Statement by management on the annual report

The executive board has today discussed and approved the annual report of Boskalis Denmark ApS for the financial year 1 January - 31 December 2018.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the company's financial position at 31 December 2018 and of the results of the company's operations for the financial year 1 January - 31 December 2018.

In our opinion, management's review includes a fair review of the matters dealt with in the management's review.

Management recommends to the company in general meeting that the financial statements for 2019 are not to be audited. Management considers the criteria for not auditing the financial statements to be met.

The financial statements have not been audited. Management considers the criteria for not auditing the financial statements to be met.

Management recommends that the annual report should be approved by the company in general meeting.

Management's review

Business activities

The main activities in the company is to own 50% of the partnership Fehmarn Belt Contractors I/S and the other 50% is owned by Van Oord DMC ApS. The purpose of the partnership Fehmarn Belt Contractors I/S is to carry out work in relation to the future Fehmarnbelt fixed link, which is to be constructed as an immersed tunnel, across the Baltic Sea between the island of Fehmarn in Germany and the island of Lolland in Denmark.

Recognition and measurement uncertainties

The recognition and measurement of items in the financial statements is not subject to any uncertainty.

Unusual matters

The company's financial position at 31 December 2018 and the results of its operations for the financial year ended 31 December 2018 are not affected by any unusual matters.

Business review

The company's income statement for the year ended 31 December shows a loss of t.euro 9, and the balance sheet at 31 December 2018 shows negative equity of t.euro 16.

Management expects future earnings to cover the negative equity.

Significant events occurring after end of reporting period

No events have occurred after the balance sheet date which could significantly affect the company's financial position.

	Share capital	Retained earnings	Total
Equity at 1 January 2018	7	-14	-7
Net profit/loss for the year	0	-9	-9
Equity at 31 December 2018	7	-23	-16

3 Uncertainty about the continued operation (going concern)

The company has lost its share capital. For the same reason the management have engaged measures to reestablish equity through future profits.

4 Charges and securities

The company owns a part of the partnership Fehmarn Belt Contractors I/S and is jointly and severally obligated with other owners of any obligations and contingencies belonging to the partnership Fehmarn Belt Contractors I/S.

The total debt in Fehmarn Belt Contractors I/S is approximately EUR 3,6 Million (EUR 1,3 Million at 31 December 2017).

Accounting policies

The annual report of Boskalis Denmark ApS for 2018 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The accounting policies applied are consistent with those of last year.

The annual report for 2018 is presented in t.euro.

Basis of recognition and measurement

Income is recognised in the income statement as earned, including value adjustments of financial assets and liabilities. All expenses, including amortisation, depreciation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. On subsequent recognition, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated as the historic cost less any instalments and plus/less the accumulated amortisation of the difference between the cost and the nominal amount.

On recognition and measurement, allowance is made for predictable losses and risks which occur before the annual report is presented and which confirm or invalidate matters existing at the balance sheet date.

Income statement

Gross profit

In pursuance of section 32 of the Danish Financial Statements Act, the company does not disclose its revenue.

Other external expenses

Other external expenses include expenses related to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

Accounting policies

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year. Net financials include interest income and expenses, financial expenses relating to finance leases, realised and unrealised capital/exchange gains and losses on securities and foreign currency transactions, amortisation of mortgage loans and surcharges and allowances under the advance-payment-of-tax scheme, etc.

Tax on profit/loss for the year

Tax for the year, which comprises the current tax charge for the year and changes in the deferred tax charge, is recognised in the income statement as regards the portion that relates to the profit/loss for the year and directly in equity as regards the portion that relates to entries directly in equity.

Balance sheet

Receivables

Receivables are measured at amortised cost.

Prepayments

Prepayments comprise costs incurred concerning subsequent financial years.

Income tax and deferred tax

Current tax liabilities and current tax receivables are recognised in the balance sheet as the estimated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and tax paid on account.

Deferred tax is measured according to the liability method in respect of temporary differences between the carrying amount of assets and liabilities and their tax base, calculated on the basis of the planned use of the asset and settlement of the liability, respectively.

Liabilities

Liabilities are measured at amortized cost equal to nominal value.

Foreign currency translation

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Foreign exchange differences arising between the exchange rates at the transaction date and at the date of payment are recognised in the income statement as financial income or financial expenses. If foreign currency transactions are considered cash flow hedges, the value adjustments are taken directly to equity.
