## **Management's statement**

---

Today, the Managing Director has approved the annual report of Barberklingen ApS for the financial year 1 January - 31 December 2022.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

I consider the chosen accounting policy to be appropriate, and in my opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2022 and of the results of the Company's operations for the financial year 1 January – 31 December 2022.

Further, in my opinion, the Management's review gives a true and fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the Annual General Meeting.

Hvidovre, 30 June 2023

**Managing Director**

Michael Tobiassen Hansen

## Independent auditor's report

---

**To the Shareholder of Barberklingen ApS**

### Opinion

We have audited the financial statements of Barberklingen ApS for the financial year 1 January - 31 December 2022, which comprise a summary of significant accounting policies, income statement, balance sheet, statement of changes in equity and notes, for the Company. The financial statements are prepared under the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2022, and of the results of the Company's operations for the financial year 1 January - 31 December 2022 in accordance with the Danish Financial Statements Act.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other Matter - Scope of the Audit

Effective as from the current financial year, Barberklingen ApS is subject to audit obligations. We must emphasize, as it also appears from the annual accounts, that no audit of the comparative figures in the annual accounts has been carried out.

### Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## **Independent auditor's report**

---

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

## **Independent auditor's report**

---

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### **Statement on Management's Review**

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that Management's Review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of Management's Review.

## Management's review

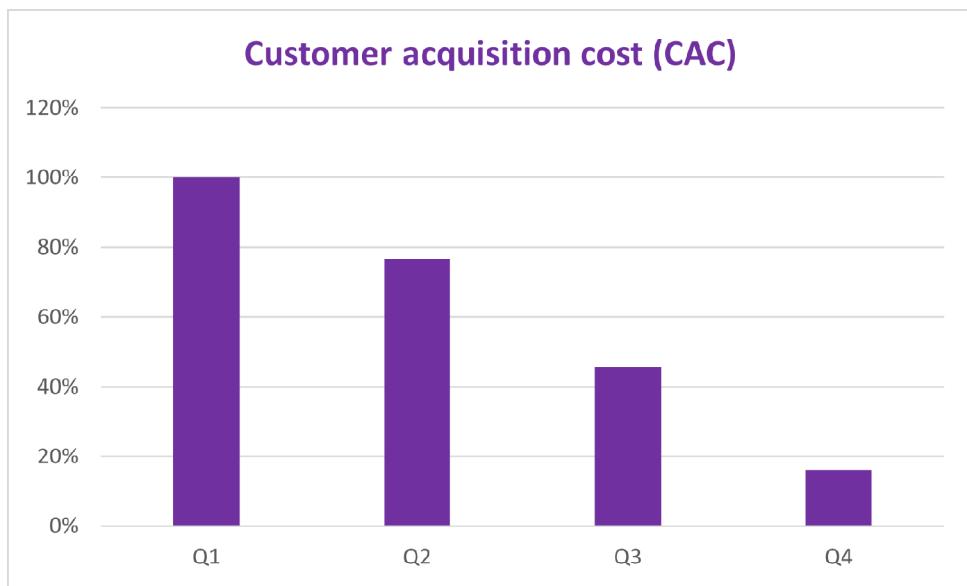

---

### Description of key activities of the company

Barberklingen is providing consumers with razor blades shipped directly to their mailbox as well as shaving accessories. Since the company launched in 2016 it has been one of the leading subscription companies in this area.

### Development in activities and financial matters

In the beginning of 2022, the management and board decided strategically to invest in preparing for the company's international growth. This included optimization of procedures, refining marketing strategies, investing in customer retention programs as well as hiring and promoting key employees. As a result the company has one of the lowest cost of acquiring customers (CAC) in the market, a solid increase in sales margin as well as a better retention of existing subscribers.

### Development in activites and finances

In 2022, the loss after tax amounted to DKK 1.2 M from a profit of DKK 0.2 M in 2021.

The operating profit amounted to minus DKK 1.4 M, compared to a profit of DKK 0.4 M in 2021. The investment in increasing the sales margin is anticipated to continue having an impact for the following period.

The company's balance sheet shows total assets of DKK 11.1 M and equity of DKK 1.8 M. Compared to 2021, the assets have decreased by DKK 1.8 M, and equity has decreased by DKK 1.2 M. The decrease in assets is mainly attributable to optimization of stock. The decrease in equity is attributable to the negative result in 2022.

## **Management's review**

---

Considering the effects of increasing inflation and high consumer uncertainty in markets, the result for 2022 is in line with the management's expectations and the business plan for the company, which included preparing the company for the future as well as the next funding round.

### **Outlook**

The company will continue the planned sustainable growth to be profitable in 2023. The focus is to continuously build up the subscription base and strengthen the position as the online market leader for unisex razor blades and accessories.

## Accounting policies

---

The annual report for Barberklingen ApS has been presented in accordance with the Danish Financial Statements Act regulations concerning reporting class B enterprises. Furthermore, the company has decided to comply with certain rules applying to reporting class C enterprises.

The accounting policies are unchanged from last year, and the annual report is presented in DKK.

### **Recognition and measurement in general**

Income is recognised in the income statement concurrently with its realisation, including the recognition of value adjustments of financial assets and liabilities. Likewise, all costs are recognised in the income statement, including depreciations amortisations, write-downs for impairment, provisions, and reversals due to changes in estimated amounts previously recognised in the income statement.

Assets are recognised in the statement of financial position when it seems probable that future economic benefits will flow to the company and the value of the asset can be reliably measured.

Liabilities are recognised in the statement of financial position when it is seems probable that future economic benefits will flow out of the company and the value of the liability can be reliably measured.

Assets and liabilities are measured at cost at the initial recognition. Hereafter, assets and liabilities are measured as described below for each individual accounting item.

Upon recognition and measurement, allowances are made for such predictable losses and risks which may arise prior to the presentation of the annual report and concern matters that exist on the reporting date.

### Income statement

#### **Gross profit**

Gross profit comprises the revenue, costs of goods sold, own work capitalised, other operating income, and other external costs.

Revenue is recognised in the income statement if delivery and passing of risk to the buyer have taken place before the end of the year and if the income can be determined reliably and inflow is anticipated. Revenue is measured at the fair value of the consideration promised exclusive of VAT and taxes and less any discounts relating directly to sales.

Cost of goods sold included costs for the purchase of goods less discount and changes in inventories.

Own work capitalised includes staff cost and other internal costs incurred during the financial year and recognised in the cost of proprietary intangible and tangible fixed assets.

## **Accounting policies**

---

Other operating income comprises items of a secondary nature as regards the principal activities of the enterprise, including profit from the disposal of intangible and tangible assets as well as operating loss and conflict compensation. Compensation is recognized when it is overwhelmingly probable that the company will receive the compensation.

Other external expenses comprise expenses incurred for distribution, sales, advertising, administration, premises, loss on receivables, and operational leasing costs.

### **Staff costs**

Staff costs include salaries and wages, including holiday allowances, pensions, and other social security costs, etc., for staff members.

### **Depreciation, amortisation, and write-down for impairment**

Depreciation, amortisation, and write-down for impairment comprise depreciation on, amortisation of, and write-down for impairment of intangible and tangible fixed assets, respectively.

### **Financial income and expenses**

Financial income and expenses are recognised in the income statement with the amounts concerning the financial year. Financial income and expenses comprise interest income and expenses and transactions in foreign currency.

### **Tax on net profit or loss for the year**

Tax for the year comprises the current income tax for the year and changes in deferred tax and is recognised in the income statement with the share attributable to the net profit or loss for the year and directly in equity with the share attributable to entries directly in equity.

## **Statement of financial position**

### **Intangible assets**

#### **Development projects, patents, and licences**

Development costs and internally generated rights are recognised in the income statement as costs in the acquisition year.

The measured cost includes the acquisition price and the costs directly related to the acquisition until the time, where the asset is ready to be used.

The determined period of write-down for development costs is an overall assessment of the purchased companies marketposition, earningprofile and expection.

Developmentprojects amortises from completion in a period of 3 years.

## **Accounting policies**

---

Profit from the sale of development projects are measured as the difference between the sales price less sales costs and the carrying amount at the time of sale. Profit or loss are recognised in the income statement as other operating income or other operating expenses, respectively.

### **Property, plant, and equipment**

The depreciable amount is cost plus revaluations at fair value less expected residual value after the end of the useful life of the asset. The amortisation period is fixed at the acquisition date and reassessed annually. If the residual value exceeds the carrying amount of the asset, depreciation is discontinued.

The cost comprises acquisition cost and costs directly associated with the acquisition until the time when the asset is ready for use.

Depreciation is done on a straight-line basis according to an assessment of the expected useful life:

	Useful life
Other fixtures and fittings, tools and equipment	3-5 years

Profit or loss derived from the disposal of property, land, and equipment is measured as the difference between the sales price less selling costs and the carrying amount at the date of disposal. Profit or loss is recognised in the income statement as other operating income or other operating expenses.

### **Leases**

At their initial recognition in the statement of financial position, leases concerning property, plant, and equipment where the company holds all essential risks and advantages associated with the proprietary right (finance lease) are measured either at fair value of the asset being leased or at the present value of the future lease payments, whichever value is lower. When calculating the present value, the discount rate used is the internal rate of return of the lease or, alternatively, the borrowing rate of the enterprise. Hereafter, assets held under a finance lease are treated in the same way as other similar property, plant, and equipment.

The capitalised residual lease commitment is recognised in the statement of financial position as a liability other than provisions, and the interest part of the lease is recognised in the income statement for the term of the contract.

All other leases are regarded as operating leases. Payments in connection with operating leases and other lease agreements are recognised in the income statement for the term of the contract. The company's total liabilities concerning operating leases and lease agreements are recognised under contingencies, etc.

### **Financial fixed assets**

#### **Deposits**

Deposits are measured at amortised cost and represent lease deposits, etc.

## **Accounting policies**

---

### **Impairment loss relating to non-current assets**

The carrying amount of both intangible and tangible fixed assets are subject to annual impairment tests in order to disclose any indications of impairment beyond those expressed by amortisation and depreciation respectively.

If indications of impairment are disclosed, impairment tests are carried out for each individual asset or group of assets, respectively. write-down for impairment is done to the recoverable amount if this value is lower than the carrying amount.

The recoverable amount is the higher value of value in use and selling price less expected selling cost. The value in use is calculated as the present value of the expected net cash flows from the use of the asset or the asset group and expected net cash flows from the sale of the asset or the asset group after the end of their useful life.

### **Inventories**

Inventories are measured at cost according to the FIFO method. In cases when the net realisable value of the inventories is lower than the cost, the latter is written down for impairment to this lower value.

Costs of goods for resale, raw materials, and consumables comprise acquisition costs plus delivery costs.

Costs of manufactured goods and work in progress comprise the cost of raw materials, consumables, direct wages, and indirect production costs. Indirect production costs comprise indirect materials and wages, maintenance and depreciation of machinery, factory buildings, and equipment used in the production process, and costs for factory administration and factory management. Borrowing expenses are not recognised in cost.

The net realisable value for inventories is recognised as the estimated selling price less costs of completion and selling costs. The net realisable value is determined with due consideration of negotiability, obsolescence, and the development of expected market prices.

### **Receivables**

Receivables are measured at amortised cost, which usually corresponds to nominal value.

### **Prepayments**

Prepayments recognised under assets comprise incurred costs concerning the following financial year.

### **Cash and cash equivalents**

Cash and cash equivalents comprise cash at bank.

## **Accounting policies**

---

### **Equity**

#### **Reserve for development costs**

The reserve for development costs comprises recognised development costs less related deferred tax liabilities.

The reserve cannot be used as dividends or for covering losses.

The reserve is reduced or dissolved if the recognised development costs are amortised or abandoned. This is done by direct transfer to the distributable reserves of the equity.

#### **Income tax and deferred tax**

Current tax liabilities and current tax receivable are recognised in the statement of financial position as calculated tax on the taxable income for the year, adjusted for tax of previous years' taxable income and for tax paid on account.

Deferred tax is measured on the basis of temporary differences in assets and liabilities with a focus on the statement of financial position. Deferred tax is measured at net realisable value.

Deferred tax assets, including the tax value of tax losses allowed for carryforward, are recognised at the value at which they are expected to be realisable, either by settlement against tax of future earnings or by set-off in deferred tax liabilities within the same legal tax unit. Any deferred net tax assets are measured at net realisable value.

#### **Liabilities other than provisions**

Other liabilities concerning payables to suppliers, group enterprises, and other payables are measured at amortised cost which usually corresponds to the nominal value.

**Income statement 1 January - 31 December**

## Notes

---

All amounts in DKK.

### 4. Charges and security

For bank loans, DKK 2.139 thousand, the company has provided security in company assets representing a nominal value of DKK 2.000 thousand. This security comprises the below assets, stating the book values:

	DKK in thousands
Development projects	1.231
Fixed assets	235
Inventories	3.728
Receivable from sales and services	10
In total	5.204

Other plants, operating assets, fixtures and furniture, all representing a book value of DKK 355 thousand at 31. December 2022, DKK 120 thousand have been financed by means of financial leasing. At 31. December 2022, liabilities of this financial leasing amount to DKK 95 thousand.

### 5. Contingencies

#### Contingent liabilities

In addition to financial leasing contracts, the company has entered into operational leasing contracts with an average annual leasing payment of DKK 391 thousand. The leasing contracts have a three month termination period, the outstanding amount in the termination period is DKK 98 thousand. The company has provided guarantees for the bank debts of the group enterprises. On 31. December 2022 the total bank debts of the group enterprises were DKK 907 thousand.

The company has issued a letter of support to secure the continued activities in the sister company Barberklingen B.V. for the next 12 months if needed.

#### Joint taxation

With M.T.H Holding ApS, company reg. no 36 71 00 63 as administration company, the company is subject to the Danish scheme of joint taxation and is proportionally liable for tax claims within the joint taxation scheme.

The liabilities amount to a maximum amount corresponding to the share of the company capital, which is owned directly or indirectly by the ultimate parent company.

The jointly taxed enterprises' total known net liability to the Danish tax authorities emerges from the financial statements of the administration company.
