Statement by Management on the annual report

Today, the Executive Board has discussed and approved the annual report of GP 0615 ApS for the financial year 1 January 2019 - 31 December 2019.

The annual report, which has not been audited, has been prepared in accordance with the provisions of the Danish Financial Statements Act. The Executive Board considers the criteria for omission of audit to be met.

In my opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2019 and of the results of the Company's operations for the financial year 1 January - 31 December 2019.

Further, in my opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

I recommend that the annual report be approved at the annual general meeting.

Hedehusene, June 2020

Notes

1 Accounting policies

The annual report of GP 0615 ApS for 2019 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities.

The accounting policies used are unchanged compared to last year, and the amounts in the Annual Report are stated in Danish kroner (DKK) and rounded to the nearest thousands.

Foreign currency translation

On initial recognition, transactions denominated in foreign currencies are translated at the exchange rates at the transaction date. Foreign exchange differences arising between the exchange rate at the transaction date and the rate at the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables and payables and other monetary items denominated in foreign currencies are translated at closing rates. The difference between the exchange rates at the balance sheet date and the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

Income statement

Other operating income

Other operating income comprises items secondary to the Company's activities, and is primarily related to invoicing of service fee.

Tax for the year

Tax for the year comprises current tax for the year and changes in deferred tax. The tax expense relating to the profit/loss for the year is recognised in the income statement, and the tax expense relating to amounts directly recognised in equity is recognised directly in equity. The tax expense recognised in the income statement relating to the extraordinary profit/loss for the year is allocated to this item whereas the remaining tax expense is allocated to the profit/loss for the year from ordinary activities.

Balance sheet

Receivables

Receivables are measured at amortised cost, which usually corresponds to the nominal value. The value is reduced by write-downs for bad debts.

Corporation tax

Current tax liabilities and outstanding current tax are included in the balance sheet as tax calculated on the taxable income for the year adjusted for tax from previous years' taxable income and pre-paid taxes.

Current liabilities

Liabilities are valued at net realisable value.

8 Events after the reporting date

The Covid 19 virus has spread around the world in the beginning of 2020. This has affected the world economy negatively. The management has initiated actions to secure the Company's assets and business by a number of initiatives such as, savings on costs, secure access to cash, use of government subsidies and help programs.

Due to the changed outlook for the global supply chains and transport and logistics markets, we expect a negative impact on our business and financial performance in the coming months.

Being part of critical infrastructure, we will do our utmost to support our customers and keep supply chains open. We also expect the ongoing integration of Panalpina to continue as planned.

DSV Group management expects Covid 19 will continue to affect the world economy during 2020, however from a financial perspective, the DSV Panalpina Group is in a strong position.

Further, Management considers the implications of Covid 19 as a subsequent event occurred after the balance sheet date 31 December 2019, which is therefore a non-adjusting event to the Group. In consequence, the assessments of impairment indications are and the impairment test made by Management at 31 December 2019 is based on the future cash flows expected by Management at 31 December 2019, which may differ from the cash flows expected by Management at the time of adoption of the Annual Report.

Given the rapid day-to-day developments in many markets, we are currently unable to accurately assess the magnitude of this short-term impact, but if necessary further actions will be initiated.
