Statement by the Executive Board

Today, the Executive Board has discussed and approved the annual report of Van Oord DMC ApS for the financial year 1 January - 31 December 2019.

The annual report, which has not been audited, has been prepared in accordance with the provisions of the Danish Financial Statements Act. The Executive Board has considered the criteria for omission of audit to be met.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2019 and of the results of the Company's operations for the financial year 1 January - 31 December 2019.

Further, in our opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

We recommend that the annual report be approved at the annual general meeting.

Copenhagen, 7 October 2020

Executive Board:

Govert van Oord CEO Jacobus Martinus de Groot

Manager

The general meeting has decided that the financial statements for the coming financial year will be audited.

Independent auditor's report on the compilation of financial statements

To the general management of Van Oord DMC ApS

We have compiled the financial statements of Van Oord DMC ApS for the financial year 1 January - 31 December 2019 based on the Company's bookkeeping and other information provided.

The financial statements comprise an income statement, balance sheet, statement of changes in equity and notes, including accounting policies.

We performed this compilation engagement in accordance with ISRS 4410 Compilation Engagements.

We have applied our expertise in accounting and financial reporting to assist you in the preparation and presentation of the financial statements in accordance with the Danish Financial Statements Act. We have complied with relevant ethical requirements in the Danish act on approved auditors and audit firms and FSR - Danish Auditors' code of ethics, including principles of integrity, objectivity, professional competence and due care.

The financial statements and the accuracy and completeness of the information used to compile the financial statements are your responsibility.

Since a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us to compile the financial statements. Accordingly, we do not express an audit opinion or a review conclusion on whether the financial statements are prepared in accordance with the Danish Financial Statements Act.

Van Oord Dredging and Marine Contractors B.V. has issued a letter of support that guarentees that the Company can meet its obligations at least 18 months from the approval of the annual report 2019.

Notes to the financial statements

1 Accounting policies

The annual report of Van Oord DMC ApS for 2019 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities and elective choice of certain provisions applying to reporting class C entities.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

Reporting currency

The financial statements are presented in Danish kroner (DKK).

Income statement

Revenue

The Company has chosen IAS 11/IAS 18 as interpretation for revenue recognition.

Revenue includes invoicing of purchased services.

Gross loss

The items revenue, cost of sales and external expenses have been aggregated into one item in the income statement called gross loss in accordance with section 32 of the Danish Financial Statements Act.

Other external expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to distribution, sale, advertising, administration, premises, bad debts, payments under operating leases, etc.

Profit from investments in joint ventures

A proportionate share of the underlying entities' profit/loss after tax is recognised in the income statement according to the equity method. Shares of profit/loss after tax in jointly controlled entities are presented a separate line item in the income statement. Only proportionate elimination of intragroup gains/losses is made.

Financial income

Financial income are recognised in the income statements at the amounts that concern the financial year. Net financials include interest income as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

Balance sheet

Investments in joint ventures

Equity investments in jointly controlled entities are measured according to the equity method.

On initial recognition, equity investments in jointly controlled entities are measured at cost, i.e. plus transaction costs. The cost is allocated in accordance with the acquisition method; see the accounting policies regarding business combinations.

Notes to the financial statements

Accounting policies (continued)

Identified increases in value and goodwill, if any, compared to the underlying entity's net asset value are amortised in accordance with the accounting policies for the assets and liabilities to which they can be attributed. Negative goodwill is recognised in the income statement.

Dividend received is deduced from the carrying amount.

Equity investments in jointly controlled entities measured at net asset value are subject to impairment test requirements if there is any indication of impairment.

Receivables

Receivables are measured at amortised cost.

The Company has chosen IAS 39 as interpretation for impairment of financial receivables.

An impairment loss is recognised if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

Impairment losses are calculated as the difference between the carrying amount of the receivables and the present value of the expected cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

Income taxes

Current tax payables and receivables are recognised in the balance sheet as the estimated income tax charge for the year, adjusted for prior-year taxes and tax paid on account.

Deferred tax is measured according to the liability method on all temporary differences between the carrying amount and the tax base of assets and liabilities.

Deferred tax is measured according to the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Deferred tax assets are recognised at the expected value of their utilisation; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Changes in deferred tax due to changes in the tax rate are recognised in the income statement.

Liabilities

Financial liabilities are recognised at the date of borrowing at the net proceeds received less transaction costs paid. On subsequent recognition, financial liabilities are measured at amortised cost, corresponding to the capitalised value, using the effective interest rate. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan

Other liabilities are measured at net realisable value.

2 Staff costs

The Company has no employees.

4 Contractual obligations and contingencies, etc.

Other contingent liabilities

As administration company, the Company is jointly taxed with other Danish group companies and is jointly and severally liable with other group companies in the joint taxation arrangement for payment of income taxes for income years from 2016 onwards as well as withholding taxes in interest, royalties and dividends falling due for payment on or after 27 April 2016.

5 Contingent assets

At 31 December 2019, the company had a non-recognised tax asset of approximately DKK 41 thousand. The tax asset has not been recognised in the balance sheet due to uncertainty as to when the tax loss carry-forwards can be utilised.

6 Collateral

The Company owns a part of the partnership Fehmarn Belt Contractors I/S and is jointly and severally obligated with other owners of any obligations and contingencies belonging to the partnership Fehmarn Belt Contractors I/S.

The total debt in Fehmann Belt Contractors I/S is approximately DKK 297 Million 31 December 2019.
