To the shareholders of Carlsberg International A/S

Påtegning på årsregnskabet

We have audited the financial statements of Carlsberg International A/S for the financial year 1. January 2015 - 31. December 2015, which comprise summary of significant accounting policies, income statement, balance sheet, statement of changes in equity and notes.

The Financial Statements are prepared in accordance with the Danish Financial Statements Act.

Ledelsens ansvar for årsregnskabet

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of the financial statements that are free from material misstatement whether due to fraud or error.

Revisors ansvar

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing and additional requirements under Danish Audit regulation. This requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Management, as well as the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. The audit has not resulted in any qualification.

Konklusion

In our opinion the financial statements give a true and fair view of the company's assets, liabilities and financial position as at 31. December 2015 and of its financial performance for the financial year 1. January 2015 - 31. December 2015, in accordance with the Danish Financial Statements Act.

Erklæringer i henhold til anden lovgivning og øvrig regulering

On this basis, it is our opinion that the information provided in the Management's review is consistent with the financial statements.
