## Statement by management on the annual report

The executive board has today discussed and approved the annual report of Paper Mache ApS for the financial year 1 January - 31 December 2023.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In my opinion, the financial statements give a true and fair view of the company's financial position at 31 December 2023 and of the results of the company's operations for the financial year 1 January - 31 December 2023.

In my opinion, management's review includes a fair review of the matters dealt with in the management's review.

The financial statements have not been audited. Management considers the criteria for not auditing the financial statements to be met.

Management recommends that the annual report should be approved by the company in general meeting.

Copenhagen, 10 June 2024

## Auditor's report on compilation of the financial statements

### ***To the shareholder of Paper Mache ApS***

We have compiled the financial statements of Paper Mache ApS for the financial year 1 January - 31 December 2023 based on the company's bookkeeping records and other information made available by enterprise.

The financial statements comprises a summary of significant accounting policies, income statement, balance sheet and notes.

We performed the engagement in accordance with ISRS 4410, Compilation Engagements.

We have applied our professional expertise to assist the enterprise in the preparation and presentation of the financial statements in accordance with the Danish Financial Statements Act. We complied with the relevant provisions of the Danish Act on Approved Auditors and with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), including principles relating to integrity, objectivity, professional competence and due care.

The financial statements and the accuracy and completeness of the information used to compile the financial statements are the enterprise's responsibility.

As a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information provided by enterprise for our compilation of the financial statements. Accordingly, we do not express an audit or a review conclusion on whether the financial statements have been prepared in accordance with the Danish Financial Statements Act.

## Management's review

### **Business review**

The purpose of Paper Mache ApS is to act as holding company.

## Accounting policies

The annual report of Paper Mache ApS for 2023 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The accounting policies applied are consistent with those of last year.

The annual report for 2023 is presented in DKK

### **Basis of recognition and measurement**

Income is recognised in the income statement as earned, including value adjustments of financial assets and liabilities. All expenses, including amortisation, depreciation and impairment losses, are also recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits will flow to the company and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow from the company and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. On subsequent recognition, assets and liabilities are measured as described below for each individual accounting item.

Certain financial assets and liabilities are measured at amortised cost using the effective interest method. Amortised cost is calculated as the historic cost less any installments and plus/less the accumulated amortisation of the difference between the cost and the nominal amount.

On recognition and measurement, allowance is made for predictable losses and risks which occur before the annual report is presented and which confirm or invalidate matters existing at the balance sheet date.

### **Income statement**

#### **Gross profit**

In pursuance of section 32 of the Danish Financial Statements Act, the company does not disclose its revenue.

Gross profit reflects an aggregation of revenue, changes in inventories of finished goods and work in progress and other operating income less costs of raw materials and consumables and other external expenses.

#### **Other external expenses**

Other external expenses include expenses related to administration and similar expenses.

#### **Financial income and expenses**

Financial income and expenses are recognised in the income statement with the amounts concerning the financial year. Financial expenses include interest and transactions in foreign currency.

## Accounting policies

### **Income from investments in subsidiaries, associates and participating interests**

The proportionate share of the profit/loss for the year of associates is recognised in the company's income statement after elimination of the proportionate share of intra-group profits/gains.

### **Tax on profit/loss for the year**

Tax for the year, which comprises the current tax charge for the year and changes in the deferred tax charge, is recognised in the income statement as regards the portion that relates to the profit/loss for the year and directly in equity as regards the portion that relates to entries directly in equity.

## **Balance sheet**

### **Investments in subsidiaries, associates and participating interests**

Investments in associates are measured at the proportionate share of the company's equity value, adjusted for internal gains and losses.

Investments in associates with negative equity value are measured at DKK 0, and any receivables from these companies are written down to the extent that the receivable is unreliable. If the negative equity value exceeds receivables, the remaining amount is recognized under provisions if the parent company has a legal or actual obligation to cover a negative balance that exceeds the receivable.

Net revaluation of investments in associates are recognized as reserve for net revaluation using the equity method under equity, to the extent that the carrying amount exceeds the cost price.

### **Securities and investments**

Securities and investments, which consist of listed shares and bonds, are measured at fair value at the balance sheet date. Non-listed securities are measured at fair value on the basis of the estimated value in use.

### **Cash and cash equivalents**

Cash and cash equivalents comprise cash and deposits at banks.

## **Equity**

### **Dividends**

Proposed dividends are disclosed as a separate item under equity. Dividends are recognised as a liability when declared by the annual general meeting of shareholders.

### **Income tax and deferred tax**

Current tax liabilities and current tax receivables are recognised in the balance sheet as the estimated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and tax paid on account.

## Accounting policies

Deferred tax is measured according to the liability method in respect of temporary differences between the carrying amount of assets and liabilities and their tax base, calculated on the basis of the planned use of the asset and settlement of the liability, respectively. Deferred tax is measured at net realisable value.

Deferred tax assets, including the tax base of tax losses allowed for carry forward, are measured at the value to which the asset is expected to be realised, either as a set-off against tax on future income or as a set-off against deferred tax liabilities within the same legal tax entity. Any deferred net tax assets are measured at net realisable value.

### **Liabilities**

Liabilities concerning debt to suppliers, financial institutes and other debt are measured at amortised cost which usually corresponds to the nominal value.
