Statement by the Executive Board

Today, the Management has discussed and approved the annual report of Money PropCo K/S for the financial year 1 January - 31 December 2020.

The annual report is prepared in accordance with the Danish Financial Statements Act.

In my opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2020 and of the results of the Company's operations for the financial year 1 January - 31 December 2020.

Further, in my opinion, the Management's review gives a fair review of the matters discussed in the Management's review.

I recommend that the annual report be approved at the annual general meeting.

Copenhagen, 16 April 2021

Mette Seifert
Managing Director

Independent auditor's report

To the limited partners of Money PropCo K/S

Opinion

We have audited the financial statements of Money PropCo K/S for the financial year 1 January - 31 December 2020, which comprise income statement, balance sheet, statement of changes in net assets attributable to limited partners and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at 31 December 2020 and of the results of the Company's operations for the financial year 1 January - 31 December 2020 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these rules and requirements.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

Independent auditor's report

- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

Management commentary

Business review

The Company's purpose is to invest in real estate located in Denmark, including renting, developing and selling such real estate.

Financial review

The income statement for 2020 shows a profit of DKK 6,250,930 against a loss of DKK 10,378,171 last year, and the balance sheet at 31 December 2020 shows equity of DKK 58,009,232.

Events after the balance sheet date

In the beginning of 2020 the Covid-19 outbreak has had significant impact on the world economy. The Covid-19 outbreak can potentially impact future cash flows and property valuations for real estate companies. The company realised operations as planned in the financial year 2020. During the fiscal year 2020 and beginning of 2021 management do not identify any risk in regards to outstanding receivables.

The tenants in the company's investment property could potentially also be impacted. However, it is expected that the tenant will continue to pay rent in accordance with the lease agreements. However, at this stage and given the uncertainty surrounding the disease, possible financial impact cannot be estimated and is therefore not included therein.

After the balance sheet date and up until 31.03.2021 the Company has divested 7 investment properties.

Outlook

The expectation for 2021 is a Gross profit similar to the Gross profit for 2020.

Notes to the financial statements

1 Accounting policies

The annual report of Money PropCo K/S for 2020 has been prepared in accordance with the provisions in the Danish Financial Statements Act applying to reporting class B entities and elective choice of certain provisions applying to reporting class C entities.

Effective from the financial year 2020, the Company has implemented amending act no. 1716 of 27 December 2018 to the Danish Financial Statements Act. The implementation of the amending act has not affected the Company's accounting policies on recognition and measurement of assets and liabilities but has solely entailed a requirement for further disclosures. The accounting policies used in the preparation of the financial statements are consistent with those of last year.

Reporting currency

The financial statements are presented in Danish kroner (DKK).

Derivative financial instruments

On initial recognition, derivative financial instruments are recognised at cost in the balance sheet and are subsequently measured at fair value. Positive and negative fair values of derivative financial instruments are presented as separate items in the balance sheet.

Income statement

Revenue

The Company has chosen IAS 11/IAS 18 as interpretation for revenue recognition.

Rental income receivables from operating leases are recognised on a straight-line basis over the term of the lease.

Revenue is measured at the fair value of the agreed consideration excluding VAT and taxes charged on behalf of third parties. All discounts and rebates granted are recognised in revenue.

Gross profit

With reference to section 32 of the Danish Financial Statements Act, the items 'revenue', 'property expenses' and 'other external expenses' are consolidated into one item designated 'Gross margin'.

Property expenses

Property expenses include expenses relating to renting out the Company's investment property, including expenses relating to running and maintaining such property.

Other external expenses

Other external expenses include the year's expenses relating to the Company's core activities, including expenses relating to advertising, administration, etc.

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts that concern the financial year. Net financials include interest income and expenses as well as allowances and surcharges under the advance-payment-of-tax scheme, etc.

Tax

Financial statements 1 January - 31 December

Notes to the financial statements

1 Accounting policies (continued)

The limited partnership company is not separately liable to tax, but is recognised in the tax base of the partner. Therefore, no separate tax has been recognised or provided for in the financial statements.

Balance sheet

Investment property

On initial recognition, investment property is measured at cost. Investment property is subsequently measured at fair value, and the value adjustment for the year is recognised in the income statement under the item "Fair value adjustment of investment property". The fair value is based on the expected future cash flows for the investment property.

Receivables

Receivables are measured at amortised cost.

The Company has chosen IAS 39 as interpretation for impairment of financial receivables.

An impairment loss is recognised if there is objective evidence that a receivable or a group of receivables is impaired. If there is objective evidence that an individual receivable has been impaired, an impairment loss is recognised on an individual basis.

Receivables in respect of which there is no objective evidence of individual impairment are tested for objective evidence of impairment on a portfolio basis. The portfolios are primarily based on the debtors' domicile and credit ratings in line with the Company's risk management policy. The objective evidence applied to portfolios is determined based on historical loss experience.

Impairment losses are calculated as the difference between the carrying amount of the receivables and the present value of the expected cash flows, including the realisable value of any collateral received. The effective interest rate for the individual receivable or portfolio is used as discount rate.

Prepayments

Prepayments recognised under "Assets" comprise prepaid expenses regarding subsequent financial reporting years.

Cash

Cash comprises cash and short term securities which are readily convertible into cash and subject only to minor risks of changes in value.

Liabilities

Financial liabilities are recognised at the date of borrowing at the net proceeds received less transaction costs paid. On subsequent recognition, financial liabilities are measured at amortised cost, corresponding to the capitalised value, using the effective interest rate. Accordingly, the difference between the proceeds and the nominal value is recognised in the income statement over the term of the loan. Financial liabilities also include the capitalised residual lease liability in respect of finance leases.

Other liabilities are measured at net realisable value.

Financial statements 1 January - 31 December

Notes to the financial statements

1 Accounting policies (continued)

Fair value

The fair value measurement is based on the principal market. If no principal market exists, the measurement is based on the most advantageous market, i.e. the market that maximises the price of the asset or liability less transaction and/or transport costs.

All assets and liabilities which are measured at fair value, or whose fair value is disclosed, are classified based on the fair value hierarchy, see below:

Level 1: Value in an active market for similar assets/liabilities

Level 2: Value based on recognised valuation methods on the basis of observable market information

Level 3: Value based on recognised valuation methods and reasonable estimates (non-observable market information).

5 Investment property

Valuation method and techniques

The fair value of investment properties is determined using a DCF model. The calculation is based on the budgeted net earnings for the coming 10 years.

Key assumptions for determining fair value

The Company's investment properties comprise a mix of office and residential properties. The investment properties are measured at fair value using the DCF model. The key prerequisites for the calculation of fair value are based on required rates of return, market rents and CAPEX.

The required rates of return applied are in the interval 6,85 - 12 %

The market rents applied are in the interval 240 - 972 t.kr.

The CAPEX applied are in the interval 24 - 1.328 kr. pr. sq/m.

Fair value estimation

In addition, the following assumptions are applied in the fair value measurement:

- ▶ Adjustment is made of the existing rent to expected market rent
- ▶ Correction is made in regard to idle leases and the expected rental period
- ▶ Estimates are made of the properties' own share of operating expenses and heating costs.

Financial statements 1 January - 31 December

Notes to the financial statements

An external valuation expert has assisted with the valuation of all properties.

Financial statements 1 January - 31 December

Notes to the financial statements

6 Mortgage debt

The loans are specified as follows:

DKK	2020	2019
0-1 year	849,408	1,805,684
1-5 year	11,498,618	103,157,557
> 5 year	0	0
	<u>12,348,026</u>	<u>104,963,241</u>
Fair value	<u>0</u>	<u>0</u>
Nominal value of loans outstanding	<u>0</u>	<u>0</u>

7 Derivative financial instruments

Fair values

The fair value and assumptions of the financial instruments deviates which value is recognised in the Company's balance sheet at 31 December 2020 is specified below.

Interest structure agreement

The Company has entered into an interest structure agreement with Danske Bank.

The interest rate floor and cap agreement has been entered into for the purpose of hedging the interest rate risk associated with mortgage debt with a nominal amount of DKK 165 million. The notional amount of the agreement is DKK 165 million, and the termination date is set to 31 December 2022.

An agreement of interest rate has been made with the following intervals:

- ▶ Interest rate floor at 0.0%
- ▶ Interest rate cap at 0.75%.

The fair value was calculated by Danske Bank based on the agreement's discounted cashflow using the marked interest at 31 December 2020.

The fair value of the interest structure agreements amounts to DKK -691 thousand at 31 December 2020. The fair value of the interest structure agreements has been recognized as Other Payables.

8 Collateral

As security for the Company's debt to banks, creditors and other suppliers, the Company has placed assets for DKK 61.087.260.

The debt to the banks has been issued as loans to all of the Money Propco Companies, so the company is liable for the total debt for the group.
