Principal activity:

The purpose of Managemyair dk IVS is Apartment Management Company for short stay holiday rentals.

Development in activities and financial affairs:

The rapid spread of the Corona virus in Denmark and the rest of the world in March 2020 has necessitated a number of restrictions from the Danish authorities. The company has been affected by the implemented restrictions. As a result, the company has experienced a decline in revenue and in addition received aid packages mentioned in note 1, special income.

The annual report of Managemyair dk IVS for 2020 has been presented in accordance with the provisions of the Danish Financial Statements Act regarding reporting medium-sized class B enterprises.

The company has changed the accounting period during the financial year. The accounting period comprises only 9.5 months. The comparative figures cover 12 months and are therefore not directly comparable.

The significant areas of the accounting policies, which are presented using the same policies as last year, are mentioned below.

GENERALLY REGARDING RECOGNITION AND MEASUREMENT

Income is recognised in the Income Statement as earned, including value adjustments of financial assets and liabilities. Likewise, all expenses including depreciation/amortisation, impairment losses, and reversals which are due to changes in estimated amounts previously recognised in the Income Statement, are recognised in the Income Statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the Company and when the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that the future economic benefits will flow out of the Company and when the measurement of the value of the liability is reliable.

On initial recognition, assets and liabilities are recognised at cost. Subsequently, assets and liabilities are measured as described below for each item.

Allowances are made for predictable losses and risks that arise before the presentation of the Annual Report and that confirm or invalidate circumstances that existed at the balance sheet date.

The carrying value of the tangible fixed assets, are reviewed annually to determine, if there are any indication of impairment, besides what is determined as normal depreciation. If this is the case, the assets will be written down to its recoverable amount.

THE INCOME STATEMENT:**Gross income:**

Gross income comprises the net turnover, other operating income and external costs.

Revenue:

Revenue is recognised net of VAT and taxes and with the deduction of any discounts granted in connection with the sale.

Direct costs:

Direct costs includes costs incurred to achieve net sales for the year.

Other operating income

Other operating income comprises items of a secondary activity, including profit and losses on sale of intangible and tangible fixed assets.

Staff costs:

Staff costs include salaries and wages including holiday allowances, pensions and other costs for social security etc. for staff members. Staff costs include public allowances.

Other external costs:

Other external costs include costs relating to distribution, sale, advertising, administration, premises and similar expenses.

Financials:

Financial income and costs are recognised in the income statement, with the amounts concerning the financial year. Financial income and costs include interest and financial costs of realized and unrealized gains and losses on loans and transactions in foreign currency. Dividends from investments are recognized in the financial year in which the dividend is declared.

Tax on results for the year:

Tax on results for the year which consists current tax and changes in deferred tax is recognised in the Income Statement with the portion of taxes related to the taxable income for the year whereas the portion attributable to entries on equity is recognised directly in equity.

ASSETS:**Financial assets:**

Deposits are measured at amortized cost, which normally corresponds to the nominal value.

Receivables:

Receivables are measured at amortised cost which usually equals nominal value. The value will be adjusted to meet expected losses.

Cash funds:

Cash equivalents consist of bank deposits and cash. Cash and cash equivalents are carried at fair value.

LIABILITIES:**Tax payable and deferred tax:**

The parent company as the management company is liable for the subsidiaries' corporate taxes to the tax authorities.

Current tax liabilities and current tax receivable are recognised in the balance sheet as tax calculated on the taxable income for the year adjusted for tax on previous years' taxable income and taxes paid on account/prepaid.

Tax payable and deferred tax, continued:

Receivable and payable joint taxation contributions are recognized in balance as "Receivable joint taxation contributions" or "Payable joint taxation contributions".

Deferred tax is measured according to the balance sheet liability method in respect of temporary differences between the carrying amount and the tax base of assets and liabilities.

Deferred tax is measured according to the balance sheet liability method in respect of temporary differences between the carrying amount and the tax base of assets and liabilities. In cases, e.g. in respect of shares in which the statement of the tax base can be made according to alternative taxation rules, deferred tax is measured on the basis of the planned use of the asset or settlement of the liability, respectively.

Deferred tax assets including the tax value of tax loss carryforwards, are measured at the expected realisable value, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity and jurisdiction. Any deferred net tax assets are measured at net realisable value.

Liabilities:

Liabilities concerning debts to suppliers and other debts are measured at amortised cost which usually corresponds to the nominal value.
