Management's Review

Main activity

The object of the company is holding activities and from end of May 2016 investment in Medicom Innovation Partner a/s.

Development in the year

In the period 23 May - 31 December 2016, the company has a loss of DKK 23k and an equity of DKK 477k.

End of May 2016 the company made a 100 % acquisition of Medicom Innovation Partner a/s.

Significant post balance sheet events

From the balance sheet date until today, a group loan agreement has been signed. No other events have occurred which significantly affect the assessment of the Annual Report.

Management's Statement

The Board of Directors and the Executive Board have today considered and adopted the Annual Report of Phillips-Medsize Holdings A/S for the financial year 23 May - 31 December 2016.

The Annual Report is prepared in accordance with the International Financial Reporting Standards as adopted by the EU. Moreover, the Annual Report is prepared in accordance with additional Danish disclosure requirements according to the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the financial position at 31 December 2016 of the Company and of the results of the Company's operations and cash flows for 2016.

In our opinion, Management's Review includes a true and fair account of the development in the operations and financial circumstances of the Company, of the results for the year and of the financial position of the Company as well as a description of the most significant risks and elements of uncertainty facing the Company.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Independent Auditor's Report

To the Shareholders of Phillips-Medsize Holdings A/S

Opinion

In our opinion, the Financial Statements give a true and fair view of the Company's financial position at 31 December 2016 and of the results of the Company's operations and cash flows for the financial year 23 May to 31 December 2016 in accordance with International Financial Reporting Standards as adopted by the EU and further requirements in the Danish Financial Statements Act.

We have audited the Financial Statements of Phillips-Medsize Holdings A/S for the financial year 23 May - 31 December 2016, which comprise income statement, balance sheet, statement of changes in equity, cash flow statement and notes, including a summary of significant accounting policies ("financial statements").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the financial statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement in Management's Review.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the EU and further requirements in the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

1 Accounting Policies

Basis of preparation

The Financial Statements of Phillips-Medysize Holdings A/S has been prepared in accordance with International Financial Reporting Standards as approved by the EU (IFRS) and additional Danish disclosure requirements applying to enterprises of reporting class b as well as selected rules applying to reporting class C, cf IFRS notification issued according to the Danish Financial Statements Act. IFRS has been implemented so that the Annual Report also complies with the provisions of International Financial Reporting Standards (IFRS) issued by IASB.

The Financial Statement is presented in DKK, which is considered as the functional currency of the company.

Consolidated financial statements

With reference to section 112 of the Danish Financial Statements Act, the Company has not prepared consolidated financial statements.

Translation policies

Receivables and payables

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Gains and losses arising due to differences between the exchange rates at the balance sheet date and the transaction date rates are recognised in financial income and expenses in the income statement.

Comprehensive income

Phillips-Medysize Holdings A/S presents comprehensive income in one statement. The statement of total comprehensive income which includes result for the year and income recognized in other comprehensive income. Other comprehensive income includes exchange gains/losses arising from translating the financial statements of a foreign operation.

Income statement

Gross profit/loss

With reference to section 32 of the Danish Financial Statements Act, revenue has not been disclosed in the Annual Report.

Administrative expenses

Administrative expenses comprise expenses for auditor, office expenses, including amortisation, depreciation and impairment losses.

Income from investments in subsidiaries

Dividends from subsidiaries are recognised as income in the income statement when adopted at the General Meeting of the subsidiary. However, dividends relating to earnings in the subsidiary before it was acquired by the Parent Company are set off against the cost of the subsidiary.

Tax

Tax for the year consists of current tax for the year and change in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

The Company is jointly taxed with other Danish group companies. The tax effect of the joint taxation is allocated to Danish enterprises in proportion to their taxable incomes.

Notes

Balance sheet

Investments in subsidiaries

Investments in subsidiaries are measured at cost. Where cost exceeds the recoverable amount, writedown is made to this lower value.

Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts.

Equity

Dividend

Proposed dividend is disclosed as a separate equity item.

Deferred tax assets and liabilities

Deferred tax is recognised in respect of all temporary differences between the carrying amount and the tax base of assets and liabilities. However, deferred tax is not recognised in respect of temporary differences concerning goodwill not deductible for tax purposes and other items - apart from business acquisitions - where temporary differences have arisen at the time of acquisition without affecting the profit for the year or the taxable income.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. In cases where the computation of the tax base may be made according to alternative tax rules, deferred tax is measured on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets, including the tax base of tax loss carry-forwards, are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by setoff against deferred tax liabilities.

Deferred tax assets and liabilities are offset within the same legal tax entity.

Current tax receivables and liabilities

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the on account taxation scheme are recognised in the income statement in financial income and expenses.

Financial debts

Fixed-interest loans, such as bank loans, are recognised initially at the proceeds received net of transaction expenses incurred. Subsequently, the loans are measured at amortised cost, corresponding to the capitalised value when using the effective interest rate, so that the difference between the proceeds and the nominal value (capital loss) is recognised in the income statement over the loan period

Other debts are measured at amortised cost, substantially corresponding to nominal value.

Notes

Cash flow statement

The cash flow statement is presented under the indirect method based on net profit/loss for the year.

The cash flow statement shows cash flows for the year, changes for the year in cash and cash equivalents as well as cash and cash equivalents at the beginning and end of the year.

Cash flows from operating activities

Cash flows from operating activities are calculated as the net profit/loss for the year adjusted for non-cash operating items, and corporation taxes as well as changes in working capital. Working capital comprises current assets less short-term debt excluding items included in cash and cash equivalents.

Cash flows from investing activities

Cash flows from investing activities comprise acquisitions and disposals of intangible assets, property, plant and equipment as well as fixed asset investments.

Cash flows from financing activities

Cash flows from financing activities comprise of expenses received and paid and financial income, the raising and repayment of long-term debt, dividend paid and proceeds from share capital increases.

Cash and cash equivalents

Cash and cash equivalents comprise cash holdings and withdrawals from overdraft facility. Cash flows in foreign currencies are translated at the average monthly exchange rates which do not deviate materially from the exchange rates at the date of payment.

Notes

2 New accounting standards

Phillips-Medysize Holdings A/S has implemented the IASB and EU approved accounting standards and amendments and interpretations in force entered for the financial year 23 May - 31 December 2016.

The adoption of these new and revised accounting standards did not had a material financial impact on the statement the Group's income, assets, liabilities or equity in connection with the financial statements for the periods presented.

There are no IFRSs or IFRIC interpretations that are not yet effective that would be expected to have a material impact on the Group.

3 Financial risk management

Phillips-Medysize Holdings A/S do not have any financial risk due to holding of shares in Medicom Innovation Partner a/s and none interest intercompany loan agreements per 31 December 2016.

The Group manages the liquidity risk, which is expected to be low due to payables to other group enterprises and minor debts to none-group suppliers.

4 Staff expenses

Average number of employees in 2016 is 1 employee.
