Ledespåtegning

The Supervisory Board and the Executive Board have today discussed and approved the Annual Report of Carlsberg International A/S.

The Annual Report has been prepared in accordance with the Danish Financial Statements Act. We consider the accounting policies used to be appropriate. In our opinion the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2019 and of the results of the Company's operations for the financial year 1 January – 31 December 2019.

Further, in our opinion the Management's review includes a fair review of the matters the review describes. We recommend that the Annual General Meeting approve the Annual Report.

Den uafhængige revisors revisionspåtegning

To the shareholders of Carlsberg International A/S

Konklusion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 31 December 2019, and of the results of the Company's operations for the financial year 1 January - 31 December 2019 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Carlsberg International for the financial year 1 January - 31 December 2019, which comprise a summary of significant accounting policies, income statement, balance sheet, and notes ("financial statements").

Grundlag for konklusion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Ledelsens ansvar for regnskabet

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Revisors ansvar for revisionen af regnskabet

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the over-ride of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

Udtalelse om ledelsesberetningen

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Ledelsesberetning

The objective of the company is investments in Asian breweries.

The Development in activities and financial position

Result for the year is DKK 100,890k, which is recommended to be transferred to retained earnings.

The company's equity as of 31 December, 2019 amounts to DKK 2,254,721k.

In 2020, the COVID-19 pandemic significantly impacts our businesses with government intervention in some key markets, including full or partial lock-downs. The financial impact thereof remain uncertain.

Events occurring after the date of balance

In 2020, the COVID-19 pandemic significantly impacts our businesses with government intervention in some key markets, resulting full or partial lock-downs. The impact on our financial and operating performance cannot be reasonably estimated at this time as it depends on the horizon of the governmental interventions.

Anvendt regnskabspraksis

Årsrapporten er aflagt i overensstemmelse med årsregnskabslovens bestemmelser for Regnskabsklasse B. The accounting policies used in the preparation of the financial statements are consistent with those of last year.

Foreign currency valuation

On initial recognition, transactions denominated in foreign currencies, are translated to the functional currency (DKK) at the exchange rate ruling at the transaction date. Exchange rate differences arising between the exchange rate at the transaction date and at the date of payment are recognized in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated at the exchange rate ruling at the end of the reporting period. The difference between the exchange rate at the end of the reporting period and the exchange rate at the date on which the receivable or payable arose or the exchange rate in the last annual report is recognized in the income statement under financial or financial expenses.

INCOME STATEMENT

Administrative expenses

Administrative expenses comprises primarily audit fee and legal expenses. Reversals on write down in previous year of receivables from group companies.

Financial income and expenses

Financial income and expenses include interests, realized and unrealized exchange rate gains and losses as well as charges and allowances under the tax-on-account scheme etc.

Tax on profit/loss for the year

The tax for the year included in the Income statement consists of the current tax for the year and the changes in deferred tax. Current tax is calculated on the applied tax rate for the current year.

The Company is jointly taxed with Carlsberg A/S. The jointly taxed Danish companies settles the calculated payable tax to Carlsberg A/S. Carlsberg A/S settles the tax with the tax authorities (full distribution method).

BALANCE SHEET

Investments

Equity investments in group entities and associates are measured at cost. When the cost exceeds the recoverable amount, write-down is made to this lower value. The cost is reduced by dividends received exceeding accumulated earnings after the acquisition date.

Receivables

Receivables are measured at amortized cost. Write-down are made for bad debt losses based on an individual assessment of receivables.

Accrued income and deferred expenses

Prepayments recognized as current assets include prepayments of costs for the following year.

Deferred tax

Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities.

Financial liabilities

Liabilities are measured at net realizable value.
