Management’s Statement

The Executive and Supervisory Boards have today considered and adopted the Annual Report of Inga Acquisition ApS for the financial year 1 January - 31 December 2018.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements and the Consolidated Financial Statements give a true and fair view of the financial position at 31 December 2018 of the Company and the Group and of the results of the Company and Group operations and cash flows for 2018.

In our opinion, Management's Review includes a true and fair account of the matters addressed in the Review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Independent Auditor's Report

To the Shareholder of Inga Acquisition ApS

Opinion
In our opinion, the Consolidated Financial Statements and the Parent Company Financial Statements give a true and fair view of the financial position of the Group and the Parent Company at 31 December 2018 and of the results of the Group's and the Parent Company's operations and cash flows for the financial year 1 January - 31 December 2018 in accordance with the Danish Financial Statements Act.

We have audited the Consolidated Financial Statements and the Parent Company Financial Statements of Inga Acquisition ApS for the financial year 1 January - 31 December 2018, which comprise income statement, balance sheet, statement of changes in equity, cash flow statement and notes, including a summary of significant accounting policies, for both the Group and the Parent Company (”the Financial Statements”).

Basis for opinion
We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the ”Auditor's responsibilities for the audit of the Financial Statements” section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review
Management is responsible for Management's Review.

Our opinion on the Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financials Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Consolidated Financial Statements and the Parent Company Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

Independent Auditor's Report

Management's responsibilities for the Financial Statements
Management is responsible for the preparation of consolidated financial statements and parent company financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's and the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.

Independent Auditor's Report

- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Management’s Review

Key activities

The Company's main activity is to act as a holding company of group subsidiaries as well as to exercise management activities in relation to these enterprises.

The Group's main activity is to offer services in outsourcing of debt management, debt collection and debt purchase. Collectia is an IT company, who is specialized in credit management services. We are one of the leading companies in Denmark, and offer services in outsourcing of debt management, debt collection and debt purchase. Collectia business model is based on a flexible IT-system, handling of data, business intelligence, innovative and digital payment solutions. Today, we serve more than 10,000 Danish, Swedish, German and international customers, including several of Denmark's largest businesses within the fields of telecom, insurance, utility, media, parking and banking which makes us one of Denmark's largest debt collection companies.

We have more than 20 years of experience in this area and we strive to provide a professional, ethical and high-quality treatment of our customers' collection cases. At Collectia we work in accordance with our six values; respect, passion, honesty, excellence, innovation and fun. These values define who we are and help to determine how we act.

Specialties:
Invoicing, debt & credit management, reminder service, debt collection, legal collection, consulting, billing service, factoring, credit scoring and IT services.

Development in the year

The income statement of the Group for 2018 shows a profit of DKK 24,573,111, and at 31 December 2018 the balance sheet of the Group shows equity of DKK 114,450,139.

Two Swedish companies has been successfully merged into our group during the second half of the year.

The Group has again this year had significant cost on development and automation to increase efficiency and eliminate manual process.

The past year and follow-up on development expectations from last year

The Board of Directors considers the result achieved to be satisfactory and in line with our expectations and business plan.

Special risks - operating risks and financial risks

Operating risks

We see no material operating risks.

Management's Review

Foreign exchange risks

Collectia operates in three currencies; EUR, DKK and SEK.
DKK is bound to the EUR, which minimizes the exchange risk. Our investment in assets in Sweden is on a minimum.

Credit risks

We see no material credit risks.

Targets and expectations for the year ahead

The Group is well positioned and expects to continue our growth both organically and by acquisition and we expect to increase our earnings in 2019. We expect to win and take market shares based on a very positive feedback from the market combined with a strong sales pipeline.

Based on a combination of the positive feedback, our pipeline, our automated and digitalized solutions and our very passionated employees, we expect 2019 to be a very successful year. The Group expects an increase of 20-22 % in revenue in 2019, which will result in a consolidated EBITDA of MDKK 80-100 for 2019.

Research and development

Collectia will continue to invest in developing our business especially in IT and big data.

External environment

Collectia cares about our environment and in 2018 we have installed solar power on our office building in Brøndby, to complement present power supply, and to move in a green and environment friendly way.

Collectia is a paperless office, which means we uses a minimum of office supplies in the form of paper, printing, pencil, etc.

Intellectual capital resources

We invest in our employees both in a continuous internal and external training, and we invest in attracting new relevant staff.

Subsequent events

No events materially affecting the assessment of the Annual Report have occurred after the balance sheet date.

Development projects relate to the development of new versions of the Group's existing software products. The projects are progressing according to plan through the use of the resources allocated by Management to the development. The software is expected to be used in the present market to the Group's existing customers, and furthermore contribute to efficiency and high margins in core business activities. Prior to the initiation of the projects, the Group inquired of its customers as to the need for an updated programme, which was well received.

11 Other receivables

Other receivables comprise payments to customers concerning so-called warranty portfolios and upfront agreements which are returned as the portfolios are collected. The receivable has been calculated on the basis of the payments made under warranty schemes and upfront agreements and reflects the amounts which the Group expects to collect in the foreseeable future.

Receivables from warranty schemes and upfront agreements are measured at amortised cost. Provisions for bad debts are made based on an impairment assessment of a group of receivables. The receivables are written down to net realisable value if lower than carrying amount.

Notes to the Financial Statements

12 Prepayments

Prepayments consist of prepaid expenses concerning rent and insurance premiums.

13 Equity

The share capital consists of 557,220 shares of a nominal value of DKK 55,722. No shares carry any special rights.

The share capital is broken down as follow:

	Number	Nominal value
		DKK
A-shares	121.380	12.138
B-shares	435.840	43.584
		55.722

During 2018, the Company acquired 7.916 treasury shares, corresponding to 1,9%. The total payment for the shares amounted to TDKK 2.048, which has been transferred from retained earnings under equity. These shares have not been cancelled and are therefore held as treasury shares. The Company may choose to sell these shares at a later time. The shares have been acquired due to resignation of employees.

Transactions

The Company has chosen only to disclose transactions which have not been made on an arm's length basis in accordance with section 98(c)(7) of the Danish Financial Statements Act.

All transactions with related parties have occurred on market terms.

Notes to the Financial Statements

21 Accounting Policies

The Annual Report of Inga Acquisition ApS for 2018 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to medium-sized enterprises of reporting class C.

The accounting policies applied remain unchanged from last year.

The Consolidated and Parent Company Financial Statements for 2018 are presented in DKK.

Recognition and measurement

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Basis of consolidation

The Consolidated Financial Statements comprise the Parent Company, Inga Acquisition ApS, and subsidiaries in which the Parent Company directly or indirectly holds more than 50% of the votes or in which the Parent Company, through share ownership or otherwise, exercises control. Enterprises in which the Group holds between 20% and 50% of the votes and exercises significant influence but not control are classified as associates.

On consolidation, items of a uniform nature are combined. Elimination is made of intercompany income and expenses, shareholdings, dividends and accounts as well as of realised and unrealised profits and losses on transactions between the consolidated enterprises.

The Parent Company's investments in the consolidated subsidiaries are set off against the Parent Company's share of the net asset value of subsidiaries stated at the time of consolidation.

Notes to the Financial Statements

21 Accounting Policies (continued)

Business combinations

Acquisitions

On acquisition of subsidiaries, the difference between cost and net asset value of the enterprise acquired is determined at the date of acquisition after the individual assets and liabilities having been adjusted to fair value (the purchase method). Cost comprises the fair value of the consideration paid as well as expenses for consultants etc directly related to the acquisition. Any remaining positive differences are recognised in intangible assets in the balance sheet as goodwill, which is amortised in the income statement on a straightline basis over its estimated useful life. Any remaining negative differences are recognised as income in the income statement at the date of acquisition.

Positive and negative differences from enterprises acquired may, due to changes to the recognition and measurement of net assets, be adjusted until the end of the financial year following the year of acquisition. These adjustments are also reflected in the value of goodwill or negative goodwill, including in amortisation already made. Moreover, any change in contingent consideration is adjusted in the value of goodwill or negative goodwill.

Amortisation of goodwill is recognised in “Amortisation, depreciation and impairment losses”.

Uniting of interests

Intragroup business combinations are accounted for under the uniting-of-interests method. Under this method, the two enterprises are combined at carrying amounts, and no differences are identified. Any consideration which exceeds the carrying amount of the acquired enterprise is recognised directly in equity. The uniting-of-interests method is applied at the date of acquisition, and comparative figures have not been restated.

Minority interests

Minority interests form part of the Group’s total equity. Upon distribution of net profit, net profit is broken down on the share attributable to minority interests and the share attributable to the shareholders of the Parent Company. Minority interests are recognised on the basis of a remeasurement of acquired assets and liabilities to fair value at the time of acquisition of subsidiaries.

On subsequent changes to minority interests where the Group retains control of the subsidiary, the consideration is recognised directly in equity.

Notes to the Financial Statements

21 Accounting Policies (continued)

Translation policies

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement. Where foreign exchange transactions are considered hedging of future cash flows, the value adjustments are recognised directly in equity.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

Fixed assets acquired in foreign currencies are measured at the transaction date rates.

Income Statement

Revenue

The Company's services comprise outsourcing services, including credit rating, debt management, debtpurchase and debt collection. Income from credit rating and debt management is recognised as revenueas the service is delivered. Income from debt purchase and debt collection is recognised as revenue oncollection of the debt.

Services in progress is recognised at the rate of expected recovery rates. This method is applied when total expenses and expected recovery rates at the balance sheet date can be measured reliably, and it is probable that the economic benefits, including payments, will flow to the Company. The expected recovery rates is determined on the basis of historical data.

Revenue is measured at the consideration received and is recognised exclusive of VAT and net of discounts relating to sales.

Other external expenses

Other external expenses comprise expenses for premises, sales and distribution as well as office expenses, etc.

Gross profit/loss

With reference to section 32 of the Danish Financial Statements Act, gross profit/loss is calculated as a summary of revenue and other external expenses.

Notes to the Financial Statements

21 Accounting Policies (continued)

Staff expenses

Staff expenses comprise wages and salaries as well as payroll expenses.

Amortisation, depreciation and impairment losses

Amortisation, depreciation and impairment losses comprise amortisation, depreciation and impairment of intangible assets and property, plant and equipment.

Income from investments in subsidiaries

Dividends from subsidiaries are recognised as income in the income statement when adopted at the General Meeting of the subsidiary. However, dividends relating to earnings in the subsidiary before it was acquired by the Parent Company are set off against the cost of the subsidiary.

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with wholly owned Danish subsidiaries. The tax effect of the joint taxation is allocated to Danish enterprises in proportion to their taxable incomes.

Balance Sheet

Intangible assets

Software, licenses and development costs and costs relating to rights developed by the Company are recognised in the balance sheet as costs in the year of acquisition.

Software, licenses and development costs and costs relating to rights are measured at cost less accumulated amortisation and less any accumulated impairment losses.

Notes to the Financial Statements

21 Accounting Policies (continued)

Software, licenses and development costs and costs relating to rights are amortised on a straight-line basis over the expected useful lives of the assets, which are:

Software	3 years
Licenses	3 years
Development costs	10 years

Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and less any accumulated impairment losses.

Cost comprises the cost of acquisition and expenses directly related to the acquisition up until the time when the asset is ready for use.

Depreciation based on cost reduced by any residual value is calculated on a straight-line basis over the expected useful lives of the assets, which are:

Land and buildings	10-50 years
Other fixtures and fittings, tools and equipment	5 years
Leasehold improvements	5 years

Depreciation period and residual value are reassessed annually.

Impairment of fixed assets

The carrying amounts of intangible assets and property, plant and equipment are reviewed on an annual basis to determine whether there is any indication of impairment other than that expressed by amortisation and depreciation.

If so, the asset is written down to its lower recoverable amount.

Investments in subsidiaries

Investments in subsidiaries are measured at cost. Where cost exceeds the recoverable amount, write-down is made to this lower value.

Other fixed asset investments

Other fixed asset investments consist of deposits.

Notes to the Financial Statements

21 Accounting Policies (continued)

Receivables

Receivables are recognised in the balance sheet at amortised cost, which substantially corresponds to nominal value. Provisions for estimated bad debts are made.

Contract work in progress

Services in progress are measured at the selling price of costs incurred on projects which are expected to be recovered in the future. The expected recovery rates is determined on the basis of historical data.

Prepayments

Prepayments comprise prepaid expenses concerning rent, insurance premiums, subscriptions and interest.

Treasury shares

Purchase and sales prices for treasury shares are recognised directly in retained earnings under equity. A reduction of capital by cancellation of treasury shares reduces the share capital by an amount equal to the nominal value of the shares and increases retained earnings. Dividend on treasury shares is recognised directly in equity under retained earnings.

Provisions

Provisions are recognised when - in consequence of an event occurred before or on the balance sheet date - the Group has a legal or constructive obligation and it is probable that economic benefits must be given up to settle the obligation.

Deferred tax assets and liabilities

Deferred income tax is measured using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. Any changes in deferred tax due to changes to tax rates are recognised in the income statement or in equity if the deferred tax relates to items recognised in equity.

Notes to the Financial Statements

21 Accounting Policies (continued)

Current tax receivables and liabilities

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the on-account taxation scheme are recognised in the income statement in financial income and expenses.

Financial debts

Loans, such as loans from credit institutions, are recognised initially at the proceeds received net of transaction expenses incurred. Subsequently, the loans are measured at amortised cost; the difference between the proceeds and the nominal value is recognised as an interest expense in the income statement over the loan period.

Other debts are measured at amortised cost, substantially corresponding to nominal value.

Cash Flow Statement

The cash flow statement shows the Group´s and the Parent Company´s cash flows for the year broken down by operating, investing and financing activities, changes for the year in cash and cash equivalents as well as the Group´s and the Parent Company´s cash and cash equivalents at the beginning and end of the year.

No cash flow statement has been prepared for the Parent Company as the Parent Company cash flows are included in the Consolidated Cash Flow Statement.

Cash flows from operating activities

Cash flows from operating activities are calculated as the net profit/loss for the year adjusted for changes in working capital and non-cash operating items such as depreciation, amortisation and impairment losses, and provisions. Working capital comprises current assets less short-term debt excluding items included in cash and cash equivalents.

Cash flows from investing activities

Cash flows from investing activities comprise cash flows from acquisitions and disposals of intangible assets, property, plant and equipment as well as fixed asset investments.

Cash flows from financing activities

Cash flows from financing activities comprise cash flows from the raising and repayment of long-term debt as well as payments to and from shareholders.

Notes to the Financial Statements

21 Accounting Policies (continued)

Cash and cash equivalents

Cash and cash equivalents comprise ”Cash at bank and in hand”.

The cash flow statement cannot be immediately derived from the published financial records.
