KMD Venture A/S

Management's Statement

Today, Management has considered and adopted the Annual Report of KMD Venture A/S for the financial year 1 April 2020 - 31 March 2021.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements provide a fair presentation of the Company's assets, liabilities and financial position at 31 March 2021 and of the results of the Company's operations for the financial year 1 April 2020 - 31 March 2021.

In our opinion the Management's review provides a fair account of the circumstances discussed.

It is recommended that the annual report be approved by the Annual General Meeting.

Independent Auditors' Report

To the shareholders of KMD Venture A/S

Opinion

We have audited the financial statements of KMD Venture A/S for the financial year 1 April 2020 - 31 March 2021, comprising income statement, balance sheet, statement of changes in equity and notes including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 March 2021 and of the results of the Company's operations for the financial year 1 April 2020 - 31 March 2021 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements in Denmark will always detect a material misstatement when it exists. Misstatements may arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of financial statement users made on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also

- * identify and assess the risks of material misstatement of the company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- * obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- * evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and

Independent Auditors' Report

related disclosures made by Management.

- * conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- * evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditors' Report

Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated. Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

Management's Review

The entity's principal activities

The entity's principal activities is to identify and invest in opportunities that are not naturally captured by KMD's ongoing business, but in the long term may have significant strategic and financial importance for KMD. Through direct investment in innovative start-ups and in partnerships with other companies, KMD expects to develop a stronger innovation capability and a faster and more flexible approach to try out new business opportunities.

Development in activities and financial matters

The entity's income statement of the financial year 1 April 2020 - 31 March 2021, shows a result of TDKK -258 and the Balance sheet at 31 March 2021 a balance sheet total of TDKK 7.906 and an Equity of TDKK 2.777.

KMD Venture A/S will always invest together with other companies and contribute with knowledge as well as pre-seed or seed funding to concepts or newly established start-ups.

As the investments are made in startup companies uncertainties exist regarding the future cash flow from the investments.

The effect of COVID-19 is limited on the Company due to the nature of activity. Management also assessed that there is no effect on the valuation of the long-term investments in group enterprises due the unusual circumstances.

Subsequent events

After the end of the financial year, no events have occurred which may change the financial position of the entity substantially.

KMD Venture A/S

Statement of changes in Equity

	Share capital	Retained earnings	Total
Equity 1 April 2020	501	2.534	3.035
Profit (loss)	0	-258	-258
Equity 31 March 2021	501	2.276	2.777

The share capital was increased by DKK 1.000 in 2017. Except for this, there has been no changes in the last 5 years.

Accounting Policies

Reporting Class

The Annual Report of KMD Venture A/S for 2020/21 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B, as well as selected rules applying to reporting class C.

The accounting policies applied remain unchanged from last year.

Reporting currency

The Annual Report is presented in thousand Danish kroner (TDKK).

Translation policies

Transactions in foreign currencies are translated into DKK at the exchange rate prevailing at the date of transaction. Monetary assets and liabilities in foreign currencies are translated into DKK based on the exchange rates prevailing at the balance sheet day. Realised and unrealised foreign exchange gains and losses are included in the Income Statement under Financial Income and Expenses.

General Information

Basis of recognition and measurement

Income is recognised in the Income Statement as it is earned, including value adjustments of financial assets and liabilities that are measured at fair value or amortised cost. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the Income Statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the Income Statement.

Assets are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the Balance Sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the term. Amortised cost is calculated as original cost less repayments and with the addition/deduction of the accumulated amortisation of the difference between the cost and the nominal amount. This way, exchange losses and gains are allocated over the term.

In connection with recognition and measurement, consideration is given to predictable losses and risks occurring prior to the presentation of the Annual Report, i.e. losses and risks which prove or disprove matters which exist at the balance sheet date.

Accounting Policies

Income Statement

Gross profit/loss

The Company has decided to aggregate certain items of the Income Statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Other external expenses

Other external costs include costs for administration

Income from investments in associates

Dividends from associates are recognised as income in the income statement when adopted at the General Meeting of the associates. However, dividends relating to earnings in the associates before it was acquired are set off against the cost of the subsidiaries.

Financial income and expenses

Financial income and expenses are recognised in the Income Statement based on the amounts that concern the financial year. Financial income and expenses include interest income and expenses, realised and unrealised capital gains and losses regarding other equity investments, monetary balances and transactions in foreign currencies.

Tax on net profit for the year

Tax on net profit/loss for the year comprises current tax on expected taxable income of the year and the year's adjustment of deferred tax less the part of the tax of the year that relates to changes in equity. Current and deferred tax regarding changes in equity is recognised directly in equity.

The Company and other Danish group companies are taxed jointly. The Danish income tax is distributed between profit- and loss-making Danish enterprises in relation to their taxable income (full distribution).

Balance Sheet

Equity investments in associates and other equity investments

Equity investments in associates and other equity investments are measured at cost. Dividends that exceed accumulated earnings of the associate and other equity investments during the ownership period are treated as a reduction of the cost. If cost exceeds the net realisable value, a write-down to this lower value will be performed.

An impairment test of investments are performed in the event of indications of a decrease in value. The impairment test is performed for the activity or the business area to which the investments relate. Investments are written down to the higher of the value in use and the net selling price for the activity or business area to which the investments relate (recoverable amount) in the event that this one is lower than the carrying amount.

Receivables

Receivables are measured at amortised cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand as well as short-term securities with a term of less than three months which can be converted directly into cash at bank and in hand and involve only an insignificant risk of value changes.

Equity

Proposed dividend for the year is recognised as a separate item in equity.

Accounting Policies

Deferred tax

Deferred tax and the associated adjustments for the year are determined according to the balance-sheet liability method as the tax base of all temporary differences between carrying amounts and the tax bases of assets and liabilities.

Deferred tax assets, including the tax base of tax losses allowed for carryforward, are recognised at the value at which they are expected to be used, either by elimination in tax on future earnings or by set-off against deferred tax liabilities in enterprises within the same legal entity and jurisdiction.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax.

Current tax liabilities and deferred tax

Current tax liabilities and current tax receivables are recognised in the Balance Sheet as calculated tax on the expected taxable income for the year, adjusted for tax on taxable income for previous years as well as for tax prepaid.

The company are jointly and severally liable as the administration company for subsidiaries corporate taxes to the tax authorities.

Liabilities

Financial liabilities are recognized at the date of borrowing at cost, corresponding to the proceeds received less transaction costs paid. In subsequent periods, the financial liabilities are measured at amortised cost.

Other liabilities are measured at net realizable value

Carrying amount at the end of the year	7.194	4.243

Notes

7. Contingent liabilities

No contingent liabilities exist at the balance sheet date.

The Company is jointly taxed with the other Danish companies in the KMD Group. The joint taxation also covers withholding tax in the form of tax on dividends, royalties and interest. The Danish companies are jointly and severally liable for the joint taxation. Any subsequent corrections to the taxable income subject to joint taxation or withholding taxes may lead to a higher liability.

8. Related parties

KMD Venture A/S is fully owned by KMD A/S which is part of the KMD ApS Group. The Company is ultimately a 100% owned subsidiary of NEC Corporation and is included in the consolidated financial statements of NEC Corporation.

A copy of the consolidated financial statements can be obtained through the Company Secretary at Lautrupparken 40, 2750 Ballerup, Denmark.
