Management's report

The managing director has today presented the annual report of Reality++ ApS for the financial year 1 May 2019 to 30 April 2020.

The annual report has been presented in accordance with the Danish Financial Statements Act.

I consider the accounting policies used appropriate, and in my opinion the annual accounts provide a true and fair view of the company's assets and liabilities and its financial position at 30 April 2020 and of the company's results of its activities in the financial year 1 May 2019 to 30 April 2020.

The managing director considers the requirements of omission of audit of the annual accounts for 2019/20 as met.

I am of the opinion that the management's review includes a fair description of the issues dealt with.

We recommend that the annual report be approved by the general meeting.

København S, 16 December 2020

Managing Director

George Batog

Auditor's report on compilation of the annual accounts

To the shareholders of Reality++ ApS

We have compiled the financial statements of Reality++ ApS for the financial year 1 May 2019 - 30 April 2020 based on the company's bookkeeping and on further information provided by you.

The financial statements comprise the accounting policies, income statement, statement of financial position and notes.

We performed this engagement in accordance with the international standard ISRS 4410 applying to compilation engagements.

We have applied our professional expertise to assist you in the preparation and presentation of the financial statements in accordance with the Danish Financial Statements Act. We have complied with relevant requirements of the Danish Act on Approved Auditors and Audit Firms and with ethical requirements of the Danish Institute of State Authorised Public Accountants, including principles of integrity, objectivity, professional competence and due care.

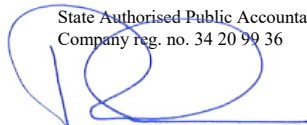

The financial statements and the accuracy and completeness of the information used to compile them are your responsibility.

As a compilation engagement is not an assurance engagement, we are not required to verify the accuracy or completeness of the information you provided to us in order to compile the financial statements. Accordingly, we express neither an audit opinion nor a review opinion as to whether the financial statements have been compiled in accordance with the Danish Financial Statements Act.

Management commentary

The principal activities of the company

The company's purpose is to act as holding company.

Unusual matters

In the financial year there has been no unusual matters.

Uncertainties as to recognition or measurement

In the financial year there has been no uncertainties as to recognition or measurement.

Development in activities and financial matters

The results from ordinary activities after tax are DKK 0. The management consider the results as expected.

Accounting policies

The annual report for Reality++ ApS has been presented in accordance with the Danish Financial Statements Act regulations concerning reporting class B enterprises. Furthermore, the company has decided to comply with certain rules applying to reporting class C enterprises.

The accounting policies are unchanged from last year, and the annual report is presented in DKK.

Recognition and measurement in general

Income is recognised in the profit and loss account concurrently with its realisation, including the recognition of value adjustments of financial assets and liabilities. Likewise, all costs, these including depreciation, amortisation, writedown, provisions, and reversals which are due to changes in estimated amounts previously recognised in the profit and loss account are recognised in the profit and loss account.

Assets are recognised in the balance sheet when the company is liable to achieve future, financial benefits and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when the company is liable to lose future, financial benefits and the value of the liability can be measured reliably.

At the first recognition, assets and liabilities are measured at cost. Later, assets and liabilities are measured as described below for each individual accounting item.

Certain fixed asset investments and liabilities are measured at amortised cost, by which method a fixed, effective interest is recognised during the useful life of the asset or the liability. Amortised cost is recognised as the original cost with deduction of any payments and additions/deductions of the accrued amortisation of the difference between cost and nominal amount. In this way capital losses and capital profits are spread over the useful life.

At recognition and measurement, such predictable losses and risks are taken into consideration, which may appear before the annual report is presented, and which concerns matters existing on the balance sheet date.

Income statement

Tax of the results for the year

The tax for the year comprises the current tax for the year and the changes in deferred tax, and it is recognised in the profit and loss account with the share referring to the results for the year and directly in the equity with the share referring to entries directly on the equity.

The balance sheet

Financial fixed assets

Equity investments in associates

Equity investments in associates are measured at cost. If the recoverable amount is lower than the cost, writedown for impairment is done to match this lower value.

Accounting policies

Receivables

Receivables are measured at amortised cost which usually corresponds to face value. In order to meet expected losses, they are written down for impairment to the net realisable value.
