INDEPENDENT AUDITOR'S REPORTS

To the shareholders of MWH af 2015 ApS

Opinion

We have audited the Consolidated Financial Statements and the Parent Company Financial Statements of MVH af 2015 ApS for the financial year 1 January – 31 December 2017, which comprise an income statement, balance sheet, statement of changes in equity, cash flow statement and notes, including a summary of significant accounting policies, for both the Group and the Parent Company, as well as consolidated statement of cash flows. The Consolidated Financial Statements and the Parent Company Financial Statements are prepared under the Danish Financial Statements Act.
In our opinion, the Consolidated Financial Statements and Parent Company Financial Statements give a true and fair view of the Company´s financial position at 31 December 2017 and of the results of the Group and the Parent Company's operations for the financial year 1 January - 31 December 2017 in accordance with the Danish Financial Statements Act.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and Parent Company Financial Statements" section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Consolidated Financial Statements and the Financial Statements

Management is responsible for the preparation of Consolidated Financial Statements and Parent Company Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of Consolidated Financial Statements and Parent Company Financial Statements that are free from material misstatement, whether due to fraud or error. In preparing the Consolidated Financial Statements and Parent Company Financial Statements, Management is responsible for assessing the Group's and the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Consolidated Financial Statements and Parent Company Financial Statements unless Management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements and Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements and Parent Company Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements and Parent Company Financial Statements As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements and Parent Company Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Parent Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Consolidated Financial Statements and Parent Company Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements and Parent Company Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Consolidated Financial Statements and Parent Company Financial Statements, including the disclosures, and whether the Consolidated Financial Statements and Parent Company Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient and appropriate audit evidence regarding the financial information for the Group's entities or business activities to express an opinion on the consolidated financial statements. We are responsible for directing, supervising and conducting the audit of the Group. We alone are responsible for our audit opinion. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Consolidated Financial Statements and Parent Company Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements and Parent Company Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Consolidated Financial Statements and Parent Company Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

INDEPENDENT AUDITOR'S REPORT, continued

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management's Review is in accordance with the Consolidated Financial Statements and Parent Company Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of Management's Review.

MANAGEMENT REVIEW

Main activity

The Groups principal activity is to develop, produce and sell axial impellers for industrial purposes.

The impellers are sold globally.

Developments in the financial year

Income statement items comprise the Group's operations for the period 1 January - 31 December 2017. 2017 was a year of recovery. All mature markets experienced recovery from 2016 decline in sales, especially the construction machinery and the volatile oil & gas market improved in sales as many customers are within this sector.

The emerging markets in Southeast Asia and India in particular, was struggling more to come up to expectations. This is however, expected to improve in 2018. The recovery of all mature markets made 2017 a very satisfying year going beyond the expectations in the budget of the year. The efficient procurement processes and strict cost control also enabled stabile earnings.

In 2017 the Group finalised law-suits with Hascon and Enginemates to satisfactory agreements.

Special risks

Price risks

The impeller components are cast in aluminium and engineered thermoplastics. Both markets are relatively volatile and are especially sensitive to increasing oil prices and, to some extent, the development of the USD exchange rate. Significant increases in raw material prices are expected for 2018. Alternatives are to be considered to counter this.

Currency and interest-rate risks

Since the Group is increasingly doing business in foreign currencies, it assumes a growing currency risk. The risk is limited to the share of deals made with companies outside Europe.

The Group's interest-rate risks are limited.

Knowledge resources

The Group consistently focuses on having a highly skilled workforce in order to be at the forefront of the latest technologies in its core competency areas. The Groups main objective is to work with innovative approaches that will improve and streamline the Groups interaction with customers.

Research and development activities

The Group has ongoing development projects, which are derived from the expectations of future demand as well as the potential development of the technology involved.

The major part of development projects are related to the development of new types of fans with a particular focus on noise reduction and energy optimization. The projects are proceeding as planned and expected to be completed within 1 to 5 years. The increased demands for environmental impact in both the US and the EU mean that there is increased focus and demand for this type of fans.

Environmental conditions

The Group's environmental impact is assessed to be minimal, since there are no associated production activities.

Recognition and measurement uncertainties

No recognition and measurement uncertainties exist.

Unusual matters

No unusual matters have affected the Financial Statements for 2017.

Outlook

The outlook for 2018 is that we expect that the sales of components to the mature markets will be in growth in the first half of the year, we expect especially the North American and the German market to grow. Earnings will be affected by significant increases in raw materials. Moderate risk hedging will reduce the effect of these increases.

Growth in the emerging markets India, Southeast Asia and South America are expected.

It is expected that 2018 will be a year where the Group will continue to participate in various development projects with large global customer. It is a resource consuming process, but will also involve a significant opportunity for close a long-lasting cooperation.

Development projects are subject to external factors like demand and supply, regulatory developments in general and specifically in US and EU and resources that cannot be predicted with any certainty such as oil pricing.

The Group is expected to make major investments in 2018. These investments will be capital-intensive, and their implementation will require vast internal resources. 2018 will be a year placing high demands on the organization's flexibility and ability to adapt.

Events after the reporting period

No events have occurred which could significantly affect the Group's financial position.

ACCOUNTING POLICIES

The Annual Report of MWH af 2015 ApS for 2017 has been prepared in accordance with the provisions of the Danish Financial Statements Act (Årsregnskabsloven) governing reporting class C (medium size).

The accounting policies remain unchanged compared with last year.

Basis of recognition and measurement

Income is recognised in the income statement as it is earned, including adjustments to the value of financial assets and liabilities. All expenses, including depreciation, amortisation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the Company and the value of such assets can be reliably measured.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the Company and the value of the liabilities can me reliably measured.

On initial recognition assets and liabilities are measured at cost and subsequently as described for each item below.

Some financial activities and engagements are measured to amortised cost, where there for the term are measured a constant efficient interest rate. Amortised cost is determined as original cost with deduction of possible repayments as well as addition / deduction of the accumulated amortisation of the difference between cost and nominal amounts.

With recognition and measurement predictable loss and risk which occur before the Annual Report is presented are taken into consideration and which confirm or deny conditions which exist on the balance sheet date.

Consolidated Financial Statements

The Consolidated Financial Statements include the Parent Company MWH af 2015 ApS and its subsidiaries.

The Consolidated Financial Statements are prepared by combining items of a uniform nature. On consolidation inter-company revenue and expenses, intra-group balances and dividends, and any realised and unrealised gains and losses on transactions between the Consolidated Companies are eliminated.

Newly acquired or newly established companies are recognised in the Consolidated Financial Statements as from the date of acquisition. Enterprises sold are included in the consolidated income statement until the date of disposal.

Comparative figures for newly acquired or divested companies are not corrected.
On acquisition of new enterprises the acquisition method is applied, according to which the identifiable assets and liabilities are measured at fair value at the time of acquisition.

Positive differences (goodwill) between cost and fair value of acquired identifiable assets and liabilities are recognised under intangible assets and amortised systematically on an individual assessment of the economic life not exceeding 20 years. When deciding the economic life it is taken into consideration that the majority of the Company's products are part of long-term development projects and used in machinery and equipment with a long lifetime of the individual model, often leading to a lifetime exceeding 5 years.

Gains and losses on disposal of subsidiaries are calculated as the difference between selling price and carrying amount of net assets at the time of disposal and expected costs of sale.

Group acquisitions, where both companies are under common control are recognised in accordance with the method of "pooling of interest", where after recognised assets and liabilities are aggregated with no fair value re-valuation. The acquired companies are recognised in the financial statements and group financial statements as if the companies had been merged from the earliest period which is presented in the accounts.

ACCOUNTING POLICIES, continued

Minority interest

Subsidiaries' financial statement items are recognised in full in the Consolidated Financial Statements. Minority interest' pro rata shares of profit / loss forms part of the Group's profit / loss and is a separate element of the Group's equity.

Reporting currency

The Annual Report is presented in Danish kroner.

Translation adjustments

Foreign currency transactions are adjusted applying the rate of exchange applicable at the date of transaction.

Receivables, payables and other monetary items denominated in foreign currencies, which have not been settled by the balance sheet date, are translated applying the rate of exchange applicable at the balance sheet date.

Property, plant and equipment purchased in foreign currencies is translated using the exchange rate applicable at the date of transaction.

THE INCOME STATEMENT

Gross margin

With reference to section 32 of the Danish Financial Statements Act, the items "Net revenue" to and including "Other external expenses" are consolidated into one item designated "Gross margin".

Revenue

Revenue is recognised in the income statement, provided that the products and services have been delivered and the risk has passed to the buyer before the end of the year.

Revenue is recognised exclusive of VAT and less sales discount.

Other external costs

Other external costs include expenses related to distribution, sale, advertising, administration, premises, losses on receivables, lease payments under operating leases etc.

Other operating income / costs

Other operating income / costs comprise items of secondary nature in relation to the Company's core business.

Staff costs

Staff costs consist of wages and salaries, including holiday pay and pensions and other costs to social security to the Company's employees. There is deducted received compensation from public authority in staff costs.

Result of investments in group enterprises

In the income statement the proportionate share of the individual group enterprises result after tax are recognised.

Items under financial income and expenses

Financial income and cost are recognised in the income statement with those amounts, which concerns the financial year. Items under financial income and expenses consists of interest income and costs, financial cost with financial leasing, realised and unrealised capital gain and loss concerning transactions in foreign currency, additions and compensations under the tax prepayment scheme etc.

ACCOUNTING POLICIES, continued

THE INCOME STATEMENT, continued

Tax on result of the year

Tax of the year, which contains the actual tax of the year and the displacement in deferred tax, are recognised in the income statement with the part which can attribute to the result of the year and directly in the equity with the part which can attribute to entries directly on the equity.

The Company is jointly taxed with other Danish companies in the MWH af 2015. The Danish income tax is allocated between the jointly taxed Danish companies in proportion to their taxable income. The jointly taxed companies are taxed under the advance payment tax scheme.

BALANCE SHEET

Intangible assets

Goodwill is amortised over its estimated useful life determined on the basis of management experience within the individual business areas. Goodwill is amortised over the amortisation period, not exceeding 20 years, and based on an individual judgement of the companies market position and earning profile.

The carrying value of goodwill is assessed currently and written down to recoverable amount through the income statement if the carrying value exceeds the future net income from the enterprise or activity to which the goodwill is related.

Development costs incurred in development, patents and licenses, includes internal and external costs directly attributable to the Company's development and fulfilling criteria for recognition.

Capitalised development costs are measured at cost less accumulated depreciation and recoverable amount, whichever is lower.

Property, plant and equipment

Buildings, leasehold improvements, test stand and other fixtures and fittings, tools and equipment are measured at cost less accumulated depreciation.

Straight-line depreciation is made on property, plant and equipment following estimated useful lives as follows:

	Useful life	Residual value
Development costs	5 years	0%
Buildings	16 - 30 years	60%
Leasehold improvements	3 years	0%
Other fixtures and fittings, tools and equipment	3 - 5 years	0%

Profits or losses from disposal of property, plant and equipment are stated as the difference between the selling prices less than selling costs and the carrying amount at the date of sale. Profits or losses are recognised in the income statement under depreciation.

ACCOUNTING POLICIES, continued

BALANCE SHEET, continued

Financial assets

Equity investments in group enterprises are recognised in the balance sheet to the proportionate share of the Company's equity method is made up from the Parent Company's accounting policies.

Group enterprises with a negative equity are recognised with zero kroner and any receivables with these companies are written down with the Parent Company's share of the negative equity value in that extent, it is estimated uncollectible. Provided that the negative value of equity exceed the receivable, the remaining amount will be recognised under provisions in that extent that the Parent Company has a legal or actual obligation to cover group enterprises negative balance.

Net revaluation of equity investments in group enterprises are transferred under equity to net revaluation reserve according to the equity method in that extent, that the carrying amount exceed the acquisition cost with deduction of amortisation of goodwill.

Inventories

Inventories are measured at cost on the basis of the FIFO method. Where cost exceeds the net realisable value, inventories are written down to the lower of these two values.

Cost for merchandise and raw materials and consumables used extents cost with addition of delivery costs.

The cost of finished goods and work in progress comprises the cost of raw materials, direct labour and direct as well as indirect production costs.

Net realisable value of inventories is calculated as selling price less costs of completion, costs and expenses incurred in making the sale and are determined according to the convertible unit, obsolescence and development in expected sales.

Receivables

Receivables are measured at amortised cost, which usually corresponds to nominal value. Provisions for bad debts are made to meet expected losses at net realisable value.

Prepayments

Prepayments, recognised under assets or liabilities, cover costs paid respectively payments received for the ensuing years.

Short-term investments

Listed securities are recognised to market value on the balance sheet date.

Equity

The expected dividend payment for the year is shown as a separate item under equity. Dividends are recognised as a liability at the time of adoption by the General Assembly.

ACCOUNTING POLICIES, continued

BALANCE SHEET, continued

Corporation tax and deferred tax

Current tax and current tax receivable are recognised in the balance sheet as computed tax of taxable income for the financial year adjusted for tax of taxable income for previous years and paid account taxes.

Deferred tax is measured using the balance sheet liability method and all temporary difference between carrying amount and tax base of assets and liabilities.

Deferred tax is measured on the basis of the tax rules and tax rates, which are operative at the balance sheet date, if the deferred tax was expected to be released as current tax. Changes in deferred tax due to changes in the tax rate are measured in the income statement. For the present financial year a tax rate of 22 % has been applied for the Danish entities in the Group.

Total payable Danish company tax for the Group is showed in the Parent Company.

Deferred tax is only accrued for the Danish entities, when the deferred tax is incumbent on the jointly taxed companies.

Financial liabilities

Other liabilities are measured at amortised cost, normally corresponding to nominal value.

Derivative financial instruments

On initial recognition in the balance sheet, derivative financial instruments are measured at cost and subsequently at fair value. Positive and negative fair values of derivative financial instruments are included in other receivables or other payables, respectively.

Fair value adjustments of derivative financial instruments designated as and qualifying for recognition as a fair value hedge of recognised assets and liabilities are recognised in the income statement together with changes in the fair value of the hedged asset or liability.

Fair value adjustments of derivative financial instruments designated as and qualifying for hedging of future cash flows are recognised in other receivables or other payables and in equity. If the future transaction results in recognition of assets or liabilities, amounts previously recognised in equity are transferred to the cost of the asset or liability, respectively. If the future transaction results in income or expenses, amounts previously recognised in equity are transferred to the income statement in the period in which the hedged item affects the income statement.

As for derivative financial instruments that do not qualify for hedge accounting, fair value adjustments are recognised in the income statement on a current basis.

ACCOUNTING POLICIES, continued

CASH FLOW STATEMENT

The cash flow statement shows the Group's cash flows for the year broken down by operating, investing and financing activities, changes for the year in cash and cash equivalents as well as the Group's cash and cash equivalents at the beginning and end of the year.

No cash flow statement has been prepared for the Parent Company as the Parent Company's cash flows are included in the Consolidated Cash Flow Statement.

Cash flow from operating activities

Cash flow from operating activities are calculated as the operating profit / loss for the year adjusted for changes in working capital and non-cash operating items such as depreciation, amortisation and impairment losses and provisions. Working capital comprises current assets less short-term debt excluding items included in cash and cash equivalents.

Cash flow from investing activities

Cash flow from investing activities comprises cash flows from acquisitions and disposals of intangible assets, property, plant and equipment as well as fixed assets investments.

Cash flow from financing activities

Cash flows from financing activities comprise cash flows from the raising and repayment of long-term debt as well as payments to and from shareholders.

Cash and cash equivalents

Cash and cash equivalents comprise "Cash and cash equivalents" and "Short-term investments" subtracted "Bank debt".

The cash flow statement cannot be immediately derived from the published financial records.

RATIOS

Ratios have been calculated as:

Return on invested capital $\dfrac{\text{Operating profit x 100}}{\text{Average invested capital exclusive of goodwill}}$

Return on equity $\dfrac{\text{Profit / loss for the year x 100}}{\text{Average equity including minority}}$

The major part Group's development projects are related to the development of new types of axial impellers with a particular focus on noise reduction and energy optimization. The projects are proceeding as planned and expected to be completed within 1 to 5 years. The increased demands for environmental impact in both the US and the EU mean that there is increased focus and demand for these types of axial impellers.

In addition, development costs for implementing a new ERP system are also recognized in the balance sheet. The development has progressed as planned, and the rollout is almost completed in all of the group companies in 2017. A more efficient and timely financial reporting is expected as a result of the implementation.

11 DEFERRED TAX ASSETS:

In 2017, Australia, CZ, India and UK reported deferred tax assets. These deferred tax assets arise mainly due to a higher net tax value of fixed assets than the net book value, and the provision for bad debts and employee benefits that are recognised in the accounting books in 2017 but are only allowed for tax purposes in the later reporting periods when payment is made or when the liability becomes certain..

12 PREPAYMENTS:

Activated accrued costs include prepaid expenses concerning insurance, licenses, subscriptions, leasing and interest.
