**Reporting company** FZA IVS

Lundtoftegårdsvej 95 2800 Kgs. Lyngby

Phone number: 71908051

e-mail: fatimaa89@hotmail.com

CVR-nr: 38548964

Reporting period: 04/04/2017 - 31/12/2017

# **Statement by Management**

The Management has today discussed and approved the annual report for the annual report for the financial year 4 April 2017 – 31 December 2017 of FZA IVS. The annual report has been presented in accordance with the Danish Financial Statements Act. It is our opinion that the financial statements give a true and fair view of the Company's financial position at 31 December 2017 and of the results of the Company's operations for the financial year 4 April 2017 – 31 December 2017. We recommend that the annual report to be approved at the annual general meeting.

Fatima AlZahra'a Alatraktchi

Lyngby, the 19/05/2018

# **Accounting Policies**

The annual report has been prepared in accordance with the regulation applying to Reporting class B. The annual report has been prepared in accordance with the regulation applying to Reporting class B.

#### **Accounting policies**

The annual report of FZA IVS for 2017 has been presented in accordance with the provisions applying to reporting class B entities under the Danish Financial Statements Act.

The accounting policies used in the preparation of the financial statements are consistent with those of last year.

#### **Income statement**

#### Other operating costs

Other operating costs comprise items secondary to the activities of the entities, including losses on the disposal of intangible assets and property, plant and equipment.

#### Financial income and expenses

Financial income and expenses comprise interest income and expense, gains and losses on securities, payables and transactions denominated in foreign currencies, amortisation of financial assets and liabilities as well as surcharges and refunds under the on-account tax scheme, etc.

Dividends from equity investments in group entities and associates measured at cost are recognised as income in the Parent Company's income statement in the financial year when the dividends are declared. To the extent that the dividends exceed the accumulated earnings after the acquisition date, the dividends are recognised as a reduction of the cost of the equity investment.

#### Tax on profit/loss for the year

Tax for the year comprises current tax for the year and changes in deferred tax, including changes in tax rates. The tax expense relating to the profit/loss for the year is recognised in the income statement at the amount attributable to the profit/loss for the year and directly in equity at the amount attributable to entries directly in equity.

#### **Balance sheet**

#### **Investments**

Equity investments in group entities and associates are measured at cost. When the cost exceeds the recoverable amount, write-down is made to this lower value. The cost is reduced by dividends received exceeding accumulated earnings after the acquisition date.

Other receivables and deposits are recognised at amortised cost.

#### **Equity**

#### **Dividends**

Proposed dividends are recognised as a liability at the date on which they are adopted at the annual general meeting (declaration date). The expected dividend payment for the year is disclosed as a separate item under equity.

#### Cooperation tax and defered tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account. Deferred tax is measured using the balance sheet liability method on all temporary differences between the carrying amount and the tax value of assets and liabilities measured on the planned use of the asset or settlement of the liability, respectively. However, deferred tax is not recognised on temporary differences relating to office buildings non-deductible for tax purposes and other items where temporary differences arise at the date of acquisition without affecting either profit/loss or taxable income. Deferred tax assets, including the tax value of tax loss carryforwards, are recognised at the expected value of their utilisation

within the foreseeable future; either as a set-off against tax on future income or as a set-off against deferred tax liabilities in the same legal tax entity. Any deferred net assets are measured at net realisable value. Deferred tax is measured in accordance with the tax rules and at the tax rates applicable at the balance sheet date when the deferred tax is expected to crystallise as current tax. Changes in deferred tax as a result of changes in tax rates are recognised in the income statement or equity, respectively.

#### **Liabilities other than provisions**

Financial liabilities are recognised at the date of borrowing at cost, corresponding to the proceeds received less transaction costs paid. In subsequent periods, the financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest rate. Accordingly, the difference between cost and the nominal value is recognised in the income statement over the term of the loan together with interest expenses.

Finance lease obligations are recognised as financial liabilities at amortised cost. Other liabilities are measured at net realisable value.
