 2022

Notes

1 Accounting policies (continued)

Impairment of fixed assets

The carrying amount of intangible assets, property, plant and equipment and investments in subsidiaries is assessed for impairment on an annual basis.

Impairment tests are conducted on assets or groups of assets when there is evidence of impairment. The carrying amount of impaired assets is reduced to the higher of the net selling price and the value in use (recoverable amount).

The recoverable amount is the higher of the net selling price of an asset and its value in use. The value in use is calculated as the present value of the expected net cash flows from the use of the asset or the group of assets and the expected net cash flows from the disposal of the asset or the group of assets after the end of the useful life.

Previously recognized impairment losses are reversed when the reason for recognition no longer exists. Impairment losses on goodwill are not reversed

Receivables

Receivables are measured at amortised cost.

The Company has chosen IAS 39 as interpretation for impairment write-down of financial receivables.

An impairment loss is recognized if there is objective evidence that a receivable is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognized on an individual basis.

Cash

Cash comprise cash and short-term securities which are readily convertible into cash and subject only to minor risks of changes in value.

Equity

Reserve for development costs

The reserve for development costs comprises recognized development costs. The reserve cannot be used to distribute dividend or cover losses. The reserve will be reduced or dissolved if the recognized development costs are amortized or are no longer part of the Company's operations by a transfer directly to the distributable reserves under equity.

Proposed dividends

Dividend proposed for the year is recognized as a liability once adopted at the annual general meeting (declaration date). Dividends expected to be distributed for the financial year are presented as a separate item under "Equity".

Financial statements 1 April 2021 – 31 March 2022

Notes

1 Accounting policies (continued)

Corporation tax and deferred tax

Current tax payables and receivables are recognized in the balance sheet as the estimated income tax charge for the year, adjusted for prior-year taxes and tax paid on account.

Deferred tax is measured according to the liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities. Where alternative tax rules can be applied to determine the tax base, deferred tax is measured based on Management's intended use of the asset or settlement of the liability, respectively.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallize as current tax. Deferred tax assets are recognized at the expected value of their utilization; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Changes in deferred tax due to changes in the tax rate is recognized in the income statement.

Liabilities other than provisions

Financial liabilities comprising amounts payable to credit institutions, trade payables and payables to group entities are recognised at the date of borrowing at cost, corresponding to the proceeds received less transaction costs paid. In subsequent periods, financial liabilities are measured at amortised cost.

Financial liabilities also include the capitalised residual lease commitment in respect of finance leases.

Freeze liability, which comprises frozen holiday funds, is measured at net realisable value, including indexation. Indexation is recognised in the income statement as interest expenses.

Other liabilities are measured at net realisable value.

Completed and development projects in progress

Completed and development projects in progress include the development of new games, including adaptation for different console versions.

The development includes programming, porting, and project management. The first game is fully developed and published in the financial year of 2019/20. The depreciation has begun for the completed development project. Completed development projects are depreciated over 3 years according to the Company's accounting policies.

The Company also have development projects in progress, which have been partially completed, while additional parts of the development projects are expected to be completed in the financial year of 2022/23.

Management has high expectations of the development projects and have not found indications of impairment losses in relation to the carrying amount.

Action Entertainment Inc., Texas, USA owns the remaining 5,00% of Apogee Software Ltd. d/b/a 3D Realms, Texas, USA

7 Contractual obligations and contingencies, etc.

Other contingent liabilities

The Company is jointly taxed with other Danish entities in the Embracer Group AB group where Ghost Ship Holding ApS (CVR no. 37 86 40 05) acts as management company and is liable unlimitedly and jointly and severally with other Danish jointly taxed group entities for payment of Danish corporation taxes as well as withholding taxes on interest, royalties and dividends falling due for payment. The total known net liability of the jointly taxed companies on corporation taxes and withholding taxes due is shown in the management company's annual report. Any subsequent corrections to the joint taxation income may result in the company's liability amounting to a larger amount.
